*Administrative Action - Commercial Lot Split
1st Submittal*

ADD 2010-00073

**THIS APPLICATION HAS BEEN SUPERSEDED

To Whom It May Concern:

The applicant wishes to perform a lot split on the subject property while providing each subsequent parcel with sufficient parking per code requirements. The lot split will result in certain common elements (i.e. access drives/aisles, water management, etc.) that will be present and governed by a POA providing each parcel with necessary access, drainage and other common serviced. With the creation of two separate lots, each owner will now have complete autonomy save for the water management common element which allows each owner to properly drain their sites.

In addition to the lot split, Phase II's (Lot 2) site plan will be reconfigured to provide 18 additional parking spaces due to the structure on-site being utilized for additional medical office space. To achieve this the internal landscaping will be reconfigured while remaining compliant with provisions of the LDC.

We have included the following items for your review and approval:

1. Three (3) Copies of the Completed Application;

1. **Legal Description and Sketch to Accompany Legal Description:** A metes and bounds legal description, prepared by a Florida Licensed Surveyor and Mapper, must be submitted, unless the property consists of one or more undivided lots within a subdivision platted in accordance with Florida Statutes, Chapter 177. The legal description must specifically describe the entire perimeter boundary of the property subject to the action, with accurate bearings and distances for every line, but need not describe each individual parcel. The director has the right to reject any legal description that is not sufficiently detailed so as to locate the property on county maps. In accordance with Rule 61G-17, F.A.C., the legal description must be accompanied by a sealed sketch of the legal description.

A list of all STRAP numbers subject to the zoning action must be provided (see PART 3.A).

2. **Boundary Survey or Certified Sketch of Description:** A boundary survey of the subject property must be submitted for all Planned Development Applications and for all properties of 10 acres or more, unless the property consists of one or more undivided lots within a subdivision platted in accordance with Florida Statutes, Chapter 177. All boundary surveys must meet the minimum technical standards for land surveying in the state, as set out in chapter 61G 17-6, F.A.C. The survey must be tied to the state plane coordinate system for the Florida West Zone (North America Datum of 1983/1990 Adjustment) with two coordinates, one coordinate being the point of beginning (POB) and the other an opposing corner. The perimeter boundary must be clearly marked with a heavy line and must include the entire area to be developed.

If the subject property consists of one or more undivided lots within a subdivision, then a copy of the subdivision plat may be submitted in lieu of the boundary survey (see below).

- 3. Undivided Platted Lots - Non Planned Development Applications:** For all applications, other than for Planned Development Applications, if the property consists of one or more undivided platted lots in a subdivision recorded in the Official Plat Books, a copy of the subdivision plat may be submitted in lieu of the boundary survey. The submittal must include the name of the subdivision, the Book and Page number of the Plat Book, and the Block (if applicable) and Lot number(s) of the property. 10-329(d)(4)(a)

a. Excavation bank slopes for new projects. The design of shorelines for retention and detention areas must be sinuous rather than straight, as described in division 6 of this article. The banks of excavations permitted under this section must be sloped at a ratio not greater than 6 horizontal to 1 vertical from the top of bank to a water depth of two feet below the dry season water table. The slopes must be not greater than 2 horizontal to 1 vertical thereafter, except where the director of development services determines that geologic conditions would permit a stable slope at steeper than a two to one ratio. Excavation bank slopes must comply with the shoreline configuration, slope requirements and planting requirements for mimicking natural systems specified in section 10-418. Placement of backfill to create lake bank slopes is prohibited unless, prior to the issuance of a certificate of compliance, the applicant provides signed and sealed test reports from a geotechnical engineer certifying that the embankment was placed and compacted to its full thickness to obtain a minimum of 95 percent of the maximum dry density(modified Proctor) for embankments that will support structures, and 90 percent of maximum dry density (modified Proctor) for other embankments in accord with ASTM D1557.

10-416(a)(2)

Requires 1 tree/3000 square feet of development area.

10-416(b)

Requires bldg perimeter plantings equal to 10% of the building ground floor area.

10-416(c)(2)(c)

Requires 10' minimum width landscape islands.

10-416(d)(3 & 4)

20 foot required Type "D" Landscape Buffer. The Type "D" buffers required between commercial uses and rights-of-way may be waived, or reduced if the proposed building setback is within 25 feet of the right-of-way. This is not intended to allow for a reduction in general tree requirements or building perimeter tree planting requirements.

Hedges must be planted in double staggered rows and be maintained so as to form a 36-inch high (F type buffers must be 48 inches at installation and be maintained at 60 inches high) continuous visual screen within one year after time of planting. In situations where the elevation of the ROW is higher than the elevation of the adjacent property, the effective plant screen must have an elevation of 36-inches as measured from the highest elevation within the buffer area resulting from the combination of the berm and/or plants. Clustering of shrubs that would not create a

continuous visual screen, but add interest to the landscape design, is allowed on a review basis by Development Review staff.

Trees within the ROW buffer must be appropriately sized in mature form so that conflicts with overhead utilities, lighting and signs are avoided. The clustering of trees and use of palms within the ROW buffer will add design flexibility and reduce conflicts.

ARTICLE VIII Indemnification

10.1 Indemnity. The Association shall indemnify any officer, director, or committee member who was or is a party or is threatened to be made a party to any threatened, pending, or contemplated action, suit or proceeding, whether civil, criminal, administrative, or investigative, by reason of the fact that he is or was a director, officer, or committee member of the Association, against expenses (including attorney's fees and appellate attorney's fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit, or proceeding, unless: (i) a court of competent jurisdiction finally determines, after all appeals have been exhausted or not pursued by the proposed indemnitee, that he did not act in good faith or in a manner he reasonably believed to be in or

not opposed to the best interest of the Association, and, with respect to any criminal action or proceeding, that he had reasonable cause to believe his conduct was unlawful; and (ii) such court also determines specifically that indemnification should be denied. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interest of the Association, and with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful. It is the intent of the Association, by the adoption of this provision, to provide the most comprehensive indemnification possible to its officers, directors, and committee members as permitted by Florida law.

10.2 Expenses. To the extent that a director, officer, employee or agent of the Association has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Section 10.1 above, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorney's fees and appellate attorney's fees) actually and reasonably incurred by him in connection therewith. Assessments may be made by the Association to cover any expenses or other amounts to be paid by the Association in connection with the indemnification provided herein.

10.3 Approval. Any indemnification under Section 10.1 above (unless ordered by a court) shall be made by the Association only as authorized in the specific case upon a reasonable determination that indemnification of the director, officer, employee, committee member or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in Section 10.1 above. Such determination shall be made (a) by the Board of Directors by a majority vote of a quorum consisting of Directors who were not parties to such action, suit or proceeding, or (b) if such quorum is not obtainable, or, even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (c) by a majority of the Members.

10.4 Advances. Expenses incurred in defending a civil or criminal action, suit or proceeding may be paid by the Association in advance of the final disposition of such action, suit or proceeding as authorized by the Board of Directors in the specific case upon receipt of an undertaking by or on behalf of the director, officer, employee, committee member or agent to repay such amount unless it shall ultimately be determined that he or she is entitled to be indemnified by the Association as authorized in this Article.

10.5 Miscellaneous. The indemnification provided by this Article shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any by-law, agreement, vote of Members or otherwise, both as to action in his official capacity while holding such office or position, or otherwise, and shall continue as to a person who has ceased to be director, officer, employee, committee member or agent and shall inure to the benefit of the heirs, executors and administrators of such person.

10.6 Insurance. The Association shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, committee member or agent of the Association, or is or was serving at the request of the Association as a director, officer, employee, committee member or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the Association would have the power to indemnify him against such liability under the provisions of this Article.

10.7 Amendment. Anything to the contrary herein notwithstanding, the provisions of this Article X may not be amended without the prior written consent of all persons whose interest would be adversely affected by such amendment.

10.8 Definitions. Unless the context otherwise requires, all terms used in these Articles shall have the same meaning as are attributed to them in the Master Declaration and the By-Laws.

ARTICLE IX Bylaws

A Director who is present at a meeting of the Board shall be deemed to have voted in favor of any action taken, unless said Director voted against such action or abstained from voting because of an asserted conflict of interest. Due to the nature and configuration of the Project, initially, the Owners shall be delegated the primary responsibility for the operation, maintenance, and replacement of the Surface Water Management System in the manner described herein. Said delegation shall remain in effect unless and until determined otherwise by the Association. All portions of the Access and Parking Features shall be maintained in accordance with the Laws and Entitlements. Maintenance of the Access and Parking Features shall be as needed to keep the same in good repair and in operating condition, which shall include maintaining the surfaces of the Access and Parking Areas in a level, smooth and evenly-covered condition with the type of surfacing material originally installed or such substitute as shall in all respects be equal in quality, use and durability; and, for placing, keeping in good repair and replacing, as necessary and appropriate, directional signs, lighting, markers and lines within the Access and Parking Features located on its respective Parcel. No Owner shall materially alter or modify the Access and Parking Features except in compliance with the Laws and Entitlements and with the written consent of the Owner of the other Parcel.

2.6 Corrective Action. In addition to, and not as a limitation of, any rights of the Association hereunder, if any Owner (the "Breaching Party") fails to perform in a timely manner any maintenance obligation imposed by this Declaration, or otherwise breaches that Owner's obligations under this Declaration, the Owner of the other Parcel ("Aggrieved Party") shall be entitled to notify the Breaching Party in writing specifying the deficiencies and the action required in order to eliminate the breach. Except in the event of an emergency as hereafter provided, the Breaching Party shall have a period of fifteen (15) days after receipt of said written notice in which to correct the alleged deficiencies, or such longer period of time, not exceeding sixty (60) days, as may reasonably be necessary if the deficiency is not reasonably susceptible to cure within said fifteen (15) day period and provided that the Breaching Party commences corrective action within ten (10) days after receipt of said written notice from the Aggrieved Party and thereafter diligently pursues corrective action to completion in a diligent and continuous manner. If the Breaching Party fails to commence and diligently pursue and complete the required corrective action as hereinabove set forth, then the Breaching Party shall be in default of this Declaration and the Aggrieved Party shall have, and the Breaching Party hereby grants and conveys, in addition to all other available rights and remedies, the right and authority and easement for such purposes on the part of the Aggrieved Party and such Aggrieved Party's employees, contractors and subcontractors to enter upon the property and improvements owned by the Breaching Party in order to perform appropriate corrective action to eliminate the deficiencies specified in the written notice from the Aggrieved Party. All costs incurred by the Aggrieved Party shall be paid by the Breaching Party to the Aggrieved Party. Notwithstanding the foregoing, in the event of any emergency affecting any facility described hereunder which the Aggrieved Party reasonably believes poses an immediate threat of damage or injury to person or property or poses a substantial risk of interference with essential services, the Aggrieved Party may enter upon the Parcel of the Breaching Party, and may take such corrective action and expend a reasonable amount of money to prevent or abate such damage or injury or to avoid or abate such interference; provided that (i) the Aggrieved Party shall attempt to give the Breaching Party such prior notice as is practicable under the circumstances (which notice may be oral); and (ii) the Aggrieved Party shall take only such steps as are reasonably necessary in order to prevent such damage or injury or interference with essential services. Following any corrective action described herein, the Aggrieved Party shall provide an invoice of the costs incurred by the Aggrieved Party as a result of taking such corrective action to the Breaching Party ("Invoiced Costs"). If the Invoiced Costs are not paid within thirty (30) days, then the Invoiced Costs together with interest thereon at eighteen percent per annum (18.0%) shall constitute a lien on the Breaching Party's Property, unless and until paid; (b) the Aggrieved Party may record each such

lien in the Public Records of Collier County, Florida against the Breaching Party's Property and bring legal action against the Breaching Party and/or the Breaching Party's Property for the Invoiced Costs; and (c) may, at the Aggrieved Party's option, foreclose any such lien described above in the same manner as a mortgage lien on real property, and interest, costs and reasonable attorneys' fees of any such action will be added to the amount of any such lien, and shall be recoverable in the event the Aggrieved Party prevails in any such action.

2.7 Association Maintenance Generally. The Association shall have the right, but not the obligation, to provide any maintenance, repair or replacement that is otherwise the responsibility or obligation of a Parcel Owner hereunder and which the Parcel Owner fails to replace, restore, repair or perform after fifteen (15) days written notice to the Parcel Owner of the need of such replacement, restoration, repair or maintenance. The cost of such work shall be assessed against the Parcel or Parcels upon which such work is performed as a Special Assessment. The Special Assessment shall be apportioned among the Parcels involved in the manner determined to be appropriate by the Board. Any such assessment shall be a lien on the Parcels affected and the personal obligation of the Owners of the Parcels affected and shall become due and payable in all respects, together with interest, reasonable attorneys' fees (at trial and on appeal), and costs of collection, in the same manner and under the same conditions as provided for the other assessments of the Association.

ARTICLE III

All Parcels shall be used, improved, and devoted exclusively the uses permitted by the Entitlements.

Owners shall have the right, but not the obligation, to enter into written, shared parking agreements between the Parcels.

3.4 Certain Nuisances. No nuisance shall be permitted to exist or operate upon any Parcel or any portion thereof. Without limiting the generality of Section 9.2 below, the following are hereby deemed to be, for all purposes, prohibitions against the creation of a nuisance:

(d) No Owner or Occupant shall permit anything to be done or kept on its Parcel that violates any Entitlement or applicable Law.

3.5 Environmental and Land Use Compliance. Without in any way limiting any other environmental provision set forth in this Declaration, each Owner agrees, with respect to its Parcel(s), to comply with and assume full responsibility and liability for anything done or required to be done in compliance with all applicable federal, state, regional and local laws, rules and regulations, and, without limiting the foregoing, each Owner shall assume all responsibility and liability relating to the prevention of pollutant discharge from such Owner's Parcel(s); retention, pretreatment and treatment of stormwater, as may be required from time to time by the County, the U. S. Army Corps of Engineers, the South Florida Water Management District and any successor or replacement agencies who may have jurisdiction concerning regulatory matters affecting the Property. For the benefit of all Owners, the Association shall maintain in its offices copies of all regulatory permits applicable to the Property for review and compliance by all parties.

ARTICLE IV

(a) For: (i) the installation and/or replacement of electric, telephone, cable television, water, gas, sanitary sewer lines, Surface Water Management System, other drainage facilities, or any other utilities upon a Parcel or Common Area, together with the right to enter upon the property (without unreasonably interfering with the Owner's or Occupant's reasonable use and enjoyment thereof) in order to service, maintain, repair, reconstruct, relocate or replace any of such improvements; (ii) ingress and egress over any public or private pedestrian walkways, or other specific designated use areas, if any; and (iii) any other matter required or mandated by any governmental authority with jurisdiction;

(b) To inspect, without any obligation to inspect, any Parcel to ascertain whether such Parcel, the Improvements thereon, and the uses thereof, are in compliance with the provisions of the Governing Documents and the Entitlements, and to abate and remove any Improvement, thing or condition that may exist thereon contrary to the intent and meaning of any of the foregoing;

(c) For grading, trenching, moving of earth, landscaping, and/or slope control purposes, including without limitation: (i) planting, replacing and maintaining any landscaping improvements upon any Parcel or Common Area; and (ii) installing, repairing, replacing and maintaining any drainage and/or irrigation systems (including, without limitation, landscape wiring and conduits) upon any Parcel as shall reasonably be designated by the Association in connection with such landscaping improvements or in connection with landscaping improvements on the Common Area or Parcels; and

(d) For any other purpose which, in the sole discretion of the Association, is reasonably necessary for the integrated and quality development of the Property, or any portion thereof; provided that such easements shall not substantially and materially interfere with the reasonable development and use of any Parcel.

4.3 Drainage Easements. Declarants hereby reserve, for the Association, and all Owners, nonexclusive easements for the natural drainage and established drainage of surface waters over, across, under, and through all Parcels and Common Area in accordance with drainage plans approved by those public agencies having jurisdiction thereof. None of the easements listed in this Section 4.3 shall include or encumber any areas of a Parcel on which a Building is located. With regard to any Parcel, should it be necessary to exercise any easement rights, as described herein, upon completion of the easement-related activities, any paved parking areas, if disturbed by such activities, shall be returned to the same condition they were in prior to the easement-related activities, at no expense to the Parcel Owner. If, however, the easement-related activities are required because the Parcel Owner has not fulfilled his responsibilities under this Declaration, the cost of such activities shall be borne solely by the Parcel Owner.

4.4 Traffic Easements. Declarants hereby reserve to the Association, and all Owners and Permittees, for the purposes of pedestrian and vehicular traffic over and across all driveways, alleys, roads, walkways and sidewalks now existing, or which in the future may be developed, modified, or relocated on the Property.

4.5 Owner Consent. Each Owner of a Parcel, by acceptance of a deed thereto (whether or not it shall be so expressed in such deed) is hereby conclusively deemed to have fully agreed with and consented to all of the provisions set forth in this Article IV.

granted by or reserved to Declarants pursuant to this Declaration, it is the intention of Declarants that the separation of such fee simple estate and such right, title or interest in such easements shall be maintained, and that a merger shall not take place without the express prior written consent of Declarants.

4.7 No Abandonment. Notwithstanding any applicable law, it is the intent of Declarants that no easement granted or reserved hereunder shall be deemed abandoned or terminated merely by disuse or incompatible acts; rather, that the easements granted hereunder shall continue in full force and effect unless (a) terminated by a writing, duly acknowledged and recorded, executed by the Person or Persons entitled to the benefit thereof; or (b) in the case of the Owners, terminated by approval of the Owners and certified in a document executed, acknowledged and recorded in the County by an officer of the Association designated by the Board.

ARTICLE V

MEMBERSHIP AND VOTING RIGHTS IN THE ASSOCIATION

5.1 Qualification and Voting.

(a) Every Owner of a Parcel shall be a Member of the Association. Each Member shall be entitled to such votes and have such a voting interest as provided and allocated pursuant to the Articles. In the event a Parcel is subdivided, the Sub-Association therefor shall be the applicable Member of the Association. Membership in the Association shall not be assignable, except to the successor of the Owner's Parcel, as the case may be, and every membership of an Owner or Sub-Association in the Association shall be appurtenant to and inseparable from ownership of the Parcel. Membership in the Association shall not be transferred, pledged or alienated in any way, except upon the sale of the Parcel to which such membership is appurtenant, and then only to the purchaser of such Parcel, and, upon the sale of a Parcel, the seller's membership in the Association shall terminate as to such Parcel. Any purported transfer of membership in the Association to any transferee not permitted under this Section 5.1 shall be null and void. Recordation of a deed to a Parcel shall be the act which transfers membership in the Association. This prohibition shall not otherwise restrict an Owner from delegating its voting rights or granting proxies.

(b) Except as otherwise provided in this Declaration, the Articles, the Bylaws or applicable Laws, all matters requiring the approval of the Members shall be deemed approved by one of the following methods: (i) if approved unanimously by the Members of the Association in writing; or (ii) if unanimously approved by the Members of the Association at any duly called regular or special meeting of the Members at which a quorum is present, either in person or by proxy.

(c) For purposes of this Article V, if a Parcel consists of a Sub-Association, then the votes allocated to such Parcel shall be exercised by a voting representative appointed annually by the applicable Sub-Association ("Voting Representative"), on behalf of such Sub-Association, and in accordance with the governing documents and instructions of the board of directors of such Sub-Association. Upon the casting of votes by the Voting Representative of a Sub-Association, it will thereafter be conclusively presumed for all purposes that he or she acted with the authority and consent of the board of directors of such Sub-Association.

ARTICLE VI

COVENANT FOR MAINTENANCE ASSESSMENTS
TO AND BY THE ASSOCIATION

6.1 Covenant to Pay Assessments.

(a) Each Owner of a Parcel, by acceptance of a deed thereto (whether or not it shall be so expressed in such deed), is hereby conclusively deemed to covenant and agree to pay, to the Association, Assessments, which include:

(i) Regular Assessments, which may include a reserve fund for the periodic maintenance, repair and replacement of the Common Area; and

(ii) Special Assessments, as set forth in this Declaration.

(b) All Assessments shall be established and collected as hereinafter provided. All Regular and Special Assessments, together with interest, costs and reasonable attorneys' fees, shall be a charge and a continuing lien upon the Parcel against which each such Assessment is made. Each such Assessment, together with interest, costs and reasonable attorneys' fees, shall also be the personal obligation of the Person who was the Owner of the assessed Parcel at the time when the Assessment became due. The assumption by a transferee of the personal obligation for delinquent Assessments of a prior Owner shall not relieve the prior Owner of its personal obligation unless the Association agrees in writing. No Owner of a Parcel may exempt itself from liability for the payment of Assessments by waiving the use or enjoyment of any part of the Common Area or by abandoning its Parcel.

Notwithstanding the foregoing, if a Parcel is subdivided and contains a Sub-Association, then the lien established by this Article VI shall be against each specific condominium unit or lot created by said subdivision within such Parcel. Any Sub-Association formed for the purpose of governing any subdivided Parcel shall pay (as part of such Sub-Association's common expenses) all Assessments due the Association hereunder, and shall furnish the Association with a schedule listing the condominium units or lots that have (and have not) paid their proportionate share of the Assessments being remitted by the Sub-Association to the Association. The Association shall be entitled to rely upon the schedule furnished by the applicable Sub-Association and may thereafter record a claim of lien against the condominium unit(s) or lot(s) for which such units proportionate share of Assessments is delinquent.

6.2 Purpose of Assessments. Subject to Section 6.5 hereof, the Association shall levy Regular Assessments and Special Assessments sufficient to perform its obligations under the Governing Documents and to pay for Common Expenses. Such Assessments shall be used exclusively for the performance of the duties and operations of the Association hereunder and for payment of the Common Expenses.

6.3 Regular Assessments. Regular Assessments shall be levied for each Fiscal Year by the Association based upon the annual budget adopted by the Board as set forth in Section 7.12 hereof, and shall be payable in advance in quarterly installments. In the event there are overages at the end of any year, these shall be carried over with adjustments to be made in the next year. Special Assessments may be made to correct for any shortfall, as may be deemed necessary by the Board.

6.4 Special Assessments.

(a) In addition to the annual Regular Assessments authorized in this Article VI but subject to Section 6.5 hereof, the Association may levy, in any Fiscal Year, a Special Assessment applicable solely to that Fiscal Year, for the purpose of defraying, in whole or in part, the cost of: (i) any construction, reconstruction, alteration, repair or replacement of a capital improvement upon the Common Area and/or fixtures and personal property related thereto; and (ii) any other action or undertaking by or on behalf of the Association which exceeds the budgeted gross expenses of the Association for that Fiscal Year.

(b) In addition to the Special Assessments provided in Section 6.4(a) above, the Association may levy a Special Assessment against any individual Parcel as a fine under Section 7.6(b) hereof or to reimburse the Association for costs incurred by the Association (including reasonable attorneys' fees) in bringing such Parcel and/or the Owner or Occupant thereof into compliance with the Governing Documents, which Special Assessment may be levied upon the vote of the Board after notice and an opportunity for a hearing pursuant to the procedure set forth in Section 7.6(a) hereof.

6.5 Allocation of Assessments. Both Regular and Special Assessments (except those Special Assessments that are imposed as a remedy by the Board against a particular Owner to reimburse the Association for costs incurred in bringing such Owner, its Parcel and/or the Occupant of such Parcel into compliance with the provisions of the Governing Documents) shall be divided among the allocated to the Parcels in the following manner:

6.6 Commencement of Assessments.

(a) The Regular Assessments provided for herein shall commence as to each Parcel on the date of conveyance of the Parcel to an Owner, unless otherwise specifically provided herein. The first Regular Assessment shall be prorated according to the number of months remaining in the applicable Fiscal Year. Except for the first fiscal year of the Association, the Board shall determine and fix the amount of the Regular Assessment against each Parcel at least forty-five (45) but not more than ninety (90) days in advance of the commencement of each Fiscal Year, and shall establish the due date(s) for payment of such Assessments. The Board may increase the Regular Assessments from Fiscal Year to Fiscal Year.

(b) Written notice of each Assessment shall be sent to every Owner subject thereto. Each Assessment levied against a Parcel shall become a debt of the Owner of such Parcel at the time such Assessment is levied, and shall be paid in advance in equal quarterly installments. If there is more than one Person comprising the Owner of a Particular Parcel, each such Person shall be jointly and severally liable for such Assessments.

6.7 Liens for Delinquent Assessments. Regular and Special Assessments shall be delinquent fifteen (15) days after they become due. At any time after any Assessment levied by the Association affecting any Parcel has become delinquent, the Board may record in the Office of the Clerk of the Circuit Court of Lee County, a claim of lien as to such Parcel, which notice shall state: (i) all amounts which have become delinquent with respect to such Parcel, the costs of collection connected therewith (including attorneys' fees), the amount of the late charge imposed, which shall be equal to five percent (5%) of the delinquent amount or the cost incurred as a result of the late payment, whichever is less, and interest accrued thereon at a rate equal to the lesser of eighteen percent (18.0%) or the maximum rate allowed by law; (ii) the amount of any Assessments relating to such Parcel which are due and payable although not delinquent; (iii) a description of the Parcel with respect to which the delinquent Assessments are owed; and (iv) the name of the record or reputed record Owner of such Parcel. Immediately upon recording of any such notice of delinquent Assessment, the amounts delinquent as set forth in such notice, the reasonable costs (including attorneys' fees) incurred in collecting the delinquent Assessment, the late charge imposed as provided herein, and interest which has accrued thereon, shall together be and become a lien upon the Parcel described therein, which lien shall also secure all other Assessments, costs of collection (including attorneys' fees), late charges, and interest accruing thereon, which shall become due and payable with respect to said Parcel following such recording. Upon full payment of the sums specified in the claim of lien, the Association shall cause to be recorded a further notice, similarly executed, stating that the lien has been satisfied and released.

6.8 Enforcement of Assessment Obligation. Each Owner of a Parcel, by acceptance of a deed thereto (whether or not it shall be so expressed in such deed) is hereby conclusively deemed to have agreed, to the maximum extent permitted by law, that any Assessment lien set forth herein may be foreclosed in the same in the same manner as mortgages are foreclosed under Florida law. The Association shall have the power to bid at a foreclosure sale, and to acquire and hold, lease, mortgage and convey the same.

6.9 Cumulative Remedies. Assessment liens and the right of foreclosure and sale thereunder shall be in addition to and not in substitution for all other rights and remedies which the Association may have hereunder and by law, including suit to recover a money judgment for unpaid Assessments.

6.10 Subordination of the Lien to First Mortgages. The lien securing the Assessment provided for herein shall be subordinate as provided herein to the lien of any First Mortgage made in good faith and for value, and recorded prior to the date on which a notice of claim of lien pursuant any such lien is recorded. The sale or transfer of any Parcel shall not affect the Assessment lien.

ARTICLE VII

POWERS AND DUTIES OF THE ASSOCIATION

The Association shall have the powers set forth in the Articles, Bylaws, and this Declaration. The Association shall have the power to do such lawful acts as may be authorized, required, or permitted to be done by the Association under this Declaration, the Articles or Bylaws, and to do and perform such acts as may be necessary to the exercise of any of the express powers of the Association. (a) To the extent the coverage described in this Section 7.3 is available, the power and duty to obtain and maintain in force the following policies of insurance:

(ii) Fidelity insurance in the form of a bond in an appropriate amount as determined by the Board, which names the Association as obligee and protects against misuse and misappropriation of Association property by Directors, officers, committee members, trustees and employees of the Association and any management agent and its officers, agents and employees, whether or not such Persons are compensated for their services;

(iii) Workers' Compensation Insurance, to the extent required by law, covering any employee or uninsured contractor of the Association;

(iv) Such other insurance as the Board shall deem necessary or expedient to carry out the functions of the Association as set forth in this Declaration, the Articles and the Bylaws.

(b) The premiums for the insurance policies obtained and maintained by the Association shall be a part of the Common Expenses to be included in the calculation of the Regular Assessments levied by the Association.

(c) The Board shall periodically review the coverage provided by the insurance policies obtained and maintained by the Association, and, to the extent that increased coverage is available and at the Board's discretion, shall increase such coverage in light of inflation, increased risk and similar factors.

7.4 Utilities. The power and duty to pay all charges for utility services for the Common Area.

7.5 Common Area. The power and duty to manage, operate, maintain, repair, temporarily close, restore, add to and replace the Common Area and all improvements located thereon (including, without limitation, the express obligation at all times to preserve, plant, install, repair and maintain the Common Area as set forth in this Declaration), and all other property (whether real or personal) owned by the Association, and to make capital expenditures for and on behalf of the Association.

7.6 Enforcement. The power and duty to enforce the provisions of the Governing Documents and the provisions of any agreement to which the Association is a party; provided, however, that at no time shall the Association, with respect to amounts (including, without limitation, Assessments) owed to the Association, impose a rate of interest in excess of the rate of interest then permitted by law to be charged. In addition to the other powers but not of the Board provided herein and under applicable law, the Board shall have the power:

(a) To levy and assess fines against any Owner who violates, or whose Occupants or Permittees violate, the Governing Documents, pursuant to the same notice and hearing procedure as is provided for suspension in Section 7.6(a) hereof, and such other procedures and/or schedules as the Board may establish. Upon notice to the Owners, the Board may establish a schedule of fines for individual offenses and/or continuing offenses, which schedule shall thereafter govern the amount of the fines to be levied, until such schedule is modified or repealed by the Board. Fines may be levied for each offense, and, once levied, each such fine shall become an Assessment against such Owner's Parcel or Parcels. Any Owner against whom such a fine is levied shall pay such fine to the Association within ten (10) days after such levy. The Association shall be entitled to take any legal action or employ any remedies set forth hereunder or permitted by law to enforce the payment of such fines.

7.7 Contract and Make Payments. The power and duty to contract and pay for Common Expenses. Withdrawals of funds from the Association's accounts may be made by any individual or individuals authorized by the Board to make such withdrawals.

7.8 Employment of Agents. The power but not the duty to employ the services of any Person or Persons to manage and conduct the business of the Association, and upon such conditions as are deemed advisable by the Association, to delegate to such Person or Persons any of its powers.

7.9 Services. The power but not the duty to institute any services for the benefit of the Owners reasonably deemed advisable by the Association.

7.10 Taxes. The power and duty to pay any taxes and governmental assessments which are or could become a lien on the Common Area or any portion thereof.

7.11 Periodic Review of Financial Condition. The power and duty to periodically review the financial condition of the Association as required by applicable law or as otherwise provided herein or in the Bylaws.

7.12 Budget. The power and duty to prepare budgets and financial statements for the Association and to distribute such budgets and financial statements to the Owners as required by applicable law or as otherwise provided herein or in the Bylaws.

Notwithstanding the foregoing, the Association shall have the power and the duty to defend any lawsuit brought against the Association.

7.14 Rules.

(a) The power but not the duty to adopt, amend, supplement and repeal Rules. The Rules may restrict and govern the use of the Property and Common Area by any Owner or Occupant.

(b) A copy of the Rules shall be given to each Owner not less than ten (10) days before said Rules (or, as applicable, an amendment thereto) may be deemed to be in full force and effect. The Rules shall have the same force and effect as if set forth herein and made a part of this Declaration.

(b) The right of the Association to transfer all or substantially all of its assets, including all or any part of the Common Area; provided, however, that so long as there is any Parcel, parcel, area or portion thereof or of the property for which the Association is obligated to provide management, maintenance, preservation or control, no such dedication or transfer shall be effective unless an instrument signed by all Members shall have been filed in the records of the Association stating that such Owners and agree to such dedication or transfer;

(b) Any costs of temporary relocation suffered by the Owner or Occupant of any Parcel as a result of the repair, maintenance or improvement of the Common Area by the Association shall be borne entirely by such Owner or Occupant.

8.4 Creation of Standards of Maintenance by Association. The Board shall have the right to establish specific standards of maintenance for the Common Area, whereupon the Association shall be obligated to adhere to such standards of maintenance.

The Owner and the Occupant of each Parcel shall be liable to the Association for all damage to the Common Area or to any other real or personal property owned by the Association that may be sustained by reason of the negligence of such Owner or Occupant, or their respective Permittees, which shall include, without limitation, damage to curbs, sidewalks, paved surfaces, monuments, signs, trees and landscaping. No Owner or Occupant shall do or permit any of their respective Permittees to do anything on the Common Area that might increase the rate, or cause the cancellation, of any policies of insurance obtained by or on behalf of the Association.

8.6 Expansion of Common Area. At any time, the Association may (but need not), by purchase, lease, easement, license, acceptance of gift or other transaction (and without the consent of the Owners) obtain or acquire, any Parcel, other lands, personal property or rights therein, and thereby increase and expand the Common Area, whereupon the maintenance of such additional Common Area shall become the obligation of the Association.

Without limiting the generality of the foregoing, any portion of the Common Area designated as open space under any Entitlement shall not be improved or its use changed without approval of each governmental agency with jurisdiction over such open space.

ARTICLE IX

Remedies herein provided for breach of the covenants contained in the Governing Documents shall be deemed cumulative, and none of such remedies shall be deemed exclusive.

9.2 Deemed To Constitute a Nuisance. The result of every action or omission whereby any covenant, condition, restriction or provision herein contained is violated in whole or in part is hereby declared to be and constitute a nuisance, and every remedy allowed by law or equity against anyone causing a nuisance shall be applicable against the Owner, Occupant or any other Person responsible for such action or omission, and may be exercised by Declarant, the Association and/or any aggrieved Owner.

9.3 Violations. The violation of any Entitlement or applicable Laws shall constitute a violation of this Declaration and shall be remedied, corrected and/or otherwise addressed in accordance with the provisions of this Article IX.

ARTICLE X

The covenants, conditions and restrictions contained in this Declaration shall run with, burden and bind the Property and shall inure to the benefit of each Parcel and each Owner thereof and be enforceable by each Owner and its heirs, successors and assigns for a term commencing as of the date this Declaration is recorded and terminating twenty-five (25) years from such date, after which said covenants, conditions and restrictions shall be automatically extended for successive periods of ten (10) years unless prior to commencement of any such ten (10) year period an amendment to this Declaration has been approved unanimously by the voting interest of the Members of the Association and recorded in the Public Records of Lee County, Florida which terminates this Declaration or modifies the automatic extension provisions of this Section 10.1.

**THIS APPLICATION HAS BEEN SUPERSEDED

12/13/2010**

10.2 Amendments. Except as otherwise provided in this Declaration, neither this Declaration nor any provision hereof or any covenant, condition or restriction herein contained, may be terminated, extended, modified or amended, as to the whole of the Property or any portion thereof, except upon approval of all Members. No such termination, extension, modification or amendment shall be effective until such termination, extension, modification or amendment has been certified in a document executed and acknowledged by an officer of the Association designated by the Board and has been recorded in the County. Within a reasonable time after such document has been recorded, the Association shall mail a copy thereof to each Owner, together with a statement that such document has been recorded.

Notwithstanding anything to the contrary herein, any proposed amendment to this Declaration (or any of the exhibits attached hereto) that would affect the Surface Water Management System (including conservation areas and the water management portions of the Common Areas) must first be submitted to the SFWMD for its approval of such amendment and for a determination of whether the amendment necessitates a modification of the SFWMD Permit. If a modification is necessary, the SFWMD will so advise the permittee.

ARTICLE XI

RIGHTS OF LENDERS

11.1 Priority of Lien of Mortgage. This Declaration shall be and remain senior in priority to all Mortgages hereafter executed upon the Property, any Parcel or any portion thereof; provided, however, that no breach of the covenants, conditions or restrictions herein contained or foreclosure of any lien herein created for Assessments shall affect, impair, defeat or render invalid the lien, charge or priority of any Mortgage made in good faith and for value encumbering any Parcel. Any Mortgagee or other Owner whose title to a Parcel is derived through foreclosure, or deed in lieu of foreclosure, shall take title to such Parcel subject to, and shall be bound by, all the covenants, conditions and restrictions set forth in this Declaration; provided, however, that such Parcel shall be free of the lien for delinquent Assessments, (including costs of collection, late charges and interest connected therewith) that have accrued up to the time of the foreclosure sale or conveyance in lieu of foreclosure (unless such Mortgagee or other Owner shall have expressly assumed the obligations secured by said lien), and such Mortgagee or other Owner shall only be obligated to pay Assessments that become due or payable on or after such Mortgagee or other Owner acquired title to such Parcel.

11.2 Curing of Defaults. Any Mortgagee who acquires title by judicial foreclosure or deed in lieu of foreclosure shall not be obligated to cure any breach or violation of the provisions of this Declaration which is incurable or of a type which is not practical or feasible to cure. The determination of the Board made in good faith as to whether a breach is incurable or not feasible or practical to cure shall be final and

binding on such Mortgagee. In the event that any Assessment on any Parcel becomes delinquent or another default under the Declaration occurs, the Association shall provide the Mortgagee with notice of such default, provided, however, that the Owner of such Parcel must have furnished the Association with the current address of the Mortgagee. The Mortgagee shall thereafter have the right to cure such default within a reasonable time or to commence foreclosure proceedings. If any Mortgagee commences foreclosure proceedings or gives notice to the Association that it is commencing negotiations for a deed in lieu of foreclosure, the Association shall stay any foreclosure proceedings for a reasonable time so that the Mortgagee's Proceedings or negotiations may be concluded.

12/13/2010**

12.1 Constructive Notice and Acceptance. Every Person who now or hereafter owns or acquires any right, title or interest in or to any portion of the Property or any Parcel, is and shall be conclusively deemed to have consented and agreed to every covenant, condition, restriction and provision contained in this Declaration, whether or not any reference to this Declaration is contained in the instrument by which such Person acquired an interest in the Property.

12.2 Notices.

(a) Except as otherwise expressly provided in this Declaration or required by law, all notices, consents, requests, demands, approvals, authorizations and other communications provided for herein shall be in writing and shall be deemed to have been duly given if and when personally served, hand delivered or delivered by a nationally recognized overnight courier, or seventy-two (72) hours after being sent by United States first class mail, postage prepaid, to the intended party at its last known address. For purposes of this Section 12.2, "last known address" with respect to any Owner shall mean such Owner's address appearing on the books of the Association or supplied by such Owner to the Association. 12.3 Liberal Construction. The provisions of this Declaration shall be liberally construed to effectuate its purpose. The failure to enforce any provision of this Declaration shall not constitute a waiver of the right to thereafter enforce such provision or the right to enforce any other provision hereof.

12.6 Effect of Invalidation. Each covenant, condition and restriction of this Declaration is intended to be, and shall be construed as, independent and severable from each other covenant, condition and restriction. If any covenant, condition or restriction of this Declaration, or application thereof, is held to be invalid by any court, the invalidity of such covenant, condition or restriction, or application thereof, shall not affect the validity or the remaining covenants, conditions and restrictions, or application thereof.

12.7 Cumulative Remedies. Each remedy provided for in this Declaration and/or in the Governing Documents shall be cumulative and not exclusive. The failure to exercise any remedy provided for in this Declaration or any other Governing Document shall not constitute a waiver of such remedy or of any other remedy provided herein or therein.

12.8 Attorneys' Fees and Costs. If any Person commences litigation for the judicial interpretation or enforcement hereof or of any of the other Governing Documents, or for damages for the breach hereof or of any of the other Governing Documents, the prevailing party shall be entitled to its reasonable attorneys' fees, court costs and all other cost and expenses incurred in any trial, appellate, bankruptcy or other legal proceeding.

12.9 Priorities and Inconsistencies. In the event of any conflict or inconsistency between this Declaration and either the Articles or the Bylaws, the terms and provisions of this Declaration shall prevail (unless and only to the extent, if any, the Declaration does not comply with any provision of applicable law).
