This conceptual GMD Exhibit illustrates the minimum standards for every
new house and building type of site and dwelling units from Eagle Nest
LE. By adjusting the standards with the appropriate Eagle Nest project location,
the level of protection, the site density is subject to minor modification.

This composite map of Exhibit depicts the minimum distances for proposed development from the stormwater management system and dwelling units from Eagle Nest Tree LE-65. As long as compliance with the approved Bald Eagle Management Plan for the parcels maintained, the stormwater management system shall continue year round, ongoing and routine golf course maintenance and operations shall continue year round.
