In Re: ADD2012-00016 Sufficiency Review.
Mirasol/Coconut Point Area #3
Lake setback deviation from 25' to 22'

After review of the submitted materials Development Review staff has no objection to the requested deviation as long as the required 20' Lake Maintenance Easement is not impacted and remains available for lake maintenance activities. Also, the previously approved 4:1 side slope must be maintained.

Thank you for the opportunity to comment on the above.
