OBJECTIVE 113.3: BEACH AND DUNE SYSTEMS. Lee County will continue to implement a beach preservation and management plan through the Lee County Coastal Advisory Council or successor agency. (Amended by Ordinance No. 98-09)

POLICY 113.3.1: The Division of Natural Resources Management, or successor agency, will be responsible for the beach and dune management program. This program will include:

1. Preparing beach and dune management plans, with priority to areas designated by the Florida Department of Environmental Protection as critically eroded in the report entitled Critically Eroded Beaches in Florida (as updated April, 2006).
2. Coordinating with local municipalities and the Captiva Erosion Prevention District in preparing beach and dune management plans.
3. ~~Collecting information on available~~ Coordinate with government and private entities to identify sources of beach-quality sand for renourishment projects, concentrating on areas which will have minimal impacts on the county's aquatic resources.
4. Utilize all possible means to protect these beach-quality sand resources from use by public and private and out of county users. Lee County will provide comments to the U.S. Army Corps of Engineers and the Florida Department of Environmental Protection (or successor) regarding use of identified off-shore beach-quality sand sources. Sand resources will also be protected from the placement of infrastructure such as, but not limited to pipelines and transmission cables.

Subsequent paragraphs renumbered.
