1.0 INTRODUCTION

On June 9, 2006, EarthBalance® biologists conducted an environmental assessment and protected species survey at the 10.3-acre Villages of San Carlos Parcel (Parcel No. 15-46-25-00-00005.1050). The site is located west of Interstate 75, south of Alico Road, and east of Three Oaks Parkway in Section 15, Township 46 South, and Range 25 East, Lee County, Florida.

The purpose of the assessment was to:

- Ground-truth each habitat type on site;
- Determine the relative quality of each habitat; and
- Determine the potential use by protected wildlife species in each habitat.

A Jurisdictional Wetland Determination, which was approved by South Florida Water Management District (SFWMD) in April 2002, exists over the site. The wetland extents were determined utilizing the State wetland jurisdictional methodology, as described in Chapter 62-340, Florida Administrative Code (FAC), and the U.S. Army Corps of Engineers (USACE) *Wetland Delineation Manual* (Environmental Laboratories 1987) applying the "three parameter" approach: presence of hydrophytic vegetation, hydric soils, and hydrology.

The results of the wetland determination indicate that there is a 0.24-acre wetland located at the northeast corner of the site. The wetland is considered poor quality due to infestation by nuisance and exotic species, disturbed surrounding habitat, and significantly altered hydrology.

EarthBalance® biologists reviewed the site for evidence of and potential habitat for protected wildlife species, such as gopher tortoise (*Gopherus polyphemus*) and commensal species, bald eagle (*Haliaeetus leucocephalus*), red-cockaded woodpecker (*Picoides borealis*), Eastern indigo snake (*Drymarchon corais couperi*), and wading birds. No protected wildlife species were identified on the subject project site.

2.0 METHODOLOGY

The following methods were employed to assess the property:

- Aerial photography interpretation of the subject property.
- Review and documentation of the Soil Survey of Lee County Florida (1984), and documentation of the soil characteristics onsite.
- Research of the Florida Natural Areas Inventory (FNAI) and various County, State, and federal databases regarding protected wildlife species.
- Field inspection of the site for wetlands, protected species, or other sensitive environmental features.

RECEIVED
SEP 08 2006

DCI 2005-00054

In addition, each habitat type was surveyed for the occurrence of listed species of animals that could potentially occur on site and other listed species. The enclosed survey follows the methodology of Lee County Protected Species Ordinance No. 89-34. The transects were spaced approximately 40 feet apart. This Meandering Transect Methodology provides at least 80% visual coverage of the habitat types listed in Ordinance No. 89-34, with the exception of a survey for gopher tortoises, in which a 100% gopher tortoise survey was completed on all potential gopher tortoise habitat based on FWC guidelines.

3.0 HABITAT

Habitats were assessed and assigned a Florida Land Use, Cover, and Forms Classification System (FLUCCS) code. These codes are the standard classification system used to describe all types of land cover and land uses by County, State, and federal resource regulation agencies. A FLUCCS map showing the extents of the habitats observed onsite is presented as **Figure 1**. The table below summarizes the acreages of each habitat type observed.

Table 1. FLUCCS/Habitat Types Observed at the Villages of San Carlos Parcel

FLUCCS	HABITAT TYPE	ACREAGE
UPLANDS		
411-1/424	Disturbed Pine Flatwoods/ Melaleuca > 50%	
424	Melaleuca > 75%

424H/400	Melaleuca Hydric/Pine/Cypress > 75%	0.24
	SUBTOTAL	0.24
	TOTAL	10.31

RECEIVED
SEP 08 2006

The following describes the habitats that were identified within the project boundary.

3.1 WETLANDS

3.1.1 Melaleuca Hydric/Pine/Cypress > 75% (FLUCCS 424H/400)

The site contains 0.24 acre of melaleuca (*Melaleuca quinquenervia*), slash pine (*Pinus elliotii*), and bald cypress (*Taxodium distichum*) habitat that is considered a wetland. This wetland area has been disturbed by the invasion of melaleuca, which is the predominant species observed with greater than 75% coverage. This wetland area has an understory dominated by swamp fern (*Blechnum serrulatum*). Drainage in this area has been significantly altered, however SFWMD has claimed the area as jurisdictional (**Figure 2**). There were no hydrological indicators observed on the property at the time of the assessment. The SFWMD concurs with these findings.

DCI 2005-00054

3.2 UPLANDS

3.2.1 Disturbed Pine Flatwoods/ Melaleuca > 50% (FLUCCS 411-1/424)

This habitat was historically a pine flatwoods area, however, over time, disturbances have occurred to alter this habitat. These disturbed flatwoods now have greater than 50% coverage of melaleuca. The remaining canopy consists of slash pine, earleaf acacia (*Acacia auriculiformis*), and cabbage palm (*Sabal palmetto*). Understory vegetation includes saw palmetto (*Serenoa repens*), broom grass (*Andropogon virginicus*), wire grass (*Aristida beyrichiana*), and perennial marsh fleabane (*Pluchea rosea*).

3.2.2 Melaleuca > 75% (FLUCCS 424)

This habitat is dominated by melaleuca, with greater than 75% coverage. The remaining vegetation consists of slash pine, bald cypress, Brazilian pepper (*Schinus terebinthifolius*), earleaf acacia, and understory vegetation similar to the disturbed pine flatwoods/ melaleuca habitat described above.

3.2.3 Disturbed Land/Melaleuca (FLUCCS 740/424)

This habitat is dominated by melaleuca and has greater than 75% coverage of this invasive species. The area appears to have been cleared in the past. Other vegetation in this area consists of various grasses and weedy species.

4.0 WILDLIFE

EarthBalance® conducted research of several State and federal protected species resources, including the Florida Fish and Wildlife Conservation Commission (FWC), the U.S. Fish and Wildlife Service (FWS), Florida Natural Areas Inventory (FNAI), and Lee County (Figure 3). This data, in combination with our knowledge of the area and the habitats located onsite, aided in compiling a list of the protected wildlife species that could potentially utilize the site.

Protected Species are categorized into three main categories by the FWC. These include Endangered (E), Threatened (T), or Species of Special Concern (SSC).

Endangered Species (E) – As designated by the FWC, refers to a species, subspecies or isolated population of a species or subspecies, which is so few or depleted in number or so restricted in range or habitat due to any man-made or natural factors, that it is in imminent danger of extinction.

Threatened species (T) – As designated by the FWC, refers to a species or subspecies, or isolated population of a species or subspecies, which is facing a very high risk of extinction in the future.

DCI 2005-00054

4

RECEIVED
SEP 08 2006

Species of Special Concern (SSC) – As designated by the FWC, refers to a species, subspecies, or isolated population of species or subspecies, which is facing a moderate risk of extinction in the future.

The FWS designates listed species as those that are Endangered (E) or Threatened (T). Endangered species are defined by FWS as an animal or plant species in danger of extinction throughout all or a significant portion of its range. Threatened species are defined as an animal or plant species that is likely to become endangered within the foreseeable future throughout all or a significant portion of its range. Both categories are regulated under the Endangered Species Act (ESA).

No protected species or evidence of protected species were observed during the environmental assessment. Based on the database research conducted, prior knowledge of the area, and field observations, the following species could be present onsite and were the focus of the protected species surveys.

4.1 GOPHER TORTOISE, GOPHER FROG, AND FLORIDA MOUSE

Gopher tortoises and commensal species including gopher frogs (*Rana capito*) and Florida mouse (*Peromyscus floridanus*) are known to occur in similar habitats including palmetto prairies, pine flatwoods, xeric oak habitat, and pastures, and are often found to be closely associated to one another.

4.1.1 Gopher Tortoise

During the site visit for this environmental assessment, a 100% gopher tortoise survey was completed on all potential gopher tortoise habitat based on FWC guidelines. No gopher tortoise burrows or evidence of gopher tortoises were observed on the site or within 25-feet of the project boundary. As a result of the invasive species and high water table, limited suitable habitat for this species exists on site.

4.1.2 Gopher Frog

Gopher frogs are often found living in gopher tortoise burrows. Because of its often close association with the gopher tortoise, this species is also regulated and is listed as a SSC by the FWC. This species is not regulated by the FWS. Since no gopher tortoise burrows were identified on site, specific surveys for gopher frogs are not generally required.

4.1.3 Florida Mouse

Similar to the gopher frog, the Florida mouse is also often found to be closely associated with gopher tortoises, living in burrows and typically utilizing similar upland habitats. The FWC has also listed the Florida mouse as a SSC. Since no gopher tortoise burrows were identified on site, specific surveys for the Florida mouse are not typically required.

DCI 2005-00054

5

RECEIVED
SEP 08 2006

4.2 BALD EAGLE

The bald eagle is listed as threatened by FWC and FWS. According to FWC, southern bald eagles usually utilize pines as nest trees, particularly where this community is located near suitable open water foraging area.

According to the FWS publication "Habitat Management Guidelines for the Bald Eagle in the Southeast Region", a number of federal and State laws and/or regulations prohibit cumulatively such acts as harassing, disturbing, harming, molesting, pursuing, etc., bald eagles or destroying their nests. The purpose of the guidelines is to maintain and/or improve the environmental conditions that are required for the survival and well being of bald eagles in the southeastern United States, and the guidelines are designated essentially for application in bald eagle/human activity (principally land development) conflicts. The emphasis is to avoid or minimize detrimental human-related impacts on bald eagles, particularly during nesting season.

In the southeast, the bald eagle nesting period is usually from October 1 to May 15. Eagles are most vulnerable to disturbance during the nesting season. The primary zone is the most critical area and immediately surrounds the nest. According to the FWS, this area must be maintained to promote acceptable conditions for eagles. The primary zone usually encompasses an area extending approximately 750 feet outward from the nest tree and the secondary zone extends approximately 1,500 feet from the nest tree.

No bald eagles were observed on or near the site at the time of the site visit. A review of the FWC database revealed that the closest known bald eagle nest is located over 5.0 miles from the project site. This nest is not close enough to the site to affect development of the project site. In addition, an inspection of the habitats within the project area revealed that there are no bald eagle nests or suitable nesting onsite. Based on the observations made at the time of this survey, there should be no issues with regard to bald eagles on this site.

4.3 RED-COCKADED WOODPECKER

The red-cockaded woodpecker (RCW) is a woodpecker native to North America with the species widely distributed throughout the State of Florida. Males and female are almost indistinguishable, having the same coloration and males being only slightly larger than females. Male RCW's have a few red feathers behind each eye, a diagnostic characteristic that gives the species its common name. RCW's favor pine stands or pine dominated pine/hardwood stands with low growing or sparse understory. RCW's prefer to nest in old-growth living pines, favoring longleaf pines (*Pinus palustris*). In South Florida, where longleaf pines are absent, RCW's typically nest in slash pine. RCW's form cooperative breeding social units, known as groups, that are similar in structure to the social unit formed by Florida scrub-jays (*Aphelocoma coerulescens*). The species is non-migratory and territorial. Cavity nests are typically excavated between 10 to 13 meters above the ground. Cavities are easily discernable by the flow of resin around the cavity nest.

DCI 2005-00054

RECEIVED
SEP 08 2006

A line transect method was used to survey 100% of the site with each transect extending 25 feet (ft) past the project boundary. As a result of the dense understory vegetation and to effectively survey all four sides of each live pine tree on site, transects were spaced at approximately 40 feet (Figure 4). Transects also overlapped to insure that all potential nest trees were surveyed. Transects were oriented north to south. The survey began at 0900 and ended at 1155.

Each live slash pine tree along the transect line was surveyed for evidence of a RCW tree cavity or secondary evidence, signs of foraging. The surveyors paid particular attention to older growth slash pines, which are favored by RCW.

No RCW cavity nest trees or RCWs were observed on the site. Although the site may have been part of the historic range of the RCW, this species is not presently occupying the project site or adjacent areas. The nearest known RCW colony is over 5.5 miles northeast of the site. Development of the site will not have an adverse impact on this species.

4.4 EASTERN INDIGO SNAKE

Eastern indigo snake is listed as Threatened by both the FWC and FWS. This species frequently inhabits gopher tortoise burrows and has a large habitat range. If gopher tortoise burrows were observed onsite during the formal gopher tortoise survey of suitable habitat, the FWS would require that a standard eastern indigo snake management plan be implemented during construction. The plan details actions that construction personnel should undertake in the event an indigo snake is sighted. These actions include the cessation of construction activities to allow the indigo snake to depart the site.

4.5 WADING BIRDS

Most wading bird species are protected by the State. The wood stork (*Mycteria americana*) is the only wading bird species that is federally protected. Wading birds typically utilize a variety of wetland habitats for both foraging and nesting purposes. Limited wetland habitat exists on site, therefore any potential impacts pertaining to the protection and regulation of wading birds and their habitat are covered in the SFWMD Environmental Resource Permitting process. No wading birds or wood storks were observed onsite during the protected species survey.

5.0 CONCLUSION

A Jurisdictional Wetland Determination approved in April by SFWMD exists for the site. The results of the wetland determination indicate that there is a 0.24-acre wetland located in the northeast corner of the site. The wetland is considered poor quality due invasion by nuisance and exotic species, disturbed surrounding habitat, and altered hydrology.

DCI 2005-00054

RECEIVED
SEP 08 2006

EarthBalance® biologists reviewed the site for evidence of and potential habitat for protected wildlife species, such as gopher tortoise and commensal species, bald eagle, red-cockaded woodpecker, eastern indigo snake, and wading birds. The protected species survey (**Figure 4**) followed the methodology of Lee County Protected Species Ordinance No. 89-34 or FWC methodology for gopher tortoises. No protected wildlife species were identified on the project site. Therefore, development of the site will not have an adverse impact on any protected species.

Subject: Villages of San Carlos; Informal Jurisdictional Wetland Determination;
Lee County, S15 / T46S / R25E

Dear Ms. Ruby:

The District offers the following in response to your request for a determination of the jurisdictional wetland boundaries and other surface waters located within the subject property. Harry Spotts, Staff Environmental Analyst, of the Natural Resource Management Division, conducted a site inspection April 5, 2002.

The project boundaries shown on the attached aerial define the area that was inspected. Based on the information provided and the results of the site inspection, there are approximately 0.24 acres of wetlands located within project boundaries as defined by Chapter 62-340 F.A.C. The rest of the site consists of 48.16 acres of pine flatwood uplands.

This correspondence is an informal pre-application jurisdictional determination pursuant to Section 373.421(6) and F.A.C. 62-312.040(7). It does not bind the District, its agents or employees, nor does it convey any legal rights, expressed or implied. Persons obtaining this informal pre-application jurisdictional determination are not entitled to rely upon it for purposes of compliance with provision of law or District rules. A binding jurisdictional determination may be obtained by submitting an application to the South Florida Water Management Districts Fort Myers office for a formal determination pursuant to Chapter 40E-4.042 F.A.C. or by applying for a permit.

A file has been set up at the Ft. Myers Service Center office with pre-application materials. If you have any further questions please contact Harry Spotts at (941) 338-2929.

Sincerely,

Karen M. Johnson

RECEIVED
SEP 08 2006

DCI 2005-00054

TO: File

FROM: Harry Spotts, Environmental Analyst, NRM Division

THROUGH: Karen Johnson, Supervising Professional, NRM Division

DATE: April 5, 2002

SUBJECT: Villages of San Carlos, Informal Wetland Delineation,
Lee County, S15 / T46S / R25E

On April 5, 2002 a site inspection was performed on the above referenced property. The subject property encompasses approximately 48 acres. Adjacent property to the east is I-75 with Three Oaks Parkway to the west. An outfall ditch is located to the north for the previously constructed commercial center and undeveloped lands along with a linear surface water management lake adjacent to the south.

The entire site is currently undeveloped with the exception of several upland areas cleared with mulch piled up. The site consists mainly of pine flatwoods with high densities of melaleuca. The majority of these flatwoods are dominated by melaleuca, slash pine, cabbage palm and palmettos with andropogon, wiregrass and pluchea dominating the canopy floor.

A six acre pine/cypress area located in the southern portion of the site was closely reviewed. The area is dominated by cypress and melaleuca with sparsely scattered slash pine. Cypress in this area is remnant of the system to the south, which it has been isolated from. No evidence of hydrology remains in this area with grapevine dominating the groundcover. No hydrological indicators or other wetland species are present. Some blechnum was scattered very sparsely and seemed to exist only in the canopy shade. Soil indications presented no anaerobic conditions for at least two feet with no humus present. It has been determined this area is not jurisdictional. A small cypress area located in the northwestern portion of the parcel is considered jurisdictional with cypress, melaleuca and blechnum. This wetland does not appear to be over half an acre in size. No "other surface waters" are located onsite as defined in Chapter 62-340 F.A.C. Several active gopher tortoise burrows are located onsite with some gopher scat found as well. No squirrel nests were observed however some cutting marks were found.

INTRODUCTION

Two environmental scientists from Boylan Environmental Consultants, Inc conducted a field investigation on the 68.91± acre property. The purpose of the field investigation was to identify the potential of listed (endangered, threatened, etc.) species to inhabit the site that are regulated by the US Fish & Wildlife Service (FWS) and the Florida Fish & Wildlife Conservation Commission. The site is located in portions of Sections 15, 22, & 23, Township 46 South, Range 24 East, in Lee County, Florida. Specifically, it is situated west of Interstate 75 and east of Three Oaks Parkway.

METHODOLOGY

The property was surveyed for the presence of listed species in accordance with Lee County Ordinance No. 89-34. Overlapping belt transect methodology was utilized for this survey. Lee County has approved this method outlined by Kevin L. Erwin Consulting Ecologists, Inc., as an alternative species survey method. This method is comprised of a several step process. First vegetation communities or land-uses on the property or study area are delineated on an aerial photograph based on nomenclatures of the Florida Land Use, Cover and Forms Classification System (FLUCFCS). Next, the FLUCFCS codes or land-use types found on the property are cross-referenced with the Lee County Protected Species List. This protected species list names the species that have a probability of occurring in any particular FLUCFCS community. Then, each community is searched in the field for the species listed for that particular FLUCFCS type. An intensive pedestrian survey is conducted using parallel belt transects as a means of searching for plants and animals. In addition, periodic "stop-look-listen" and quiet stalking methods are conducted for animals. Signs or sightings of these species are then recorded and are marked in the field with flagging tape. The table at the end of this report lists the FLUCFCS communities found on the property and the corresponding species that have the potential of occurring in them. Transects were walked approximately as shown on the attached aerial photograph.

In addition, Soil Conservation Service (SCS) soil survey mappings, now identified as the Natural Resource Conservation Service (NRCS), were reviewed for the presence of hydric soils. The presence of a hydric soil may indicate the presence of a wetland. These soil mappings are general in nature and were mapped at a scale of 1:24,000'. The following is a discussion in regards to on-site conditions of the subject property.

SITE CONDITIONS

The site was undeveloped, but appears to have a long history of disturbance. In general, the property is composed of melaleuca invaded pine flatwoods with areas of disturbance. There is also some disturbance associated with the lake excavation that took place along the west property line. A dirt track bisects the property from north to south. Some areas of higher quality pine flatwoods were present that had lesser amounts of melaleuca colonization.

The soils on the property have been mapped by the NRCS, which show that the property is underlain by Hallandale fine sand, Boca fine sand, Peckish mucky fine sand, Pineda fine sand, Pineda fine sand, depressional. The Peckish mucky fine sand, Pineda fine sand and the Pineda

DCI 2005-00054

fine sand, depressional is listed in the Hydric Soils of Florida Handbook (2000) as hydric. See attached map for soil mappings.

Survey Date and Weather Conditions

Survey Date and time	Weather Conditions
November 11, 2005 9:30 a.m. to 3:30 p.m.	Clear with temperatures in the upper 70's with variable winds.
February 14, 2006 9:00 a.m. to 4:00 p.m.	Clear with temperatures in the upper 50's; low 60's with variable winds.
February 22, 2006 8:30 a.m. to 2:30 p.m.	Partly cloudy with temperatures in the upper 70's; low 80's with variable winds.

Vegetation

Vegetation communities were mapped in the field according to the system in use by the agencies, the Florida Land Use Cover and Forms Classification System (FLUCFCS). Listed below are the vegetation communities or land-uses identified on the site. The following descriptions correspond to the mappings on the attached FLUCFCS map. See Florida Land Use, Cover and Forms Classification System (Department of Transportation 1999) for definitions.

411E1 (0-25% Exotics) Pine Flatwoods

This upland habitat type occupies approximately 12.56± acres. The canopy is dominated by slash pine. The sub-canopy includes Brazilian pepper and melaleuca. Ground cover includes Brazilian pepper, saw palmetto, Caesar-weed, melaleuca, and grapevine.

411E2 (26-50% Exotics) Pine Flatwoods

This habitat type occupies approximately 34.28± acres. This FLUCFCS type contains similar vegetation to FLUCFCS Code 411E1; however it contains 26-50% exotic species, Brazilian pepper and melaleuca in the canopy and sub-canopy.

411E3 (51-75% Exotics) Pine Flatwoods

This habitat type occupies approximately 2.36± acres. This FLUCFCS type contains similar vegetation to FLUCFCS Code 411E1; however it contains 51-75% exotic species, Brazilian pepper and melaleuca in the canopy and sub-canopy.

411E4 (76-100% Exotics) Pine Flatwoods

This habitat type occupies approximately 2.01± acres. This FLUCFCS type contains similar vegetation to FLUCFCS Code 411E1; however it contains 76-100% exotic species, Brazilian pepper and melaleuca in the canopy and sub-canopy.

424 Melaleuca

This habitat type occupies approximately 1.01± acres. The canopy contains melaleuca with scattered cabbage palm. The sub-canopy is dominated by melaleuca with scattered

RECEIVED
SEP 08 2006
Page 3

DCI 2005-00054

Portofino Vineyards

Brazilian pepper with cabbage palm. The ground cover is mostly open with scattered grasses and sedges.

427E1 (0-25% Exotics) Oak

This upland habitat type occupies approximately 0.91± acres. The canopy consists of live oak, swamp laurel oak, and cabbage palm. The sub-canopy contains cabbage palm. The ground cover includes myrsine, saw palmetto, beauty-berry, bracken fern, grapevine, poison ivy, and wild coffee.

740 Disturbed Land

This land-use type occupies approximately 15.78± acres and encompasses an area of past clearing as well as the disturbance associated with the dirt roads which bisect the property. The vegetated portions of this area consists of an open canopy and sub-canopy. The ground cover includes dog fennel, ragweed, Caesar-weed, dwarf horseweed, sweet broom, hairy beggar-ticks, sandspur, smutgrass, love vine, and bahia grass.

SPECIES PRESENCE

During the field survey for protected species, we identified 34 active and 10 inactive burrows on the property. Candy-stripe flagging was then used to mark the location of the burrows. We estimate there would be a burrow occupancy rate of 0.30 for all active and inactive burrows. Applying this factor to the current burrow numbers, we estimate that about 13 tortoise (34 active and 10 inactive burrows $\times 0.30 = 13.2$, rounded to 13) could reside on the property. Potential occupied habitat encompassed about 76.11± acres. The area included most of the pine flatwoods habitat, disturbed land, and oak habitat on the property, including areas where no burrows were located. Wetlands and melaleuca co-dominated pine flatwoods with greater than 50% exotics were excluded from the occupied habitat area calculation. Assuming that 13 tortoises reside on the property, the density of tortoises is 6 per acre based on the estimated 76.11± acres of occupied habitat on the property. No nest-like structures or tree cavities were noted. We observed burrows belonging to armadillos, which were not marked in the field.

There are no previously identified active bald eagle nests located near the subject property, per the Florida Fish and Wildlife Conservation Commission web site updated through 2004 and the 2002-2003 bald eagle nesting season location map provided by Lee County Department of Environmental Services.

ANNUAL STATUS REPORT
VILLAGES OF SAN CARLOS DRI

Reporting Period: January 1, 2003 to December 31, 2003
Month/Day/Year Month/Day/Year

Development: Villages of San Carlos
Name of DRI

Location: Fort Myers Lee
City County

Developer - Name: Southwest Florida Capital Corporation
Company Name

Address: 19091 Tamiami Trail S.E.
Street Location
Fort Myers, Florida 33908
City, State, Zip

1. Describe any changes made in the proposed plan of development, phasing, or in the representations contained in the Application for Development Approval since the Development of Regional Impact received approval. Note any actions (substantial deviation determinations) taken by local government to address these changes.

Note: If a response is to be more than one sentence, attach as Exhibit "A" a detailed description of each change and copies of the modification site plan drawings, Exhibit "A" should also address the following additional items if applicable:

Answer: See Exhibit "A" attached

- a) Describe changes in the plan of development or phasing for the reporting year and for the subsequent years;

Answer: None this past year

- b) State any known incremental DRI applications for development approval or requests for a substantial deviation determination that were filed in the reporting year and to be filed during the next year;

Answer: An NOPC will be filed shortly to account for the acquisition by Lee County of additional road right of way for the widening of Three Oaks Parkway which will result in a reduction in the number of residential units and an increase in commercial acreage due to the realignment of this road.

- c) Attach a copy of any notice of the adoption of a development order or the subsequent modification of an adopted development order that was recorded by the developer pursuant to Paragraph 380.06 (15)(f), F.S.

Answer: First Development Order Amendment is attached as well as the recorded Notice of Adoption recorded in OR Book 2292, Page 4594 of the Public Records of Lee County, Florida.

2. Has there been a change in local government jurisdiction for any portion of the development since the development order was issued? If so, has the annexing local government adopted a new Development of Regional Impact development order for the project? Provide a copy of the order adopted by the annexing local government.

Answer: No

3. Provide copies of any revised master plans, incremental site plan, etc., not previously submitted.

Note: If a response is to be more than one or two sentences, attach as Exhibit "B".

Answer: All revisions have been previously submitted

4. Provide a summary comparison of development activity proposed and actually conducted for the reporting year as well as a cumulative total of development proposed and actually conducted to date.

Example: Number of dwelling units constructed, site improvements, lots sold, acres mined, gross floor area constructed, barrels of storage capacity completed, permits obtained, etc.

Note: If a response is to be more than one sentence, attach as Exhibit "C".

Answer: See attached Exhibit "C-1" for a narrative summary of cumulative development activity in the project. See attached Land Use Table for more detail (Exhibit "C-2").

5. Have any undeveloped tracts of land in the development (other than individual single-family lots) been sold to a separate entity or developer? If so, identify tract, its size, and the buyer. Provide maps which show the tracts involved.

Note: If a response is to be more than one sentence, attach as Exhibit "D".

Answer: D. R. Horton, Inc. 27.5 Acres Part of Tract M

6. Describe any lands purchased or optioned adjacent to the original Development of Regional Impact site subsequent to issuance of the development order. Identify such land, its size, and intended use on a site plan and map.

Note: If a response is to be more than once sentence, attach as Exhibit "E".

Answer: Some owners of this Property have a partial interest in an adjacent approved DRI, Alico Interchange Park, as previously disclosed.

7. List any substantial local, state, and federal permits which have been obtained, applied for, or denied during this reporting period. Specify the agency, type of permit, and duty for each.

Note: If a response is to be more than one sentence, attach as Exhibit "F".

Answer: Building permit and Certificate of Occupancy for 5,000 square foot addition to Three Oaks Town Center is the most recent permit (Permit No. COM2002-00457 with a Certificate of Compliance from Lee County dated 05/16/2003). A list of some of the major project permits issued to date is attached hereto as Exhibit "F".

8. Provide a list specifying each development order condition and each developer commitment as contained in the ADA. State how and when each condition or commitment has been complied with during the annual report reporting period.

Note: Attach as Exhibit "G".

Answer: See attached Development Order Conditions & Commitments (Exhibit "G").

9. Provide any information that is specifically required by the development order to be included in the annual report.

Answer: No additional information required.

10. Provide a statement certifying that all persons have been sent copies of the annual report in conformance with Subsections 380.06 (15) and (18), F.S.

Answer: By signing below, we certify that we have sent copies to Lee County, the Southwest Florida Regional Planning Council and the Florida Department of Community Affairs, as required.

Person completing the questionnaire:

Alan C. Freeman

EXHIBIT "C-1"
CUMULATIVE PROJECT DEVELOPMENT ACTIVITY

We have completed construction of over 500 dwelling units which include all single family standard lot subdivisions as proposed. We have completed one low density multi family area with the construction of 142 patio homes. We have built phases 1 and 2 of our commercial Town Center which includes a full line grocery store (29,000 sf) and adjacent retail shops (12,000 sf).

ROADS: We have constructed the main roadway through the project (Three Oaks Parkway) and the required additional roadway to connect to Alico Road to the north and Corkscrew Road to the south. We have constructed approximately four miles of local roads and one mile of collector roads connecting Three Oaks Parkway to the adjacent San Carlos Park development via San Carlos Boulevard, North Cypress Drive and Pineapple Road and connecting Three Oaks Parkway to Estero Parkway (f/k/a Koreshan Blvd.) via Cypress View Drive.

UTILITIES: We have constructed approximately seven miles of water lines and seven miles of sewer lines throughout the development.

DRAINAGE: We have constructed a drainage system with approximately four miles of canal area on site and off site leading to the ultimate outfall at the Estero River. We have also constructed over twenty acres of lakes on site for drainage and water retention purposes.

OTHER: We have also complied with all required dedications including the Public Park, Sewage Treatment Plant, School and Wetland Preserve.

EXHIBIT "G"
DEVELOPMENT ORDER CONDITIONS AND COMMITMENTS

ENERGY

Commitment - Bike Paths and walkways will connect residential areas with the school, recreation areas and the commercial area.

Completion - A four mile bike path (walkway) was constructed along the main arterial road Three Oaks Parkway which connects to the middle school, community park and the commercial area. Additional bikepaths and walkways have been constructed along the collector roads to link the neighborhoods to Three Oaks Parkway, Three Oaks Elementary School and the adjacent community of San Carlos Park.

WATER QUALITY

Commitment - Construct a drainage system complying with the South Florida Water Management District requirement which employs best management practices in order to reduce water quality impacts.

Completion - A conceptual water management permit was secured from the South Florida Water Management District and many individual construction permits have been secured. All conditions have been complied with including employing best management practices to reduce water quality impacts.

WETLANDS

Commitment - Preserve the 24 acre cypress dome as a viable wetland and monitor the conditions to ensure the viable preservation of this natural feature.

Completion - The development plan provides for the preservation of the 24 acre cypress preserve by surrounding it with water and limiting public access. Periodic monitoring and maintenance has been performed in order to maintain an appropriate water control level and limit exotic vegetation growth in order to ensure the viability of this natural feature.

EDUCATION

Commitment - The applicant should dedicate a 20 acre site to the School Board for construction of a school.

Completion - A 25 acre parcel was dedicated for the construction of Three Oaks Middle School in the center of the development. The applicant also assisted in the acquisition of a 20 acre site adjacent to the south boundary of the project for Three Oaks Elementary School.

FIRE PROTECTION

Commitment - Dedicate a ½ acre fire station site and contribute toward the costs of construction and equipment.

Completion - The Fire Department rejected the location of the fire station site. We have been and continue to pay fire impact fees on all permits in order to comply with our contribution to the capital costs of any fire station or equipment.

RECREATION & OPEN SPACE

Commitment - Provide an adequate amount of open space, including a 10 acre portion of the school site for joint use with Lee County.

Completion - The applicant assisted in providing a 38 acre site for Lee County to create the Three Oaks Community Park. In addition, the School Site includes recreation areas and ballfields as requested. The applicant has also provided several acres of private neighborhood recreational facilities under homeowner association control within the community.

WATER SUPPLY

Commitment - Prior to Phase III, identify the water source for the project.

Completion - Lee County Utilities (f/k/a Gulf Utility) supplies the project with potable water. The utility has developed a wellfield south of Corkscrew Road in order to supply sufficient water and has also interconnected water lines in order to supplement water supplies from wellfields east of I - 75 and Alico Road.

WASTEWATER

Commitment - Provide an interim wastewater treatment plant and demonstrate completion of appropriate treatment capacity prior to each phase.

Completion - A central wastewater treatment plant site was provided to the supplying utility Lee County Utilities (f/k/a Gulf Utility) and permits have consistently been applied for and received prior to the treatment demand for each phase of construction.

TRANSPORTATION

Commitment - Assure that a north-south access road is constructed to Alico Road to the north prior to Phase II and to Corkscrew Road to the south prior to Phase III.

Completion - The applicant participated in a taxing district in order to construct Three Oaks Parkway north to Alico Road and south to Corkscrew Road including the dedication of 100 feet of right of way. All bonds issued have been fully paid and retired. In addition, over \$1,000,000 in road and other impact fees have been paid from project fees.

NOTICE OF ADOPTION OF FIRST DEVELOPMENT ORDER AMENDMENT

PLEASE BE ADVISED that a First Development Order Amendment for VILLAGES OF SAN CARLOS, a Development of Regional Impact, has been adopted pursuant to Section 380.06, Florida Statutes. A legal description of the property covered by the said Order is attached hereto and incorporated as Exhibit "A". The First Development Order Amendment was adopted by the Board of County Commissioners of Lee County, Florida on February 17, 1992. A copy of said Order can be examined at the Minutes Department, Clerk of the Circuit Court in and for Lee County, Florida 2115 Second Street, Fort Myers, Florida. The First Development Order Amendment constitutes a land development regulation applicable to the herein described real property.

The recording of this Notice shall not constitute a lien, cloud or encumbrance. This Notice is filed pursuant to Section 380.06(15)(f), Florida Statutes.

(SEAL)

FIRST
DEVELOPMENT ORDER AMENDMENT
FOR
VILLAGES OF SAN CARLOS
DEVELOPMENT OF REGIONAL IMPACT

WHEREAS, a Development Order for the Villages of San Carlos Development of Regional Impact was adopted by the Board of County Commissioners on May 13, 1981; and

WHEREAS, the Applicant/Owner for Villages of San Carlos Development of Regional Impact has proposed to reduce the total number of dwelling units from 3,800 to 3,300; expand commercial square footage from 38,800 to 125,000; establish a 38.2 acre community park site through a 15 acre transfer from Alico Interchange Park Development of Regional Impact and a new voluntary dedication of 23.2 acres; expand the school site from 20 to 25 acres including a 5 acre transfer from Alico Interchange Park Development of Regional Impact; transfer the 0.5 acre fire station site to Alico Interchange Park Development of Regional Impact to create a 2.7 acre emergency services site within that project; expand the wastewater treatment site from 15.8 to 17.3 acres; add two, one acre child care sites; establish procedures for impact fee credits; and amend the table of proposed land uses; and

WHEREAS, under Section 380.06(19), Florida Statutes, the proposed change must be reviewed and evaluated to determine whether or not the change is a substantial deviation from the original Development Order; and

WHEREAS, the Board of County Commissioners has reviewed the proposed change and finds it not to be a substantial deviation if subject to the conditions in this Development Order Amendment; but any further changes will be reviewed cumulatively for determination as to whether or not a substantial deviation has occurred.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF LEE COUNTY, FLORIDA, that the Development of Regional Impact Development Order for Villages of San Carlos DRI, adopted by the Board of County Commissioners on May 13, 1981, is amended as follows, with additions underlined, deletions struck through and other changes specified. All other portions of the original Development Order remain in full force and effect.

1. Delete the second WHEREAS clause and replace with the following:

WHEREAS, the Notice of Proposed Change contemplates a development which includes the following land use acreages and dwelling units totals:

Total Project 495 acres

Residential Use

Single Family	392 units	152 acres
Medium Density	664 units	79 acres
High Density	2,244 units	119 acres

Commercial Use

Retail Sales and Service 15 acres

Institutional Use

School 25 acres

Public Facilities

(Inclusive of Utility Easements and Roads) 43 acres

Open Space

(Inclusive of Parks, Recreation Lakes and Drainage) 62 acres

2. Delete sub-paragraphs 1.b. and 1.c. and replace with the following:

1.b. Single family densities within the development shall not exceed four units per acre; and

1.c. The commercial uses permitted within the development shall be only those approved under the Lee County Zoning Resolution and the Revised Master Concept Plan for the Villages of San Carlos. Map H of the original Application for Development Approval is modified by Exhibit A hereto, the Zoning Resolution adopted February 17, 1992, and by the Revised Master Concept Plan which is incorporated herein by reference.

3. Amend subparagraph 1.d. as follows:

1.d. The ~~fire station and school site and the community park~~ shall be permitted uses in accordance with the development plan submitted with the ADA Notice of Proposed Change, Zoning Resolution and Master Concept Plan; and

4. Delete paragraph 2 and replace with the following:

2. The subject property is concurrently rezoned to Residential Planned Development, Commercial Planned Development and Community Facilities Planned Development for a total of 3,300 residential units, a 15 acre commercial site allowing a maximum of 88,799 square feet of gross floor area, a 38.2 acre community park site, a 25 acre school site, a 17.3 acre wastewater treatment site, and two, one acre child care sites. Table 12-2 of the original Application for Development Approval, Proposed Land Uses, is amended by Exhibit C hereto.

SWFRPC ASSESSMENT

5. Paragraph II.A under "Public Services, Education" is amended as follows:

A. EDUCATION

The proposed project would have a significant impact upon the Lee County Schools system by adding a minimum of 2,470 students by project completion. The additional students would require sizable outlays in operation costs and capital funds.

RECOMMENDATION

Any DRI Development Order issued by Lee County should contain the provision stating that the applicant dedicate or ensure the dedication to the Lee County School Board, ~~at the time mutually agreeable to the School Board and the applicant, the 20 acre site identified in the ADA no later than 90 days after the effective date of the First Development Order Amendment, the 25 acre site identified on the Master Concept Plan to be used for the construction of a school facility. Consistent with the requirements of Section 380.06(16) (b), Florida Statutes, the developer shall be entitled to impact fee credit for the dedication if a school impact fee is enacted at a later date, such credit is provided for, and is pursuant to the terms of the ordinance, or if required by law.~~

6. Paragraph II.B under "Public Services, Fire Protection" is amended as follows:

B. FIRE PROTECTION

To adequately service the project, the San Carlos Park Fire Department has indicated that it will be necessary to build, man, and equip a fire station on the project site. The Lee County Fire Official has indicated that certain design considerations will have to be included.

RECOMMENDATIONS

~~should contain the provision that the 1/2 acre site reserved by the applicant for a fire station be dedicated to the San Carlos Park Fire District at a time mutually agreeable to both the applicant and the District.~~

1). ~~2)~~ Any DRI Development Order issued by Lee County should contain the provision that the Applicant contribute to fund the construction of a fire station on the 1/2 acre site to the specifications of the San Carlos Park Fire District as stated by the District in their letters of August 22nd, 1980 to Mr. Alan C. Freeman and September 24, 1980 to Mr. Mike Kloehn (appendix pp. 46-49)..

2) ~~3)~~ Any DRI Development Order issued by Lee County should contain the provision that the Applicant incorporate the requirements of the Fire Official into the subject project (Copy of these requirements in the appendix, pg. 50).

3) Consistent with the requirements of Section 380.06(16)(b), Florida Statutes, the developer shall be entitled to fire impact fee credits equal to the cost contribution given to the San Carlos Park Fire District if allowed by and pursuant to the terms of the impact fee ordinance, or if required by law.

7. Paragraph II.C under "Public Services, Recreation and Open Space" is amended as follows:

C. RECREATION AND OPEN SPACE

The applicant has indicated that an adequate amount of park and open space will be provided in the development in conjunction with a multi-use taxing district, the Lee County Division Department of Community Services or a homeowners association.

RECOMMENDATIONS

4) At the request of Lee County, the developer has agreed to set aside a 38.2 acre site, as shown on the Master Concept Plan, for use as a public park. The park site is comprised of 15 acres transferred from Alico Interchange Park Development of Regional Impact with the addition of 23.2 acres volunteered by the developer. Consistent with the requirements of Section 380.06(16)(a), Florida Statutes, the developer shall be entitled to impact fee credits for the land dedication if allowed by and pursuant to the terms of the applicable ordinance, or if required by law. The park site shall be conveyed to the Lee County Board of County Commissioners no later than 90 days after the effective date of the First Development Order Amendment or per the terms of a contractual agreement between the developer

and Lee County.

5) The use of the 38.2 acre park site shall be limited as follows: the property shall be utilized for a public park and for no other purpose; any development of the park shall be substantially in accord with the site plan attached hereto as Exhibit B; the development of the park will be consistent with the drainage concept plan for the Villages of San Carlos Development of Regional Impact; the County will be responsible for mitigating all traffic impacts created by the park in any future traffic analysis and mitigation required by Section 380.06, Florida Statutes, or by Lee County; the developer and the County shall exchange mutual utility easements to allow for the consistent development of the park and the surrounding property; the title to the property at the time of conveyance shall be subject to all easements, restrictions and conditions of record common to property in the area of the site; and, all entrances and median cuts along Three Oaks Parkway shall be in accord with the Master Concept Plan for the Villages of San Carlos Development of Regional Impact.

6) There shall be no reduction in open space relative to the original Development Order as a result of this amendment.

8. Paragraph III.B under "Public Facilities, Wastewater Management" is deleted and replaced with the following:

B. WASTEWATER MANAGEMENT

Gulf Utility currently operates a wastewater treatment plant that serves the area.

9. Subparagraph III.C.3' under "Public Facilities, Transportation" is added as follows:

C. TRANSPORTATION

3) Consistent with the requirements of Section 380.06(16)(a), Florida Statutes, the developer shall be entitled to road impact fee credits for the value of improvements outlined in C.1) and 2) of the original Development Order, if such improvements are eligible pursuant to the terms of the applicable ordinance, or if required by law.

10. Table 12-2 in the Application for Development Approval (Proposed Land Uses and Phasing Schedule) is deleted and is replaced by Exhibit C hereto.

The motion to adopt this Development Order was offered by Commissioner Manning and seconded by Commissioner Slisher and upon poll of the members present, the vote was as follows:

John E. Manning	<u>Aye</u>
Douglas St. Cerny	<u>Absent</u>
Ray Judah	<u>Absent</u>
Vicki Lopez-Wolfe	<u>Aye</u>
Donald D. Slisher	<u>Aye</u>

DULY PASSED AND ADOPTED this 17th day of February, A.D., 1992.

LCDOT Sufficiency Checklist

1) *Sufficiency Comments.*

- a) Three Oaks Pkwy from Alico Rd to Daniels Pkwy is not an existing or a 3 year committed improvement facility. This would appear to affect the northbound trip distribution in Figure 4B and subsequent calculations. We apologize for the error in the graphic indicating 8 lanes but I-75 from Bonita Beach Road to Daniels Parkway is currently committed as a 6 lane freeway. Recent funding has also expanded the committed 6-laning north to Palm Beach Boulevard and south into Collier County. Please correct the study references and calculations for these facilities.
- b) The applicant's consultant called to discuss the methodology in late November. However, some corrections in calculation methods in the December 2005 study needed. The peak season peak hour traffic volumes were calculated from AADT and a peak hour % of weekday in the peak season. The standard is based on AADT multiplied by the K-100 factors. The study used historic rates instead of the more traditional historic growth rates. LCDOT staff evaluation will include a comparison to LOS results using historic growth rates while discussing the likely influence of committed road improvements. Use of the regional growth rate for the all facilities in the study area may yield different LOS results on road segments.
- c) Clarifications are needed for the difference in trip distribution from the original approved DRI. Of most concern is the reduction of project traffic on the 4 lane portion of U.S. 41 to below the significance threshold. Additional explanation of the justification for the difference is necessary.
- d) This is not a sufficiency comment, but we will refer to the original SWFRPC staff report page 24 as the reference for approved ADA trip generation estimate. In Table 1A the applicant's consultant refers to ITE Trip Generation 7th edition.
- e) This is not a sufficiency comment, but we will refer to the Three Oaks Middle School and Three Oaks Regional Park as external uses for the purpose of evaluating the residential and commercial development.

An Updated Traffic Impact Statement, prepared by the transportation consultant, Cathy Sweetapple & Associates, has been provided under separate cover directly to Andy Getch.

2) *The LCDOT reviewer may be contacted regarding any questions on the LCDOT Checklist.*

Andy Getch @ 479-8510

Lee County Sufficiency Checklist for Planned Developments, Amendments, and Existing Developments Requesting Planned Development Zoning

- 18) *Developments of Regional Impact. Developments of Regional Impact must comply with fee information submittal requirements of F.S. ch 380. [34-203(a)]*
 - A. It is not clear that the table submitted with the draft DRI Development Order will be replacing the Revised Land Use Table in the DRI Development Order. Please submit the entire Revised Land Use Table showing all the revisions.

As discussed during our recent meeting, the entire Land Use Table in the previous DRI Development Order is to be replaced by the newly revised Land Use Table.

Villages of San Carlos
DRI2005-00005 - NPC Application (NOPC) #3
Page 2 of 2

- B. This rezoning is in conjunction with a rezoning application for the Villages of San Carlos. Therefore, this project will not be scheduled for public hearing until both the DRI application (DRI2005-00005) and the DCI rezoning application (DCI2005-00054) are found sufficient

So noted.

Name of Project The Villages of San Carlos DRI

The Southwest Florida Regional Planning Council (SWFRPC) and Southwest Florida Capital Corporation (Developer) on this _____ day of _____, 20_____, agree as follows:

1. The developer is submitting an Application for Development Approval (ADA) of a DRI, Substantial Deviation ADA, Development Designation for Florida Quality Development (FQD), Application for Abandonment of a DRI, or a Notice of Proposed Change (NOPC) to a previously approved DRI (Circle appropriate type of submittal).
2. A deposit of \$ 2,500.00 is submitted with the pre-application information form, NOPC or Abandonment Application. If the ADA development proposal is withdrawn, \$5,000 is non-refundable, prior to conducting a preapplication conference in accordance with subsection 380.06(7), Florida Statutes, or a related issue methodology meeting, whichever occurs first. An additional deposit of \$ 0.00 is to be submitted with the ADA or Substantial Deviation ADA.
3. It is understood the Developer is liable for 100 percent of the direct and indirect costs for the SWFRPC to review these applications or Notice of Proposed Change.
4. It is understood the Developer must notify the Department of Community Affairs (DCA) and the SWFRPC in writing if any specific expenses which exceeds \$75,000.00 and which are disputed and state why they are not reasonable and necessary within 15 days of its receipt of the notice to pay or any such dispute is waived. Within 15 days of any notice of dispute, the SWFRPC

shall inform the DCA how and why the disputed expenses are reasonable and necessary. The DCA shall determine the expenses that are reasonable and necessary within 30 days.

5. The SWFRPC shall within 60 days, refund deposited funds which exceed its direct and indirect costs or that remain at the time the Developer withdraws the application or notice of proposed change.
6. Any direct or indirect costs of the SWFRPC in excess of the Developer's deposits shall be billed to the Developer which shall be paid within 30 days.
7. The SWFRPC shall maintain records of all direct and indirect costs associated with the coordination of the preapplication conference, and Preliminary Development Agreement, issue methodology meetings and other activities through the review of the application for development approval (ADA) or abandonment, or notice of proposed change to a previously approved DRI and of the final or amended development order, its presentation to the Council and comments issued to the local government, preparation for and attendance of hearings that are reasonable and necessary in respect to the regional review of the impacts of the development.
8. The Developer shall provide additional deposits from time to time as required within 15 days after the receipt of notice from the SWFRPC that it estimates costs will exceed the funds on deposit.

SUBSECTION 380.06(19), FLORIDA STATUTES**

Subsection 380.06(19), Florida Statutes, requires that submittal of a proposed change to a previously approved DRI be made to the local government, the regional planning agency, and the state land planning agency according to this form.

1. I, Alan C. Freeman, the undersigned owner/authorized representative of Southwest Florida Capital Corporation, hereby give notice of a proposed change to a previously approved Development of Regional Impact in accordance with Subsection 380.06(19), Florida Statutes. In support thereof, I submit the following information concerning the Villages of San Carlos development, which information is true and correct to the best of my knowledge. I have submitted today, under separate cover, copies of this completed notification to Lee County, to the Southwest Florida Regional Planning Council, and to the Bureau of Local Planning, Department of Community Affairs.

4. Location of approved DRI and proposed change.

City/County: **Lee County, Florida**
Township/Range/Section: **Sections 10, 14, 15, 22, and 23 Township 46 South, Range 25 East**
The Villages of San Carlos DRI is located west of I-75, between Alico and Corkscrew Roads and east of San Carlos Park. The location of the DRI is shown on Exhibit "A".

5. Provide a complete description of the proposed change. Include any proposed changes to the plan of development, phasing, additional lands, commencement date, build-out date, development order conditions and requirements, or to the representations contained in either the development order or the Application for Development Approval.

Indicate such changes on the project master site plan, supplementing with other detailed maps, as appropriate. Additional information may be requested by the Department or any reviewing agency to clarify the nature of the change or the resulting impacts.

The proposed changes:

- 1. modify the plan of development to:**
 - a. realign Three Oaks Parkway to accommodate Right of Way changes proposed and adopted by Lee County;**
 - b. decrease the number of residential units due to the taking of road Right of Way by Lee County;**
 - c. decrease the number of residential units due to the addition of land to the Commercial Planned Development as a result of the above described realignment of Three Oaks Parkway;**
 - d. increase the commercial development to 25.35 acres and 158,799 square feet of mixed commercial, retail, office and other uses as a result of the road realignment and the location of the remainder parcel created;**
 - e. change the zoning category of the Three Oaks utility parcel due to its acquisition by the Lee County utilities department;**
 - f. decrease the total number of residential units to 2,500; which are comprised of various housing types including, but not limited to, single family, patio homes, zero lot line homes, townhomes, coach homes, apartments, condominiums and ALF units.**
- 2. modify the Master Concept Plan (See attached Exhibit "D") to expand the Commercial Planned Development area (CPD); reduce the Residential Planned Development area (RPD); and add to the Community Facilities Planned Development area (CFPD) as described above;**
- 3. modify the phasing schedule to:**
 - a. place the development built to date within Phase I and the remaining development within Phase II;**
 - b. establish 1984-2003 as the phasing dates for Phase I and 2004-2009 as the phasing dates for Phase II.**
- 4. establish 2009 as the buildout date for the DRI which would result in a cumulative extension of more than 7 years;**

5. establish 2010 as the downzoning date;
 6. establish 2015 as the development order termination date;
and
 7. amend the Land Use Table (Table 12-2) in the Application for Development Approval (Proposed Land Uses and Phasing Schedule) to reflect the changes to the plan of development and phasing schedule. The revised Land Use Table is attached as Exhibit "B".
6. Complete the attached Substantial Deviation Determination Chart for all land use types approved in the development. If no change is proposed or has occurred, indicate no change.

The required Substantial Deviation Determination Chart is attached as Exhibit "C".

7. List all the dates and resolution numbers (or other appropriate identification numbers) of all modifications or amendments to the originally approved DRI development order that have been adopted by the local government, and provide a brief description of the previous changes (i.e., any information not already addressed in the Substantial Deviation Determination Chart). Has there been a change in local government jurisdiction for any portion of the development since the last approval or development order was issued? If so, has the annexing local government adopted a new DRI development order for the project?

The initial Development Order (Development Order 81-1) was approved May 31, 1981, and authorized the development of 495 acres to include 3,800 residential units, 15 acres and 38,800 square feet of commercial, a 20 acre school site, and ancillary institutional and public facilities.

The First Development Order Amendment approved February 17, 1992 reduced the number of residential units from 3,800 to 3,300, expanded the commercial square footage to 88,799 square feet on the 15 acre commercial site, established a 38.2 acre community park site, expanded the school site from 20 to 25 acres, transferred the fire station site to the Alico Interchange Park DRI, expanded the wastewater treatment site from 15.8 to 17.3 acres, added two 1 acre child care sites, established procedures for impact fee credits, and amended the table of proposed land uses.

8. Describe any lands purchased or optioned within 1/4 mile of the original DRI site subsequent to the original approval or issuance of the DRI development order. Identify such land, its size, intended use, and adjacent non-project land uses within 1/2 mile on a project master site plan or other map.

Southwest Florida Capital Corporation has not purchased or optioned any lands within 1/4 mile of the original DRI site.

9. Indicate if the proposed change is less than 40% (cumulatively with other previous changes) of any of the criteria listed in Paragraph 380.06(19)(b), Florida Statutes.

The proposed change to the plan of development simultaneously increases and decreases approved uses and so is not subject to the criteria listed in Paragraph 380.06(19)(b), Florida Statutes. Further, Subparagraph 380.06(19)(e)1., Florida Statutes, which established the 40% standard was repealed by Chapter 2002-165, Laws of Florida.

Do you believe this notification of change proposes a change which meets the criteria of Subparagraph 380.06(19)(e)2., F.S.

YES _____

NO X

None of the changes now set forth in Subparagraph 380.06(19)(e)2, Florida Statutes, are requested. At the time this question was formulated, Subparagraph 380.06(19)(e)2., Florida Statutes, addressed a buildout date extension of less than 5 years. The proposed buildout date extension is cumulatively more than 7 years.

10. Does the proposed change result in a change to the buildout date or any phasing date of the project? If so, indicate the proposed new buildout or phasing dates.

One proposed change requests that the buildout date be extended to 2009 which is a cumulative extension of more than 7 years.

11. Will the proposed change require an amendment to the local government comprehensive plan?

None of the proposed changes will require an amendment to Lee County's comprehensive plan.

Provide the following for incorporation into such an amended development order, pursuant to Subsections 380.06 (15), F.S., and 9J-2.025, Florida Administrative Code:

12. An updated master site plan or other map of the development portraying and distinguishing the proposed changes to the previously approved DRI or development order conditions.

A revised Master Concept Plan is attached as Exhibit "D".

13. Pursuant to Subsection 380.06(19)(f), F.S., include the precise language that is being proposed to be deleted or added as an amendment to the development order. This language should address and quantify:

- a. All proposed specific changes to the nature, phasing, and build-out date of the development; to development order conditions and requirements; to commitments and representations in the Application for Development Approval; to the acreage attributable to each described proposed change of land use, open space, areas for preservation, green belts; to structures or to other improvements including locations, square footage, number of units; and other major characteristics or components of the proposed change;

A proposed Second Amendment to the Development Order is attached as Exhibit "E".

- b. An updated legal description of the property, if any project acreage is/has been added or deleted to the previously approved plan of development;

No change to the legal description of the property is proposed.

- c. A proposed amended development order deadline for commencing physical development of the proposed changes, if applicable;

No change is proposed as physical development has commenced.

- d. A proposed amended development order termination date that reasonably reflects the time required to complete the development;

One proposed change establishes 2015 as the development order termination date since no original termination date was required at the time the original development order was issued.

- e. A proposed amended development order date until which the local government agrees that the changes to the DRI shall not be subject to downzoning, unit density reduction, or intensity reduction, if applicable; and

One proposed change establishes 2010 as the downzoning date.

- f. Proposed amended development order specifications for the annual report, including the date of submission, contents, and parties to whom the report is submitted as specified in Subsection 9J-2.025(7), F.A.C.

No changes to the annual report requirements are proposed.

LAND USE SUMMARY

RS-1 Single Family	340 Units	151.86 acres
RS-2 Single Family	48 Units	36.18 acres
RS-3 Single Family (low density)	142 Units	51.85 acres
RS-4 Single Family (high density)	800 Units	76.22 acres
Multi-family (mixed density)	1170 Units	48.53 acres
Three Oaks Parkway		
Total	2500 Units	365.06 acres
Community Facilities (C.F.P.D.)		
Park		38.24 acres
Preserved green space		23.80 acres
Middle school		23.03 acres
Wastewater Treatment Plant		17.28 acres
C.F.P.D. Total		104.35 acres
R.P.D., C.F.P.D. Total		469.41 acres
Commercial (C.P.D.)		
Existing Commercial Tract		15.01 acres
Additional Commercial Tract		10.34 acres
C.P.D. Total		25.35 acres
Grand Total		494.76 acres

PLAN OF DEVELOPMENT MODIFICATIONS:

- (18) DECREASE THE NUMBER OF RESIDENTIAL UNITS DUE TO THE TACKING OF ROAD RIGHT OF WAY BY LEE COUNTY
- (19) DECREASE THE NUMBER OF RESIDENTIAL UNITS DUE TO THE ADDITION OF LAND TO THE COMMERCIAL PLANNED DEVELOPMENT AS A RESULT OF THE ABOVE DESCRIBED REALIGNMENT OF THREE OAKS PARKWAY
- (20) INCREASE THE COMMERCIAL DEVELOPMENT TO 25.35 ACRES AND 156,799 SQUARE FEET OF MIXED COMMERCIAL, RESIDENTIAL AND OTHER USES AS A RESULT OF THE REALIGNMENT AND THE LOCATION OF THE REMAINDER PARCEL CREATED
- (21) CHANGE THE ZONING CATEGORY OF THE THREE OAKS UTILITY PARCEL DUE TO ITS ACQUISITION BY THE LEE COUNTY UTILITIES DEPARTMENT
- (22) DECREASE THE TOTAL NUMBER OF RESIDENTIAL UNITS TO BE ACQUIRED AS A RESULT OF THE TACKING OF THE INCLUDING, BUT NOT LIMITED TO, SINGLE FAMILY, POND HOMES, ZERO LOT LAKE HOMES, TOWNHOMES, COACH HOMES, APARTMENTS, CONDOMINIUMS AND ALF UNITS.
- (23) ADD A COMMUNICATION TOWER (HEIGHT IN EXCESS OF 100')

VILLAGES OF SAN CARLOS
CURRENTLY APPROVED SCHEDULE OF USES

[illegible]

CYPRESS VIEW DR.

It is the intent of the Board of County Commissioners to amend the local health ordinance by adding to the prohibited activities listed therein the following: "the depositing or placing of any refuse or debris described previously which have not been submitted for recycling." Los County subdivision Ordinance and planning may continue to be used for agricultural purposes as provided herein. Agricultural uses for the purposes of this paragraph include production of crops and the raising of livestock for the purpose of sale.

PROPOSED CHANGES TO THE PREVIOUSLY APPROVED SCHEDULE OF USES

1. REVISE THE PERMITTED USES WITHIN THE RPD AND CPO DISTRICTS, WHICH CURRENTLY ALLOW THE SCHEDULE OF USE LIST FROM "CONVENTIONAL" DISTRICTS (SUCH AS RS, RM, AND CC) AS AMENDED THROUGH 1/4/89, TO ALLOW FOR ALL OF THE SCHEDULE OF USES "AS CURRENTLY ADOPTED" FOR THE REFERENCED CONVENTIONAL DISTRICTS.

2. MOVE THE APPROVED SCHEDULE OF USES FOR PARCEL "G" FROM THE CPD DISTRICT TO THE CFPO DISTRICT

3. AMEND THE PERMITTED USE UST FOR THE CPD PARCEL "F", TO INCLUDE THE EXPANDED AREA LABELED AS "F-1", AND ADD THE FOLLOWING TWO (2) USES TO THE PREVIOUSLY APPROVED LIST:

ASSISTED LIVING FACILITY
COMMUNICATION TOWER (135 FEET IN HEIGHT)

4. AMEND THE PERMITTED USE LIST FOR THE RPD PARCELS "B", "C", "D", "E", "J", "L", AND "M", TO ADD THE FOLLOWING USE TO THE PREVIOUSLY APPROVED LIST:

ASSISTED LIVING FACILITY

EXISTING PREVIOUSLY COMPLETED

EXISTING SINGLE FAMILY SUBDIVISIONS (EASTGATE AT SAN CARLOS PINES, PINE RUN AT THREE OAKS, PINE GLEN UNIT ONE, AND CYPRESS CHASE AT THREE OAKS) ARE CURRENTLY ZONED RS-1 PURSUANT TO ZONING RESOLUTION 7-81-47.

SECOND

DEVELOPMENT ORDER AMENDMENT

VILLAGES OF SAN CARLOS

DEVELOPMENT OF REGIONAL IMPACT

WHEREAS, a Development Order for the Villages of San Carlos Development of Regional Impact was adopted by the Board of County Commissioners on May 13, 1981; and

WHEREAS, a First Amendment to the Development Order was adopted by the Board of County Commissioners on February 17, 1992 which reduced the total number of dwelling units from 3,800 to 3,300; expanded commercial square footage to 88,799 on the 15 acre commercial site; established a 38.2 acre community park site through a 15 acre transfer from Alico Interchange Park Development of Regional Impact and a new voluntary dedication of 23.2 acres; expanded the school site from 20 to 25 acres including a 5 acre transfer from Alico Interchange Park Development of Regional Impact; transferred the 0.5 acre fire station site to Alico Interchange Park Development of Regional Impact to create a 2.7 acre emergency services site within that project; expanded the wastewater treatment site from 15.8 to 17.3 acres; added two, one acre child care sites; established procedures for impact fee credits; and amended the table of proposed land uses; and

WHEREAS, Southwest Florida Capital Corporation has proposed modifying the plan of development to increase the commercial development to 25.35 acres and 158,799 square feet and to decrease the number of residential units to 2,500; to expand the commercial area on the Master Plan (Map H); to modify the phasing dates and the development within each phase; to establish 2009 as the buildout date and 2010 as the downzoning date; and to establish 2015 as the development order termination date; and

WHEREAS, under Section 380.06(19), Florida Statutes, the proposed change must be reviewed and evaluated to determine whether or not the change is a substantial deviation from the original Development Order; and

WHEREAS, the Board of County Commissioners has reviewed the proposed change and finds it not to be a substantial deviation if subject to the conditions in this Development Order Amendment; but any further changes will be reviewed cumulatively for determination as to whether or not a substantial deviation has occurred.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF LEE COUNTY, FLORIDA, that the Development of Regional Impact Development Order for the Villages of San Carlos DRI, adopted by the Board of County Commissioners on May 13, 1981 and thereafter amended on February 17, 1992, is amended as follows, with additions underlined, deletions struck through and other changes specified. All other portions of the original Development Order, as amended, remain in full force and effect.

1. The second WHEREAS clause is amended as follows:

WHEREAS, the Notice of Proposed Change contemplates a development which includes the following land use acreages and dwelling units totals:

Total Project		<u>494.76</u> acres
Residential Use		
Single Family	<u>388</u> 392 units	<u>151.88</u> 152 acres
Multi Family	<u>2,112</u> units	<u>164.25</u> acres
Medium Density	664 units	79 acres
High Density	2,244 units	119 acres
Commercial Use		
Retail Sales and Service		<u>25.35</u> 15 acres
Institutional Use		
School		<u>25.03</u> acres
Public Facilities		<u>66.21</u> acres
(Inclusive of Utility		
Easements and Roads)		
Open Space		<u>62.04</u> acres
(Inclusive of Parks, Recreation		
Lakes and Drainage)		

2. The Land Use Table, Table 12-2 in the Application for Development Approval (Proposed Land Uses and Phasing Schedule), is deleted and is replaced by Exhibit "B" hereto.
3. The Master Development Map (Map H) is deleted and is replaced by Exhibit "C" hereto.
4. New sub-paragraphs h, i, and j are added to paragraph 1 as follows:
 1. The Application for Development Approval of Alan C. Freeman for the Villages of San Carlos as described in Exhibit "A" attached is approved subject to:

* * *

h. December 30, 2009 is hereby established as the buildout date of the Villages of San Carlos DRI.

i. The Villages of San Carlos DRI shall not be subject to downzoning, unit density reduction, or intensity reduction, unless it is demonstrated that substantial changes in the conditions underlying the approval of the development order have occurred or the development order was based on substantially inaccurate information provided by the developer or that the change is clearly established to be essential to the public health, safety, or welfare.

j. December 30, 2015 is hereby established as the termination date of the development order.

The motion to adopt this Development Order was offered by Commissioner _____ and seconded by Commissioner _____ and upon poll of the members present, the vote was as follows:

Bob Janes	_____
Douglas St. Cerny	_____
Ray Judah	_____
Tammy Hall	_____
John Albion	_____

VILLAGES OF SAN CARLOS DRI NOPC APPLICATION TRAFFIC STUDY

This Traffic Study has been prepared to document and evaluate the changes in trip generation for the Villages of San Carlos DRI as part of the NOPC Application to modify property entitlements and extend the DRI build out date. This Traffic Study has been formatted to evaluate DRI trip generation pursuant to DRI standards, using accepted trip generation rates and equations from *Trip Generation, 7th Edition, an Informational Report of the Institute of Transportation Engineers*, most recently published in 2003.

Site Location, Development History and the Proposed Development Program

The Villages of San Carlos DRI occupies 495 acres in Lee County, and is bounded generally by Alico Road on the north, Estero Parkway on the south, and Interstate 75 on the east, spanning the east and west sides of Three Oaks Parkway. The DRI was approved in 1981 (pursuant to Resolution 81-1) to create a residential community consisting of single family and multi-family dwelling units, retail space, educational facilities, necessary public facilities and parks and open space. The DRI was amended in 1992 to reduce the total number of dwelling units, and to modify the acreages for the school site, public facilities and open space. The proposed DRI amendment (pending with this NOPC Application) reflects the further reduction of dwelling units equating to a 1,300 dwelling unit decrease from the approved DRI, and an 800 dwelling unit decrease from first DRI amendment. The proposed DRI amendment also includes an increase in retail use by 10 acres, accommodating 70,000 square feet of retail use, which (in combination with the development planned for the original 15 acres), equates to a net increase in retail square footage by 58,799 square feet.

The historical progression of these DRI entitlements is provided in the enclosed Table 1A which provides a summary of the approved DRI, amended DRI and proposed amendment modifying the development program and build out date for the DRI. Table 1A also documents the progression of the approved and amended trip generation for the DRI based upon the changes in DRI land uses. The proposed development program will result in a **567 trip decrease during the AM peak hour** and a **591 trip decrease during the PM peak hour** compared with the original DRI approval.

Trip Generation Analysis

The AM peak hour, PM peak hour and daily trips for the Villages of San Carlos DRI is summarized in Table 1B below. Detailed trip generation analyses are provided in the enclosed Tables 2, 3 and 4.

Table 1B - Net External Trip Generation Summary for the Approved and Proposed DRI Development Program

Time frame	Approved DRI (see Table 2)	Amended DRI (see Table 3)	Proposed DRI (see Table 4)	Approved Less Proposed DRI
Net External AM Trips	2,218	1,979	1,651	567
Net External PM Trips	2,564	2,282	1,973	591
Net External Daily Trips	28,232	25,108	21,570	6,662
Total DU	3,800 DU	3,300 DU	2,500 DU	1,300 DU reduction
Single Family DU	465 DU	392 DU	388 DU	77 DU reduction
Multi Family DU	3,335 DU	2,908 DU	2,112 DU	1,223 DU reduction

Table 2 provides the Daily, AM Peak Hour and PM Peak Hour trip generation analysis of the Approved DRI land uses (from Resolution 81-1), using current 7th Edition ITE rates. The land uses in the originally approved DRI generated 2,218 net external AM peak hour trips and 2,564 net external PM peak hour trips.

Table 3 provides the Daily, AM Peak Hour and PM Peak Hour trip generation analysis of the Amended DRI land uses using current 7th Edition ITE rates. The Amended DRI **decreased** the approved dwelling units by 500, resulting in an overall trip reduction for the DRI. The single family dwelling units were reduced by 73 dwelling units (from the approved DRI) and the multi-family dwelling units were reduced by 427 dwelling units (from the approved DRI). The overall trip generation for the Amended DRI was reduced to 1,979 net external AM peak hour trips and 2,282 net external PM peak hour trips.

Table 4 provides the Daily, AM Peak Hour and PM Peak Hour trip generation analysis of the currently proposed modifications to the DRI development program, using current 7th Edition ITE rates. The proposed DRI amendment **decreases** the approved DRI dwelling units by 1,300, representing an additional 800 dwelling unit reduction compared to the Amended DRI. The single family dwelling units were reduced by 77 dwelling units (from the approved DRI) and the multi-family dwelling units were reduced by 1,223 dwelling units (from the approved DRI).

The proposed DRI amendment also reflects a ten acre increase in the allowable retail space. The DRI was approved with 15 acres of retail and 100,000 square feet of retail use in two phases. One retail center was built at 41,000 square feet. The balance of the approved retail use has been reduced by 11,201 square feet (from 59,000 square feet to 47,799 square feet), for a total of 88,799 square feet of retail use for the original 15 acres. An additional 10 acres of retail is proposed accommodating 70,000 square feet of retail use. The net increase in retail square footage for the proposed DRI development program is 58,799 square feet, as outlined in **Table 5** below.

Table 5 – Summary of Changes to the Retail Use in the DRI

Use	Acres	Phase I – DRI	Phase II - DRI	Total	Net Change
Approved DRI Retail Use	15	41,000 SF	59,000 SF	100,000 SF	
Proposed DRI Retail Use	15	41,000 SF	47,799 SF	88,799 SF	-11,201 SF
	10		70,000 SF	70,000 SF	+70,000 SF
Total Retail Proposed	25	41,000 SF	117,799 SF	158,799 SF	+58,799 SF

While the retail uses are increased under the proposed DRI development program, any increases in retail trip impacts are offset by the large decrease in residential dwelling units. The overall trip generation for the proposed DRI development program is reduced to 1,651 net external AM peak hour trips and 1,973 net external PM peak hour trips.

Conclusions from the DRI Trip Generation Evaluation

Given the analyses performed in this NOPC Application Traffic Study comparing the proposed DRI development program to the approved DRI, no additional trip generation impacts are found to exist resulting from the proposed modifications to the DRI development program. The proposed development program will result in a **567 trip decrease during the AM peak hour and a 591 trip decrease during the PM peak hour** compared with the original DRI approval.

RE: Villages of San Carlos DRI

Dear Bryan:

I have received a request from Alan C. Freeman asking that I consent to classifying Parcel K-1 as Community Facilities Planned Development (CFPD). Please accept this letter as our authorization to classify this publicly owned site as CFPD as long as the approved uses for the part of Parcel K-1 that is to be used for park purposes consists of the currently approved schedule of uses for the adjacent Three Oaks Community Park are as follows:

Parks – Public – Group 1 and II
Entrance Gates
Excavation, Water Retention
Gate House
Recreational Facilities, Public
Essential Services
Essential Service Facilities – Group 1
Signs
Administrative Offices
Restaurants – Group II
Specialty Retail Shops – Group 1
Except that concession stands in addition to community recreation center with kitchen are specifically included, while Restaurants, Group II and Specialty Retail, Group 1, are limited to ancillary uses within the principal building.

As I understand this request, the applicant is asking for our consent to change this residentially zoned parcel that has been acquired by Lee County to properly classify this publicly owned site under the CFPD category. In addition, the list of uses will reflect the use by Lee County of the parcel for roadway, roadway drainage, and park purposes as described in the list of approved uses shown above. The Parks and Recreation Department will continue to have the right to develop this site (Parcel K-1) in the same manner as that previously granted under the current zoning for the adjacent Three Oaks Community Park parcel (Parcel K).

I trust that this is the letter that you need in order to continue the work on this project file. Should you require anything further, please feel free to contact me.

Sincerely,

John Yarbrough
Department Director
Lee County Parks & Recreation

Secretary, Internal Services

RE: Notice of Public Hearing - April 19, 2007 HEX

I, Brady Proctor, Secretary, Internal Services, Development Services Division, do hereby certify that I have mailed notices to the adjacent property owners on the above referenced date, in the attached style, pursuant to the list marked and attached hereto and made a part of this certification.

NOTICE TO PROPERTY OWNERS WITHIN 500 FEET

CASE NUMBER: DRI2005-00005 & DCI2005-00054

CASE NAME: VILLAGES OF SAN CARLOS

REQUEST:

A. Consider a Notice of Proposed Change (NOPC) to the Villages of San Carlos DRI Development Order and Map H incorporating the following changes:

1. Approved realignment of Three Oaks Parkway adjacent to I-75 south from San Carlos Boulevard/Three Oaks Parkway intersection to the southeast corner of the development;
2. Decrease the total number of residential units from 3,300 dwelling units to 2,500 dwelling units;
3. Increase the commercial development from 15.0 acres to 25.35 acres and increase the commercial uses from 125,000 square feet to 158,799 square feet;
4. Modify the phasing schedule;
5. Establish 2009 as the buildout date;
6. Establish 2010 as the down-zoning date;
7. Establish 2015 as the development order termination date;
8. Amend the Revised Land Use Table to reflect the changes to the plan of development and phasing schedule;

B. Determine whether the proposed changes constitute a substantial deviation from the original development approvals warranting further Development of Regional Impact review; and

C. Amend the master concept plan and Resolution Z-91-083, to expand the commercial planned development (CPD) district, reduce the acreage of the residential planned development (RPD) district, and add acreage to the Community Facilities Planned Development (CFPD) district. The applicant indicates that development of this site will include connection to public potable water and public sanitary sewer service. No blasting is being proposed.

LOCATION: The subject property is located at West of I-75 between Alico Road and Corkscrew Road. East on San Carlos Park on both sides of Three Oaks Parkway.

SIZE OF PROPERTY: 494.76 Acres ±

STAFF REPORT: Direct inquiries to Bryan Kelner, Principal Planner, at (239) 479-8363, at the Department of Community Development, 1500 Monroe St., Ft. Myers, FL 33901.

PROPERTY OWNERS REPRESENTATIVE

MR. ALAN C FREEMAN	MR. TIM PUGH

	239-549-2345

Notice is hereby given that the Lee County Hearing Examiner will hold a public hearing at 1:00PM PM on 04/19/2007 on the above case. The public hearing will be held in the Hearing Examiner's Meeting Room, 1500 Monroe St., Ft. Myers, FL 33901.

You must appear in person, or through counsel, or an authorized agent and provide testimony, legal argument or other evidence at the hearing to become a participant with the right to address the Board of County Commissioners.

After the Hearing Examiner has made a written recommendation, the case will be scheduled for a public hearing before the Board of County Commissioners who will review the recommendation and make a final decision.

If you do not appear before the Hearing Examiner, by law, you will not be allowed to appear before the Board of County Commissioners at the final hearing in this case.

Copies of the staff report will be available two weeks prior to the hearing. The file may be reviewed at the Development Services Division, 1500 Monroe St., Fort Myers, FL 33901. Call 239/479-8585 for additional information.

In accordance with the Americans with Disabilities Act, reasonable accommodations will be made upon request. If you are in need of a reasonable accommodation, please contact Brady X Proctor at 239/479-8585.

RE: Agenda Schedule for VILLAGES OF SAN CARLOS
Case No. DRI2005-00005 & DCI 2005-00054

Dear MR. TIMOTHY PUGH, P.E :

Your zoning request has been scheduled before the Hearing Examiner on Thursday, April 19, 2007, at 1:00 PM. The hearing will be conducted in the Hearing Examiner Meeting Room, 1500 Monroe St., Ft. Myers, FL.

Be advised all exhibits presented to Hearing Examiner will be retained for the records. The Hearing Examiner accepts exhibits on boards for demonstrative purposes and for use in her/his decision making; however, an official exhibit entered into the record must be either a foldable copy of the exhibit or an 11 x 17 duplicate of the board exhibit (clipping the exhibit to the board rather than gluing it is an acceptable form since it can be removed from the board and folded to be put in the file.

Your zoning sign will be ready for pickup any time after Wednesday, March 21, 2007, at the second floor reception desk at 1500 Monroe St., Ft. Myers, FL. If you would like to pick them up at the drive-thru window, please call 479-8585 to make the appropriate arrangements. This sign must be posted in accordance with Department procedures no later than Tuesday, April 3, 2007, and is to remain posted until final decision is rendered.

Call if you have any questions.

Re: Villages of San Carlos, DCI Substantive Review, Case #DCI2005-00054 &
DRI2005-0005

Dear Mr. Kelner:

Thank you for the opportunity to review the Villages of San Carlos for substantive comments with regard to educational impacts. This proposed development is in the South Choice Zone of the District, on Three Oaks Parkway in the South Fort Myers Planning Area. This letter is in response to your request dated November 8, 2005.

In August of 1991 the Developers of the Villages of San Carlos dedicated 25.09 acres to The Lee County School District for a middle school site. This dedication of the property was in lieu of any school impact fees if and when enacted. The Lee County Board of County Commissioners adopted a School Impact Fee Ordinance on November 27, 2001, effective at this time. As such, the Villages of San Carlos developers will receive school impact credits.

Thank you for your attention to this issue. If I may be of further assistance, please give me a call at (239) 335-1415.

Sincerely,

Tina Silcox, Community Development Planner
Planning Department

Re: Villages of San Carlos, DCI Substantive Review, Case #DCI2005-00054 &
DRI2005-0005

Dear Mr. Kelner:

Thank you for the opportunity to review the Villages of San Carlos for substantive comments with regard to educational impacts. This proposed development is in the South Choice Zone of the District, on Three Oaks Parkway in the South Fort Myers Planning Area. This letter is in response to your request dated June 3, 2005.

In August of 1991 the Developers of the Villages of San Carlos dedicated 25.09 acres to The Lee County School District for a middle school site. This dedication of the property was in lieu of any school impact fees if and when enacted. The Lee County Board of County Commissioners adopted a School Impact Fee Ordinance on November 27, 2001, effective at this time. As such, the Villages of San Carlos developers will receive school impact credits.

Thank you for your attention to this issue. If I may be of further assistance, please give me a call at (239) 335-1415.

Sincerely,

Tina Silcox, Community Development Planner

RE: Villages of San Carlos DRI - Lee County
Notice of Proposed Change

DRI2005-00005

Dear Mr. Trescott:

Enclosed please find the Notice of Proposed Change for the Villages of San Carlos DRI per Section 380.06(19) Florida Statutes. This Notice of Proposed Change was necessitated by the realignment of Three Oaks Parkway by Lee County. This road realignment resulted in the division of some of the residential property from the west side of Three Oaks Parkway to the east side of Three Oaks Parkway adjacent to the current commercial development. The realignment also resulted in 23 acres of additional road right of way for Three Oaks Parkway.

Also enclosed is a check in the amount of \$2,500.00 which represents the review fee as required by Rule 9J-2.0252, Florida Administrative Code.

After your review of the enclosed information, please feel free to contact me with any questions. If you require additional information, please do not hesitate to contact me.

Sincerely,

Alan C. Freeman
President

UTILITIES

RECEIVED
JUN 08 2006

COMMUNITY DEVELOPMENT

Date: June 6, 2006

TO: **Bryan Kelner**
Dept. of Community Development
Zoning Division

From: **S. Ivan Velez, P.E.**
Acting Utilities Director

SUBJECT: VILLAGES OF SAN CARLOS, DRI

I have received a request from Alan C. Freeman asking that I consent to classifying the Three Oaks Wastewater Treatment Plant site as Community Facilities Planned Development (CFPD). Please accept this memo as our authorization to classify this publicly owned site as CFPD as long as the currently approved schedule of uses remains unchanged as follows:

Administrative Offices
Essential Services
Essential Service Facilities – Group I & II
Excavation – Water Retention
Storage, Indoor
Storage, Enclosed

As I understand this request, the only change being requested is to properly classify this publicly owned site under the CFPD category. Since there is no change in the list of uses, the Utilities Division will continue to have the right to develop this site in the same manner as previously granted under the current zoning.

I trust that this is the memo that you need in order to continue to work on this project file. Should you require anything further, please feel free to contact me at 479-8166.

RE: Villages of San Carlos
Case #DCI2005-00054 & DRI2005-00005

The following changes have been made to the April 4, 2007 staff report to address the concerns of the Applicant.

A. Staff has reviewed the comments submitted by the applicant on the staff report (See Attachment) and has commented as follows:

1. The addition of "HARDWARE STORE" to the schedule of uses for Parcels F and F-1.

Staff has no objection to the addition of "HARDWARE STORE" to the proposed schedule of uses as depicted on Page 4 of 27 of the staff report. Staff and the applicant are in agreement with this change.

2. The applicant has pointed out that "RECREATIONAL FACILITIES, GROUP II is listed as "reserved" in the LDC.

The applicant is correct and staff has revised the schedule of uses on page 5 of 27 of the staff report to read:

RECREATIONAL FACILITIES, COMMERCIAL: GROUPS I and IV, with Group IV limited to; Any indoor cultural facility operated as a commercial establishment; bowling alley, bingo hall, health club; and gymnasiums

Staff and the applicant are in agreement with this change.

3. The applicant would like to see RENTAL AND LEASING ESTABLISHMENTS, GROUP III, permitted on Parcels F and F-1, as was previously allowed.

Staff disagrees and finds this use incompatible with the adjacent residential neighborhoods. However, this does not preclude having a rental car agency office as a BUSINESS SERVICES, GROUP I, which is listed as a permitted use on parcels F and F-1.

4. The applicant has indicated that STORAGE, INDOOR AND ENCLOSED were uses previously approved on Parcel F. The applicant is correct.

However, due to changing conditions and the nature of the development in a predominately residential neighborhood, staff has recommended that only INDOOR STORAGE be permitted on Parcels F and F-1 (See Page 5 of 27 of the staff report).

Staff and the applicant are in disagreement with respect to OUTDOOR STORAGE.

5. The applicant has indicated that TRANSPORTATION SERVICES, GROUP II was a use previously approved on Parcel F. The applicant is correct.

However, due to changing conditions and the nature of the development in a predominately residential neighborhood, outdoor storage of vehicles, lighting, and noise staff has recommended that this use be deleted on Parcels F and F-1 (See Page 5 of 27 of the staff report).

Staff and the applicant are in agreement with respect to deleting TRANSPORTATION SERVICES, GROUP II.

6. The applicant has indicated that VEHICLE AND EQUIPMENT DEALERS, GROUPS I and II were uses previously approved on Parcel F. The applicant is correct.

However, due to changing conditions and the nature of the development in a predominately residential neighborhood, outdoor storage of vehicles, lighting, and noise staff has recommended that this use be deleted on Parcels F and F-1 (See Page 5 of 27 of the staff report).

Staff and the applicant are in agreement with respect to deleting VEHICLE AND EQUIPMENT DEALERS, GROUPS I and II.

7. The applicant has requested a change to Section II.D.4.a.(1), Schedule of Uses, Page 8 of 27, of the staff report. Staff has revised the language to clarify all the existing subdivisions to which this section applies, and the revised language reads as follows:

II.D.4.a. Schedule of Uses

- (1) Permitted uses within ~~the conventional single-family subdivision (Pine Glen, Unit 2,)~~ the platted subdivisions known as Eastgate, Pine Run, Cypress Chase, and Pine Glen are limited to ~~those permitted by right in the "RS" Zoning Districts (as amended thru 1-4-89), as well as~~ the following uses:

Staff and the applicant are in agreement with this change.

8. The applicant has requested a change to Section II.D.4.b(1), Conditions Specific to Residential Planned Developments, Page 10 of 27, of the staff report. Staff has revised the language to clarify which single-family residential areas this condition applies and the revised language reads as follows:

II.D.4.b. Conditions Specific to Residential Planned Developments

- (1) The single family residential areas, being platted as Eastgate, Pine Run, Cypress Chase, and Pine Glen, shall be limited to a maximum density of 4 units per acre pursuant to the original DRI Development Order. In no case, however, ~~shall~~ may the density for the RPD area (375.4 acres) exceed ~~3,300~~ 2,500 units.
9. The applicant has provided the following comments (a through b) on Conditions II.D.5. & II.D.12. of the staff report (Page 12 of 27 and 13 of 27 respectively), Maximum building height and building separation.
- a. Condition 5, limits height to 35 feet subject to compliance with LDC Sec. 34-2174(a) for increases in setbacks "wherever the use is not abutting a similar structure, e.g., condominium area abutting single family home area". Condition 12 states that "Buildings exceeding 35 feet in height must maintain additional building separation as regulated by LDC Sec. 34-935(e)(4)".
 - b. However, LDC Sec. 34-2174(b) infers that the increases in setbacks will only apply in zoning districts that do not specify a maximum building height.
 - c. Stating these two (2) conditions (i.e. re-statement of the code requirements), without establishing a maximum building height for specific tracts within this planned development, is a greater restriction than was previously approved. Note that condominium uses have previously and are still approved for up to eight (8) stories in height.

Staff finds that there is no change in what was previously approved. The language contained in Condition II.D. 12., building separations, although not specifically stated in the previous zoning resolution was in the zoning ordinance at the time the project was approved (Section 431.C.2.b.4.)) and any development must be in compliance with that section unless a deviation was granted. Staff, by including Condition II.D. 12., is making it clear that this condition must be complied with as stated in LDC as Section 34-935(e)(4), minimum separation of buildings, of the LDC.

10. The applicant has requested a change to Section II.D.4.b(4), Conditions Specific to Residential Planned Developments, Page 10 of 27, of the staff report. Staff has revised the language to provide for temporary sales trailer and/or construction trailer to be limited to a specific number of years rather. Staff and the applicant are in agreement with the change. The revised language reads as follows:
- (4) **A temporary sales trailer and/or construction trailer is are permitted on Parcel M-2 and Parcel B, C, D, & E for a maximum of 3 years from the time of Certificate of Occupancy. The developer must apply for and receive approval through an administrative approval action in order to extend the time period for the use of the temporary sales trailer and/or construction trailer. Once the first model unit has received a Certificate of Occupancy, the temporary sales center and/or construction trailer must be removed from the subject property.**

- B. Staff met with the applicant and the following changes were made to the staff report to clarify the intent of the recommended action: Staff and the applicant are in agreement with the following changes.

1. Page 11 of 25, Townhomes, Minimum lot dimension. Staff and the applicant agree that minimum lot dimension can be reduced to 18 feet which is in keeping with today's standard for townhomes. The revised language is as follows:

Minimum lot dimension **20 18 ft wide X 45 feet deep**

2. Page 11 of 25, CONDOMINIUMS. Staff and the applicant agree that the word "CONDOMINIUMS" should be replaced the words "CONDOMINIUMS OR MULTIPLE-FAMILY" and adding right-of-way setback as follows:

CONDOMINIUMS OR MULTIPLE-FAMILY

Minimum unit area (2 story):	900 sq ft
Minimum unit area (3 - 6 story):	750 sq ft
Minimum unit area (7 & 8 story):	550 sq ft

Setback from any property line to building wall:	25 ft
<u>Side setback from interior r/w to building wall:</u>	<u>15 ft⁽¹⁾</u>
Water setback from water to building wall:	20 ft

<u>Minimum building separation</u>	<u>15 ft⁽¹⁾</u>
---	-----------------------------------

Maximum Lot Coverage:	45%
-----------------------	-----

- (1) **The side setback and building separation only apply to Parcel B, C, D, & E, and Parcel M-2.**

If Parcel M-2 is not developed under the property development regulations for Multiple-Family (Timberwalk South - Parcel M-2), as listed below, then the condominium or multiple-family regulations will apply to Parcel M-2.

3. Page 11 of 25, MULTIPLE-FAMILY (TIMBERWALK SOUTH - PARCEL M-2), may imply that this may be the only type of multiple-family dwelling unit type or property development regulations that can be applied to this parcel. Staff would like to clarify that MULTIPLE-FAMILY OR MULTIPLE-FAMILY CONDOMINIUMS are also permitted on Parcel M-2. Therefore, the following condition is added on page 12 of 27 of the staff report, to the MULTIPLE-FAMILY (TIMBERWALK SOUTH - PARCEL M-2), Special Conditions to Parcel M-2, by adding the following condition:

- (5) **Should development of Parcel M-2 not proceed under the property development regulation for MULTIPLE-FAMILY (TIMBERWALK SOUTH - PARCEL M-2), then Parcel M-2 may be developed for multiple-family uses using the property development regulations for CONDOMINIUMS OR MULTIPLE-FAMILY.**

- C. Page 12 of 27, Footnote (3) addresses patios pads, air conditioning units etc. in the common element. Staff has a concern with the applicant's language and cannot support this language. Staff and the applicant are in agreement with the changes proposed by staff.

Therefore, staff recommends the following revised language for footnote (3) as follows:

- (3) ~~Rear patio and air conditioning pads (No enclosed structures are allowed beyond the principle building envelope) shall located outside the primary building envelop (ie platted lot owned in fee simple) must be setback a minimum of 19 feet from the project's perimeter boundary line, and must be in compliance with Condition II.D.16., below. Air-conditioning units, small walls to screen AC units (not exceeding 42inch height) and unenclosed patio pads may encroach into the common areas provided proper easements are recorded for those structures and equipment. subject to the following conditions:~~

Also, staff recommends creating an new Condition II.D.16., as follows:

16. Rear patio pads and air conditioning pads. No enclosed structures are allowed beyond the principle building envelop (ie. platted lot owned in fee simple). However, air conditioning pads with small walls (not exceeding 42 inches in height) to screen air conditioning units and unenclosed patio pads may encroach into the common areas subject to the following conditions.
- a. The South Florida Water Management District (SFWMD) permit for the project must specifically address and permit the total number and square footage of individual patio and air conditioning pads that are permitted in the development and articulate the maximum size of each.
 - b. The individual pads and maximum size must be specifically shown on and approved as part of the Lee County development order.
 - c. Patio and air conditioning pads are the only structures allowed within the common area beyond the principal building envelope.
 - d. Patio and air conditioning pads are allowed in the common area subject to an a properly executed easement from the property owner's association. The easement document must clearly articulate what is and is not permitted rights the easement holder has with respect to use of the pads and . Use of the pads must be in accordance with the zoning approvals.
 - e. ~~There can be no~~ No vertical construction is permitted on the pads except for a small wall to hide the air conditioning unit ~~which cannot that may not~~ exceed a height of 42 inches.
 - f. Property Owner's Association (POA) documents must ~~echo the constraints on the use of the pads~~ clearly state:
 - (1) the power and authority for the POA to grant the easement;
 - (2) the limitation as in to size and use of the patio and air conditioning pads by the homeowner's; and
 - (3) the inability of the POA to grant greater rights to the easement holder with respect to use of the patio and air conditioning pads to the easement holder absent a prior public hearing amendment to the zoning resolution establishing the expanded rights.

- g. ~~In conjunction with the easement, there must be a separate document signed by the buyer stating the constraints on the use of the pad. The document must be a sole purpose document and must be consistent with the zoning condition for the pad(s). As a condition of development order approval allowing construction of condominium units, or prior to recording a subdivision plat, the developer/owner must record, the Lee County Public records, a separate notice to all property owners regarding the patio and air conditioning pad easements that may be granted in conjunction with the sale of dwelling units and the constraints on the use of the improvements. Specifically, the document Notice must make it clear that the pads may not be used to construct vertical improvements, except for the 42" wall to screen and AC unit. The notice must also state that the improvements erected without appropriate County approval are subject to removal at the property owner's expense. The Notice must be approved by the County prior to recording. A separate rider/document including the text of the recorded notice should be executed in conjunction with each sale of the dwelling unit.~~

On Page 13 of 27, condition 11, must be modified to address the changes to Footnote (3) on Page 12 of 27 of the staff report. Staff recommends the following language.

11. **Except as provided for in Condition II.D.4c., footnote (3), accessory uses, including accessory parking, must be located on the same tract, lot, parcel or outparcel where a principal use is located. Accessory uses must be incidental and subordinate to the principal use of the tract, lot, parcel or outparcel.**

- D. On Page 13 of 27, condition 10(3), the first paragraph is amended to add the words "or more". Staff and the applicant are in agreement with this change as follows.

10. **Environmental Conditions:**

- (3) the Notice of Violation dated May 3, 2001, must be abated through one of the following options or by some combination of the following options acceptable to Environmental Staff and the Applicant:**

Attachment:

1. Memorandum from the applicant, stamped received by zoning on April 11, 2007

cc: Dawn Lehnert

Russell Schropp
Tim Pugh
Dave Underhill
Kim Trebatoski
Zoning/DCI file

Staff Report Comments:

1) II.D.2.a ; Parcels "F" & "F-1" Uses

- **Hardware Store Use** - is missing. This is a use that was previously allowed, and is a use allowed in a "CC" district. A hardware store is a likely tenant in a retail center of this size.
- **Recreation Facilities, Commercial** - staff report lists Groups I & II as allowed. However Group II is now listed as "Reserved" in Sec. 34-622. The activities that had been previously allowed by Group II, included coin operated arcades and pool halls, which have now been combined into Group I. We believe that Group IV should be included (instead of Group II), as it is a use allowed in a "CC" district. Group IV "Indoor Facilities" includes uses such as Bingo Halls, Bowling Alleys, & Health Clubs, which are all possible tenants in a retail center of this size.
- **Rental or Leasing Establishments, Group III "Automotive"** - is missing. This is a use that was previously allowed, and is a use allowed in a "CC" district. A small rental car agency is a likely tenant in a retail center of this size.
- **Storage, Enclosed** - was a use that had been previously allowed, but is no longer defined or listed in the current LDC. We would suggest that the use "Storage, Open" be added with a limitation that mimics the original definition of "enclosed storage", (i.e. the keeping of goods or products within a structure not defined as a building, or within a completely fenced in area screened so as not to be seen from any other property). Storage, Open is a use allowed in a "CC" district.
- **Transportation Services, Group II "Automobile"** - is missing. This is a use that was previously allowed, and is a use allowed in a "CC" district. This use allows businesses that provide services such as limousine, taxi, as well as non-emergency transport. We see no reason to exclude this use from this commercial area.
- **Vehicle & Equipment Dealers, Group II "Motorcycle and lawnmower dealers"** - is missing. This is a use that was previously allowed, and is a use allowed in a "CC" district. A motorcycle or lawnmower dealership is a possible tenant in a retail center of this size. We see no reason to exclude this use from this commercial area.

- 2) II.D.4.a.(1); This should read: "Permitted uses within the Eastgate, Cypress Chase, Pine Glen & Pine Run single family subdivisions are limited to the following uses:" Note that each of the four (4) named subdivisions were recorded as two (2) separate phases (i.e. Unit One & Unit Two).
- 3) II.D.4.b.(1); This should read: "The single family residential areas shall be limited to a maximum density of 4 units per acre, in those specific areas denoted in the original DRI Development Order. In no case, however shall the density for the RPD area (375.4 acres) exceed 2,500 units."
- 4) II.D.5. & 12; Maximum building height / separation - Condition 5 limits height to 35' subject to compliance with LDC Sec. 34-2174(a) for increases in setbacks "wherever the use is not abutting a similar structure, e.g., condominium area abutting single family home area". Condition 12 states that "Buildings exceeding 35 feet in height must maintain additional building separation as regulated by LDC Sec. 34-935(e)(4)". However LDC Sec. 34-2174(b) infers that the increases in setbacks will only apply in zoning districts that do not specify a maximum building height. The applicant has suggested that stating these two (2) conditions (i.e. re-statement of the code requirements), without establishing a maximum building height for specific tracts within this planned development, is a greater restriction than what was previously approved. Note that condominium uses have previously and are still approved for up to eight (8) stories in height.

Date: February 21, 2007

Subject: Villages of San Carlos- DRI2005-00005 & DCI2005-00054

The Lee County Department of Transportation (LCDOT) has reviewed the application for Public Hearing. The project is along Three Oaks Parkway between Estero Parkway and Alico Road. The eastern portion of San Carlos Boulevard is also within the project boundaries.

The existing functional classification of Three Oaks Parkway is an arterial roadway. Capital Improvement Project (CIP) #4081, the Three Oaks Parkway Widening is under construction from Corkscrew Road to Alico Road in the vicinity of San Carlos Park. As part of CIP #4081, Three Oaks Parkway will be four-laned and realigned to the east in the vicinity of the project as depicted on the Master Concept Plan. The Master Concept Plan depicts one new access to the realigned Three Oaks Parkway and existing and currently approved access points to the Three Oaks Parkway. San Carlos Boulevard has an existing functional classification of a major collector from U.S. 41 to Three Oaks Parkway. Three Oaks Parkway and the extension of San Carlos Boulevard to Three Oaks Parkway were constructed by the developer. Access points to Three Oaks Parkway are consistent with previous DRI approvals. Median access has been determined in the access management plan for CIP#4081.

The applicant's Traffic Impact Statement (TIS) indicates that the DRI has significant impacts on Three Oaks Parkway, Winged Foot Drive, San Carlos Boulevard, Estero Parkway, and I-75. In F.A.C. Rule 9J-2.045, a significant impact is defined as a project five percent or more of the maximum service volume at the adopted Level of Service (LOS). An adverse impact is defined as the estimated total volume exceeding the maximum service volume at the adopted level of service. With committed improvements, the TIS analysis indicates there will be no adverse impacts on road segments identified as significant. For a DRI, a regional impact occurs when a project has both a significant and an adverse impact on a roadway segment. In a zoning application the percentage of significance is 10 percent. The significant impacts for the zoning application are on Three

February 21, 2007

Village of San Carlos DRI2005-00005 & DCI 2005-00054

Oaks Parkway, Winged Foot Drive and San Carlos Boulevard. A summary of the staff calculation of LOS on these roadways is indicated in the following table:

Villages of San Carlos Level of Service analysis summary

Significantly impacted roadway segments			Level of Service				Comments
Roadway	From	To	2006	v/c	2009	v/c	
Alico Road	U.S. 41	Three Oaks Parkway	F	1.11	n/a		2 lane
			B	0.35	B	0.48	4 and 6 laning
Alico Road	Three Oaks Parkway	I-75	B	0.63	n/a		4 laning
			B	0.42	B	0.51	6 laning
Winged Foot /Constitution	U.S. 41	Lee Road	C	0.46	C	0.62	
Winged Foot Drive	Lee Road	Three Oaks Parkway	C	0.46	D	0.64	
San Carlos Boulevard	U.S. 41	Three Oaks Parkway	C	0.27	C	0.57	
Estero Parkway	U.S. 41	Three Oaks Parkway	A	0.15	A	0.21	
Three Oaks Parkway	Corkscrew Road	San Carlos Boulevard	C*	0.73	B	0.60	4-laning
Three Oaks Parkway	San Carlos Boulevard	Alico Road	C	0.45	B	0.50	4-laning
I-75	Alico Road	Daniels Parkway	F	1.24	F	1.28	4-laning
			n/a		D	0.85	6-laning

*The applicant's TIS identified a LOS D on this segment

Note: v/c is the vehicle to capacity ratio of the roadway segment as defined in the Highway Capacity Manual. v/c = 1.00 represents a roadway operating at full capacity.

The Traffic Impact Statement (TIS) estimates that the project will generate an average of 1,973 new external trips on the road network in the P.M. peak hour and 21,570 average daily new external trips. The SWFRPC staff analysis in the Application for Development Approval estimated 21,809 daily external trips. Therefore the project is not increasing the previously approved trips. While staff does not recommend the applicant's TIS method of estimating growth in traffic, based on a cursory analysis LCDOT agrees with the conclusions of the applicant's TIS that there are no additional regional impacts as a result of the NOPC.

In the vicinity of the project Alico Road is under construction for six-laning from the future extension of Metro Parkway to Ben Hill Griffin Parkway. A four-lane extension of Estero Parkway is programmed for construction in FY 2007/08. I-75 six-laning is currently funded by FDOT for construction. U.S. 41 is programmed by FDOT for six-laning from Corkscrew Road to San Carlos Boulevard in FY 2010/11.

RE: VILLAGES OF SAN CARLOS DRI
Case #'s DRI2005-00005 and DCI2005-00054

Thank you for the opportunity to review the application for rezoning regarding this request. Staff finds the application insufficient for review at this time as reflected in the following comments.

It appears that the applicant may be proposing to rezone the existing 17.3 acre parcel which is owned by Lee County Utilities and developed with a wastewater treatment plant. Based on the information provided with the request, Lee County has not authorized the rezoning of this parcel at this time. Please have the applicant provide information to explain exactly what they are proposing including a list of proposed permitted uses and property development regulations. In addition, please have the applicant provide a proposed Master Concept Plan which reflects the Planned Development rezoning. Further, it may also be helpful to have Public Works staff meet with the applicant prior to resubmittal of any application documents.

Should you have any questions or require any additional information, please do not hesitate to contact me at 479-8762.

NOTICE OF ADOPTION OF THE SECOND AMENDMENT
TO VILLAGES OF SAN CARLOS DRI DEVELOPMENT ORDER
STATE DRI #81-1
COUNTY CASE #DRI2005-00005

PLEASE BE ADVISED that the Board of County Commissioners of Lee County, Florida, adopted the Second Amendment for the Villages of San Carlos DRI Development Order in accordance with Section 380.06, Florida Statutes, on August 20, 2007. The original DRI Development Order was adopted by the Board on May 31, 1981 and was subsequently modified by the Board's adoption of Amendments on February 17, 1992 and August 20, 2007.

The development order, as amended, constitutes a land development regulation affecting the real property described in Exhibit "A" attached hereto.

A copy of the original development order and subsequent amendments thereto may be examined at the Minutes Department, Clerk of the Circuit Court, in and for Lee County, 2115 Second Street, Fort Myers, Florida 33902.

The recording of this Notice does not constitute a lien, cloud or encumbrance on real property or actual or constructive notice of any such lien, cloud or encumbrance.

This Notice has been filed in accordance with section 380.06(15)(f), F.S.

RE: Villages of San Carlos DRI

Dear Bryan:

I have received a request from Alan C. Freeman asking that I consent to classifying Parcel K-1 as Community Facilities Planned Development (CFPD). Please accept this letter as our authorization to classify this publicly owned site as CFPD as long as the approved uses for the part of Parcel K-1 that is to be used for park purposes consists of the currently approved schedule of uses for the adjacent Three Oaks Community Park are as follows:

Parks – Public – Group 1 and II
Entrance Gates
Excavation, Water Retention
Gate House
Recreational Facilities, Public
Essential Services
Essential Service Facilities – Group 1
Signs
Administrative Offices
Restaurants – Group II
Specialty Retail Shops – Group 1
Except that concession stands in addition to community recreation center with kitchen are specifically included, while Restaurants, Group II and Specialty Retail, Group 1, are limited to ancillary uses within the principal building.

As I understand this request, the applicant is asking for our consent to change this residentially zoned parcel that has been acquired by Lee County to properly classify this publicly owned site under the CFPD category. In addition, the list of uses will reflect the use by Lee County of the parcel for roadway, roadway drainage, and park purposes as described in the list of approved uses shown above. The Parks and Recreation Department will continue to have the right to develop this site (Parcel K-1) in the same manner as that previously granted under the current zoning for the adjacent Three Oaks Community Park parcel (Parcel K).

I trust that this is the letter that you need in order to continue the work on this project file. Should you require anything further, please feel free to contact me.

Sincerely,

John Yarbrough
Department Director
Lee County Parks & Recreation

Re: VILLAGES OF SAN CARLOS
DCI2005-00054 - PDA Application (PD Amendment)
~~DRI 2005-00005~~

Dear MR. ALAN C. FREEMAN :

The Zoning Division has reviewed the information provided and supplemented for the rezoning request referenced above. The application is now sufficient and the formal request has been drafted from your application as follows:

A. Request a Notice of Proposed Change (NOPC) to the Villages of San Carlos DRI Development Order incorporating the following changes:

1. Approved realignment of Three Oaks Parkway adjacent to I-75 south from San Carlos Boulevard/Three Oaks Parkway intersection to the southeast corner of the development;
2. Decrease the total number of residential units from 3,300 dwelling units to 2,500 dwelling units;
3. Increase the commercial development from 15.0 acres to 25.35 acres and increase the commercial uses from 125,000 square feet to 158,799 square feet;
4. Modify the phasing schedule;
5. Establish 2009 as the buildout date;
6. Establish 2010 as the down-zoning date;
7. Establish 2015 as the development order termination date;
8. Amend the Revised Land Use Table to reflect the changes to the plan of development and phasing schedule;

MR. ALAN C. FREEMAN
RE: VILLAGES OF SAN CARLOS
DCI2005-00054
February 5, 2007
Page 2

9. Amend Map H; and

B. Amend the master concept plan, Resolution Z-91-083, to expand the commercial planned development (CPD) district, reduce the residential planned development (RPD) district, and add to the Community Facilities Planned Development (CFPD) district.

NOTE: If approved, the Master Concept Plan (available for inspection at 1500 Monroe St., in Ft. Myers) may deviate from certain Land Development Code (LDC) standards.

Please review this language carefully, and notify me in writing by February 19, 2007 whether or not this wording is satisfactory. Staff's substantive comments, along with the staff report, are being prepared. This request has been tentatively scheduled for public hearing before the Lee County Hearing Examiner on April 19, 2007. However, please note that this is a tentative date that is subject to change and that Lee County will be held harmless for any potential delay in effectuating compliance with the tentative hearing date.

You may schedule or waive a formal pre-hearing conference to discuss substantive issues. Contact me if you have any questions or if you would like to meet informally prior to the public hearings.

Sincerely,

DEPARTMENT OF COMMUNITY DEVELOPMENT
Zoning Division

LCDOT Sufficiency Checklist

1) Sufficiency Comments.

The resubmittal addressed the DRI comments but did not include intersection analyses previously requested at the project entrances, realigned Three Oaks Parkway, San Carlos Blvd, north Cypress Drive and MF entrance.

2) The LCDOT reviewer may be contacted regarding any questions on the LCDOT Checklist.

Andy Getch @ 479-8510

3) Protected Species Management Plan. Protected species preserve areas must be indicated on the Master Concept Plan; a final management plan as required by LDC Section 10-474 is not required until time of local development order. [10-474]

Please revise the MCP to delineate a gopher tortoise preserve for the 76.12 acre undeveloped multifamily parcel.

Additional comments pending the submittal of protected species survey for Parcel F-1.

13) Contact. The Environmental Planner may be contacted regarding any question on the Environmental Sciences Sufficiency Checklist.

Kim Trebatoski, Principal Environmental Planner
239-479-8183
trebatkm@leegov.com

Lee County Sufficiency Checklist for Planned Developments, Amendments, and Existing Developments Requesting Planned Development Zoning

18) Developments of Regional Impact. Developments of Regional Impact must comply with the information submittal requirements of F.S. ch 380. [34-203(a)]

This rezoning is in conjunction with a DRI Development Order Amendment for the Villages of San Carlos. Therefore, this project will not be scheduled for public hearing until both the DRI application (DRI2005-00005) and the DCI rezoning application (DCI2005-00054) are found sufficient.

MR. ALAN C. FREEMAN
RE: VILLAGES OF SAN CARLOS
DCI2005-00054
October 20, 2006
Page 4

21) Miscellaneous Items.

A. A note has been provided on the master concept plan for the area east of the realigned road R/W, in the southeast corner, stating that this area is "Part of the R/W". However, no note is provided in the northeast corner of the realigned road R/W. Please provide the same note in the northeast corner, east of the realigned R/W.

B. The legal descriptions do not include the rights of way within the boundary of the DCI/DRI. Consequently, the total of the parcel acreages equals 445.74 acres, while the overall boundary acreage totals 494.77. Because the roadways are within the boundary of the DCI/DRI and necessary to support the improvements, the legal descriptions of the parcels must include the roadways as well.

C. Environmental Sciences comments contained within this report are comments from the previous insufficiency report. Environmental Sciences have not reviewed the protected species survey, therefore their comments will be forthcoming on the protected species survey.

LCDOT Sufficiency Checklist

1) Sufficiency Comments.

The submittal indicates a traffic study has been submitted under separate cover, but as of 6/28 it has not been received, therefore the previous questions below have not been addressed:

a) Three Oaks Pkwy from Alico Rd to Daniels Pkwy is not an existing or a 3 year committed improvement facility. This would appear to affect the northbound trip distribution in Figure 4B and subsequent calculations. We apologize for the error in the graphic indicating 8 lanes but I-75 from Bonita Beach Road to Daniels Parkway is currently committed as a 6 lane freeway. Recent funding has expanded the committed 6-laning north to Palm Beach Boulevard and south into Collier County. Please correct the study references and calculations for these facilities.

b) The applicant's consultant called to discuss the methodology in late November. However, some corrections in calculation methods in the December 2005 study needed. The peak season peak hour traffic volumes were calculated from AADT and a peak hour % of weekday in the peak season. The standard is based on AADT multiplied by the K-100 factors. The study used historic rates instead of the more traditional historic growth rates. LCDOT staff evaluation will include a comparison to LOS results using historic growth rates while discussing the likely influence of committed road improvements. Use of the regional growth rate for the all facilities in the study area may yield different LOS results on road segments.

c) Clarifications are needed for the difference in trip distribution from the original approved DRI. Of most concern is the reduction of project traffic on the 4 lane portion of U.S. 41 to below the significance threshold. Additional explanation of the justification for the difference is necessary.

2) The LCDOT reviewer may be contacted regarding any questions on the LCDOT Checklist.

Andy Getch @ 479-8510

18) Developments of Regional Impact. Developments of Regional Impact must comply with the information submittal requirements of F.S. ch 380. [34-203(a)]

A. The resubmittal documents refer to the "revised land use table". However, this table was not submitted with the documentation. Please submit the requested table.

B. This rezoning is in conjunction with a rezoning application for the Villages of San Carlos. Therefore, this project will not be scheduled for public hearing until both the DRI application (DRI2005-00005) and the DCI rezoning application (DCI2005-00054) are found sufficient.

LCDOT Sufficiency Checklist

1) Sufficiency Comments.

a) Three Oaks Pkwy from Alico Rd to Daniels Pkwy is not an existing or a 3 year committed improvement facility. This would appear to affect the northbound trip distribution in Figure 4B and subsequent calculations. We apologize for the error in the graphic indicating 8 lanes but I-75 from Bonita Beach Road to Daniels Parkway is currently committed as a 6 lane freeway. Recent funding has expanded the committed 6-laning north to Palm Beach Boulevard and south into Collier County. Please correct the study references and calculations for these facilities.

b) The applicant's consultant called to discuss the methodology in late November. However, some corrections in calculation methods in the December 2005 study needed. The peak season peak hour traffic volumes were calculated from AADT and a peak hour % of weekday in the peak season. The standard is based on AADT multiplied by the K-100 factors. The study used historic rates instead of the more traditional historic growth rates. LCDOT staff evaluation will include a comparison to LOS results using historic growth rates while discussing the likely influence of committed road improvements. Use of the regional growth rate for the all facilities in the study area may yield different LOS results on road segments.

c) Clarifications are needed for the difference in trip distribution from the original approved DRI. Of most concern is the reduction of project traffic on the 4 lane portion of U.S. 41 to below the significance threshold. Additional explanation of the justification for the difference is necessary.

d) This is not a sufficiency comment, but we will refer to the original SWFRPC staff report page 24 as the reference for approved ADA trip generation estimate. In Table 1A the applicant's consultant refers to ITE Trip Generation 7th edition.

e) This is not a sufficiency comment, but we will refer to the Three Oaks Middle School and Three Oaks Regional Park as external uses for the purpose of evaluating the residential and commercial development.

2) The LCDOT reviewer may be contacted regarding any questions on the LCDOT Checklist.

Andy Getch @ 479-8510

18) Developments of Regional Impact. Developments of Regional Impact must comply with the information submittal requirements of F.S. ch 380. [34-203(a)]

A. It is not clear that the table submitted with the draft DRI Development Order will be replacing the Revised Land Use Table in the DRI Development Order. Please submit the entire Revised Land Use Table showing all the revisions.

B. This rezoning is in conjunction with a rezoning application for the Villages of San Carlos. Therefore, this project will not be scheduled for public hearing until both the DRI application (DRI2005-00005) and the DCI rezoning application (DCI2005-00054) are found sufficient.

LCDOT Sufficiency Checklist

1) Sufficiency Comments.

- a) The approved trip generation is not specifically indicated in Resolution 81-1. However, the Southwest Florida Regional Planning Council Staff Assessment includes trip generation estimates. For older DRI's, the staff estimates are generally considered the approved project trip generation.
- b) Three Oaks Middle School and Three Oaks Regional Park may be considered as external uses for the transportation analysis.
- c) Internal capture between residential, retail and office uses and pass-by capture is best calculated using the methods outlined in the ITE Trip Generation Handbook.
- d) A determination of regional impacts based on Rule 9J-2.045 and a comparison to impacts identified in the original SWFRPC staff assessment should be included in the analysis. A meeting to discuss the methodology is recommended.

2) The LCDOT reviewer may be contacted regarding any questions on the LCDOT Checklist.

1a) The application was signed by the owner of the property or an authorized representative. [34-201(a)(1)a.1.]

Disclosure of Interest forms were completed for the following STRAP Numbers:

1. 10-46-25-00-00001.2030 Freeman Paul H 1/2 Int + Lee-Oaks LLC 1/2 Int T/C
2. 15-46-25-00-00005.1020 Freeman Paul H etal Alan C. Freeman
3. 15-46-25-00-00005.1050 Freeman Paul H etal
4. 15-46-25-00-00005.1070 Freeman Paul H etal

The above Disclosure of Interest forms were resubmitted, however, they were not signed or notarized. Please submit signed and notarized Disclosure of Interest forms.

Further, the following STRAP Numbers were not included in the list, which are affected by this zoning action:

1. 15-46-25-00-00005.104A School District of Lee County
2. 15-46-25-00-00005.1030 Lee County
3. 15-46-25-00-00005.102A Freeman Paul H etal and Alan C Freeman
4. 15-46-25-00-00005.00CE Three Oaks 1 Master Association
5. 15-46-25-00-00005.1000 Freeman Paul H and Alan C Freeman

The above five STRAP Numbers have no Disclosure of Interest forms resubmitted nor authorization forms. Please resubmit signed and notarized Disclosure of Interest forms and authorization forms.

Therefore, an affidavit should be provided and properly executed for each of the above entities, if they are different.

1c) The fee owner is a corporation, and a duly authorized corporate official initiated the application. [34-201(a)(1)a.3.]

The Disclosure of Interest form lists Julio J. Gonzalez as 100% ownership under a General Partnership or Limited Partnership of the Villages of Cypress Island, LLLP. The Villages of Cypress Island is listed as showing 100 percent ownership by Cypress Island Management, Inc. Please include in the Disclosure of Interest form the percentage ownership of those making up Cypress Island Management, Inc. Disclosure of Interest forms must be provided for each different entity with the corresponding STRAP Number(s) listed on each executed Disclosure of Interest form.

The STRAP Numbers affected by this zoning action are not all correctly listed on applicant's exhibit PH-2.B.2. Please resubmit an updated list of corrected STRAP Numbers that are directly affected by this Zoning action.

6a4) The individual STRAP number for each parcel must be provided. [34-202(a)(1)]

The applicant has provided nine (9) STRAP Numbers for the subject property. However, all the STRAP Numbers do not appear to be valid numbers. Please resubmit a revised Exhibit PH-2.B.2.

18) Developments of Regional Impact. Developments of Regional Impact must comply with the information submittal requirements of F.S. ch 380. [34-203(a)]

A. Sufficient

B. The draft DRI Development Order was not attached for staff review.

C. In your sufficiency response you mentioned that MCP (EXHIBIT B-1) is intended to replace the previous DRI Map H. The previous DRI amendment references Sheets C-1 and C-2 as the DRI MAP "H". I see no reason for changing, whereas, the Master Concept Plan has always been Sheets B-1 and B-2. This should be kept consistent.

D. Why is an ALF being requested for Parcels "J" and "L", since these parcels are built-out with residential dwelling units?

E. Sufficient

F. Sufficient

G. Sufficient

H. See attached comments from the Department of Public Works dated 11/28/05.

I. See attached comments from the School District of Lee County, dated November 15, 2005.

J. Staff strongly recommends that you meet with Donna Marie Collins, County Attorney's office, and myself before resubmitting or preparing the resubmittal. Please call me at 479-8363 to set up an appointment.

From: Michael Pavese
To: Kelner, Bryan
Date: 11/28/05 4:00PM
Subject: Re: Villages of San Carlos - DRI2005-00005

Bryan, you may want to add that there were no property development regulations for our property either, at least I couldn't find them.

>>> Bryan Kelner 11/28/05 02:55PM >>>
Thank you. I'll pass your comments onto the applicant.

>>> Michael Pavese 11/28/05 02:07PM >>>
Bryan, I have reviewed the resubmittal received on 11/8/05 for this case. Although the applicant did contact staff, we were never able to actually meet. It is true that staff concurs that the CFPD district would be an appropriate designation appropriate for our existing wastewater treatment (Three Oaks WWTP) facilities. However, we advised the applicant that they would need to obtain our formal authorization to proceed on our behalf. We cannot provide that authorization prior to reviewing a proposed site plan of our property and a proposed schedule of uses. The revised MCP submitted on 11/08/05 does not accurately reflect existing development on our property and I was unable to find a list of proposed uses for our site. Please have the applicant provide this prior to finding this application sufficient.

Please let me know if you have any questions or require any additional information.

>>> Bryan Kelner 11/23/05 09:21AM >>>

Re: Villages of San Carlos, DCI Substantive Review, Case #DCI2005-00054 &
DRI2005-0005

Dear Mr. Kelner:

Thank you for the opportunity to review the Villages of San Carlos for substantive comments with regard to educational impacts. This proposed development is in the South Choice Zone of the District, on Three Oaks Parkway in the South Fort Myers Planning Area. This letter is in response to your request dated November 8, 2005.

In August of 1991 the Developers of the Villages of San Carlos dedicated 25.09 acres to The Lee County School District for a middle school site. This dedication of the property was in lieu of any school impact fees if and when enacted. The Lee County Board of County Commissioners adopted a School Impact Fee Ordinance on November 27, 2001, effective at this time. As such, the Villages of San Carlos developers will receive school impact credits.

Thank you for your attention to this issue. If I may be of further assistance, please give me a call at (239) 335-1415.

Sincerely,

Tina Silcox, Community Development Planner

LCDOT Sufficiency Checklist

1) Sufficiency Comments.

- a) The approved trip generation is not specifically indicated in Resolution 81-1. However, the Southwest Florida Regional Planning Council Staff Assessment includes trip generation estimates. For older DRI's, the staff estimates are generally considered the approved project trip generation.
- b) Three Oaks Middle School and Three Oaks Regional Park may be considered as external uses for the transportation analysis.
- c) Internal capture between residential, retail and office uses and pass-by capture is best calculated using the methods outlined in the ITE Trip Generation Handbook.
- d) A determination of regional impacts based on Rule 9J-2.045 and a comparison to impacts identified in the original SWFRPC staff assessment should be included in the analysis. A meeting to discuss the methodology is recommended.

2) The LCDOT reviewer may be contacted regarding any questions on the LCDOT Checklist.

Andy Getch @ 479-8510

Legal Requirements Sufficiency Checklist

- 5) Applications must be presented on the official forms provided by the department, or on county-approved computer-generated forms containing the same information. [34-201(b)(2)]*

Along with DCI2005-00054

- 6) All applications requiring a public hearing must include the following: [34-202(a)]*

See below.

- 6a3) If the application includes multiple abutting parcels or consists of other than one or more undivided platted lots, the legal description must specifically describe the perimeter of the total property, by metes & bounds with accurate bearings and distances for every line, but need not describe each individual parcel. [34-202(a)(1)]*

As per the above-referenced LDC requirement, please generate an additional overall metes & bounds legal description on a 8.5" by 11" sheet. It must specifically describe the PERIMETER Boundary of the TOTAL property without "together with & less and except language" by providing accurate bearings and distances for every line, but NOT each individual parcel. The submitted legal description is not acceptable because it includes "together with & less and except language". Thanks.

SOURCE, INC.
RE: VILLAGES OF SAN CARLOS
DRI2005-00005
June 24, 2005
Page 4

6b) Certified sketch of description. A certified sketch of description as set out in chapter 61G 17-6.006, Florida Administrative Code, must be provided unless the subject property consists of one or more undivided platted lots in a subdivision recorded in the Official County Plat Books. [34-202(a)(2)]

As per the above-referenced LDC requirement, please provide Staff with a Certified Sketch of Description to accompany the legal description document. This is in addition to the already provided Boundary Survey. Thanks.

6c3) If the property encompasses 10 or more acres the survey must be tied to the state plane coordinate system for the Florida West Zone (North America Datum of 1983/1990 Adjustment). [34-202(a)(2)]

As per the above-referenced LDC requirement, please tie and display at least (2) coordinates on two opposing corners on Survey. "The county prefers that at least one of the coordinates be for the point of beginning". Thanks.

7) Miscellaneous Items.

Note: "Sufficiency or non-applicability of Legal Requirements subject to change upon review of subsequent resubmittals."

8) Contact. The Planner may be contacted regarding any questions on this Checklist.

Please contact Luis G. Machado, Planning / Zoning Technician at (239) 479-8485 or e-mail: lmachado@leegov.com

**Lee County Sufficiency Checklist for Planned Developments,
Amendments, and Existing Developments Requesting Planned
Development Zoning**

SOURCE, INC.
RE: VILLAGES OF SAN CARLOS
DRI2005-00005
June 24, 2005
Page 5

1a) The application was signed by the owner of the property or an authorized representative. [34-201(a)(1)a.1.]

The affidavit for public hearing was signed by Alan Freeman as the owner of the property. However, the disclosure of interest form shows Alan Freeman as president of a corporation. Therefore, if the title and name of the corporation are correct then they should be on the affidavit for public hearing. However, staff has not found the corporation name in the valid STRAP numbers provided by the applicant.

Also, there is an affidavit from Alan Freeman signing the Affidavit for public hearing as the President of Southwest Florida Capital Corporation. However, of the STRAP numbers provided, none are in the name of Southwest Capital Corporation.

The STRAP Numbers are as follows:

10-46-25-00-00001.2030 Freeman Paul H 1/2 Int + Lee-Oaks LLC 1/2 Int T/C

15-46-25-00-00005.1020 Freeman Paul H etal Alan C. Freeman

15-46-25-00-00005.1050 Freeman Paul H etal

15-46-25-00-00005.1000 Freeman Paul H, Alan C. Freeman

15-46-25-00-00005.102A Freeman Paul H etal Alan C. Freeman

(Remainder of STRAP Numbers were invalid numbers)

Therefore, an affidavit should be provided and properly executed for each of the above entities, if they are different.

1a1) If the owner(s) has authorized an agent to prepare and sign the application and to represent him in all matters pertaining to the application, the agent must provide a document establishing his authority which has been signed by the owner and notarized by a notary public. [34-202(b)(1)c.]

Source Inc. will be acting as agent for the project. Therefore, the agent must provide a document establishing his authority, which has been signed by the owner and notarized by a notary public.

Also, the NOPC lists W. Dexter Bender & Associates., Inc. as an authorized agent, however the Lee County Application for public Hearing for a DRI does not list W. Dexter Bender & Associates., Inc as an agent. Please correct this discrepancy. Also, the agent must provide a document establishing his authority, which has been signed by the owner and notarized by a notary public.

SOURCE, INC.
RE: VILLAGES OF SAN CARLOS
DRI2005-00005
June 24, 2005
Page 6

1c) The fee owner is a corporation, and a duly authorized corporate official initiated the application. [34-201(a)(1)a.3.]

The Disclosure of Interest form lists Julio J. Gonzalez as 100% ownership under a General Partnership or Limited Partnership. However, Julio J Gonzales does not show up under any of the valid STRAP Numbers provided by the applicant. Also, Disclosure of Interest forms must be provided for each different entity with the corresponding STRAP Number(s) listed on each executed Disclosure of Interest form.

6a4) The individual STRAP number for each parcel must be provided. [34-202(a)(1)]

The applicant has provided nine (9) STRAP Numbers for the subject property. However, all the STRAP Numbers do not appear to be valid numbers. Please provide a complete list of valid STRAP Numbers.

SOURCE, INC.
RE: VILLAGES OF SAN CARLOS
DRI2005-00005
June 24, 2005
Page 7

18) Developments of Regional Impact. Developments of Regional Impact must comply with the information submittal requirements of F.S. ch 380. [34-203(a)]

- A. Please provide our office with all previously approved DRI amendments.
- B. Please provide a draft of the complete DRI Development Order showing all the proposed changes in strike through and underline format.
- C. The DRI development order Item 2.1.c. states: "Map H of the original Application for Development Approval is modified by Exhibit A hereto, the Zoning Resolution adopted February 17, 1992, and by the Revised Master Concept Plan which is incorporated herein by reference". Please provide the appropriate updated Map H to accompany the DRI Development Order, given DRI Item 2.1.c. (this may be a series of maps) .
- D. In the rezoning request you requested that an Adult Living Facility (ALF) be added to the schedule of uses for the commercial planned development (Parcels F and F1). Will the ALF be only on Parcels F and F1? Also, the ALF is not shown on Exhibit "B", Revised Land Use Table. What is the total number of units for the ALF?
- E. In the Revised Land Use Table, Exhibit "B", the Phase II, acres column Low Density South Parcel and High Density South Parcel add up to a total of 76.22 acres (42.78 + 33.44). However the survey shows a total acreage of 76.15 acres. Please clarify this discrepancy. This discrepancy also shows up in Total Project Acreage column for the Low Density South Parcel and High Density South Parcel.
- F. The application for NOPC, Item 5, Proposed Changes, change #5, shows 2010 being established as the downsizing date. However, the draft Development Order , Page 2, Item 4.i. does not mention a downsizing date, other than to say, "The Villages of San Carlos DRI shall be not be subject to downsizing, ..." Please clarify this discrepancy.
- G. See attached comments from the School District of Lee County dated June 21, 2005.
- H. See attached comments from the Department of Public Works dated June 24, 2005.

Re: Villages of San Carlos, DCI Substantive Review, Case #DCI2005-00054 &
DRI2005-0005

Dear Mr. Kelner:

Thank you for the opportunity to review the Villages of San Carlos for substantive comments with regard to educational impacts. This proposed development is in the South Choice Zone of the District, on Three Oaks Parkway in the South Fort Myers Planning Area. This letter is in response to your request dated June 3, 2005.

In August of 1991 the Developers of the Villages of San Carlos dedicated 25.09 acres to The Lee County School District for a middle school site. This dedication of the property was in lieu of any school impact fees if and when enacted. The Lee County Board of County Commissioners adopted a School Impact Fee Ordinance on November 27, 2001, effective at this time. As such, the Villages of San Carlos developers will receive school impact credits.

Thank you for your attention to this issue. If I may be of further assistance, please give me a call at (239) 335-1415.

RE: **VILLAGES OF SAN CARLOS DRI**
Case #'s DRI2005-00005 and DCI2005-00054

Thank you for the opportunity to review the application for rezoning regarding this request. Staff finds the application insufficient for review at this time as reflected in the following comments.

It appears that the applicant may be proposing to rezone the existing 17.3 acre parcel which is owned by Lee County Utilities and developed with a wastewater treatment plant. Based on the information provided with the request, Lee County has not authorized the rezoning of this parcel at this time. Please have the applicant provide information to explain exactly what they are proposing including a list of proposed permitted uses and property development regulations. In addition, please have the applicant provide a proposed Master Concept Plan which reflects the Planned Development rezoning. Further, it may also be helpful to have Public Works staff meet with the applicant prior to resubmittal of any application documents.

Should you have any questions or require any additional information, please do not hesitate to contact me at 479-8762.

Tim Camron - Villages of San Carlos

From: Kim Trebatoski
To: Freeman, Alan
Date: 6/22/2005 10:52 AM
Subject: Villages of San Carlos
CC: Camron, Tim; Kelner, Bryan

Alan - It has come to my attention that there is an outstanding Notice of Violation on the properties currently under review for the zoning and DRI request. The last letter from you regarding the NOV stated that once the alignment of the road was known then the replanting area for 528 south Florida slash pine to abate the clearing violation could be determined. We cannot move forward with the zoning without resolving the violation. Your options are: (1) designate an area that preserves 176 existing south Florida slash pine in lieu of replanting; (2) designate an area and replant 528 south Florida slash pine; or (3) pay \$36,960 into the tree fund (528 trees x \$70 per tree installed). Any tree preservation or replanting area must be shown on the MCP to insure preservation of the trees in perpetuity.

April 18, 2002

Mr. Fred Halsworth
Lee County
PO Box 398
Fort Myers, FL 33920

Dear Fred:

We are currently working with a Buyer on site planning for the property east of Three Oaks Parkway and south of Three Oaks Town Center. Since our meeting regarding the re-planting of pine trees on this property, we were contacted by Lee County DOT regarding the alignment of Three Oaks Parkway. They expressed a desire to realign Three Oaks Parkway in this area and to run through the parcel in question.

We are currently awaiting their decision on the alignment of Three Oaks Parkway before completing our site plan. Once the site plan is completed we will be better able to determine where we can replant trees without them having to be later removed or relocated because of development or roadwork.

We appreciate your patience in this matter. We do agree that we will replace the trees per your letter.

If you need any additional information, please do not hesitate to contact me.

Sincerely,

Alan C. Freeman
President

OFFICIAL NOTICE OF CODE VIOLATION

LEE COUNTY

DIVISION OF PLANNING

**Environmental Sciences Program
P. O. Box 398, 1500 Monroe Street
Fort Myers, Florida 33902-0398
(941) 479-8585**

May 3, 2001

FILE COPY

Paul Freeman
13691 Pondview Circle
Naples, FL 34119

Dear Property Owner:

You are hereby directed to abate the code violation on the following property: 18851 Three Oaks. This parcel is described in Lee County Tax Rolls as STRAP# 15-46-25-00-00005.1000 and 15-46-25-00-00005.1050.

- A. This violation is contrary to Lee County Land Development Code (LDC) Section 14-411 and Zoning Resolution Z-91-083:

A site inspection of the above mentioned property made on April 20, 2001 by Lee County Division of Planning, Environmental Sciences Program (ES) staff revealed that one hundred seventy six (176) South Florida slash pines (*Pinus elliotii* var. *densa*) were removed without a permit,

LDC Section 14-411 states: No person, organization, society, association, corporation, or any agent or representative thereof, shall deliberately cut down, destroy, remove, relocate, defoliate through the use of chemicals or other methods, or otherwise damage any tree that is protected under this article and located in the unincorporated areas of the county, without first obtaining a permit as provided in this article.

Condition 5 of Resolution # Z-91-083 states: "The developer shall be entitled to continue bona fide agricultural uses that are now in existence on the property. However, no development activity of any kind shall occur on the property, including clearing of vegetation or cutting of trees, unless such activity is reviewed and approved in accordance with all applicable Lee County regulations as if no agricultural use existed on the property. The purpose this condition is to eliminate any exemptions or other special considerations or procedures that might otherwise be available under Lee County regulations by virtue of the existing agricultural uses on the property."

- B. To abate this violation compliance with the following is required:

1. Submit a restoration plan for approval to ES staff prior to planting. The plan must show restoration planting locations and the species to be planted.
2. Plant five hundred twenty eight (528) South Florida slash pines (*Pinus elliotii* var. *densa*). LDC Section 14-384 requires that three trees be planted for each one illegally removed.
3. Replacement trees must be nursery grown, containerized with a minimum height of six feet (6') at planting and a minimum trunk diameter of one inch (1") measured at three feet (3') above the ground and a minimum canopy diameter of two feet (2') upon installation.

Official Notice of Violation

Paul Freeman

May 3, 2001

Page 2

4. Replacement vegetation may not be planted on any property line, underground utility or county easement. It is strongly recommended that the planting area be mulched with an organic mulch, such as pine straw, to reduce weeds and retain moisture. Plantings must be maintained in a healthy condition for perpetuity. Replacement stock must have a guaranteed 80 percent survival rate for a period of no less than five years
5. A monitoring report must be submitted to ES annually for five (5) years describing the conditions of the restored area. When restoration is required, monitoring reports are necessary to ensure that the restoration efforts have been successful. Mortality, estimated causes for mortality, growth of the vegetation and other factors that would show the functional health of the restored area must be included in the monitoring report. The monitoring report must be submitted on or before the anniversary date of abatement. Failure to submit the report is a violation.
6. ES staff recommends that photos accompany the monitoring report. Photo locations should be the same throughout the duration of the monitoring report. To verify the success of the restoration efforts and the accuracy of the monitoring reports, periodic inspections by County staff are necessary.

You are hereby directed to remedy this violation **within 30 days** of receipt of this letter. Once the violation has been abated, please contact Environmental Sciences Program staff to verify abatement.

If you fail to remedy this condition within the time frame specified above or if the violation is abated and reoccurs, this case will be scheduled before the Lee County Hearing Examiner and a fee of \$285.00 for prosecution of this case may be assessed. At the appropriate time you will be notified as to the date, time and place of this hearing

Please be advised, under Lee County Land Development Code Chapter 2, Article VII, that the County can pursue a fine of up to \$250.00 per day for each day this violation continues past the date set for compliance by the Hearing Examiner.

Please contact me at (941) 479-8337 with any questions you may have regarding this notice.

Bryan Kelner - Re: Villages of San Carlos - PDA Application & NPC Application(DCI2005-00054 & DRI2005-00005)

From: "Timothy Pugh, P.E." <TEPugh-Source@worldnet.att.net>
To: "Bryan Kelner" <KELNERBJ@leegov.com>
Date: 10/20/2005 1:50 PM
Subject: Re: Villages of San Carlos - PDA Application & NPC Application(DCI2005-00054 & DRI2005-00005)
CC: <Fregroup@aol.com>

Bryan:

Based on the various preparations necessitated by the impending Hurricane Wilma, it will be difficult for our staff, and the various sub-consultants employed by the applicant to be able to complete our response to the sufficiency checklists for the referenced project by the present deadline of Monday October 24, 2005.

As was addressed in the previously granted 60 day extension there were various reasons why that extension was necessary, and we were fully intending to complete our compilation of the various information to address the sufficiency items within that time period. Unfortunately, factoring the logistics of printing and compiling our response, while the threat of another major hurricane looms upon us, complicates that effort.

We are therefore requesting an additional 15 day extension, and will endeavor to complete our response as soon as possible, without the need for any additional extensions, (pending any future natural disasters, of course).

Thank you, and stay safe and dry.

Timothy Pugh, P.E.

Yes, you can request additional extension. Please e-mail me on the length of time and the reason for the extensions.

You mentioned that Allen instructed you to compile a collective responses to the two (2) sufficiency checklists.

Please provide a checklist for each case, even though there may be some redundancies.

VILLAGES OF SAN CARLOS – DCI2005-00054
PDA Application (PD Amendment)

Dear Mr. Kelner,

In response to your letters dated June 24, 2005 regarding the above applications, we are requesting a 60-day extension in order for us to gather the appropriate information necessary for a complete response. The various project consultants are in the process of compiling the responses to your questions. I will submit the required information as soon as I receive it.

Your approval of this request will be greatly appreciated.

Sincerely,

Alan C. Freeman

COURTESY NOTICE TO ADJACENT PROPERTY OWNERS OF RECEIPT OF ZONING APPLICATION

DATE: June 24, 2005

CASE NUMBER: DCI2005-00054 & DRI2005-00005

CASE NAME: VILLAGES OF SAN CARLOS

REQUEST:

- A. Request a Notice of Proposed Change (NOPC) to the Villages of San Carlos DRI Development Order incorporating the following changes:
 - 1. Approved realignment of Three Oaks Parkway adjacent to I-75 south from San Carlos Boulevard/Three Oaks Parkway intersection to the southeast corner of the development;
 - 2. Decrease the total number of residential units from 3,300 dwelling units to 2,500 dwelling units;
 - 3. Increase the commercial development from 15.0 acres to 25.35 acres and increasing the commercial uses from 125,000 square feet to 158,799 square feet;
 - 4. Modify the phasing schedule;
 - 5. Establish 2009 as the buildout date;
 - 6. Establish 2010 as the down-zoning date;
 - 7. Establish 2015 as the development order termination date;
 - 8. Amend the Revised Land Use Table to reflect the changes to the plan of development and phasing schedule;
 - 9. Amend Map H; and
- B. Amend the master concept plan, Resolution Z-91-083, to expand the commercial planned development (CPD) district, reduce the residential planned development (RPD) district, and add to the Community Facilities Planned Development (CFPD) district.

LOCATION: The subject property is located at West of I-75 between Alico Road and Corkscrew Road. East on San Carlos Park on both sides of Three Oaks

(OVER)

**Parkway, in S10 (Section)-T46 (Township)S-R25 (Range)E, Lee County,
Florida.**

PROPERTY OWNERS
