RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS
OF LEE COUNTY, FLORIDA

WHEREAS, an application was filed by the property owner, The Villages At Country Creek Master Association, Inc., to amend Zoning Resolution ZAB-86-034 (Villages At Country Creek) to allow for the construction of a Group II Essential Service Facility in the form of a 50-foot in diameter and 33-foot-high effluent (reuse) storage tank and pumping station in reference to Villages At Country Creek Reuse Storage Tank; and

WHEREAS, a public hearing was advertised and held on October 25, 2007, before the Lee County Zoning Hearing Examiner, Richard A. Gescheidt, who gave full consideration to the evidence in the record for Case #DCI2007-00035; and

WHEREAS, a second public hearing was advertised and held on February 4, 2008, before the Lee County Board of Commissioners, who gave full and complete consideration to the recommendations of the staff, the Hearing Examiner, the documents on record and the testimony of all interested persons.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS:

SECTION A. REQUEST

The applicant filed a request to amend Zoning Resolution ZAB-86-034 (Villages At Country Creek) to allow for the construction of a Group II Essential Service Facility in the form of a 50-foot in diameter and 33-foot-high effluent (reuse) storage tank and pumping station. The property is located in the Suburban Land Use Category and is legally described in attached Exhibit A. The request is APPROVED, SUBJECT TO the conditions and deviations specified in Sections B and C below.

SECTION B. CONDITIONS:

All references to uses are as defined or listed in the Lee County Land Development Code (LDC). Approval of this rezoning does not guarantee local development order approval. Future development order approvals must satisfy the requirements of the Lee Plan Planning Communities Map and Acreage Allocations Table, Map 16 and Table 1(b).

1. The development of this project must be consistent with the 7-page Master Concept Plan (MCP) entitled "Villages at Country Creek RPD Amendment" stamped "Received JAN 25 2008 Community Development", last revised September 7, 2007, attached hereto as Exhibit C, except as modified by the conditions below. This development must comply with all requirements of the LDC at time of local development order approval, except as may be granted by deviation as part of this planned development. If changes to the MCP are subsequently pursued, appropriate approvals will be necessary.

COPY

2. The following Limits apply to the project and uses:

   a. Schedule of Uses

      ALL USES LISTED IN THE ZONING RESOLUTION ZAB-86-034

      ESSENTIAL SERVICES FACILITIES, GROUP II (REUSE STORAGE TANKS AND PUMP STATIONS) LIMITED TO TRACT J-5, UNIT 5.

   b. Site Development Regulations

      No change to the Site Development Regulations.
      (See Zoning Resolution ZAB-86-034)

3. Environmental Conditions:

   a. Prior to local development order approval, all development order plans must delineate a minimum of 0.4 acres of open space on this 0.47-acre site.

   b. The MCP Landscape Plan must be revised to:

      1) switch live oak with green buttonwood to depict fifty-one green buttonwood (Conocarpus Erecta), twelve feet height, three inch caliper at twelve inches and twenty live oak (Quercus Virginiana), sixteen feet height, four inch caliper at twelve inches; and

      2) three species of native shrubs to total five hundred and fifty quantity, and will include; Wax Myrtle (Myrica cerifera), Firebush (Hamelia patens), and Fakahatchee (Tripsacum dactyloides).

   c. Prior to development order approval, development order plans must include landscape plans signed and sealed by a landscape architect. The landscape plans must be in substantial compliance with Sheets 3-5 of the MCP stamped "Received SEP 07 2007 Community Development" in terms of increased planting density and size. Division of Environmental Sciences staff may revise planting types, sizes, and density to insure buffer and landscape requirement are met and tree health and survivability is maintained.

4. The maximum height of the reuse storage tank will be limited to 32-feet from grade (26-feet above finished grade) in compliance with LDC § 34-2171.

5. In order to reduce the visual impact of the reuse storage tank, it must be a dark shade of green (Specification: "Tank Exterior - Green Munsell 2.5 GY 2/2 with the Tank Interior - Blue Munsell 5 PB 2/4.") These colors are part of the glass coating that is fused to the steel panels.

6. Landscaping must be in place prior to the issuance of a Certificate of Completion for the reuse tank and the pump station.

SECTION C. DEVIATIONS:

All previously approved deviations (1-8) approved by Resolution ZAB-86-034, attached as Exhibit D, as amended, remain in effect. In addition, the following deviation is requested for this amendment:

Deviation (9) seeks relief from the LDC §10-416(5) requirement to provide a Type "C" buffer, which includes an 8-foot-high solid wall, to allow for an enhanced landscape buffer with no wall. This deviation is APPROVED, SUBJECT TO condition 6.

SECTION D. EXHIBITS AND STRAP NUMBER:

The following exhibits are attached to this resolution and incorporated by reference:

Exhibit A: Legal description of the property
Exhibit B: Zoning Map (with the subject parcel indicated)
Exhibit C: The Master Concept Plan
Exhibit D: Zoning Resolution: ZAB-86-034

The applicant has indicated that the STRAP numbers for the subject property are: 27-46-25-01-0000B.00CE and 34-46-25-05-000M0.00CE

SECTION E. FINDINGS AND CONCLUSIONS:

1. The applicant has proven entitlement to the rezoning by demonstrating compliance with the Lee Plan, the LDC, and any other applicable code or regulation.

2. The rezoning, as approved:

   a. meets or exceeds all performance and locational standards set forth for the potential uses allowed by the request; and

   b. is consistent with the densities, intensities and general uses set forth in the Lee Plan; and

   c. is compatible with existing or planned uses in the surrounding area; and

   d. will not place an undue burden upon existing transportation or planned infrastructure facilities and will be served by streets with the capacity to carry traffic generated by the development; and

   e. will not adversely affect environmentally critical areas or natural resources.

3. The rezoning satisfies the following criteria:

   a. the proposed use or mix of uses is appropriate at the subject location; and

   b. the recommended conditions to the concept plan and other applicable regulations provide sufficient safeguard to the public interest; and

   c. the recommended conditions are reasonably related to the impacts on the public interest created by or expected from the proposed development.

4. Urban services, as defined in the Lee Plan, are available and adequate to serve the proposed land use.

5. The approved deviations, as conditioned, enhances achievement of the planned development objectives, and preserves and promotes the general intent of LDC Chapter 34, to protect the public health, safety and welfare.

Commissioner Hall made a motion to adopt the foregoing resolution, seconded by Commissioner Mann. The vote was as follows:

Robert P. Janes	Aye
Brian Bigelow	Aye
Ray Judah	Aye
Tammara Hall	Aye
Frank Mann	Aye

1. ALL TREES SHALL BE A MINIMUM OF TWELVE (12) FEET IN HEIGHT, WITH A 3" CALIPER (AT 12 INCHES ABOVE THE GROUND) AND A FOUR-FOOT SPREAD AT TIME OF PLANTING. IN THE CASE OF PALMS, EXCEPT DWARF SPECIES, THE REQUIRED MEASUREMENT SHALL HAVE A MINIMUM OF TEN (10) FEET OF CLEAR TRUNK. TREES HAVING AN AVERAGE MATURE SPREAD OR CROWN LESS THAN 20 FEET MAY BE SUBSTITUTED BY GROUPING THE SAME SO AS TO CREATE THE EQUIVALENT OF 20 FOOT CROWN SPREAD. TREE SPECIFICATIONS SHALL BE IN ACCORDANCE WITH THE PLANTING SCHEDULE SHT. 3 OF 7.

2. PALMS WHICH NORMALLY GROW WITH A SINGLE TRUNK AND OBTAIN A HEIGHT OF TWENTY (20) FEET MAY BE SUBSTITUTED FOR UP TO 25% OF THE REQUIRED NUMBER OF TREES. PALM TREES SHALL NOT BE USED AS PARKING CANOPY TREES.

3. WHERE TREES ARE LARGER THAN EIGHT (8) FEET, GUYS AND STAYS ARE TO BE PROVIDED AND INSTALLED.

4. SHRUBS SHALL BE A MINIMUM OF TWENTY-FOUR (24) INCHES IN HEIGHT AT PLANTING, THREE GALLON CONTAINER SIZE AND PLANTED 18-36" ON CENTER.

5. SODDING IS REQUIRED IN ALL UNPAVED AREAS WITHIN THE SITE BOUNDARIES UNLESS OTHER PLANTINGS ARE SPECIFIED. THE BALANCE OF LANDSCAPE AREAS SHALL BE SODDED WITH BAHIA OR ST. AUGUSTINE GRASS.

6. GRASS AREAS SHALL BE PLANTED IN SPECIES NORMALLY GROWN AS PERMANENT LAWNS IN LEE COUNTY.

7. ALL PLANTING AREAS ARE TO BE MULCHED WITH A MIN. 2" OF CLEAN MULCH. EACH TREE MUST HAVE A RING OF MULCH NO LESS THAN 24" INCHES BEYOND ITS TRUNK. THE USE OF CYPRESS MUCH IS STRONGLY DISCOURAGED.

8. ANY EXISTING TREE(S) THAT WILL BE CLAIMED FOR CREDIT MUST BE BARRICADED PRIOR TO CONSTRUCTION. BARRICADES SHALL BE PLACED AT FULL DRIPLINE OR SIX (6) FEET FROM TRUNK, WHICHEVER IS GREATER. BARRICADES SHALL CONSIST OF 2 x 2 POST SPACED FOUR OF FIVE FEET ON CENTER AND 1 x 2 CROSS PIECES.

9. PLANT MATERIALS USED SHALL CONFORM TO THE STANDARDS FOR FLORIDA NO. 1 OR BETTER AS GIVEN IN "GRADES AND STANDARDS FOR NURSERY PLANTS" PARTS I & II, FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES, TALLAHASSEE.

10. 100% OF THE TOTAL NUMBER OF TREES AND 50% OF THE TOTAL NUMBERS OF SHRUBS SHALL BE INDIGENOUS.

11. ALL TREES AND SHRUBS USED IN BUFFERS AND LANDSCAPING SHALL BE XERISCAPE VARIETIES. TREES ADJACENT TO WALKWAYS, BIKE PATHS, OR RIGHT-OF-WAYS MUST BE MAINTAINED WITH 8' OF CLEAR TRUNK.

12. EXOTIC SPECIES CURRENTLY LISTED IN THE LEE COUNTY DEVELOPMENT CODE PROHIBITED SHALL BE REMOVED FROM SITE. THIS REMOVAL SHALL BE MAINTAINED IN PERPETUITY. MECHANICAL REMOVAL OF THE LISTED SPECIES IS PROHIBITED IN INDIGENOUS AREAS. THE OWNER MUST MAINTAIN THE PARCEL FREE OF EXOTICS WITH AN APPROVED HERBICIDE TREATMENT. EXOTIC SPECIES TO BE REMOVED ARE: BRAZILIAN PEPPER, MELALEUCA, EARLEAF ACACIAC DOWNY ROSE MYRTLE, AUSTRALIAN PINE, AND TROPICAL SODA APPLE.

13. PROVIDE ADDITIONAL SHRUBS AS NECESSARY FOR CONTINUOUS HEDGE ALONG THE NORTH, WEST AND SOUTH PROPERTY LINES.

IRRIGATION NOTES:

1. IRRIGATION WATER SHALL BE PROVIDED BY THE EXISTING REUSE SYSTEM

2. IRRIGATION CONTRACTOR SHALL PROVIDE A SYSTEM THAT PROVIDES HEAD TO HEAD OR 100% COVERAGE WITH SPRAY HEAD OR OTHER APPROVED DEVICE OF ALL LANDSCAPE AREA.

3. THE SYSTEM SHALL BE OPERATED BY AN AUTOMATIC IRRIGATION CONTROLLER.

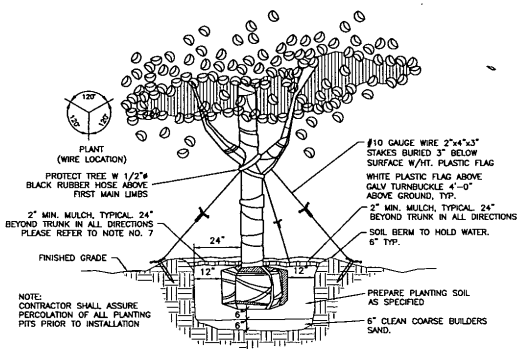

4. THE IRRIGATION SYSTEM SHALL HAVE A MOISTURE SENSOR DEVICE WHICH WILL PREVENT THE OPERATION OF THE SYSTEM DURING RAINY WEATHER AND WILL BE LOCATED SO AS TO RECEIVE DIRECT RAINFALL, NOT IMPEDED BY OTHER OBJECTS.

5. THE INSTALLATION OF THE SYSTEM SHALL BE IN ACCORDANCE WITH THE STANDARDS SET FORTH BY THE FLORIDA IRRIGATION SOCIETY.

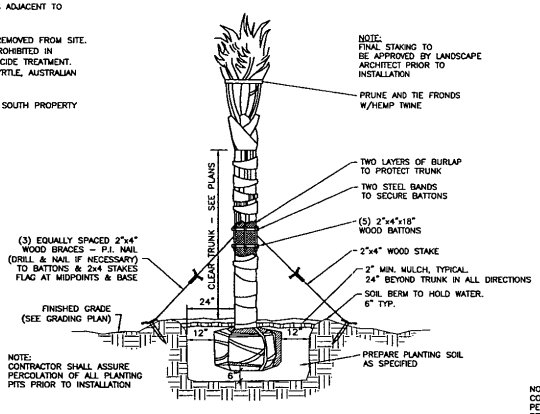

6. IRRIGATION CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING COVERAGE SO THAT THERE IS NO OVER SPRAY INTO NON-LANDSCAPE DESIGNATED AREAS.

7. WHERE POSSIBLE, PRACTICAL AND FEASIBLE IRRIGATION FOR TURFED AREAS SHALL BE ISOLATED OR SEPARATED FROM IRRIGATION FOR SHRUB OR GROUNDCOVER AREAS.

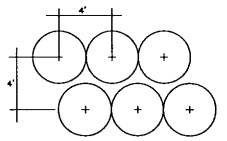

8. ALL LANDSCAPE ISLANDS WILL BE PROVIDED WITH IRRIGATION SOURCE THROUGH SLEEVES DENOTED ON SITE PLAN.

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS

OF LEE COUNTY, FLORIDA

RECORD VERIFIED - CHARLIE GREEN, CLERK
BY: H. FERNSTROM, D.C.

OFF REC 1888 PG 2704

WHEREAS, the Villages at Country Creek was the subject of an application for a district boundary change from AG to Residential Planned Development, to permit a residential development of 985 single and multi-family units, not to exceed 2 stories in height, on 283 acres of land. The proposed development would also include an executive golf course, other recreational facilities, and preserved natural areas.

NOTE:

If approved, the master Concept Plan would deviate from the following Lee County standards:

(1) Minimum excavation setbacks to a section line of 150 feet (500.4.D and 500.3.C), to 0 feet for internal section lines;
(2) Minimum excavation setbacks to a street right-of-way of 150 feet (500.4.D and 500.3.C), to 60 feet (measured at water's edge) and 30 feet (measured at the top of the bank);
(3) Maximum slope of excavation banks of 6:1 ratio to a water depth of 6 feet (500.4.E), to 6:1 ratio to 1 foot deep, 10:1 ratio from 1 to 2 feet, 4:1 ratio from 2 to 4 feet, and 2:1 ratio below 4 feet;
(4) Minimum setback between structures and a section line of 75 feet (500.29.D.1), to 0 feet for internal section lines;
(5) Minimum setback between structures and a half section line of 60 feet (500.29.D.2), to 0 feet for internal lines;
(6) No drainage, filling, or other alterations of soils subject to saltwater inundation or fresh water ponding shall be permitted without specific approval. (DSR C.1.b.4), to allow alteration of 3 small areas indicated on the Soil Survey of Lee County, Florida as having Pineda soils;
(7) Requirement that, where practical, a residential development larger than 5 acres shall provide 2 or more means of ingress or egress (DSR C.2.d.(4)), to allow a single, secured entrance on Corkscrew Road and 2 emergency entrances (break-away gates), one to Broadway and one to Corlico; and
(8) Prohibition on most development within designated "Transition Zones" (Wetlands Protection Ordinance, Section 5.02), to allow alteration of artificial drainage ditches and certain historic, natural creek areas as indicated on plans on file, with mitigation on acre-for-acre basis.

The subject property is located on the north side of Corkscrew Road, running approximately 1000 feet to the west and 650 feet to the east of the intersection of Corkscrew Road and River Ranch Road, described more particularly as:

EXHIBIT D

LEGAL DESCRIPTION: In Sections 27 and 34, Township 46 South, Range 25 East, Lee County, Florida:

East 1/2 of Southwest 1/4 and the Southeast 1/4 of Section 27, Township 46 South, Range 25 East,

ALSO:

East 1/2 of East 1/2 of Northeast 1/4 of Northwest 1/4 and West 1/2 of Northwest 1/4 of Northeast 1/4 and East 1/2 of Northwest 1/4 of Northeast 1/4 of Section 34, Township 46 South, Range 25 East, Lee County, Florida, less that part deeded to State of Florida of Corkscrew Road right-of-way, recorded in O.R. Book 1129 at Page 1217, Public Records of Lee County, Florida. Also, less commencing at a concrete monument marking the southwest corner of East 1/2 of East 1/2 of Northeast 1/4 of Northwest 1/4, thence north along the west line of said East 1/2 of East 1/2 of Northeast 1/4 of Northwest 1/4 for 206.20 feet to Point of Beginning, thence East 60.00 feet, thence northerly to waters of Estero River, thence Southwesterly along said waters to a point bearing north of Point of Beginning, thence South 933.40 feet to Point of Beginning.

OFF REC 1886PG2648

WHEREAS, proper authorization has been given to Wilson, Miller, Barton, Soll and Peek, Inc., by Clayton R. Zehner, Vice President/Director of Villages of Country Creek and Walter James Smith, General Partner of Villages of Country, to act as agent to pursue this zoning application; and

WHEREAS, a public hearing was legally and properly advertised and held before the Lee County Zoning Board, with full consideration of all the evidence available to the Zoning Board; and

WHEREAS, the Lee County Zoning Board fully reviewed the matter and recommended denial of the requests, due to a tie vote on a motion for approval with conditions; and

WHEREAS, a public hearing was legally and properly advertised and held before the Lee County Board of County Commissioners; and

WHEREAS, in the legislative process the Lee County Board of County Commissioners gave full and complete consideration to the recommendations of the Staff, the Local Planning Agency, the Zoning Board, the documents on file with the County, and the testimony of all interested persons:

LEGISLATIVE HISTORY:

The Local Planning Agency found the request consistent with the Lee County Comprehensive Plan, but the Zoning Board was unable to obtain a majority vote on a motion to approve the request with conditions. County staff recommended approval of the request with numerous conditions. Considerable testimony both for and against the project was presented to the Zoning Appeals Board. The Board made the findings of fact listed below, and approved the district boundary change with the conditions enumerated herein.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS AS THE ZONING APPEALS BOARD, that the Zoning Appeals Board does hereby APPROVE R.P.D. zoning, subject to the following conditions:

1. The minimum excavation setback to a section line of 150 feet (500.4.D and 500.3.C) is hereby reduced to zero for section lines internal to this parcel, but no reduction is allowed from the 150-foot setback requirement from section lines that are contiguous to the perimeter of the property (deviation #1).

2. The minimum excavation setback to a street right-of-way of 150 feet (500.4.D and 500.3.C) is hereby changed to a minimum excavation setback to a right-of-way centerline of 160 feet for the lake shown on the master Concept Plan north of Corkscrew Road and west of the Corkscrew Road entrance only (deviation #2).

3. The maximum slope of excavation banks shall be a 6:1 ratio to a depth of 4 feet below control elevation; then between 4 feet and 6 feet below control elevation there shall be a maximum ratio of 4:1; and below 6 feet below control elevation there shall be a maximum ratio of 2:1 to 12 feet (deviation #3).

4. The minimum setback between structures and a section line of 75 feet (500.29.D.1) is hereby reduced to zero for section lines internal to this parcel, and reduced to 50 feet from section lines that are contiguous to the perimeter of this property (deviation #4).

5. The minimum setback between structures and half section lines of 60 feet (500.29.D.2) is hereby reduced to zero for half-section lines internal to this parcel, but no reduction is allowed from the 60-foot setback requirement from half-section lines that are contiguous to the perimeter of this property (deviation #5).

6. Draining, filling, or other alterations of soils subject to saltwater inundation or freshwater ponding shall be permitted (DSR C.1.b.4), to allow alteration of approximately 2.5 acres of wetlands provided that proper approvals are received from the Florida Department of Environmental Regulation, the United States Army Corps of Engineers, and mitigation is performed as set forth in the March 19, 1986 letter to Roger Clark from Higgins Engineering, Inc. (deviation #6).

7. There shall be at least one emergency ingress/egress point to Corlico Parkway. A full ingress/egress point will satisfy the requirement of this condition, and additional access points are permitted provided they comply with the Development Standard Regulations (or its successor) (deviation #7).

8. The alteration of artificial drainage ditches and natural creek areas (Wetlands Protection Ordinance, Section 5.02) is permitted provided that the requirements of condition 6. above are met (deviation #8).

9. No traffic relating to the construction of this development may use Broadway Boulevard, See See Street, or Tanglewood Lane.

10. The developer shall dedicate a 50-foot-wide strip of land parallel and adjacent to the northern property line for the proposed extension of Broadway. Credits for this dedication shall be in accordance with provisions of the Roads Impact Fee Ordinance and related Administrative Codes.

OFF REC 1886PG2649

11. The developer shall dedicate that part of the subject property located within 100 feet of the centerline of Corkscrew Road right-of-way for the purposes of widening that road. Credits for this dedication shall be in accordance with provisions of the Roads Impact Fee Ordinance and related Administrative Codes.

12. There shall be a 150-foot building setback from the centerline of Corkscrew Road, as set forth in Section 626.1.C.3. of the Zoning Regulations.

13. A 100-foot setback from the centerline of the proposed Corlico Parkway shall be provided, as set forth in Section 626.1.C.3 of the Zoning Regulations.

14. An 80-foot setback from the northern property line shall be provided, as set forth in Section 626.1.C.3 of the Zoning Regulations. The southerly 30 feet of this 80-foot setback area shall be a buffer and shall be landscaped with a type "D" buffer.

15. No variance has been requested from the perimeter setbacks in Section 626.1.C.1 of the zoning regulations, and therefore those setbacks shall apply.

16. Excluding the northern perimeter line, there shall be a 50-foot buffer area along the entire remaining perimeter of this parcel which shall be landscaped as set forth by the submitted buffer plan dated April 18, 1986, and stamped received April 21, 1986.

17. The perimeter buffer area shall be retained by the developer or remain in common ownership and may not be subdivided. The perimeter buffer area shall be landscaped prior to the beginning of construction in that area.

18. There shall be one person, company, corporation or association responsible for the maintenance of the perimeter buffer area, and the water management system.

19. The development shall be in general conformance with the master Concept Plan as revised on April 16, 1986, and received on April 21, 1986, except as modified by this resolution.

20. No uses other than those listed on the master Concept Plan and those uses which are clearly accessory to the listed uses shall be permitted.

21. The developer shall provide a program of education and information to the residential population describing the risks of environmental hazards, as well as the actions necessary to mitigate the dangers which these hazards present.

22. At the completion of development construction or each phase thereof, a development representative shall contact Lee County Emergency Medical Services to discuss the designation of emergency helicopter landing zones, and shall provide a site plan depicting the official street names and building addresses within the development and other pertinent information deemed necessary.

23. No on-site sewage treatment plant or septic tanks shall be allowed, unless an amendment to this zoning case is approved, except for temporary septic tanks for the sales office and golf course.

24. Any security gate or similar device that is not manned 24 hours per day must be provided with an over-ride switch in a glass-covered box, for use of emergency vehicles.

OFF REC 1886PG2650

25. The configuation of individual lots shall be at the discretion of the developer, provided that the minimum lot area for "Fairway Homes" shall be 7,000 square feet; the minimum lot area for "Patio Homes" shall be 5,000 square feet; the minimumlot area for "Village Homes" shall be 4,000 square feet; and the minimum lot area for "Manor Villas" shall be 3,500 square feet; and that each lot shall have a minimum of 30 feet of street frontage measured at the street setback line.

26. Stub-outs for piped water from Gulf Utility Company shall be made available as development occurs, as set forth by the water service stubs plan dated April 18, 1986 and stamped received April 21, 1986.

27. The first row of lots adjacent to the western and northern perimeter buffer shall be developed with single-family dwellings which shall not exceed one story in height.

28. The roads in this project shall not be maintained by Lee County.

29. This development shall not withdrawn water from the same aquifer that the residents in the immediate area are using, which is understood to be the ground water table and the Tamiami Aquifer.

30. No trees with a 4" d.b.h. (diameter at breast height) or greater shall be cut down in the buffer area along the western property line.

OFF REC 1886PG2651

Site plan SP-86-34 is attached hereto and incorporated herein by reference, as a reduced copy of the R.P.D. master Concept Plan.

The following findings of fact were made by the Board in connection with the R.P.D. zoning.

1. The proposed uses are appropriate at the subject location; and

2. The proposed development is consistent with the adopted Lee Plan, in that:

   (a) The land use change meets or exceeds the applicable performance and locational standards; and

   (b) Urban Services, as defined by the Lee Plan, will be available and adequate to serve the proposed land use change; and

   (c) The land use change complies with the densities and general uses set forth in the Lee Plan; and

   (d) The land use change will, with the above conditions, protect, conserve, or preserve environmentally-critical areas and natural resources; and

   (e) The land use change is compatible with existing or planned land uses, and would not cause damage, hazard, or nuisance, or other detriment to persons or property; and

   (f) The location of the proposed land use change does not place an undue burden upon existing transportation and other services and facilities and will be served by streets of a capacity sufficient to carry traffic generated by the development; and

3. Sufficient safeguards to the public interest are provided by the recommended conditions to the Concept Plan or by other applicable regulations; and

4. All recommended conditions are reasonably related to the impacts on the public's interest created by or expected from the proposed development.

OFF REC 1886 PG 2652

The following findings of fact were required in conjunction with the approved deviations:

1) The approved deviations in this instance enhance the achievement of the objectives of the planed development; and

2) The general intent of these regulations, to protect the public health, safety, and welfare, will be preserved and promoted.

The foregoing Resolution was adopted by the Lee County Board of County Commissioners upon a motion by Commissioner Eastwood, and seconded by Commissioner Slisher and, upon being put to a vote, was as follows:

Porter J. Goss	Aye
Roland Eastwood	Aye
Mary Ann Wallace	Nay
Bill Fussell	Aye
Donald D. Slisher	Aye

DULY PASSED AND ADOPTED this 21st day of April, A.D., 1986.

REC'D SECOND FLOOR

REZONING: DCI2007-00035
APPLICANT: ROBERT NELSON, in reference to VILLAGES AT COUNTRY CREEK REUSE STORAGE TANK
HEARING DATE: OCTOBER 25, 2007

I. APPLICATION:

This matter came before the Lee County Hearing Examiner as an Application for an Amendment to a Residential Planned Development (RPD) pursuant to the Lee County Land Development Code (LDC).

Filed by THE VILLAGES AT COUNTRY CREEK MASTER ASSOCIATION, INC., c/o ROBERT NELSON, 21131 Country Creek Drive, Estero, Florida 33928 (Applicant/Owner); SOURCE, INC., c/o JAMES P. ELLIOTT, 1334 Lafayette Street, Cape Coral, Florida 33904; VILLAGES AT COUNTRY CREEK, c/o JOSH K. MEREDITH, GENERAL MANAGER, 21131 Country Creek Drive, Estero, Florida 33928; and PAVESE LAW FIRM, c/o STEVEN C. HARTSELL, ESQUIRE 1833 Hendry Street, Fort Myers, Florida 33901 (Agents).

Request is for an Amendment to Zoning Resolution ZAB-86-034 (Villages at Country Creek) to allow for the construction of a Group II Essential Service Facility in the form of a 50-foot in diameter and 33-foot-high effluent (reuse) storage tank and pumping station.

The subject property is located at 20702 Country Barn Drive, Estero (South on Three Oaks Parkway from Alico Road, turn right on Laurel Oak Drive then right on Country Barn Drive North, travel approximately 900 feet. Tract J-5 is on the right just north of Calico Court in the Villages of Country Creek development), in Sections 34 and 27, Township 46 South, Range 25 East, Lee County, Florida (District #5).

II. STAFF REPORT AND RECOMMENDATION: APPROVAL WITH CONDITIONS

The Department of Community Development Staff Report was prepared by Chahram Badamtchian. The Staff Report is incorporated herein by this reference.

III. RECOMMENDATION OF HEARING EXAMINER:

The undersigned Lee County Hearing Examiner recommends that the Lee County Board of County Commissioners **APPROVE** the Applicant's request for to amend Zoning Resolution ZAB-86-034 to allow a Group II Essential Service Facility in the form of a 50-foot in diameter and 33-foot-high effluent (reuse) storage tank and pumping station for the real estate described in Section IX. Legal Description WITH THE FOLLOWING CONDITIONS AND DEVIATIONS:

A. CONDITIONS:

1. The development of this project must be consistent with the 7-page Master Concept Plan (MCP) entitled "Villages at Country Creek RPD Amendment" stamped received September 07, 2007, last revised September 7, 2007, except as modified by the conditions below. This development must comply with all requirements of the Lee County Land Development Code at time of local Development Order Approval, except as may be granted by deviation as part of this planned development. If changes to the Master Concept Plan are subsequently pursued, appropriate approvals will be necessary.

2. The following Limits apply to the project and uses:

a. Schedule of Uses

ALL USES LISTED IN THE ZONING RESOLUTION ZAB-86-034 ESSENTIAL SERVICES FACILITIES, GROUP II (REUSE STORAGE TANKS AND PUMP STATIONS) LIMITED TO TRACT J-5, UNIT 5.

b. Site Development Regulations

No change to the Site Development Regulations.

3. Environmental Conditions:

a. Prior to local Development Order Approval, all development order plans must delineate a minimum of 0.4 acres of open space on this 0.47-acre site.

b. The Master Concept Plan Landscape Plan must be revised to:

1) switch live oak with green buttonwood to depict fifty-one (51) green buttonwood (Conocarpus Erecta) twelve (12) feet height, three (3) inch caliper at 12 inches and twenty (20) live oak (Quercus Virginiana) sixteen (16) feet height, four (4) inch caliper at 12 inches; and

2) three (3) species of native shrubs to total five hundred and fifty (550) quantity, and will include; Wax Myrtle (Myrica cerifera), Firebush (Hamelia patens), and Fakahatchee (Tripsacum dactyloides).

c. Prior to Development Order approval, development order plans must include landscape plans signed and sealed by a landscape architect. The landscape plans must be in substantial compliance with Sheets 3-5 of the Master Concept Plan (MCP) stamped "RECEIVED SEP 07 2007" in terms of increased planting density and size. Division of Environmental Sciences staff may revise planting types, sizes, and density to insure buffer and landscape requirement are met and tree health and survivability is maintained.

4. The maximum height of the reuse storage tank shall be limited to (26-feet above grade) which shall be 32-feet from grade in compliance with Lee County Land Development Code Section 34-2171.

5. In order to reduce the visual impact of the reuse storage tank, it must be a dark shade of green (Specification: "Tank Exterior - Green Munsell 2.5 GY 2/2 with the Tank Interior - Blue Munsell 5 PB 2/4." These colors are part of the glass coating that is fused to the steel panels.

6. Landscaping must be in place prior to the issuance of a Certificate of Completion for the reuse tank and the pump station.

B. DEVIATIONS:

All previously approved deviations (1-8) approved by Resolution ZAB-86-034, as amended, remain in effect. In addition, the following deviation is requested for this amendment:

Deviation 9 requests relief from Lee County Land Development Code Section 10-416(5), which requires a Type "C" buffer, which includes an 8-foot-high solid wall, to allow for an enhanced landscape buffer with no wall. The Hearing Examiner recommends **APPROVAL** of this deviation, subject to Condition 6.

IV. HEARING EXAMINER DISCUSSION:

This is an application to amend Zoning Resolution ZAB-86-034 (Villages at Country Creek) to provide for the construction of a 33-foot-high, 50-foot diameter, high effluent storage tank and pumping station, a Group II Essential Service Facility. The Villages of Country Creek is an existing residential golf course development, which uses reclaimed water for irrigation, provided by Lee County Utilities. Previously, the reclaimed water was stored in a lake on the site. The Lee County Utilities Department has suspended reuse water services to the Villages at Country Creek. That Department has required that the Development provide two days capacity of irrigation water capacity in a tank. Reclaimed water will be available to the Development, upon completion of the facility. The originally approved zoning resolution does not include the storage tank, in the list of permitted uses. The result is, the subject request to amend the Master Concept Plan, by the addition of this use to the list of approved uses. The subject property is a Residential Plan Development, located in the Suburban Future Land Use Category of the Lee County Comprehensive Plan.[1]

The Amended Master Concept Plan, stamped received September 7, 2007 by Community Development, and attached hereto as **Exhibit B**, is the same as the original. The only addition is the reuse tank and associated pumps along, with landscaping of those portions of Tract J-5 of Unit 5, a part of the common areas of the development.

The subject tank and pumping area are located on the east side of the development, adjacent to Three Oaks Parkway. It is separated from the road right-of-way, by a 50-foot wide landscape buffer. South of the proposed tank is a large landscaped area and a local

---

[1] **Lee County Comprehensive Plan Policy 1.1.5:**

The Suburban areas are or will be predominantly residential areas that are either on the fringe of the Central Urban or Urban Community areas or in areas where it is appropriate to protect existing or emerging residential neighborhoods. These areas provide housing near the more urban areas but do not provide the full mix of land uses typical of urban areas. The standard residential densities are the same as the Urban Community category. Higher densities, commercial development greater than neighborhood centers, and industrial land uses are not permitted. Bonus densities are not allowed.

road. West of the site is Country Barn Drive, across from which is the community's golf course maintenance building. Finally, north of the site are some multifamily units in the Village of Country Creek, that abut this Tract.

In order to mitigate the negative visual impact of the tank structure, an enhanced landscape buffer will surround the tank. The tank structure will be painted dark green, and will blend with the heavily landscaped surroundings. Two elevations of the proposed landscaping are attached hereto as **Composite Exhibit C**. The Applicant's Project Engineer, Jim Elliot, testified that this is the only appropriate site, on the Applicant's common areas, where the tank could be located.

Several members of the public attend the hearing on this matter, and voiced opposition to the request. They were residents of the community across Three Oaks Parkway. They opposed the project because of the noise of pumps, and the height and looks of a tank across from their residences. The Hearing Examiner finds that the tank will be sufficiently buffered, from off-site view. Further, that noise from the pumps, if any, will not be heard over the traffic on Three Oaks Parkway.

This is a small community facilities site. It is required to provide 20% or 0.094 acres of open space pursuant to the Lee County Land Development Code. The Applicant proposes to provide 90% or 0.42 acres open space, exceeding the minimum requirement.

All deviations approved in Resolution ZAB-86-034, as amended, will remain in full force and effect. The Applicant has requested an additional deviation from Lee County Land Development Code Section 10-416(5). That section requires a Type "C" buffer, including an eight (8) foot high solid wall. The Applicant requests an enhanced landscape buffer, without the required wall.

The Applicant's proposed landscape plan contains more than double the amount of the required trees and shrubs. The height of the tank at 33-feet will not be buffered by an 8-foot high wall. The proposed landscape buffer contains larger trees and shrubs, than required by Code. It alone will provide a better visual buffer, than a regular Type "C" buffer. The Hearing Examiner is recommending approval of the deviation request.

This application does not seek a rezoning of the property. Though not required, the Applicant had a public informational meeting and presented the request to the Estero Community Planning Panel. That body endorsed the Applicant's request at its meeting held on April 9, 2007.

This development was approved in1986 and is a built-out. This amendment merely provides a reuse water storage tank, and related pumping facilities, to allow the irrigation of the golf course with treated water. This request will not change the density of the project. It is consistent with Policy 1.1.5 of the Lee County Comprehensive Plan (see Footnote 1).

The Lee County Comprehensive Plan speaks favorably about locating public utilities, and other uses and structures benefitting the public at large, in any land use category, and Planning Community Map Areas. The subject tank, while not a public utility facility, is intended to provide additional storage capacity to the reclaimed water storage of the County Utilities, and to prov ide irrigation water to this development's golf course and other

landscaped areas. The request is therefore consistent with Lee County Comprehensive Plan Policy 2.1.3.[2]

This amendment will have no negative impact on the road network, services or facilities in the area. The addition of this tank will benefit the County's sewer system, by allowing additional storage capacity for the treated water. This is consistent with Lee County Comprehensive Plan Policy 2.2.1.[3]

The site design of this reuse storage tank has taken into consideration the surrounding land uses. A large landscaped area with larger than required trees and shrubs and with more than double the amount of planting required by Code will protect the surrounding residential uses within the development and also properties surrounding this development. This is consistent with Policy 5.1.5. of the Lee County Comprehensive Plan.[4]

The Application is also in compliance and consistent with Lee County Comprehensive Plan Policy 19.5.3.[5]

The undersigned Hearing Examiner finds that the requested amendment to Zoning Resolution ZAB-86-034, meets the criteria necessary for approval, including consistency with the Lee County Comprehensive Plan and Lee County Land Development Code. The requested zoning district is compatible with neighboring properties. Consequently, this

---

[2] **Lee County Comprehensive Plan Policy 2.1.3:**

All land use categories and Planning Community Map areas permit the consideration of churches and schools (except in Wetlands and Airport Noise Zones), public uses and buildings, public utilities and resource recovery facilities, public recreational uses (including franchised quasi-commercial uses in conjunction with a public use), and sites for compatible public facilities when consistent with the goals, objectives, policies, and standards in this plan and applicable zoning and development regulations.

[3] **Lee County Comprehensive Plan Policy 2.2.1:**

Rezonings and development-of-regional-impact proposals will be evaluated as to the availability and proximity of the road network; central sewer and water lines; community facilities and services such as schools, EMS, fire and police protection, and other public facilities; compatibility with surrounding land uses; and any other relevant facts affecting the public health, safety, and welfare.

[4] **Lee County Comprehensive Plan Policy 5.1.5:**

Protect existing and future residential areas from any encroachment of uses that are potentially destructive to the character and integrity of the residential environment. Requests for conventional rezonings will be denied in the event that the buffers provided in Chapter 10 of the Land Development Code are not adequate to address potentially incompatible uses in a satisfactory manner. If such uses are proposed in the form of a planned development or special exception and generally applicable development regulations are deemed to be inadequate, conditions will be attached to minimize or eliminate the potential impacts or, where no adequate conditions can be devised, the application will be denied altogether. The Land Development Code will continue to require appropriate buffers for new developments.

[5] **Lee County Comprehensive Plan Policy 19.5.3:**

The owner or agent for any Planned Development request within the Estero Planning Community must conduct one public informational session where the agent will provide a general overview of the project for any interested citizens. Lee County encourages zoning staff to participate in such public workshops. This meeting must be conducted before the application can be found sufficient. The applicant is fully responsible for providing the meeting space and providing security measures as needed. Subsequent to this meeting, the applicant must provide County staff with a meeting summary document that contains the following information: the date, time, and location of the meeting; a list of attendees; a summary of the concerns or issues that were raised at the meeting; and a proposal for how the applicant will respond to any issues that were raised.

Hearing Examiner recommends approval of the application. Finally, the undersigned Hearing Examiner also recommends approval of the requested deviations set forth herein. In compliance with Section 3.1 of Lee County Administrative Code AC-2-6, the undersigned Hearing Examiner conducted a site visit to the subject real property prior to issuing this recommendation.

V. FINDINGS AND CONCLUSIONS:

Based upon the Staff Report, the testimony and exhibits presented in connection with this matter, the undersigned Hearing Examiner makes the following findings and conclusions:

A. The Applicant has prove entitlement to this amendment by demonstrating compliance with the Lee County Comprehensive Plan, the Lee County Land Development Code, and other applicable codes and regulations.

B. The requested zoning amendment as conditioned:

1) meets or exceeds all performance and locational standards set forth for the potential uses allowed by the request;

2) is consistent with the densities, intensities and general uses set forth in the Lee County Comprehensive Plan;

3) is compatible with existing or planned uses in the surrounding area; and

4) will not adversely affect environmentally critical areas or natural resources.

C. Approval of the request will not place an undue burden upon existing transportation or planned infrastructure facilities and the site will be served by streets with the capacity to carry traffic generated by the development.

D. Urban services, as defined in the Lee County Comprehensive Plan, are available and adequate to serve the proposed land use.

E. The proposed use, as conditioned, is appropriate at the subject location.

F. The recommended conditions to the concept plan and other applicable regulations provide sufficient safeguards to the public interest.

G. The recommended conditions are reasonably related to the impacts on the public's interest created by or expected from the proposed development.

H. The additional deviation granted and as conditioned:

1) enhances the of the planned development; and

2) preserves and promotes the general intent of the Lee County Land Development Code to protect the public health, safety and welfare.

VII. PRESENTATION SUMMARY:

The Hearing Examiner announced the case for the record. He noted that there were members of the public present and asked the Assistant County Attorney to make a statement.

Rob Spickerman introduced himself for the record. He explained that he was an Assistant County Attorney, representing the Board of County Commissioners (BOCC). He was also present to ensure that the record in the case was complete.

He advised those who wished to participate in the hearing and those who wished to receive a copy of the Hearing Examiner's Recommendation to fill out one of the Pubic Participation Forms and submit it to the Hearing Examiner.

He explained that at the conclusion of Staff's presentation, the Hearing Examiner would open the floor to public participation. It was at that time that they would have an opportunity to address the Hearing Examiner from the podium in the front. They should state their names and addresses for the record, and if they resided or owned property in the area, they should explain to the Hearing Examiner where they lived in relation to the property.

The hearing would not be the final action on the matter. The Hearing Examiner's Recommendation would be considered by the Board of County Commissioners (BOCC) at a final public hearing in a few weeks. Those who wished to have their thoughts considered in the matter would need to speak before the Hearing Examiner and those who wished to speak before the Board of County Commissioners would need to speak before the Hearing Examiner.

At that point, Chahram Badamtchian from the Division of Zoning, Steve Hartsell, the attorney for the Applicant, with the Pavese Law Firm, Jim Elliott, the Applicant's representative, who was the engineer representing the Villages at Country Creek, and Josh Meredith, the General Manager at Villages at Country Creek, all introduced themselves for the record.

The Hearing Examiner explained that first the Applicant would give their presentation consisting of their witnesses and exhibits and each witness would be subject to examination by the County Staff and Assistant County Attorney. Following the completion of the Applicant's presentation, the County Staff, in a similar manner, would make a presentation, also accompanied by witnesses and exhibits. Those witnesses would be subject to examination by the Application or the Applicant's attorney. Following that, he would open up the public portion of the hearing. At that time, members of the public would be allowed to come forward to make statements with regard to the application. They could ask any questions. That would be the only time that the public could participate in the proceeding. After the public portion of the hearing, there might be rebuttal by the Applicant and/or Staff and then the hearing would end.

He asked that anyone with a cell phone or pager turn it off, so that they would not be interrupted during the proceeding. He reminded them that no food or drink was allowed in the hearing room except for water.

Florida Law required that everything said before the Hearing Examiner must be under oath. He asked them to give their names, addresses, and indicate whether they had taken an oath, when they came up to speak. At that time he placed all of the participants under oath.

Steve Hartsell, an attorney with Pavese Law Firm, introduced himself for the record. He was present on behalf of the Applicant, which was the homeowner's association for Villages at Country Creek. The application was for a reuse irrigation storage tank at Villages at Country Creek, which was located in south Lee County, adjacent to Three Oaks Parkway.

Mr. Hartsell explained that the subject property was a built-out golf course community. All of the owners were members of the golf course because it was a bundled community. He further explained that the golf course was a benefit and an amenity to each of the homeowners in that community. The waste water reuse irrigation for the golf course was a crucial and critical element of maintenance for the golf course.

Reuse irrigation had been an element of the golf course community since its inception, when it started with a lined pond used to hold the reuse water for irrigation. Subsequently,

regulations had changed. Apparently the pond itself either became too small or there were overflow problems, such that Lee County Utilities determined as part of an NPDES review and application for the County working with DEP that the pond was no longer suitable for reuse irrigation. Consequently, the County held up the reuse supply and required that the community obtain a reuse tank and have it installed.

He added that the tank was proposed to be located on Tract J-5, which was referenced on the site plan with a large "A" with a circle on it, on the eastern boundary of the community. He believed Tract J-5 was in Unit 5 of the Villages at Country Creek Plat. After hearing no objection, the site plan was admitted into evidence as Applicant's Exhibit 1.

Next, Mr. Hartsell referred to the Staff Report, Condition 2.a., under the Schedule of Uses, where he noticed it limited Essential Services Facilities, Group II (Reuse Storage Tanks and Pump Stations) to Tract J-5, Unit "4." He thought it should be Unit "5."

The Hearing Examiner asked if Staff knew whether or not it was Unit "5." Mr. Badamtchian thought the application indicated Unit "4."

Mr. Hartsell indicated that he would verify the information before the end of the hearing. He explained that J-5 was limited in the plat to golf course and drainage easement uses. The reuse application and the use was consistent with the plans for that particular tract of land.

He noted that Lee County had worked with Villages at County Creek and they very much appreciated that working relationship, and being able to continue to provide irrigation water for the community, during the pendency of this change that would allow for the tank. Reuse water had continued to be provided, but they were required to provide for this tank in order to continue that reuse irrigation. As he had pointed out, it was critical to the community and that was the reason they were before the Hearing Examiner.

Jim Elliott, the project engineer, with Source Engineering, and Josh Meredith, the General Manager for Villages at Country Creek were with Mr. Hartsell. Given the fact that this was an existing built-out planned development, they were not asking to rezone any of the property. They were simply requesting a change to the Master Concept Plan (MCP) and the additional Use that would allow for a reuse tank to be placed at that location.

They wouldn't go into all of the conditions for the community, because it was really limited to this particular site.

Next to speak was Jim Elliott, President of Source Incorporated, who introduced himself for the record and said he was representing the Applicant. The Hearing Examiner asked him for his address and whether or not he had taken an oath. Mr. Elliott's business address was 1334 Lafayette Street, Cape Coral, and he had taken an oath.

Mr. Hartsell asked Mr. Elliott if he had testified previously before the Lee County Hearing Examiner and if he had been qualified as an expert professional engineer in the State of Florida. He affirmed that he had. Mr. Hartsell asked him to quickly give his certifications for the Hearing Examiner. Mr. Elliott said he was a licensed professional engineer in the State of Florida and Illinois and he had been practicing in Lee County for 29 years. He was familiar with the Lee County Land Development Code (LDC) and the requirements of the Lee County Comprehensive Plan.

Mr. Hartsell submitted Mr. Elliott as an expert professional engineer. The Hearing Examiner noted that was a broad term and wanted to know what areas of engineering he was expert in. Mr. Elliott explained that their practice was in civil and sanitary engineering. After hearing no objection, Mr. Elliott was declared an expert witness in civil and sanitary engineering.

Mr. Elliott planned to repeat information given by Mr. Hartsell, however, he had more dates to include for background. He explained that Villages at Country Creek Golf Course Community Development was initially approved in 1986. Reclaimed water from the wastewater effluent from the Gulf Utility Company, Three Oaks Wastewater Treatment Facility was initiated in early 1990. Lee County Utilities took over the water and wastewater franchise from Gulf Utility Company, which had a predecessor, Gulf Environmental Services, in June 2003, at which time the reclaimed effluent water was stored at Villages at Country Creek in two lined storage lakes that were also utilized for storm water retention. They had a controlled overflow to the Estero River.

Due to Lee County Utilities and the Florida Department of Environmental Protection permitting issues, reclaimed water to Villages at Country Creek was suspended and could only be reinstated if Villages at Country Creek provided a minimum reuse storage volume in either an isolated lake or a tank.

The reuse storage volume was determined based on two days worth of irrigation demand for the golf course that was approximately 460,000 gallons. Since Villages at Country Creek was built-out, space was not available to use the alternate, which would be an isolated storage pond or lake. Therefore, the storage tank was considered the only alternative.

He explained that the tank location presented, was the most feasible, due to the proximity of the existing Lee County Utilities metering and control station, the reuse input to the project, and the master golf course irrigation piping control system. The proposed reuse storage tank was 50-foot in diameter and had a 33-foot sidewall height on the inside and a total volume of 491,535 gallons with a usable capacity of approximately 461,210 gallons with two feet of freeboard?

The storage tank was not included in the original Villages of Country Creek zoning application or Master Concept Plan, so the Applicant was requesting an amendment to include the reuse storage tank and an irrigation transfer pumping station as an approved use to the Villages of Country Creek Planned Development zoning.

Next, he referred to an exhibit, which was in color, to depict the enhanced landscaping that was required for the site. He pointed out the existing reuse and control station from Lee County Utilities, which was in close proximity. He also pointed out the metering station and the augmentation well.

Then he referred to a color exhibit showing what the enhanced landscaping would do to screen the tank or the facilities, which some people found to be an eyesore. He pointed out a photograph taken, looking from Country Barn Drive, which was a west elevation. Then he pointed out a photograph taken from Three Oaks Parkway, looking at an east elevation.
Mr. Hartsell asked if the height of the tank would be 26-feet above grade. Mr. Elliott confirmed that and said that they had finished grade and the tank would be set into the ground. He had another exhibit to show that. What would be visible would be 26 feet above finished grade.

Mr. Hartsell asked the Hearing Examiner if it would be helpful to submit the whole set of revised documents. The Hearing Examiner changed Applicant's Exhibit 1. It would now be the Master Concept Plan consisting of sheets 1-7, and it would be labeled "Applicant's Composite Exhibit 1." The west elevation would be admitted as Applicant's Exhibit 2 and the east elevation would be admitted as Applicant's Exhibit 3.

Next, Mr. Elliott referred to Sheet 7 of 7 of the Master Concept Plan. They had mentioned the 33-foot sidewall height, and three feet of that would be buried in the ground. There would be a finished grade, so the exposed tank on the outside would be 26 feet. That concluded his presentation.

Then, Mr. Hartsell asked Mr. Elliott to refer to sheet 2 of 7, of the Master Concept Plan, entitled Exhibit D-7-M-2. Then he asked Mr. Elliott to explain what was existing there already with regard to the equipment on the north side of that property. Mr. Elliott replied that on the north side of the tract there was an existing well that was an augmentation well for irrigation and it was in an area that was a concrete walled in area. Mr. Hartsell asked how high that concrete wall was. Mr. Elliott explained that it was bermed around so it was difficult to say. He thought it was an average of five to six feet. With that also, north, there was an existing reuse and metering control station that was currently owned by Lee County Utilities. It was originally owned by Gulf Utility Company.

Mr. Hartsell asked about the purpose of the existing augmentation well. Mr. Elliott explained that it was to provide a supplemental irrigation source and at this point it recharged the lake that was used for irrigation. Mr. Hartsell wanted to know if this would be the most likely location for the reuse storage tank, because of all of the existing equipment. Mr. Elliott confirmed that was correct.

Mr. Hartsell referred to sheet 3 of 7 of the Master Concept Plan and asked Mr. Elliott to briefly describe the extent of the vegetation. It was a relatively interesting site plan. Mr. Elliott had called it an "enhanced landscape plan," which was intended to shield the stark facilities of the tank and the pumping station.

Mr. Hartsell asked him to briefly give the heights of the initial vegetation provided there. Rather than give the species names, Mr. Elliott gave common names and explained that there would be 51 Green Buttonwood trees, 12-foot-high each, and 20 Live Oak trees added to what was on the tract now. They would start out 16-foot-high when planted, with 22 Slash Pines, starting out at 12-foot-high, and 35 Sabal Palms, 12- to18-foot high. Mr. Hartsell noted there would be more than 100 trees that would run from 12 to 18 feet in height planted on the roughly half-acre parcel as buffering and screening. Mr. Elliott confirmed that was correct.

Then Mr. Hartsell wanted to know what they would do in terms of the mid-story buffering three to four feet in height. Mr. Elliott explained that they had three different species of shrubs and a grass-type shrub. There would be 100 Wax Myrtles, which would be approximately 48 inches in height when planted. There would be 150 Firebush, 48- inches-high when planted, and 300 Fakahatchee, (a grass-type bush) approximately 48 inches in height, which would be the mid-story.

Mr. Hartsell noted that obviously the whole purpose of those plantings was to screen and buffer the reuse tank itself. Mr. Elliott confirmed that. Mr. Hartsell noted that the tank itself would be a dark green color and for the record, he asked if had the specifications for the

color. Mr. Elliott had a sample. It was a color that was fused into the glass lined steel of the proposed tank. The color sample chip was admitted into evidence as Applicant's Exhibit 4. He gave the specification for the record (green Munsell 2.5 GY 2/2).

Mr. Hartsell wanted to know if in Mr. Elliott's experience, if using the dark green color and the amount of vegetation that had been provided on the plans, was an extensive amount of buffering in terms of screening the tank. Mr. Elliott agreed it was an extensive amount of buffering for screening the tank.

Mr. Spickerman asked Mr. Elliott to discuss the reasons for the tank. He noted there were problems with the original pond and wanted Mr. Elliott to go into the background. Mr. Elliott referred to the NPDS Permit, which was a National Discharge Elimination Pollution Program that was delegated from the Federal Environmental Protection Agency (EPA). It meant that any project that had even an intermittent discharge to a waterbody (the Estero River in this case, which he thought was the east branch of the Estero River), would have extensive permitting involved in sampling and monitoring. The reuse was mixed with drainage water in the lined retention pond, and in high rainstorm events it discharged into that branch of the river. Those were the issues involved. EPA delegated the authority for that program to the State of Florida Department of Environmental Protection.

Mr. Hartsell asked Mr. Elliott about the deviation that had been requested. There was one deviation from the Lee County Land Development Code 10-416, which required a Type "C" buffer, which would normally include an eight-foot-high solid wall. In lieu of putting an eight-foot-high solid wall around the perimeter of the property, they were providing enhanced landscaping.

He asked Mr. Elliott, if in his expert opinion, the enhanced landscaping, to the degree that it had been provided was a greater buffering and protection than an eight-foot-high wall around the perimeter of the property. Mr. Elliott confirmed that. He thought the plan had four to five times more than the normal amount of buffering (trees and bushes). With a six-foot wall, the top of the tank would be seen and other features of that. The tank would be protected so that it was not a security issue. They had a chain link fence proposed for the pumping facilities, so a wall wouldn't serve any purpose other than screening the tank. They felt that the enhanced vegetation would certainly do a better job of screening the tank.

Mr. Hartsell asked if it was fair to characterize the tank itself as a wall-like structure and if what they had done was use all of the enhanced landscaping and vegetation to screen the wall of the tank, as opposed to putting up another wall. Mr. Elliott confirmed that was correct and noted that they had also selected that color because it blended very nicely with the landscaping and the color of the trees and shrubs.

Mr. Hartsell asked Mr. Elliott if in his expert opinion the request that had been provided with all of the backup material, met the requirements of the Lee County Land Development Code and the Lee County Comprehensive Plan. Mr. Elliott confirmed that was his opinion.

The Hearing Examiner asked if the construction of the tank was the only alternative they had to correct the problem that existed on the site. Mr. Elliott confirmed that. He explained that they had done a feasability study looking at trying to work within the existing lake and the costs of relocating all of the drainage pipe. They also considered the land that was not available from the build-out community. They felt this solution was the only option.

At that point, Mr. Hartsell referred to the Hearing Examiner's memorandum, which he had submitted to the Chahram Badamtchian and the County Attorney's Office. The conditions provided in the Staff Report were acceptable with the changes he noted in that memorandum.

He had also checked Condition 2 a, with regard to Tract J-5 being in Unit 5. He was correct. It was in Unit 5. He apologized for the error, as he was sure it was in the application. The Hearing Examiner noted that it was unit five and wanted to know if it was in the same location as was depicted on the Master Concept Plan. Mr. Hartsell confirmed that it was in the same location.

Mr. Hartsell added that under the environmental conditions, in Condition 3 it said: "Prior to Local Development Order approval, all Development Order plans must delineate a minimum of 0.4 acres of open space." He had suggested adding the words: "on this 0.47 acre site." Obviously, with the golf course, there was a lot of open space. He thought Staff intended for there to be 0.4 acres of open space. After being questioned by the Hearing Examiner, Staff indicated they had no objection.

In Condition 3 b of the Staff Report it said: "The Master Concept Plan Landscape Plan must be revised to: switch live oak with green buttonwood to depict fifty-one (51) green buttonwood (Conocarpus Erecta) twelve (12) feet height, three 'gallon' at 12 inches." They believed that it should have said "three-inch caliper," instead of "gallon." They also believed where it discussed the live oak, it should have read 16 feet in "height," with "four-inch caliper" at 12 inches.

Also, instead of proposing three "species," they were specifically showing those as Wax Myrtle, Firebush, and Fakahatchee. Condition 3 c had a typographical error.

He wanted Condition 4 to say that the maximum height of the reuse tank was limited to 26 feet "above finished grade, which was 32 feet" from "grade" in compliance with Lee County Land Development Code Section 34-2171. He wanted to make sure they were both measuring that 26-foot-height from the same location.

He wanted Condition 5 to say that in order to reduce the visual impacts of the tank, it must be a "dark shade of green" with that tank specification. The colors were part of the glass coating that was fused to the steel plates. He wanted to clarify that it was not actually being painted, rather, that was actually part of the construction of the tank.

Staff had no objection, however, Mr. Badamtchian added that in reference to Condition 4, there was a definition of "grade" in the Lee County Land Development Code, but "finished grade" was not really defined, so that was the reason he had only included "grade." He didn't have any real objection to it. It basically talked about grade and finished grade.

The Hearing Examiner asked Mr. Hartsell if he would have any objection to the change in the language of that, where it said "which is 32 feet," and instead have it read "which shall be 32 feet from grade." Mr. Hartsell had no objection. At that point, Mr. Spickerman asked if it would be better to have "the maximum height of the reuse storage tank shall be limited to 32 feet from grade," and then in parenthesis have the finished grade, because then they would get the Lee County Land Development Code requirement out in the actual sentence by flipping the two. The Hearing Examiner believed the Assistant County Attorney was correct.

He added that they would have it as "32 feet above grade," and then in parentheses "(26 feet above finished grade)."

Mr. Hartsell thought that was fine and trusted the Hearing Examiner's editorial judgement on how to word that. He explained that the original reference to "26 feet above finished grade," would be how much of the tank was exposed. They had committed that they would only expose 26 feet of it, but the County requirements did measure from grade according to that Lee County Land Development Code Section, and 26 feet exposed would be the same as 32 feet above that Section of the Code, so that was fine. That concluded his presentation. However, he wanted to reserve the right to speak in rebuttal to issues raised.

At that point, Chahram Badamtchian from the Division of Zoning introduced himself for the record. He asked to be recognized as an expert witness in the field of zoning and planning and land use issues. There were no objections and he was declared an expert witness in the fields indicated. He had taken an oath.

He began by noting that the request was basically to add a tank in the built-out development. It was a large development, with 283 acres. However, the amendment applied only to 0.47 acres of it. He also clarified that it was within Unit 5, not Unit 4.

The Future Land Use designation was Suburban. The Lee County Comprehensive Plan, under Policy 2.1.3, encouraged this type of structure, public use facilities, public utilities, and resource recovery facilities. It was in full compliance with the requirements of the Lee County Comprehensive Plan.

When they applied for this, Staff had some issues with the request. Their main issue was the compatibility with the properties to the north. There was a row of homes to the north of the site and it was really close to that. Beside that to the west, it was golf maintenance and to the east it was Three Oaks Parkway, and to the south there was a landscape tract.

He explained that they had several meetings with the Applicant to determine if they could find an alternative location for this. Unfortunately, they could not. Therefore, they tried to negotiate with them to lessen the impact of the tank to the residential units to the north.

One thing Staff had asked for, was that they move the irrigation pump station from the north, to the south of the tank. The original tank pump was in a certain location, and they moved it to the south. Therefore the tank itself, would act as a noise buffer for that. They had also asked them to enhance the landscaping, to the extent it was possible. Mr. Badamtchian believed they went a little bit too far. They were showing trees five feet apart (oak trees). That was the reason they had the condition saying that they should switch the buttonwood trees with oak trees, because buttonwoods were smaller trees and didnt' grow as big as oak trees, however, what they achieved with that was landscaping that had lower shrubs of medium height, and taller shrubs, and they hoped that within a year or two of planting, that would make the tank almost invisible. With the dark green color behind the leaves, they were hoping that it wouldn't be really intrusive and people wouldn't be bothered by looking at it.

As he said, it was not the best location, but it was the best they could come up with for this tank. They had also asked for one deviation so that they wouldn't have to build the wall around it. Staff agreed with that for the following reasons: the tank was 26 feet high and the wall they could build around it wouldn't be that far away from the tank. They felt that building

a wall just a few feet away from a 26-27-foot-high tank, would not serve any purpose, so they requested additional landscaping and that was what they got.

With that, Staff was comfortable in recommending approval of the request and they had a list of conditions that they wanted to have included in the resolution of the approval.

After hearing no objection, the Hearing Examiner admitted the two aerial photographs into the record. The larger one was labeled Staff's Exhibit 1 and the smaller aerial photograph was labeled Staff's Exhibit 2.

Mr. Hartsell referred to the Staff Report and the conditions and asked if Mr. Badamtchian was in agreement with the proposed revisions that he had submitted and they just went over. Mr. Badamtchian said yes.

Then the Hearing Examiner wanted to know how much noise was generated by the control station, which was moved to the south of the tank and controlled the irrigation to the golf course. Mr. Badamtchian said that was the pump for the irrigation and pumps did generate noise. He didn't live far from a pump himself. He explained that it could not be heard unless someone was really close to the pump. However, they didn't want the pump to be next to the homes, when instead it could be located behind it and far away from the residential units.

That ended Staff's presentation and there were no questions for Mr. Badamtchian at that time.

At that point, the Hearing Examiner opened the floor to the public. He explained that it was his job to issue a Recommendation to the Board of County Commissioners, who held a separate hearing on the Recommendation and members of the public were afforded the opportunity to speak before the Board of County Commissioners for a five minute period of time each. Really the only condition was that they must have made a presentation or spoken before the Hearing Examiner. If they didn't speak before him, they would not be afforded the opportunity to do so before the Board of County Commissioners. He asked them to take that into consideration.

He explained that they would be able to speak before him, if they had completed a Public Participation Form. When they came forward, they should give their name, address, and indicate whether or not they had taken an oath.

He began by calling forward those who had already completed a form. First to speak before him was William Lutz. Mr. Lutz introduced himself for the record and gave his address: 20894 Country Barn Drive, which was approximately five to six blocks from where the proposed tank was to be installed. He had been sworn in. The Hearing Examiner asked him to point out his residence on the site plan displayed, so that he could get an idea of the location in relation to the site. Mr. Lutz did so. It was south of the proposed tank location.

Mr. Lutz explained that he had been a resident of Country Creek for 17 years. He was presently the chairman of the Architectural Review Board. Their members had an opportunity to review the plans and drawings and what the effect would be on the community and with the residents. It was their Board's opinion that the location and the extensive landscaping would diminish the impact on the area. They didn't feel it would be an issue. As it had been stated, the trees would probably take a year or so to grow in. At that time, it would probably become nearly invisible.

It had also been pointed out that no other solution seemed to be reasonable or viable. The effluent water to the golf course, was as important to their community as tap water or electricity was to the homeowners. Without the ability to water their golf course, the property values of their homes would likely diminish. Therefore, they were hoping that the Board would look favorably upon their submission.

The Hearing Examiner asked if there were any questions for the witness. At which point, Mr. Hartsell asked Mr. Lutz, as Chairman of the Architectural Review Board, if he was familiar with how these plans had been presented to the Villages. Mr. Lutz explained that they had public meetings at the Villages of Country Creek, at which time they were displayed and they were also displayed in their lobby for a period of time at various times. Every person in the community had an opportunity to view the plans and drawings.

Mr. Hartsell wanted to know if they had an opportunity to view the plans and drawings during actual meetings where plans were presented and explained and input was taken. Mr. Lutz confirmed there were. He didn't recall the date of the meeting, but he was present at the meeting and it was almost a full house at that meeting with the residents. Questions were asked and answered by a gentleman he pointed out in the hearing.

Mr. Hartsell wanted to know then if there was extensive community advertisement about what was going on. Mr. Lutz said there was. There were no further questions for Mr. Lutz.

Next to speak was John Sackl. He introduced himself for the record and gave his address: 20880 Persimmon Place, in Estero, in the Villages of Country Creek. He had taken an oath. He explained that he was a resident there and that he was also on the Master Board. He pointed out his residence on the site plan.

He began by saying that he felt that they had, over the last year and a half, suffered because they had not received the reclaim water, which they needed for their golf course. They had looked at all of the alternatives that had been brought by their engineering and staff people and they felt that this was the only alternative that was acceptable to allow them to reclaim the water that they needed for irrigation of the golf course. So he was totally in favor of this, and they thought they had followed all of the procedures. They thought this was the only alternative available to them.

Mr. Hartsell asked him if he knew approximately how many homes were in the Villages of Country Creek. Mr. Sackl replied that there were 966 units, including 550 single-family homes and about 200 condominiums and about 200 villas. There were also approximately 50 manor homes.

Mr. Hartsell wanted to know out of that 966 units, how Mr. Sackl would describe the support for this proposal. Mr. Sackl said that based on the town meeting they had on the proposal, they found that the support was well received and they thought that the support from the residents there at the meeting, and others he had talked with, felt there was a need, and that all of the options had been reviewed thoroughly, based on what was available to them to reclaim the water.

Next to speak was Ann Morando. She introduced herself for the record. She lived at 20689 Country Barn Drive. She also owned 20687 Country Barn Drive. She had taken an oath. She pointed out where her properties were located on the exhibit. She was at the very first building at the end where the tank would be located. It was her understanding that the tank

would be on a plat of land that was very small and close to Three Oaks Parkway and Country Barn Drive. There was no room. It was very close to their building. She was concerned about safety during a hurricane disaster.

She wanted to know if the engineers had considered the safety factor in case of that scenario. She wanted to know if they would be safe from flooding if there was damage done to the tank.

She thought it was a very undesirable location since it was so close to their building. The resident right next to it had a well pumping station very near the door. She would say it was at least 100 feet. She said you could certainly hear the pumping during the day or evening. It was just as though as though you had a pump for your pool. Those living near any one of the several pools in their location could certainly be heard from around the pools or from the open lanais of the residences in the back areas.

She was also very concerned that the look would devalue for their properties. She was very proud to live in Country Creek. She had been there for six years. She saw the proposed tank as an eyesore. She didn't feel that trees alone would be able to cover it because of the close proximity to the buildings. She said they would still see it. It was quite large.

She was not aware there was also an irrigation pump or a well until she heard about it in the hearing. She wanted to know if it was there before, because in the past six months to one year, she remembered that when walking, she never did see that pump, but now she saw the enclosed area in the same location of where this tank would be placed if it was agreed upon. She was deeply concerned because she didn't feel that the pump or well was in that location before.

Two years previously when they had hurricane damage, she had several trees taken down. At that time a gentleman came to her and mentioned that her trees would be replaced. She didn't have his name with her. He also mentioned that they would be the first one when the tank went up. That made her feel very uncomfortable to think that she would have to negotiate to feel comfortable with the proposed tank, in order to get a tree replaced that she had previously and needed for two years.

She was very uncomfortable with the tank so close to their building. She felt the land they were proposing was too small. There was a maintenance location across the street from this location that was fenced in. They asked whether that location could be used. She thought they should make room there because of the safety of the people in her building. There were five units in that building right next to the tank area, and that was much too close. She didn't believe she saw those elderly residents present in the hearing. She understood they had illness in their family. She was present on their behalf as well as her own. She was adamant that they should look for a new location. This location was much too close to their homes and it would bring the value down and create an unsafe feeling.

She also thought that a wall was certainly necessary with Three Oaks Parkway along the back wall. They also had a highway being constructed. That alone, had given them deep concern that they needed more protection there as well. So they had many issues. She wasn't comfortable with it at all.

There were no questions for her at that time. The Hearing Examiner asked her to stay until the rebuttal period when the Applicant would come back and they would be answering some

of the questions she posed. Specifically, they would answer how long the existing pump facility had been there and the issue with regard to any danger from the tank.

The next person called was Diana Carbo. She introduced herself for the record and gave her address as 10201 South Golden Elm Drive, in Estero. That was the new development that was right across from where your proposed tank is at Copper Oaks Estates. It is located across Three Oaks Parkway. She was within 500 feet. She had received a letter. As a new homeowner, who had been there approximately 14 months, she was greatly concerned to receive this kind of a letter to know that some sort of a proposed tank was going to be going up. She had never had any indication or knowledge that something like this would go up in her back yard.

She said there were certain things going on with the widening of Three Oaks. Like the other lady said, a proposed tank like this, was very close to the homes, and not only there, but across the street from her bedroom windows and from her backyard, where it would be a constant eyesore. She knew they wanted to move the pump from the north to the south. There was a tremendous amount of noise that came from it. There was also noise coming from the road widening project, i.e. trucks. She believed the combined noise would impact the value of the homes that were in the proximity of that place and she wished they would find somewhere else to put it.

There were no questions for Ms. Carbo at that time.

Carl Evans was next to speak. He introduced himself for the record and gave his address as 20661 Country Barn Drive, about one quarter mile from the proposed tank. He had taken an oath. He pointed out his residence on the exhibit, north of the tank, along Three Oaks Parkway.

He referred to the aerial photograph and pointed out that there were quite a few residences close to the tank. He knew it was a given that they needed effluent water to maintain their golf course. There were two issues to be considered. Those were property values and the renderings. He said that any artist could draw a tree twenty-seven or thirty feet tall. He had lived there for nine years and hadn't seen a thirty-foot tree except for the Washington Palms on the property. The Royal Oaks and the Live Oaks didn't get that high. Sixteen-foot trees wouldn't grow fourteen feet in one year. The rendering was pretty, but not accurate. It was an ambitious program.

They needed water, but he wasn't sure about the plantings covering the view of the tank. He said that people who looked at the tank were going to reconsider whether they should buy at Country Creek because there was a water tank and a pump running near their property. There was an issue about coverage and property value. He agreed they needed the water and he didn't know of any other way that they could get it. However, there had to be more thought put into the operation.

There were no questions for him at that time. His wife was also present but would not be speaking.

The next person to speak was Ronald Reichert. He introduced himself for the record and said that he resided at 20950 Rivers Ford, Estero, which was in the Villages at Country Creek. He probably lived about one mile south of the proposed tank. He pointed out the area on the exhibit. He had been in Country Creek since 1995, and a full time resident for

about six years. In addition to be a resident, he was presently serving as Vice President of the Master Board of the Villages at Country Creek. He explained that their President, Bob Nelson, was still up north, or he would probably be standing up there instead of him.

Mr. Reichert said they wanted it to be known that the Master Board of Directors unanimously approved this project and location of the tank at the proposed site. The Hearing Examiner asked if the Board of Directors had voted and instructed him to come to the hearing and speak on their behalf. They had not. Then the Hearing Examiner wanted to know if they informally got together and instruct him. Mr. Reichert indicated that they had. They thought it would be appropriate for someone from the Board to speak, and since Mr. Nelson was not present, so he came. The Hearing Examiner wanted to know if the majority of the Board came to that conclusion and told him that. Mr. Reichert said there was no dissent whatsoever.

Continuing, Mr. Reichert said they would rather not be looking at an expenditure of approximately $500,000.00. However, they did need the water. Various other aspects or alternatives had been looked at and this seemed to be the best and the only one available to them. They needed the water and the beauty of Country Creek. They needed it to water their golf course, their private property, and their common areas. They had a beautiful community and water was needed to keep it that way. They urged the Hearing Examiner to recommend approval of this project to the Commissioners. There were no questions for him at that time.

Next to speak was Ray Pothier. He had not been sworn in and was placed under oath at that time. He introduced himself for the record and gave his address: 21034 Oxbow Bend, in Estero, in the Villages of Country Creek. He showed the location on the exhibit. He was also on the Board of Directors along with Mr. Reichert and Mr. Sackl and he concurred with all of Mr. Reichert's comments about the support of the Board and that it was presented well to the community. However, the County Attorney had asked a question earlier for clarification as to why they needed the tank in the first place, and Mr. Elliott answered that question, but he thought he left a little gap opening, that he wanted to expound upon.

Mr. Elliott had mentioned that on occasions of high rising water that the lakes that had been receiving the effluent water that would overflow. He said that had happened once probably eleven years ago. There had been an incident when the water was very high when there was a lot of water coming down the Caloosahatchee River and a lot of other incidents of pollution going into the aquifers that they were trying to protect. It was not a frequent occurrence.

He explained that at the moment they were about to get the effluent pumped into their lakes because they were into the dry season. The tank was not built and they didn't have the effluent. It had been turned off. The County had recently reconnected the new construction of effluent coming down Three Oaks Parkway, so it was right in the area where they planned to put in the tank. It was ready to be pumped in through the winter months and the dry months rather than taking it out of the aquifer, which was what they were all watering the golf course with currently. So there had been a solution to provide for the effluent to go back into their lakes.

He wondered if the Department of Environmental Protection (DEP) should check into whether or not Country Creek might present hazards and possibly contaminate the environment beyond their borders. He believed the north branch of the Estero River came close to their lakes.

He wanted to challenge whether or not they needed the tank in the first place. The Hearing Examiner advised him that was not the subject of the current hearing and that the only thing going before the Board of County Commissioners would be his Recommendation. Mr. Pothier wanted to know if that would be a vehicle for that argument to be presented. The Hearing Examiner told him no and added that the Assistant County Attorney might want to expound upon that, but the Board of County Commissioners's jurisdiction was limited to what he had heard.

Mr. Hartsell addressed Mr. Pothier and said that he could certainly appreciate why the Board would like to avoid the need to spend half a million dollars for the reuse tank. Mr. Pothier had mentioned that during the winter months that DEP had allowed for reuse water to be pumped into the ponds. He wanted to know if it was true that was just on an interim basis because of the imminent expectation that the reuse tank would be coming in. Mr. Pothier believed that was true. He added that there was a contingency on that extension up until June 1. Mr. Hartsell wanted to make sure that it did not appear in the record that the ponds really could be used, and that the reuse tank was not necessary. Mr. Pothier said the reuse tank was necessary.

Mr. Hartsell understood that he would like the ponds to be used rather than have the half million-dollar expense, however, what he didn't want was the record to incorrectly reflect that there was another option other than using the reuse tank. Mr. Pothier agreed he was correct and said that should not be a contingency. There were no other questions for Mr. Pothier.

Next to speak was Nat Carbo. His wife was Diana Carbo. They lived across the street from the proposed tank location. He thought it would be an eyesore to the community. He believed their property value would go down. This was the way he understood it. It would be different if it was something to enhance the property or improve the community. However, this was only to play golf. He said it was nice to have a nice green lawn, but their property value would go down. He knew for sure, because someone wanting to buy a house, wouldn't want to buy a house across the street from a tank like that.

Mr. Hartsell wanted to know if Mr. Carbo's property backed up directly to Three Oaks Parkway. Mr. Carbo said that it did. Mr. Hartsell wanted to know if his community had any kind of a wall. Mr. Carbo said they did have a wall behind his house, about four to six-feet-high. So there was a wall between his house and Three Oaks Parkway. Mr. Carbo said yes. However, he had a two-story house and he could look straight to the proposed tank location. Someone wanting to buy a house, would not buy his. They would buy somewhere else where they didn't have the eyesore across the street. Mr. Hartsell wondered if it was about 25 or 30 feet. Mr. Carbo said it was something like that. There were no more questions for Mr. Carbo.

Then, Ann Morando wanted to know if there were other possible locations within Country Creek that were better than the proposed location. The Hearing Examiner said he would ask that the Applicant address that in rebuttal. Although he believed they had already. She said that her concern was that directly across from where the tank would be there was a maintenance area. She said they told her there was no room. She asked why they couldn't make room and move some of the equipment and bring that up to them. The Hearing Examiner would have them discuss that in rebuttal.

She added that there was a cul-de-sac off of Candlewood, which was open land and was not exposed to any homes and would not be seen. She felt that was an excellent location for the water tank. The Hearing Examiner asked her to point out that location on the exhibit. She pointed out an area she believed was open space with trees surrounding it. She believed they could save the cost of planting more trees. The Hearing Examiner said it would be addressed in rebuttal.

There were no additional members of the public who wished to participate and the public session of the hearing was closed.

At that point, Jim Elliott, representing the Applicant came forward to speak. Mr. Hartsell asked him to address the questions that Ms. Morando raised, beginning with the issue her concern about safety with regard to the construction of the water tank. Mr. Elliott explained that the tank was designed by the center standard building code, which he believed was designed to sustain 125 mile-per-hour winds. He knew that the residences and structures around there were not designed for that new standard.

The irrigation supply would be cut off when they had high weather events, so there wouldn't be flow going to the tank, so he believed the flooding concern was very minimized.

He perceived that she was concerned that during storm events this could create an issue in the neighborhood with something falling apart or blowing apart or flooding.

Mr. Hartsell wanted to know if Mr. Elliott was familiar with the use of the reuse tanks throughout the state. Mr. Elliott said that he was familiar with their use primarily in Lee County. There was a very similarly colored tank at Kelly Greens, one in San Carlos Park, and three at Cross Creek Country Club golf course. There were quite a number of them and they had been there a long time. The ones at Cross Creek had been there more than 10 years. He didn't think there had been any problem with those, structurally.

Mr. Hartsell wanted to know if he was aware of any circumstances where there had been a catastrophic failure of a tank due to a storm or some kind of natural event that would somehow cause all of the water to immediately be released. He was not aware of any. In fact, he recalled there was a tank on Useppa, built of the same construction and when the hurricane came through, it didn't damage the tank at all.

Mr. Hartsell mentioned the question about noise. It had been testified that it was like the noise of a swimming pool pump or something going off and on. He wanted to know what would buffer that noise from the surrounding community. Mr. Elliott referred to what they had testified and shown on the exhibit, which was an existing augmentation pumping station. It would be very similar to that. That pumping station had been there since the late eighties. If the neighbors hadn't heard that noise, which was much closer to the residence than the proposed pumping station, then he didn't believe that there would be a noise issue. He said it should be very similar in noise characteristics.

They were living with the noise of the existing pump that was sitting there in the very northeast corner of the site. The proposed pumping station would be located south of the tank and would have less noise that what they were currently experiencing.

Mr. Elliott said they had looked at the common area and all around the maintenance pumping stations for possible tank locations. Referring to the exhibit, he pointed out the maintenance

compound. He thought they were referring to that. There was a 50-foot-tank. The area was totally utilized. There were housing units which he pointed out, and there was simply not enough room for it not to affect other neighbors if they were somewhere in the compound. So they looked at other areas and there wasn't enough room to have adequate buffers.

Mr. Hartsell noted that there was also a reference to Candlewood cul-de-sac. Mr. Elliott wasn't familiar with that location. If it was further away from the maintenance compound, then it would be very expensive to run pipes away from that and back to the irrigation source, which was really part of the maintenance compound.

Mr. Hartsell asked if they looked at other locations at Villages of Country Creek, in order to see if there were better locations with less impact on residences. He said they did, and found none. This was the best site they could find.

In a brief wrap-up, Mr. Hartsell said that he believed that they had heard from particularly the members of the Board representing the 966 residents of the community. He would say that for a change, it was a pleasure to be standing up there on behalf of the 966 residents of a community who were supporting an application like this, rather than facing 966 residents who were opposing an application.

He appreciated the concerns that had been expressed by Ms. Morando and Mr. and Mrs. Carbo with regard to their fear that visually a tank would detract from the community. He would submit to them that when they were looking at the proposed tank, in effect what they had was a relatively unobtrusive dark green wall. They knew it was a tank, but it was in essence a wall. As far as the height was concerned, it was essentially the same height as a two-story, single-family residence. Granted, it wasn't nearly as attractive as a two-story residence, which was the reason that the Board members had authorized an extensive amount of vegetation rather than simply complying with what the code required.

Rather than putting up a wall, which was what they had around the maintenance facility currently, the Board said they would put up extensive vegetation. Granted, it had been pointed out, that when the vegetation was installed, it would run 12 to 18 feet. It might be a year or two before it actually reached the maximum height. However, when they were thinking about it from the perspective of most of the members of the community, which was from the ground level, looking up at an 18 or a 20-foot-high tree, you were not likely to see the top of the 26-foot tank within a year or two. The extensive vegetation that would be provided would actually give benefit to the community and to the neighbors who were there. That area was relatively vacant currently, but it would look like a well-vegetated landscaped area.

Next he referred to property values. He would submit that the loss of property value if the golf course essentially became less functional because of the lack of irrigation, had a substantially greater impact to the community than whatever visual impact might come from putting a tank there. As Mr. Carbo pointed out, while it might be possible for them to look out their back window and see the top of the tank, he would submit that in the plans, Staff specifically required that this application be amended in order to expand the site that was being addressed into that 50-foot buffer along Three Oaks Parkway for the purpose of making sure that vegetation went all the way around the tank. Therefore, Mr. and Mrs. Carbo's view really was being addressed by the application with the extensive landscaping and buffering.

He referred to the application and noted there were a number of Comprehensive Plan policies that required development to use reuse irrigation water where it was available. Frankly, to deny the application and prevent the use of the reuse water so that they were forced to draw from the groundwater, would really be inconsistent with the Comprehensive Plan. He knew the community appreciated Lee County Utilities and DEP, who had been cooperative and had worked with them to the extent as Mr. Pothier pointed out. They were allowing on an interim basis for reuse water to be put into those ponds so that the golf course didn't die while they were trying to get the reuse tank up.

As far as he knew, they would like to avoid that half million-dollar cost. However, it was not a feasible regulatory response over a long period of time. So there was really no other option other than putting the reuse tank where it had been located. He submitted for the record the fact that there were only one or two objections out of 966 and that was indicative that this was really the best location that the Board was able to come up with.

He asked the Hearing Examiner to approve the application with the conditions they had discussed.

The Hearing Examiner asked if it was a gated community, to which it was determined it was not. He would conduct site visit and wanted the members of the public to be aware that he would actually go out and look at the property before he rendered his Recommendation in this case. The hearing was then closed.

VIII. OTHER PARTICIPANTS AND SUBMITTALS:

ADDITIONAL APPLICANT'S REPRESENTATIVES:

ADDITIONAL COUNTY STAFF:

1. Robert Spickerman, Assistant County Attorney, P. O. Box 398, Fort Myers, Florida 33902-0398

PUBLIC PARTICIPATION:

A. THE FOLLOWING PERSONS TESTIFIED OR SUBMITTED EVIDENCE FOR THE RECORD AT THE HEARING (SEE SECTION VII.):

For:

1. William Lutz, (Chairman of the Architectural Review Board) 20894 Country Barn Drive, Estero, Florida 33928

2. Ray Pothier, (Board member) 21034 Oxbow Bend, Estero, Florida 33928

3. Ronald L. Reichert, (Vice President of the Master Board) 20950 Rivers Ford, Estero, Florida 33928

4. John Sackl, (Board member) 20880 Persimmon Place, Estero, Flroida 33928

Against:

1. Diana Carbo, 10201 South Golden Elm Drive, Estero, Florida 33928

2. Nat Carbo, 10201 South Golden Elm Drive, Estero, Florida 33928

3. Ann Morando, P.O. Box 350, 20689 Country Barn Drive, Estero, Florida 33928

General:

1. Carl Evans, 20661 Country Barn Drive, Estero, Florida 33928

B. THE FOLLOWING PERSONS SUBMITTED A LETTER/COMMENT CARD, OR OTHERWISE REQUESTED A COPY OF THE HEARING EXAMINER RECOMMENDATION:

For: NONE

Against: NONE

General:

1. Marie Evans, 20661 Country Barn Drive, Estero, Florida 33928

IX. LEGAL DESCRIPTION:

See Exhibit A (scanned legal description).

X. UNAUTHORIZED COMMUNICATIONS:

Unauthorized communications shall include any direct or indirect communication in any form, whether written, verbal or graphic, with the Hearing Examiner, or the Hearing Examiner's staff, any individual County Commissioner or their executive assistant, by any person outside of a public hearing and not on the record concerning substantive issues in any proposed or pending matter relating to appeals, variances, rezonings, special exceptions, or any other matter assigned by statute, ordinance or administrative code to the Hearing Examiner for decision or recommendation. . . . [Administrative Code AC-2-5]

No person shall knowingly have or attempt to initiate an unauthorized communication with the Hearing Examiner or any county commissioner [or their staff]. . . . [Lee County Land Development Code Section 34-52(a)(1), emphasis added]

Any person who knowingly makes or attempts to initiate an unauthorized communication . . . [may] be subject to civil or criminal penalties which may include: [Section 34-52(b)(1), emphasis added]

Revocation, suspension or amendment of any permit variance, special exception or rezoning granted as a result of the Hearing Examiner action which is the subject of the unauthorized communication. [Lee County Land Development Code Section 34-52(b)(1)b.2.]; OR

A fine not exceeding $500.00 per offense, by imprisonment in the county jail for a term not exceeding 60 days, or by both such fine and imprisonment. [Lee County Land Development Code Section 1-5(c)]

XI. HEARING BEFORE LEE COUNTY BOARD OF COUNTY COMMISSIONERS:

A. This recommendation is made this 3RD day of January, 2008. Notice or copies will be forwarded to the offices of the Lee County Board of County Commissioners.

B. The original file and documents used at the hearing will remain in the care and custody of the Department of Community Development. The documents are available for examination and copying by all interested parties during normal business hours.

C. The Board of County Commissioners will hold a hearing at which they will consider the record made before the Hearing Examiner. The Department of Community Development will send written notice to all hearing participants of the date of this hearing before the Board of County Commissioners. Only participants, or their representatives, will be allowed to address the Board. The content of all statements by persons addressing the Board shall be strictly limited to the correctness of Findings of Fact or Conclusions of Law contained in the recommendation, or to allege the discovery of relevant new evidence which was not known by the speaker at the time of the earlier hearing before the Hearing Examiner and not otherwise disclosed in the record.

D. The original file containing the original documents used in the hearing before the Hearing Examiner will be brought by the Staff to the hearing before the Board of County Commissioners. Any or all of the documents in the file are available on request at any time to any County Commissioner.

XII. COPIES OF TESTIMONY AND TRANSCRIPTS:

A verbatim transcript of the testimony presented at the hearing can be purchased from the court reporting service under contract to the Hearing Examiner's Office. The original documents and file in connection with this matter are located at the Lee County Department of Community Development, 1500 Monroe Street, Fort Myers, Florida.

LEGAL DESCRIPTION
VILLAGES AT COUNTRY CREEK
Being a portion of Sections 27 & 34, Township 46 South, Range 25 East
Lee County, Florida

A parcel of land being a portion of Sections 27 and 34, Township 18 South, Range 26 East, Lee County, Florida being more particularly described as follows:

BEGINNING at the Northeast corner of Villages of Country Creek Unit One as recorded in Plat Book 39, Pages 74 through 85 of the public records of Lee County, Florida; thence S.01°19'05"E., 2,648.78 feet; thence N.89°49'37"W., 1,327.72 feet; thence S.01°14'06"E., 1,177.23 feet; thence S.89°45'18"W., 295.48 feet; thence S.00°14'42"E., 45.00 feet; thence S.89°45'16"W., 37.95 feet; thence S.89°36'59"W., 762.28 feet; thence S.86°45'18"W., 100.12 feet; thence S.89°37'00"W., 463.84 feet; thence N.01°06'59"W., 145.57 feet; thence N.88°53'04"E., 60.00 feet; thence N.01°06'56"W., 923.44 feet; thence continue N.01°06'56"W., 30 feet more or less to the waters of Estero River; thence Southwesterly 63 feet more or less along said waters; thence leaving said waters N.01°06'56"W., 37 feet more or less; thence continue N.01°06'56"W., 125.23 feet; thence N.89°49'37"W., 992.50 feet; thence N.00°37'50"W., 549.52 feet; thence, continue along said line, N.00°37'50"W., 2,010.91 feet; thence N.89°11'24"E., 1,635.39 feet; thence N.00°48'37"W., 20.00 feet; thence N.89°11'24"E., 2,310.86 feet to the **POINT OF BEGINNING**.

Containing 282.33 acres more or less.

Subject to easements, restrictions, reservations and rights-of-way of record.

Bearings are based on the West boundary line of Villages at Country Creek, Unit One, as recorded in Plat Book 39, Pages 74 through 85 of the Public Records of Lee County, Florida as being N.00°37'50"W.

SEE ATTACHED SKETCH.

ZONING DIVISION

STAFF REPORT

TYPE OF CASE: PLANNED DEVELOPMENT/DCI

CASE NUMBER: DCI2007-00035

HEARING EXAMINER DATE: OCTOBER 25, 2007

I. APPLICATION SUMMARY:

A. Applicant: Mr. Robert Nelson in reference to Villages at Country Creek Reuse Storage Tank

B. Request: Amend Zoning Resolution ZAB-86-034 (Villages at Country Creek) to allow for the construction of a Group II Essential Service Facility in the form of a 50 ft. in diameter and 33ft. high effluent (reuse) storage tank and pumping station.

C. Location: The subject property is located at 20702 Country Barn Drive, Estero (South on Three Oaks Pkwy. From Alico Rd. Turn right on Laurel Oak Dr. then right on Country Barn Dr. North. Travel approx. 900 ft. Tract J-5 is on the right just north of Calico Ct. in the Villages of Country Creek development), in Sections 34 and 27, Township 46 South, Range 25 East, Lee County, FL. (District #5)

D. Future Land Use Plan Designation, Current Zoning and Use of Subject Property:

The subject property is within the Suburban Land Use category and is currently zoned Residential Planned Development (RPD). This property is developed as a residential community of single-family, two-family attached, and multiple-family dwelling units.

E. Surrounding Land Use:

Existing Zoning & Land Use		Future Land Use Map
North:	Residential dwellings, zoned RPD	Suburban
East:	Golf course maintenance building, zoned RPD	Suburban
South:	Country Barn Drive and residential dwellings, zoned RPD	Suburban

West: Three Oaks Pkwy, then residential dwellings and vacant lots, zoned RPD, — Urban Community

F. Size of Property: 283 ± Acres (overall RPD).
Actual site to be developed: 0.47 ± Acres

II. RECOMMENDATION:

Staff recommends APPROVAL of the Applicant's request to amend Zoning Resolution ZAB-86-034 with the following conditions:

A. Conditions:

1. The development of this project must be consistent with the 7 page Master Concept Plan entitled "Villages of Country Creek PRD Amendment" stamped received September 07, 2007, last revised 9/ 07/ 07, except as modified by the conditions below. This development must comply with all requirements of the Lee County LDC at time of local Development Order Approval, except as may be granted by deviation as part of this planned development. If changes to the Master Concept Plan are subsequently pursued, appropriate approvals will be necessary.

2. The following Limits apply to the project and uses:

   a. Schedule of Uses

   -All uses listed in the Zoning Resolution ZAB-86-034
   -Essential Services Facilities, Group II (Reuse Storage Tanks and Pump Stations) limited to Tract J-5, Unit 4

   b. Site Development Regulations

   No change to the Site Development Regulations.

3. Environmental Conditions:

   a. Prior to local development order approval, all development order plans must delineate a minimum of 0.4 acres of open space.

   b. The Master Concept Plan Landscape Plan must be revised to:

   - switch live oak with green buttonwood to depict fifty-one (51) green buttonwood (Conocarpus Erecta) twelve (12) feet height, three (3) gallon at 12 inches and twenty (20) live oak (Quercus Virginiana) sixteen (16) feet, four (4) gallon at 12 inches; and

   - propose three (3) species of native shrubs to total five hundred and fifty (550) quantity.

c. Prior to development order approval, development order plans must include landscape plans singed and sealed by a landscape architect. The landscape plans must be in substantial compliance with Sheets 3-5 of the Master Concept Plan (MCP) stamped RECEIVED SEP 07 2007 in terms of increased planting density and size. Division of Environmental Sciences staff may revise planting types, sizes, and density to insure buffer and landscape requirement are met and tree health and survivability is maintained.

4. The maximum height of the reuse storage tank shall be limited to 26 feet from grade, in compliance with LDC Section 34-2171.

5. In order to reduce the visual impact of the reuse storage tank, it must be painted a darker shade of green, approved by Development Services at the time of Development Order approval.

6. Landscaping must be in place prior to the issuance of a Certificate of Completion for the reuse tank and the pump station.

B. Deviations

All previously approved deviations approve by Resolution ZAB-86-034, as amended, remain in effect. In addition the following deviation is requested for this amendment:

A deviation from LDC Section 10-416(5) requiring a Type "C" buffer, which includes an eight (8) foot high solid wall, to allow for an enhanced landscape buffer with no wall.

Staff recommends APPROVAL of this request subject to condition # 6 of the staff report. The applicant is proposing a landscape plan containing more than double the amount of the required trees and shrubs. Due to the size of the Tract and the height of the tank an 8 foot high wall will do little to visually buffer the proposed structures. The proposed landscape buffer contains larger trees and shrubs that required by Code and will provide a better visual buffer than a regular Type "C" buffer.

C. Findings and Conclusions:

Based upon an analysis of the application and the standards for approval of planned development rezonings, staff makes the following findings and conclusions:

1. The applicant has prove entitlement to this amendment by demonstrating compliance with the Lee Plan, the Land Development Code, and other applicable codes and regulations.

2. The requested zoning amendment as conditioned:

a) meets or exceeds all performance and locational standards set forth for the

potential uses allowed by the request;

b) is consistent with the densities, intensities and general uses set forth in the Lee Plan;

c) is compatible with existing or planned uses in the surrounding area; and

d) will not adversely affect environmentally critical areas or natural resources.

3. Approval of the request will not place an undue burden upon existing transportation or planned infrastructure facilities and the site will be served by streets with the capacity to carry traffic generated by the development.

4. Urban services, as defined in the Lee Plan, are available and adequate to serve the proposed land use.

5. The proposed use, as conditioned, is appropriate at the subject location.

6. The recommended conditions to the concept plan and other applicable requlations provide sufficient safeguards to the public interest.

7. The recommended conditions are reasonably related to the impacts on the public's interest created by or expected from the proposed development.

8. The additional deviation granted and as conditioned:

a) enhances the of the planned development; and

b) preserves and promotes the general intent of the LDC to protect the public health, safety and welfare.

III. BACKGROUND INFORMATION AND ANALYSIS:

Introduction/Synopsis

Villages of Country Creek is an existing residential golf course development approved in 1986. The development uses reclaimed water for irrigation provided by Lee County Utilities. In the past the reclaimed water was stored in a lake within the development. However, the Utilities Department has suspended reuse water services to the development and has stipulated that the development provide two days worth of storage of the irrigation water capacity in an isolated storage tank as a condition to reinstate reuse service. Since the approved DCI Resolution does not include the storage tank in the list of permitted uses, the applicant is requesting this amendment to add the use to the list of approved uses and depict the use on the Master Concept Plan.

Master Concept Plan

Master Concept Plan is the same as the originally approve one. The only difference is the addition of the reuse tank and associated pumps along with landscaping to the existing MCP. Tract J-5 of Unit 4, where the proposed tank and pumps will be installed, is a part of the common areas of the development.

Lee Plan Considerations

The subject property is located in the Suburban future land use category of the Lee Plan, which is described as follows:

POLICY 1.1.5: *The Suburban areas are or will be predominantly residential areas that are either on the fringe of the Central Urban or Urban Community areas or in areas where it is appropriate to protect existing or emerging residential neighborhoods. These areas provide housing near the more urban areas but do not provide the full mix of land uses typical of urban areas. The standard residential densities are the same as the Urban Community category. Higher densities, commercial development greater than neighborhood centers, and industrial land uses are not permitted. Bonus densities are not allowed. (Amended by Ordinance No. 94-30)*

This development was approved in the mid 1986 and is a built-out development. This amendment is just to add a reuse water storage tank and related pumping facilities to allow the irrigation of the golf course with treated water. This request will not change the density of the project.

POLICY 2.1.3: *All land use categories and Planning Community Map areas permit the consideration of churches and schools (except in Wetlands and Airport Noise Zones), public uses and buildings, public utilities and resource recovery facilities, public recreational uses (including franchised quasi-commercial uses in conjunction with a public use), and sites for compatible public facilities when consistent with the goals, objectives, policies, and standards in this plan and applicable zoning and development regulations. (Amended by Ordinance No. 94-30, 98-09)*

This policy speaks favorably about locating public utilities and other uses and structures benefitting the public at large in any land use category and Planning Community Map Areas. This tank, while not a public utility facility in a strict sense of the term, is intended to provide additional storage capacity to the reclaimed water storage of the County Utilities, and to provide irrigation water to this development's golf course and other landscaped areas.

POLICY 2.2.1: *Rezonings and development-of-regional-impact proposals will be evaluated as to the availability and proximity of the road network; central sewer and water lines; community facilities and services such as schools, EMS, fire and police protection, and other public facilities; compatibility with surrounding land uses; and any other relevant facts affecting the public health, safety, and welfare. (Amended by Ordinance No. 94-30, 00-22)*

This amendment will have no negative impact on road network or any other services and/or

facilities in the area. The addition of this tank will actually be beneficial to the County's sewer system by allowing additional storage capacity for the treated water.

POLICY 5.1.5: *Protect existing and future residential areas from any encroachment of uses that are potentially destructive to the character and integrity of the residential environment. Requests for conventional rezonings will be denied in the event that the buffers provided in Chapter 10 of the Land Development Code are not adequate to address potentially incompatible uses in a satisfactory manner. If such uses are proposed in the form of a planned development or special exception and generally applicable development regulations are deemed to be inadequate, conditions will be attached to minimize or eliminate the potential impacts or, where no adequate conditions can be devised, the application will be denied altogether. The Land Development Code will continue to require appropriate buffers for new developments. (Amended by Ordinance No. 94-30, 99-15, 00-22)*

The site design of this reuse storage tank has taken into consideration the surrounding land uses. A large landscaped area with larger than required trees and shrubs and with more than double the amount of planting required by Code will protect the surrounding residential uses within the development and also properties surrounding this development.

POLICY 19.5.3: *The owner or agent for any Planned Development request within the Estero Planning Community must conduct one public informational session where the agent will provide a general overview of the project for any interested citizens. Lee County encourages zoning staff to participate in such public workshops. This meeting must be conducted before the application can be found sufficient. The applicant is fully responsible for providing the meeting space and providing security measures as needed. Subsequent to this meeting, the applicant must provide County staff with a meeting summary document that contains the following information: the date, time, and location of the meeting; a list of attendees; a summary of the concerns or issues that were raised at the meeting; and a proposal for how the applicant will respond to any issues that were raised. (Added by Ordinance No. 02-05)*

This is not a request to rezone the property to RPD. The zoning is already in place. However, the applicant held a public informational meeting and presented the request to the Estero Community Planning Panel, and received the Panel's endorsement of the request. A summary of this meeting, which was held on April 9, 2007 is attached to this report as Attachment "E".

Neighborhood Compatibility

The area where the reuse water tank and pumping will be located is located on the east side of the approved planned development along Three Oaks Pkwy, and is separated from the road by a 50 foot wide landscape buffer. To the west, across from Country Barn Drive, this property abuts the golf course maintenance building. To the south of the proposed reuse water tank there is a large area with landscaping and a road. To the north, there are some multifamily units that are abutting this Tract. In order to mitigate the negative visual impact of the tank structure an enhanced landscape buffer will be provided around of it.

With the landscaping, as proposed, the tank structure, painted dark green, will blend in with it's heavily landscaped surroundings and will not negatively impact the area.

Environmental Issues

This is a small community facilities site and is required to provide 20 % or 0.094 acres (0.47 x .2) of open space per Land Development Code (LDC) Sec. 10-415(a). The applicant has proposes to provide 90% or 0.42 acres open space which exceeds the minimum LDC requirement.

IV. SUBJECT PROPERTY:

A. STRAP: The applicant indicates the STRAP numbers are: 34-46-25-05-000M0.00CE; 27-46-25-01-0000B.00CE

MASTER CONCEPT PLAN
NON PRFD
SHEET 4 OF 7

LANDSCAPE NOTES:

1. ALL TREES SHALL BE A MINIMUM OF TEN (10) FEET IN HEIGHT, WITH A 2" CALIPER (AT 12 INCHES ABOVE THE GROUND) AND A FOUR-FOOT SPREAD AT TIME OF PLANTING. IN THE CASE OF PALMS, EXCEPT DWARF SPECIES, THE REQUIRED MEASUREMENT SHALL HAVE A MINIMUM OF TEN (10) FEET OF CLEAR TRUNK. TREES HAVING AN AVERAGE MATURE SPREAD OR CROWN LESS THAN 20 FEET MAY BE SUBSTITUTED BY GROUPING THE SAME SO AS TO CREATE THE EQUIVALENT OF 20 FOOT CROWN SPREAD.

2. PALMS WHICH NORMALLY GROW WITH A SINGLE TRUNK AND OBTAIN A HEIGHT OF TWENTY (20) FEET MAY BE SUBSTITUTED FOR UP TO 25% OF THE REQUIRED NUMBER OF TREES. PALM TREES SHALL NOT BE USED AS PARKING CANOPY TREES.

3. WHERE TREES ARE LARGER THAN EIGHT (8) FEET, GUYS AND STAYS ARE TO BE PROVIDED AND INSTALLED.

4. SHRUBS SHALL BE A MINIMUM OF TWENTY-FOUR (24) INCHES IN HEIGHT AT PLANTING, THREE GALLON CONTAINER SIZE AND PLANTED 18-36" ON CENTER.

5. SODDING IS REQUIRED IN ALL UNPAVED AREAS WITHIN THE SITE BOUNDARIES UNLESS OTHER PLANTINGS ARE SPECIFIED. THE BALANCE OF LANDSCAPE AREAS SHALL BE SODDED WITH BAHIA OR ST. AUGUSTINE GRASS.

6. GRASS AREAS SHALL BE PLANTED IN SPECIES NORMALLY GROWN AS PERMANENT LAWNS IN LEE COUNTY.

7. ALL PLANTING AREAS ARE TO BE MULCHED WITH A MIN. 2" OF CLEAN MULCH. EACH TREE MUST HAVE A RING OF MULCH NO LESS THAN 24" INCHES BEYOND ITS TRUNK. THE USE OF CYPRESS MUCH IS STRONGLY DISCOURAGED.

8. ANY EXISTING TREE(S) THAT WILL BE CLAIMED FOR CREDIT MUST BE BARRICADED PRIOR TO CONSTRUCTION. BARRICADES SHALL BE PLACED AT FULL DRIPLINE OR SIX (6) FEET FROM TRUNK, WHICHEVER IS GREATER. BARRICADES SHALL CONSIST OF 2 x 2 POST SPACED FOUR OF FIVE FEET ON CENTER AND 1 x 2 CROSS PIECES.

9. PLANT MATERIALS USED SHALL CONFORM TO THE STANDARDS FOR FLORIDA NO. 1 OR BETTER AS GIVEN IN "GRADES AND STANDARDS FOR NURSERY PLANTS" PARTS I & II, FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES, TALLAHASSEE.

10. 100% OF THE TOTAL NUMBER OF TREES AND 50% OF THE TOTAL NUMBERS OF SHRUBS SHALL BE INDIGENOUS.

11. ALL TREES AND SHRUBS USED IN BUFFERS AND LANDSCAPING SHALL BE XERISCAPE VARIETIES. TREES ADJACENT TO WALKWAYS, BIKE PATHS, OR RIGHT-OF-WAYS MUST BE MAINTAINED WITH 8' OF CLEAR TRUNK.

12. EXOTIC SPECIES CURRENTLY LISTED IN THE LEE COUNTY DEVELOPMENT CODE PROHIBITED SHALL BE REMOVED FROM SITE. THIS REMOVAL SHALL BE MAINTAINED IN PERPETUITY. MECHANICAL REMOVAL OF THE LISTED SPECIES IS PROHIBITED IN INDIGENOUS AREAS. THE OWNER MUST MAINTAIN THE PARCEL FREE OF EXOTICS WITH AN APPROVED HERBICIDE TREATMENT. EXOTIC SPECIES TO BE REMOVED ARE: BRAZILIAN PEPPER, MELALEUCA, EARLEAF ACACIAC DOWNY ROSE MYRTLE, AUSTRALIAN PINE, AND TROPICAL SODA APPLE.

13. PROVIDE ADDITIONAL SHRUBS AS NECESSARY FOR CONTINUOUS HEDGE ALONG THE NORTH, WEST AND SOUTH PROPERTY LINES.

IRRIGATION NOTES:

1. IRRIGATION WATER SHALL BE PROVIDED BY THE EXISTING REUSE SYSTEM

2. IRRIGATION CONTRACTOR SHALL PROVIDE A SYSTEM THAT PROVIDES HEAD TO HEAD OR 100% COVERAGE WITH SPRAY HEAD OR OTHER APPROVED DEVICE OF ALL LANDSCAPE AREA.

3. THE SYSTEM SHALL BE OPERATED BY AN AUTOMATIC IRRIGATION CONTROLLER.

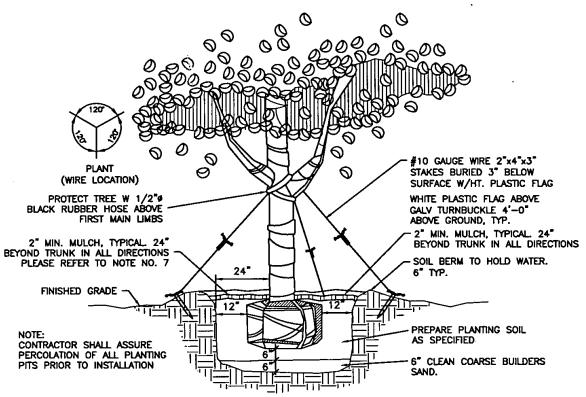

4. THE IRRIGATION SYSTEM SHALL HAVE A MOISTURE SENSOR DEVICE WHICH WILL PREVENT THE OPERATION OF THE SYSTEM DURING RAINY WEATHER AND WILL BE LOCATED SO AS TO RECEIVE DIRECT RAINFALL, NOT IMPEDED BY OTHER OBJECTS.

5. THE INSTALLATION OF THE SYSTEM SHALL BE IN ACCORDANCE WITH THE STANDARDS SET FORTH BY THE FLORIDA IRRIGATION SOCIETY.

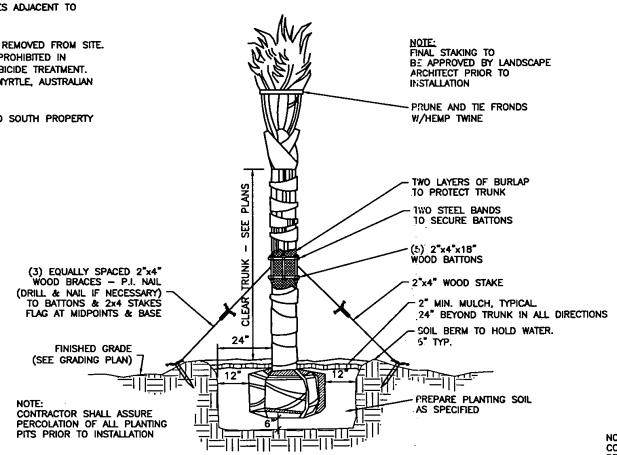

6. IRRIGATION CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING COVERAGE SO THAT THERE IS NO OVER SPRAY INTO NON-LANDSCAPE DESIGNATED AREAS.

7. WHERE POSSIBLE, PRACTICAL AND FEASIBLE IRRIGATION FOR TURFED AREAS SHALL BE ISOLATED OR SEPARATED FROM IRRIGATION FOR SHRUB OR GROUNDCOVER AREAS.

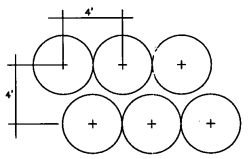

8. ALL LANDSCAPE ISLANDS WILL BE PROVIDED WITH IRRIGATION SOURCE THROUGH SLEEVES DENOTED ON SITE PLAN.

FILED

2197695

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS

OF LEE COUNTY, FLORIDA

RECORD VERIFIED - CHARLIE GREEN, CLERK
BY: H. FERNSTROM, D.C.

RECD 1988 FEB 04 1

WHEREAS, the Villages at Country Creek was the subject of an application for a district boundary change from AG to Residential Planned Development, to permit a residential development of 985 single and multi-family units, not to exceed 2 stories in height, on 283 acres of land. The proposed development would also include an executive golf course, other recreational facilities, and preserved natural areas.

NOTE:

If approved, the master Concept Plan would deviate from the following Lee County standards:

(1) Minimum excavation setbacks to a section line of 150 feet (500.4.D and 500.3.C), to 0 feet for internal section lines;
(2) Minimum excavation setbacks to a street right-of-way of 150 feet (500.4.D and 500.3.C), to 60 feet (measured at water's edge) and 30 feet (measured at the top of the bank);
(3) Maximum slope of excavation banks of 6:1 ratio to a water depth of 6 feet (500.4.E), to 6:1 ratio to 1 foot deep, 10:1 ratio from 1 to 2 feet, 4:1 ratio from 2 to 4 feet, and 2:1 ratio below 4 feet;
(4) Minimum setback between structures and a section line of 75 feet (500.29.D.1), to 0 feet for internal section lines;
(5) Minimum setback between structures and a half section line of 60 feet (500.29.D.2), to 0 feet for internal lines;
(6) No drainage, filling, or other alterations of soils subject to saltwater inundation or fresh water ponding shall be permitted without specific approval. (DSR C.1.b.4), to allow alteration of 3 small areas indicated on the Soil Survey of Lee County, Florida as having Pineda soils;
(7) Requirement that, where practical, a residential development larger than 5 acres shall provide 2 or more means of ingress or egress (DSR C.2.d.(4)), to allow a single, secured entrance on Corkscrew Road and 2 emergency entrances (break-away gates), one to Broadway and one to Corlico; and
(8) Prohibition on most development within designated "Transition Zones" (Wetlands Protection Ordinance, Section 5.02), to allow alteration of artificial drainage ditches and certain historic, natural creek areas as indicated on plans on file, with mitigation on acre-for-acre basis.

The subject property is located on the north side of Corkscrew Road, running approximately 1000 feet to the west and 650 feet to the east of the intersection of Corkscrew Road and River Ranch Road, described more particularly as:

ATTACHMENT C

LEGAL DESCRIPTION: In Sections 27 and 34, Township 46 South, Range 25 East, Lee County, Florida:

East 1/2 of Southwest 1/4 and the Southeast 1/4 of Section 27, Township 46 South, Range 25 East,

ALSO:

East 1/2 of East 1/2 of Northeast 1/4 of Northwest 1/4 and West 1/2 of Northwest 1/4 of Northeast 1/4 and East 1/2 of Northwest 1/4 of Northeast 1/4 of Section 34, Township 46 South, Range 25 East, Lee County, Florida, less that part deeded to State of Florida of Corkscrew Road right-of-way, recorded in O.R. Book 1129 at Page 1217, Public Records of Lee County, Florida. Also, less commencing at a concrete monument marking the southwest corner of East 1/2 of East 1/2 of Northeast 1/4 of Northwest 1/4, thence north along the west line of said East 1/2 of East 1/2 of Northeast 1/4 of Northwest 1/4 for 206.20 feet to Point of Beginning, thence East 60.00 feet, thence northerly to waters of Estero River, thence Southwesterly along said waters to a point bearing north of Point of Beginning, thence South 933.40 feet to Point of Beginning.

OFF REC 1886PG2648

WHEREAS, proper authorization has been given to Wilson, Miller, Barton, Soll and Peek, Inc., by Clayton R. Zehner, Vice President/Director of Villages of Country Creek and Walter James Smith, General Partner of Villages of Country, to act as agent to pursue this zoning application; and

WHEREAS, a public hearing was legally and properly advertised and held before the Lee County Zoning Board, with full consideration of all the evidence available to the Zoning Board; and

WHEREAS, the Lee County Zoning Board fully reviewed the matter and recommended denial of the requests, due to a tie vote on a motion for approval with conditions; and

WHEREAS, a public hearing was legally and properly advertised and held before the Lee County Board of County Commissioners; and

WHEREAS, in the legislative process the Lee County Board of County Commissioners gave full and complete consideration to the recommendations of the Staff, the Local Planning Agency, the Zoning Board, the documents on file with the County, and the testimony of all interested persons:

LEGISLATIVE HISTORY:

The Local Planning Agency found the request consistent with the Lee County Comprehensive Plan, but the Zoning Board was unable to obtain a majority vote on a motion to approve the request with conditions. County staff recommended approval of the request with numerous conditions. Considerable testimony both for and against the project was presented to the Zoning Appeals Board. The Board made the findings of fact listed below, and approved the district boundary change with the conditions enumerated herein.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS AS THE ZONING APPEALS BOARD, that the Zoning Appeals Board does hereby APPROVE R.P.D. zoning, subject to the following conditions:

1. The minimum excavation setback to a section line of 150 feet (500.4.D and 500.3.C) is hereby reduced to zero for section lines internal to this parcel, but no reduction is allowed from the 150-foot setback requirement from section lines that are contiguous to the perimeter of the property (deviation #1).

2. The minimum excavation setback to a street right-of-way of 150 feet (500.4.D and 500.3.C) is hereby changed to a minimum excavation setback to a right-of-way centerline of 160 feet for the lake shown on the master Concept Plan north of Corkscrew Road and west of the Corkscrew Road entrance only (deviation #2).

3. The maximum slope of excavation banks shall be a 6:1 ratio to a depth of 4 feet below control elevation; then between 4 feet and 6 feet below control elevation there shall be a maximum ratio of 4:1; and below 6 feet below control elevation there shall be a maximum ratio of 2:1 to 12 feet (deviation #3).

4. The minimum setback between structures and a section line of 75 feet (500.29.D.1) is hereby reduced to zero for section lines internal to this parcel, and reduced to 50 feet from section lines that are contiguous to the perimeter of this property (deviation #4).

5. The minimum setback between structures and half section lines of 60 feet (500.29.D.2) is hereby reduced to zero for half-section lines internal to this parcel, but no reduction is allowed from the 60-foot setback requirement from half-section lines that are contiguous to the perimeter of this property (deviation #5).

6. Draining, filling, or other alterations of soils subject to saltwater inundation or freshwater ponding shall be permitted (DSR C.1.b.4), to allow alteration of approximately 2.5 acres of wetlands provided that proper approvals are received from the Florida Department of Environmental Regulation, the United States Army Corps of Engineers, and mitigation is performed as set forth in the March 19, 1986 letter to Roger Clark from Higgins Engineering, Inc. (deviation #6).

7. There shall be at least one emergency ingress/egress point to Corlico Parkway. A full ingress/egress point will satisfy the requirement of this condition, and additional access points are permitted provided they comply with the Development Standard Regulations (or its successor) (deviation #7).

8. The alteration of artificial drainage ditches and natural creek areas (Wetlands Protection Ordinance, Section 5.02) is permitted provided that the requirements of condition 6. above are met (deviation #8).

9. No traffic relating to the construction of this development may use Broadway Boulevard, See See Street, or Tanglewood Lane.

10. The developer shall dedicate a 50-foot-wide strip of land parallel and adjacent to the northern property line for the proposed extension of Broadway. Credits for this dedication shall be in accordance with provisions of the Roads Impact Fee Ordinance and related Administrative Codes.

OFF REC 1886 PG 2604

11. The developer shall dedicate that part of the subject property located within 100 feet of the centerline of Corkscrew Road right-of-way for the purposes of widening that road. Credits for this dedication shall be in accordance with provisions of the Roads Impact Fee Ordinance and related Administrative Codes.

12. There shall be a 150-foot building setback from the centerline of Corkscrew Road, as set forth in Section 626.1.C.3. of the Zoning Regulations.

13. A 100-foot setback from the centerline of the proposed Corlico Parkway shall be provided, as set forth in Section 626.1.C.3 of the Zoning Regulations.

14. An 80-foot setback from the northern property line shall be provided, as set forth in Section 626.1.C.3 of the Zoning Regulations. The southerly 30 feet of this 80-foot setback area shall be a buffer and shall be landscaped with a type "D" buffer.

15. No variance has been requested from the perimeter setbacks in Section 626.1.C.1 of the zoning regulations, and therefore those setbacks shall apply.

16. Excluding the northern perimeter line, there shall be a 50-foot buffer area along the entire remaining perimeter of this parcel which shall be landscaped as set forth by the submitted buffer plan dated April 18, 1986, and stamped received April 21, 1986.

17. The perimeter buffer area shall be retained by the developer or remain in common ownership and may not be subdivided. The perimeter buffer area shall be landscaped prior to the beginning of construction in that area.

18. There shall be one person, company, corporation or association responsible for the maintenance of the perimeter buffer area, and the water management system.

19. The development shall be in general conformance with the master Concept Plan as revised on April 16, 1986, and received on April 21, 1986, except as modified by this resolution.

20. No uses other than those listed on the master Concept Plan and those uses which are clearly accessory to the listed uses shall be permitted.

21. The developer shall provide a program of education and information to the residential population describing the risks of environmental hazards, as well as the actions necessary to mitigate the dangers which these hazards present.

22. At the completion of development construction or each phase thereof, a development representative shall contact Lee County Emergency Medical Services to discuss the designation of emergency helicopter landing zones, and shall provide a site plan depicting the official street names and building addresses within the development and other pertinent information deemed necessary.

23. No on-site sewage treatment plant or septic tanks shall be allowed, unless an amendment to this zoning case is approved, except for temporary septic tanks for the sales office and golf course.

24. Any security gate or similar device that is not manned 24 hours per day must be provided with an over-ride switch in a glass-covered box, for use of emergency vehicles.

OFF REC 1886PG2650

25. The configuation of individual lots shall be at the discretion of the developer, provided that the minimum lot area for "Fairway Homes" shall be 7,000 square feet; the minimum lot area for "Patio Homes" shall be 5,000 square feet; the minimumlot area for "Village Homes" shall be 4,000 square feet; and the minimum lot area for "Manor Villas" shall be 3,500 square feet; and that each lot shall have a minimum of 30 feet of street frontage measured at the street setback line.

26. Stub-outs for piped water from Gulf Utility Company shall be made available as development occurs, as set forth by the water service stubs plan dated April 18, 1986 and stamped received April 21, 1986.

27. The first row of lots adjacent to the western and northern perimeter buffer shall be developed with single-family dwellings which shall not exceed one story in height.

28. The roads in this project shall not be maintained by Lee County.

29. This development shall not withdrawn water from the same aquifer that the residents in the immediate area are using, which is understood to be the ground water table and the Tamiami Aquifer.

30. No trees with a 4" d.b.h. (diameter at breast height) or greater shall be cut down in the buffer area along the western property line.

OFF REC 1886 PG 2651

Site plan SP-86-34 is attached hereto and incorporated herein by reference, as a reduced copy of the R.P.D. master Concept Plan.

The following findings of fact were made by the Board in connection with the R.P.D. zoning.

1. The proposed uses are appropriate at the subject location; and

2. The proposed development is consistent with the adopted Lee Plan, in that:

   (a) The land use change meets or exceeds the applicable performance and locational standards; and

   (b) Urban Services, as defined by the Lee Plan, will be available and adequate to serve the proposed land use change; and

   (c) The land use change complies with the densities and general uses set forth in the Lee Plan; and

   (d) The land use change will, with the above conditions, protect, conserve, or preserve environmentally-critical areas and natural resources; and

   (e) The land use change is compatible with existing or planned land uses, and would not cause damage, hazard, or nuisance, or other detriment to persons or property; and

   (f) The location of the proposed land use change does not place an undue burden upon existing transportation and other services and facilities and will be served by streets of a capacity sufficient to carry traffic generated by the development; and

3. Sufficient safeguards to the public interest are provided by the recommended conditions to the Concept Plan or by other applicable regulations; and

4. All recommended conditions are reasonably related to the impacts on the public's interest created by or expected from the proposed development.

OFF REC 1886 PG 2652

The following findings of fact were required in conjunction with the approved deviations:

1) The approved deviations in this instance enhance the achievement of the objectives of the planed development; and

2) The general intent of these regulations, to protect the public health, safety, and welfare, will be preserved and promoted.

The foregoing Resolution was adopted by the Lee County Board of County Commissioners upon a motion by Commissioner Eastwood, and seconded by Commissioner Slisher and, upon being put to a vote, was as follows:

RECORD VERIFIED - CHARLIE GREEN, CLERK
BY: H. FERNSTROM, D.C.

REC 1083 PG 3836

WHEREAS, Weiner Homes Corporation has properly filed an application on a project known as Villages at Country Creek for Amendment to a Residential Planned Development to modify the previously approved setbacks as follows:

a) Minimum rear setback of 10 feet for all type housing units (Manor Villas, Fairway Homes, Patio Homes) (Sections 500.1.B.1.a., 1984 Zoning Ordinance and 500.14.C., 1984 Zoning Ordinance):

Swimming pools, tennis courts, patios, decks and other similar non-roofed accessory structures or facilities shall be permitted up to the rear property line of individual lots except:

1. Where the rear property line abuts other lots, these accessory structures shall be permitted up to, but no closer than, five (5) feet from a rear property line.

2. Where the rear property line is within ten (10) feet of a natural or artificial body of water, the approval of these accessory structures up to the rear property line shall be subject to documentation by a licensed engineer indicating that the soils and banks will be stabilized and that no erosion will occur.

b) Minimum side setback of 7½ feet for Manor Villa units with patios and decks enclosed with open mesh screening (Sections 500.1.B.1.a., 1984 Zoning Ordinance and 500.14.C., 1984 Zoning Ordinance), to 5 feet;

c) Eliminate Conditions #10 and #14 of Resolution ZAB-86-34 which require that the developer shall dedicate a 50-foot-wide strip of land parallel and adjacent to the northern property line for the proposed extension of Broadway; and

d) Amend Condition #16 of Resolution ZAB 86-34 requiring:

16. There shall be a 50-foot Type "D" buffer area along the entire remaining perimeter of this parcel which shall be landscaped as set forth by the submitted buffer plan dated April 18, 1986, and stamped received April 21, 1986.

WHEREAS, the subject property is located on the north side of Corkscrew Road approximately 1,000 feet to the west and 650 feet to the east of Corkscrew Road and River Ranch Road, described more particularly as:

RESOLUTION NUMBER Z-89-095

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS

OF LEE COUNTY, FLORIDA

WHEREAS, Weiner Homes Corp., in reference to Villages at Country Creek has properly filed an application for an amendment of the Residential Planned Development (RPD) to deviate from the minimum setback requirement for a recreational facility [tennis court, from any street right-of-way of 30 feet (500.1.C.3.b.)], to 5 feet.; and

WHEREAS, the subject property is located on the west side of Country Creek Drive, Estero, described more particularly as:

LEGAL DESCRIPTION: In Section 27, Township 46 South, Range 25 East, Lee County, Florida:

A portion of Tract "U", Villages at Country Creek, Unit One, lying in Section 27, Township 46 South, Range 25 East, Lee County, Florida and recorded in Plat Book 39 at Pages 74 through 85 of the Public Records of Lee County, Florida, described as follows:

BEGINNING at the Northeast corner of said Tract "U";
THENCE run S.48°00'00"W. along the easterly line of said Tract "U" for 43.84 feet to a Point of Curvature;
THENCE run Southwesterly and Southerly along said Easterly line, along the arc of a curve to the left of radius 325.00 feet (delta angle of 37°07'22" - chord distance of 206.91 feet - chord bearing of S.29°26'20"W.) for 210.57 feet to an intersection with a line that lies parallel with and 380.00 feet North (as measured at right angles) of the South line of said Section 27;
THENCE run S.89°49'37"E. along said parallel line for 207.07 feet to the Northwesterly line of said Tract "U";
THENCE run N.47°00'00"E. along said Northwesterly line for 230.13 feet;
THENCE run N.69°00'00"E. along said Northwesterly line for 70.17 feet;
THENCE run N.76°00'00"E. along said Northwesterly line for 110.82 feet to the POINT OF BEGINNING.

Containing 0.634 acres.

SUBJECT TO a Utility Easement (10 feet wide) lying over and across the easterly 10 feet thereof.

ALSO SUBJECT TO any easements, restrictions, reservations or rights-of-way of record.

Bearings hereinabove mentioned are based on said Plat of Villages at Country Creek, Unit One.

WHEREAS, the applicant has indicated the property's current STRAP number is 27-46-25-01-0000B.0000; and

WHEREAS, proper authorization has been given to Wilson, Barton, Soll & Peek, Inc. by F. Richard Brunetti, President of Weiner Homes Corporation, to act as agent to pursue this zoning application; and

WHEREAS, a public hearing was legally and properly advertised and held before the Lee County Hearing Examiner, with full consideration of all the evidence available; and

WHEREAS, the Lee County Hearing Examiner fully reviewed the matter in a public hearing held on October 3, 1989; and

WHEREAS, a public hearing was legally and properly advertised and held before the Lee County Board of County Commissioners; and

WHEREAS, in the legislative process the Lee County Board of County Commissioners gave full and complete consideration to the recommendations of the staff, the Hearing Examiner, the documents on file with the county, and the testimony of all interested persons.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS, that the Board of County Commissioners does hereby APPROVE WITH CONDITIONS an amendment of the Residential Planned Development (RPD) to deviate from the minimum setback requirement for a recreational facility [tennis court, from any street right-of-way of 30 feet (500.1.C.3.b.)], to 5 feet.; and

This approval is subject to the following:

1. The chain link fence located on the east side of the tennis court shall be increased in height to equal the height of the existing back stops located at each end of the court.

2. A five (5) foot wide buffer with native plantings meeting type "B" specifications shall be installed between the tennis court and Country Creek Drive and shall be maintained perpetually by the developer or its successors-in-interest.

The following findings of fact were made in conjunction with the requested amendment to the Residential Planned Development:

A. That the real estate which is the subject of this request for an amendment is correctly described in the Legal Description.

B. That the approval of the requested amendment does not alter the compliance of the existing Residential Planned Development with the requirements of the Zoning Ordinance nor is the requested amendment, in and of itself, inconsistent with any of the requirements of the Zoning Ordinance or Lee Plan which would be imposed on the project if it sought approval in its entirety today.

C. That it is clear that the public interest will best be served by granting the requested amendment to the existing Residential Planned Development.

The foregoing Resolution was adopted by the Lee County Board of County Commissioners upon a motion by Commissioner Ray Judah, and seconded by Commissioner John E. Manning and, upon being put to a vote, the result was as follows:

John E. Manning	AYE
Charles L. Bigelow, Jr.	ABSENT
Ray Judah	AYE
Bill Fussell	AYE
Donald D. Slisher	ABSENT

ADMINISTRATIVE APPROVAL
AMENDMENT
LEE COUNTY, FLORIDA

WHEREAS, U.S. Home Corporation, acting as agent for C.S. Townhome Corporation, has filed an application for administrative approval of an amendment to a Residential Planned Development on a project known as Villages at Country Creek for property located at 20790 Country Creek Drive, Estero, described more particularly as:

LEGAL DESCRIPTION: In Section 27, Township 46 South, Range 25 East, Lee County, Florida:

A tract or parcel of land lying in Section 27, Township 46 South, Range 25 East, being part of tracts A, B, H, N, O, P, Q, R and S, according to the Plat of Villages at Country Creek Unit One Recorded in Plat Book 39 at Pages 74-85 and part of Country Creek Drive, according to the Plat of Villages at Country Creek Unit Three as Recorded in Plat Book 43 at Pages 12 thru 28 of the Public Records of Lee County, Florida, described as follows:

BEGIN at the East Quarter corner of said Section 27 also being the Northeast corner of Villages at Country Creek Unit One THENCE along the East line of said Section 27, S01°19'05"E 1,852.46 feet;
THENCE leaving said line Southwesterly 78.54 feet along the arc of a circular curve concave to the Northwest having a radius of 50.00 feet, through a central angle of 90°00'00" and being subtended by a chord which bears S43°40'55"W 70.71 feet;
THENCE S88°40'55"W 125.00 feet;
THENCE Northwesterly 93.49 feet along the arc of a circular curve concave to the Northeast having a radius of 277.28 feet through a central angle of 19°19'05" and being subtended by a chord which bears N81°39'32"W 93.05 feet;
THENCE N72°00'00"W 77.80 feet;

SUBJECT to any easements, restrictions, reservation or rights of way of record.

CONTAINING 57.49 acres more or less.

WHEREAS, the property was originally rezoned in hearing number 86-02-13-DCI [with subsequent amendments in hearing numbers 86-02-13-DCI(a), 86-02-13-DCI(b), 86-02-13-DCI(c), 86-02-13-DCI(d) and 86-02-13-DCI(e)]; and

WHEREAS, Lee County Ordinance 89-04 amends the Zoning Ordinance (Ordinance No. 86-17) to provide for certain administrative changes to planned development master concept plans and planned unit development final development plans; and

WHEREAS, Lee County Ordinance 94-07 amends the Development Standards Ordinance (Ordinance No. 82-42) to provide for certain administrative changes after rezoning has occurred; and

WHEREAS, specific conditions in a previous rezoning action resolution can only be amended through the public hearing process; and

WHEREAS, the subject application and plans have been reviewed by the Lee County Department of Community Development in accordance with applicable regulations for compliance with all terms of the administrative approval procedures.

NOW, THEREFORE, IT IS HEREBY DETERMINED that the application for administrative approval for an amendment to Residential Planned Development is PARTIALLY APPROVED.

Approval is subject to the following conditions:

1. Approval shall be granted for a change in product type mix to allow:
   single-family attached (maximum) 265 [from 83],
   single-family detached (maximum) 467 [from 180],
   multi-family detached (maximum) 467 [from 722],
   total units (maximum) 985 [same];

2. Three models (maximum) shall be allowed in tracts A, B, C, D and E on any lot in respective tract, subject to the proviso that the model units are for only the phase in which they are located and further, the model use shall cease and the models shall be converted to private residential uses immediately upon the sale of the last lot in that phase;

3. Approval shall be granted to adopt the table of Development Regulations for three product types called: Village Homes (Villas), Two Story, and Single Family (Patio Homes); and to establish a right-of-way setback for a Recreation Facility as follows:

Village Homes (Villas)	*	Minimum lot size 25' x 100' (internal lots)
	*	Minimum lot size 35' x 100' (external lots)
	*	0' side setback (internal lots only)
	*	20' setback between buildings
	*	25' water setback (control elevation) unless documented by an engineer
	*	10' setback from Golf Course (Rec Open space)
	*	20' setback from road (front and rear)
	*	15' side yard setback where side yard abuts a second road
Two Story	*	30' setback between buildings
	*	25' water setback (control elevation) unless documented by an engineer
	*	10' setback from Golf Course (Rec Open space)
	*	20' setback from road (front and rear)
Single Family (Patio Homes)	*	Minimum lot size 50' x 100'
	*	10' rear setback to adjacent parcel or lot
	*	20' setback from right-of-way (front and rear)
	*	0' setback from accessory strip from rear lot line when golf course or open space abuts
	*	10' setback from Golf Course (Rec Open space)
	*	15' side yard setback where side yard abuts a second road
	*	5' accessory setback from rear lot line when another lot abuts rear
	*	25' water setback (control elevation) unless documented by an engineer
Recreation Facility	*	15' setback from right-of-way in Tracts A, B, C, D and E

4. Approval shall be granted to allow a 0' setback from the buffer along the northern and eastern property boundary lines, but it is stipulated that the 0' setback is from the buffer that was required in Zoning Resolution ZAB-86-34, and not from any perimeter property line;

5. This action shall not provide relief from the requirement of Zoning Resolution ZAB-86-34, Condition 25 that states, "each lot shall have a minimum of 30 feet of street frontage measured at the street setback line" to permit a 25 foot minimum for the villas, except for the internal lots (25' x 100') as listed above;

6. This action shall provide relief from the requirement of Condition #27 of Zoning Resolution ZAB-86-34, to allow single-family attached or detached dwelling units along the northern perimeter of the property;

7. This action shall not provide relief from the provisions of 9.P.11.a. of the Development Standards Ordinance which requires cul-de-sacs to have a minimum pavement outside diameter of 90 feet, to allow on private streets serving not more than eight single family attached units either side of centerline a minimum right-of-way/easement diameter of 60' and a minimum pavement outside diameter of 50' with no center island provided. This condition shall not be construed to prevent the approval of an administrative DSO deviation to address this issue;

8. Approval is granted to move two golf course holes into the area designated as "Future Phase, Tract E";

9. Access for golf carts and maintenance equipment shall be provided to the area noted as "Future Phase Tract E" by a cart path on Lot 3, Block F-3, Unit 3, of the Villages at Country Creek. This path area shall be configured as described in the April 11, 1994, letter from U.S. Home Corporation to Mr. & Mrs. Randall E. Tatro, and as depicted on the Exhibit entitled, "Golf Cart Path Relocation Plan." Both are exhibits attached to this action and both are stamped, "Received 4/13/94 Zoning Counter."

10. This development shall conform to the one page Master Concept Plan entitled, "Villages at Country Creek RPD Amendment printed April 14, 1994" and stamped, "Received April 14, 1994 Zoning Counter;"

11. All other terms and conditions of the original resolution and amendments remain in full force and effect except as modified herein; and

12. Site Plan PD-94-008 is attached hereto and is incorporated herein by reference as a reduced copy of the Master Concept Plan.

DULY SIGNED this 22nd day of April, A.D., 1994.

Mr. & Mrs. Randall E. Tatro
20781 Country Walk Way
Bonita Springs, Florida 33928

Dear Mr. & Mrs. Tatro,

This letter is to confirm your support for our golf course redesign which includes a golf path between your home and the adjoining, now vacant, lot.

The attached plan represents what we intend to do regarding the cart path foot eassement for the path entirely on Lot 3. The path will be approximately six feet wide with the southern edge of the path approximately 8 feet from your lot line. A hedge will be planned on each side of the path. The hedge will consist of shrubs with six foot high oaks planted every fifteen feet on center. You will have an opportunity to review and approve the shrub selection prior to planting. The hedge will be irrigated, fertilized and maintained by the golf course to encourage thick and high growth. Our intent is to, as soon as possible, block the view of the carts between the homes.

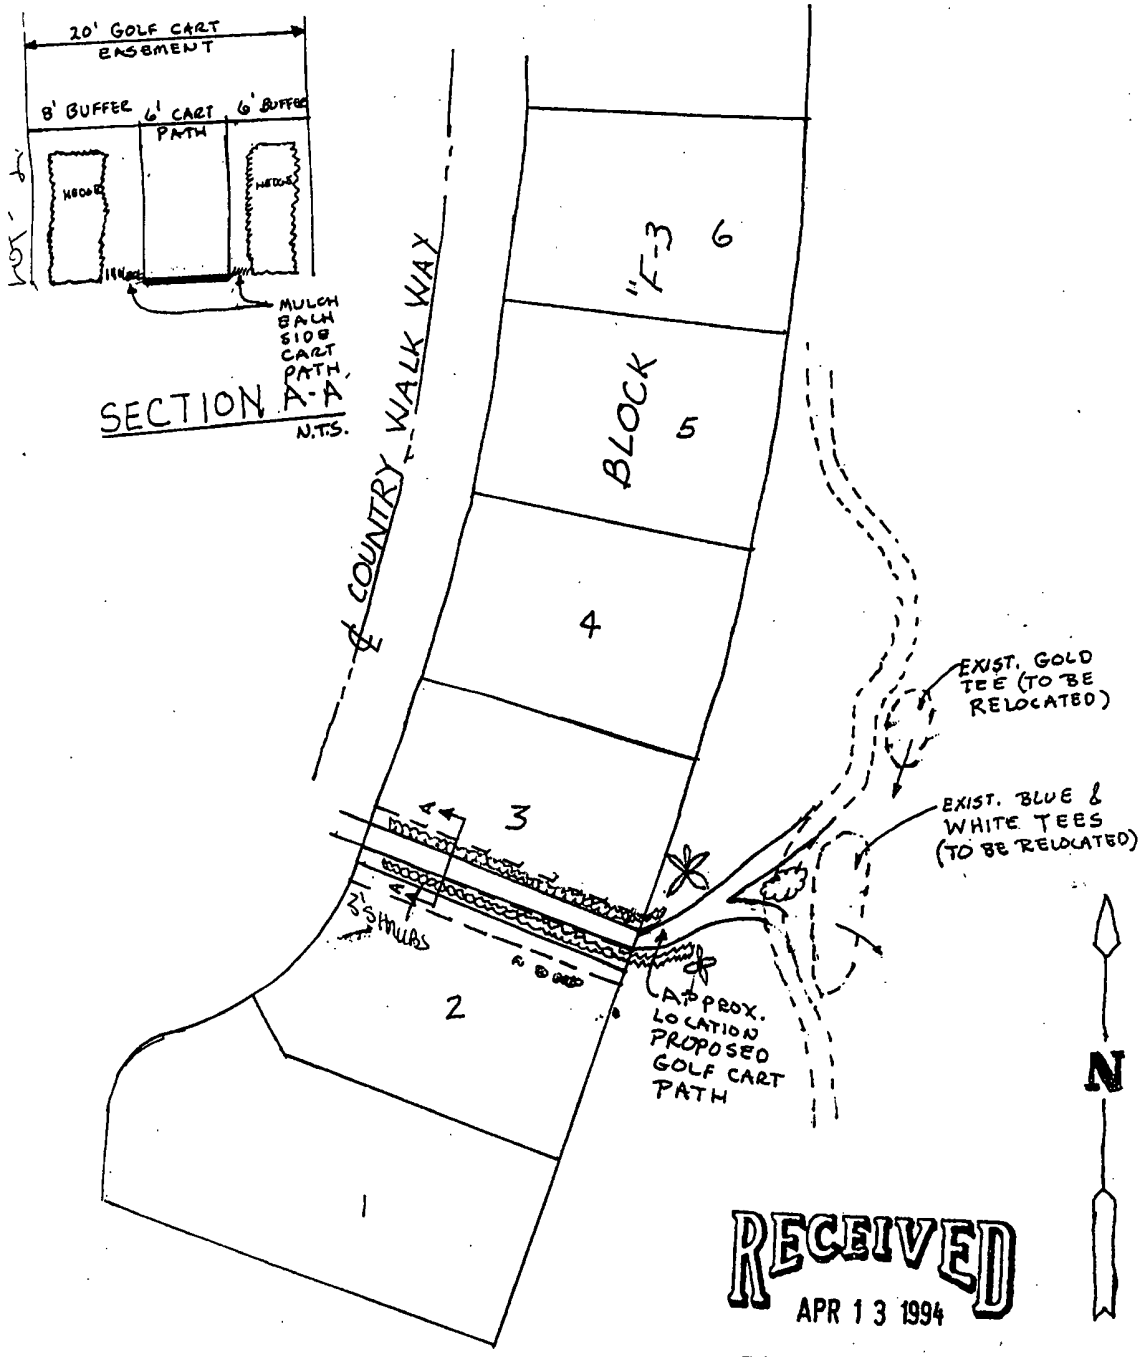

We are also in the process of redesigning the tees behind your home, attempting to reduce the number of errant shots that come toward your home.

As we discussed, we will probably need to move a palm tree and the North large net you have behind your home in order to put the cart path through. Three sabel palms of sufficient height will be planted near the rear lot line over a distance of thirty feet (30') and the net that was removed reinstalled.

If after six months (6) of full play from the new tees you feel safe from physical harm we will remove the nets.

This document and its attachments will be recorded within seven working days after your approval.

ADMINISTRATIVE APPROVAL AMENDMENT PD-94-029

ADMINISTRATIVE APPROVAL

AMENDMENT

LEE COUNTY, FLORIDA

WHEREAS, C.S. Townhome Corporation, represented by U.S. Home Corporation, has filed an application for administrative approval of an amendment to a Residential Planned Development on a project known as Villages at Country Creek for property located at 20790 Country Creek Drive, Estero, described more particularly as:

LEGAL DESCRIPTION: In Sections 27 and 34, Township 46 South, Range 25 East, Lee County, Florida:

In Sections 27 and 34, Township 46 South, Range 25 East, Lee County, Florida:
East Half (E½) of Southwest Quarter (SW¼) and the Southeast Quarter (SE¼) of Section 27, Township 46 South, Range 25 East.

ALSO:
East Half (E½) of East Half (E½) of Northeast Quarter (NE¼) of Northwest Quarter (NW¼) and West Half (W½) of Northwest Quarter (NW¼) of Northeast Quarter (NE¼) and East Half (E½) of Northwest Quarter (NW¼) of Northeast Quarter (NE¼) of Section 34, Township 46 South, Range 25 East, Lee County, Florida.

LESS:
That part deeded to State of Florida of Corkscrew Road right-of-way, recorded in Official Records Book 1129 at Page 1217, Public Records of Lee County, Florida.

ALSO LESS:
Commencing at a concrete monument marking the Southwest corner of East Half (E½) of East Half (E½) on Northeast Quarter (NE¼) of Northwest Quarter (NW¼);
THENCE North along the West line of said East Half (E½) of East Half (E½) of Northeast Quarter (NE¼) of Northwest Quarter (NW¼) for 206.20 feet to POINT OF BEGINNING.
THENCE East 60.00 feet;
THENCE Northerly to waters of Estero River;
THENCE Southwesterly along said waters to a point bearing North of POINT OF BEGINNING;
THENCE South 933.40 feet to POINT OF BEGINNING.

WHEREAS, the property was originally rezoned in hearing number 86-02-13-DCI [with subsequent amendments in hearing numbers 86-02-13-DCI(a); 86-02-13-DCI(b); 86-02-13-DCI(c); 86-02-13-DCI(d); 86-02-13-DCI(e); and 86-02-13-DCI(f)]; and

WHEREAS, the Lee County Land Development Code provides for certain administrative changes to planned development master concept plans and planned unit development final development plans; and

WHEREAS, the applicant, C.S. Townhome Corporation, has requested this amendment to allow: 1) redistribution of the product types in Tracts C & D; and 2) a front setback of 15 feet rather than 25 feet required by Resolution ZAB-86-34 for lot 4, Block H, Unit 2 only; and

WHEREAS, the subject application and plans have been reviewed by the Lee County Department of Community Development in accordance with applicable regulations for compliance with all terms of the administrative approval procedures.

NOW, THEREFORE, IT IS HEREBY DETERMINED that the application for administrative approval for an amendment to the Villages at Country Creek Residential Planned Development to allow:

1) redistribution of the product types in tracts C & D; and
2) a front setback of 15 feet rather than 25 feet required by Resolution ZAB-86-34 for Lot 4, Block H, Unit 2 only is APPROVED.

Approval is subject to the following conditions:

1. Approval shall be granted for a change in product type mix to allow:

single family attached	(maximum)	265	[same],
single family detached	(maximum)	458	[from 467],
multi-family detached	(maximum)	262	[from 252],
total units	(maximum)	985	[same];

2. This development shall conform to the one page Master Concept Plan entitled, "Villages at County Creek RPD Amendment," printed September 23, 1994 and stamped, "Received September 26, 1994 Zoning Counter";

3. The terms and conditions of the original zoning resolution(s) remain in full force and effect; and

4. Site Plan PD-94-029 is attached hereto and is incorporated herein by reference as a reduced copy of the Master Concept Plan.

DULY SIGNED this 20th day of October, A.D., 1994.

STAFF REPORT
FROM
DEPARTMENT OF COMMUNITY DEVELOPMENT
DIVISION OF ENVIRONMENTAL SCIENCES

Date: October 4, 2007

To: Chahram Badamtchian, Senior Planner
From: Susie Derheimer, Environmental Planner
Phone: (239) 533-8158
E-mail: sderheimer@leegov.com

Project: Villages at Country Creek Storage/Pumping Facility
Case: DCI2007-00035
STRAP: 24-46-25-05-000M0.00CE

The Division of Environmental Sciences (ES) staff have reviewed the proposed Villages at Country Creek Storage and Pumping Facility amendment to a Planned Development and offer the following comments and recommended conditions:

VEGETATION:
The parcel has been previously cleared and contains an existing reuse monitoring/control station and augmentation well with landscaping. No indigenous vegetative communities existing on site.

OPEN SPACE:
This is a small community facilities site and is required to provide 20 % or 0.094 acres (0.47 x .2) of open space per Land Development Code (LDC) Sec. 10-415(a). The applicant has proposes to provide 90% or 0.42 acres open space which exceeds the minimum LDC requirement.

ES staff recommends the following condition to insure that the open space requirement is met:

Prior to local development order approval, all development order plans must delineate a minimum of 0.4 acres of open space.

LANDSCAPING:
The applicant submitted landscape plans Sheets 3-5 of the proposed Master Concept Plan (MCP) stamped RECEIVED SEP 07 2007. The plan proposes additional plantings above the LDC Section 10-416(d) requirements in order to address compatibility with the surrounding land uses. ES staff has concerns with the plan in terms of proposed planting types, sizes and densities.
1. The number and clustering of the live oak proposed on plan may not promote tree health and long term survival. ES recommend switching the quantity and locations with the Green Buttonwood.
2. The quantity of wax myrtle proposed on the plan may not promote shrub health and long term survival given the size proposed.

3. The density of trees proposed in a 15 foot wide area exceed the LDC recommended planting area of 10 trees per 100 linear feet within a minimum 15 foot width and may not promote tree health and long term survival.
4. The plans note that all existing sabal palm and unknown tree to be preserved or relocated on site. A site inspection performed by ES staff revealed that some of the unknown trees are carrotwood (*Cupianopsis anacardioides*) a species listed as invasive exotic and are required to be removed per LDC Section 10-420(h).
5. The elevations submitted on Sheets 5-6 of the MCP illustrate the site at tree maturity not at installation. Dense canopy spread and height will not provide visual buffering for years in the future.

ES staff recommends the following conditions to insure that the buffer and landscape requirements are met and tree health and survivability is maintained:

The Master Concept Plan Landscape Plan must be revised to:

- ***switch live oak with green buttonwood to depict fifty-one (51) green buttonwood (Conocarpus Erecta) twelve (12) feet height, three (3) gallon at 12 inches and twenty (20) live oak (Quercus Virginiana) sixteen (16) feet, four (4) gallon at 12 inches; and***

- ***propose three (3) species of native shrubs*** to ***total five hundred and fifty (550) quantity.***

Prior to development order approval, development order plans must include landscape plans singed and sealed by a landscape architect. The landscape plans must be in conceptual compliance with Sheets 3-5 of the Master Concept Plan (MCP) stamped RECEIVED SEP 07 2007 in terms of increased planting density and size. Division of Environmental Sciences staff may revise planting types, sizes, and density to insure buffer and landscape requirement are met and tree health and survivability is maintained.

VILLAGES AT COUNTRY CREEK
Amendment to a Built Planned Development for Reuse Storage Tank/Pumping Facility
STRAP #'s 34-46-25-05-000M0.00CE & 27-46-25-0000B.00CE

SUMMARY OF PUBLIC INFORMATIONAL SESSION
ESTERO COMMUNITY PLANNING PANEL PUBLIC MEETING #87

The planning meeting was held Monday, April 9, 2007 at the Estero Community Park beginning at 6:00 PM. First on the meeting agenda was the presentation of the proposed reuse storage tank and pumping station to be located within the Villages at Country Creek community, east of the existing golf course maintenance compound. Mr. Bob Nelson, President of the Villages at Country Creek Master Association, Inc., provided an introduction and overview of the project history including the regulatory issues with storage of effluent reuse storage as well as Lee County Utilities requirements. Plan exhibits including aerial photographs, storage tank site plan and landscape plan were presented to the Planning Panel. Discussions ensued relating to the landscape buffering, tank color, tank height and vegetation screening properties east of Three Oaks Parkway.

The Planning Panel endorsed the concept plan with the understanding that all residents within the Villages at Country Creek Development and properties surrounding site be notified of the RPD Amendment public hearings. Suggestions were made to include additional plantings within the existing 50 ft. buffer east of the proposed reuse storage tank and pump station parcel to enhance this buffer.

Select one application type only

_____ DRI (rezoning required)
_____ DCI-Major
_____ DCI-Minor
_____ DCI-Minor - Existing Development (1)
_____ DCI-Minor - Amendment to approved Master Concept Plan (2)
X Amendment to built Planned Development meeting DCI threshold (3)
_____ PRFPD in Private Recreational Facilities Overlay Area [(34-341(a)(2)]

DCI 2007-00035

Notes:

(1) Existing development. A development that has already been developed but does not conform to the regulations for a conventional district and is requesting a rezoning to a Planned Development classification. It will be reviewed in the same manner as a minor Planned Development except that a Traffic Impact Statement will not be required. [34-341(b)(2)d.1.]

(2) Amendments to approved Master Concept Plan. Application to amend an approved major or minor Master Concept Plan or its attendant documentation, or for the extension of a vacated Master Concept Plan originally approved prior to December 2, 1991 will be treated procedurally as minor Planned Developments. These applications will require only as much information, as deemed necessary by the Director, needed to describe the changes requested, to specify the incremental change in impacts expected from the amendment, and to detail the changes in development, environment and background (surrounding land use, traffic volumes, water, wastewater and other service availability, etc.), that have

occurred since the original application. [34-341(b)(2)d.2.]

(3) Amendments to built Planned Developments (PD). Any part or all of a Planned Development which is built may be the subject of an application for a variance or other approval covered by the provisions of the Lee County Land Development Code (LCLDC) wherein the subject property is the only part of the original Planned Development for which the approval is sought. If the subject property meets the threshold for a Development of County Impact (DCI), it will be reviewed in accordance with the provisions in the LCLDC which apply to Developments of County Impact. If the subject property is not a Development of County Impact, it will be reviewed in accordance with the provisions in the LCLDC which apply to conventional zoning districts. In either case, the applicant will be the owner of the subject property and the consent of the owners of the remainder of the original planned development will be unnecessary. However, these owners must be given notice of the application and other proceedings as if they were owners of property abutting the subject property regardless of their actual proximity to the subject property.

For purposes of this subsection, the term "built" means that all of the roads, utilities, buffering, open space, surface water management features and structures, common space, common amenities, common landscaping, gatehouses, entrance signs, entrance ways and other similar items identified as part of the final approved Master Concept Plan have been constructed and acknowledged by the County as complete. In the case of Residential Planned Developments or Mixed Developments which include residential structures, the term "built" does not mean that all residential structures must have been constructed on individual platted lots. [34-373(c)]

PART 3
RESIDENTIAL DEVELOPMENTS
PRELIMINARY DENSITY CALCULATIONS*

* Note: i. Complete only if living units are proposed in a Future Land Use Category.
ii. If more than one classification, calculations for each classification must be submitted.
iii. If wetlands are located on the property, density calculations are considered preliminary pending a wetlands jurisdictional determination.

A. Intensive Development Category					
1.	**Preliminary Standard Units**		**Maximum standard density**		**Units**
	a.	Total upland Acres (from Part 2, D.1.a.)		times 14 equals	
	b.	Total freshwater wetland Acres (from Part 2, D.1.b.)		times 14 equals	
	c	Preliminary Total Standard units (a. plus b.) (1)			
2.	**Maximum Permitted Units**		**Maximum permitted**		**Units**
	a.	Total upland Acres (from Part 2, D.1.a.)		times 18 equals	
3.	**Total allowed standard units (A.1.c. or A.2.a., whichever is less)**				
4.	**Bonus Units** (2)				
	a.	Low-moderate housing density:			
	b.	TDR units:			
	c.	Sub-total (A.4.a. plus A.4.b.)			
5.	**Total Permitted Units (A.3. plus A.4.c.):** (1)				

B. Central Urban Category					
1.	**Preliminary Standard Units**		**Maximum standard density**		**Units**
	a.	Total upland Acres (from Part 2, D.2.a.)		times 10 equals	
	b.	Total freshwater wetland Acres (from Part 2, D.2.b.)		times 10 equals	
	c.	Preliminary Total Standard units (a. plus b.) (1)			
2.	**Maximum Permitted Units**		**Maximum permitted**		**Units**
	a.	Total upland Acres (from Part 2, D.2.a.)		times 12.5 equals	
3.	**Total allowed standard units (B.1.c. or B.2.a., whichever is less)**				
4.	**Bonus Units** (2)				
	a.	Low-moderate housing density:			
	b.	TDR units:			
	c.	Sub-total (B.4.a. plus B.4.b.)			
5.	**Total Permitted Units (B.3. plus B.4.c.):** (1)				

Notes:
(1) Subject to revision if wetlands jurisdictional determination indicates a different acreage of wetlands.

(2) If low-moderate housing density credits or Transfer of Development Rights (TDRs) credits are included, attach the calculations and approvals hereto.

C. Urban Community Category					
1.	**Preliminary Standard Units**		**Maximum standard density**		**Units**
	a.	Total upland Acres (from Part 2, D.3.a.)		times 6 equals	
	b.	Total freshwater wetland Acres (from Part 2, D.3.b.)		times 6 equals	
	c.	Preliminary Total Standard units (a. plus b.) (1)			
2.	**Maximum Permitted Units**		**Maximum permitted**		**Units**
	a.	Total upland Acres (from Part 2, D.3.a.)		times 8 equals	
3.	**Total allowed standard units (C.1.c. or C.2.a, whichever is less)**				
4.	**Bonus Units** (2)				
	a.	Low-moderate housing density:			
	b.	TDR units:			
	c.	Sub-total (D.4.a. plus D.4.b.)			
5.	**Total Permitted Units (C.3. plus C.4.c.):** (1)				

Notes:
(1) Subject to revision if wetlands jurisdictional determination indicates a different acreage of wetlands.
(2) If Low-moderate housing density credits or Transfer of Development Rights (TDRs) credits are included, attach the calculations and approvals hereto.

D. Suburban Category					
1.	**Preliminary Standard Units**		**Maximum standard density**		**Units**
	a.	Total upland Acres (from Part 2, D.3.a.)		times 6 equals	
	b.	Total freshwater wetland Acres (from Part 2, D.3.b.)		times 6 equals	
	c.	Preliminary Total Standard units (a. plus b.) (1)			
2.	**Maximum Permitted Units**		**Maximum permitted**		**Units**
	a.	Total upland Acres (from Part 2, D.3.a.)		times 8 equals	
3.	**Total allowed standard units (D.1.c. or D.2.a., whichever is less)**				

E. Outlying Suburban Category					
1.	**Preliminary Standard Units**		**Maximum standard density**		**Units**
	a.	Total upland Acres (from Part 2, D.4.a.)		times 3 equals	
	b.	Total freshwater wetland Acres (from Part 2, D.4.b.)		times 3 equals	
	c.	Preliminary Total Standard units (a. plus b.) (1)			
2.	**Maximum Permitted Units**		**Maximum permitted**		**Units**
	a.	Total upland Acres (from Part 2, D.4.a.)		times 4 equals (1)	
3.	**Total allowed standard units (E.1.c. or E.2.a., whichever is less)**				

Notes:
(1) Outlying Suburban land located north of the Caloosahatchee River and east of Interstate-75, north of Pondella Road and south of Pine Island Road (SR 78), and in the Buckingham area (see Goal 19 of the LEE Plan): the maximum upland density is two (2) units per acre plus one (1) for a total of three (3) units per acre.

		Room Size	**Habitable Stories**	**Height**	**Number of Rental Units**	
E.1.		< 425 sq. ft.				Units
E.2.		426-725 sq. ft.				Units
E.3.		725 < sq. ft.				Units
E.4.		**TOTAL UNITS**				Units

PART 5
ENVIRONMENTAL ISSUES

A. **Topography:** Describe the range of surface elevations of the property:

The topography of the existing 12,596 sf site Tract J-5 ranges from a high of 21.56 NGVD to a low of 14.59 NGVD. The site was filled, bermed and landscaped as the Villages at Country Creek development improvements were completed for Unit Five.

B. **Sensitive Lands:** Identify any environmentally sensitive lands, including, but not limited to, wetlands (as defined in the LEE Plan Section XII), flowways, creek beds, sand dunes, other unique land forms [see LEE Plan Policy 77.1.1 (2)] or listed species occupied habitat [see LCLDC Section 10-473].

N/A

continued

C. **Preservation/Conservation of Natural Features**: Describe how the lands listed in PART 4.B. above will be protected by the completed project:

N/A

D. **Shoreline Stabilization:** If the project is located adjacent to navigable natural waters, describe the method of shoreline stabilization, if any, being proposed:

N/A

PART 6
SANITARY SEWER & POTABLE WATER FACILITIES

A. **Special Effluent**: If the discharge of any special effluent is anticipated, please specify what it is and what strategies will be used to deal with its' special characteristics:

N/A

B. **Private On-Site Facilities:** If a private on-site wastewater treatment and disposal facility is proposed, please provide a detailed description of the system including:

1. Method and degree of treatment:

2. Quality of the effluent:

3. Expected life of the facility:

4. Who will operate and maintain the internal collection and treatment facilities:

5. Receiving bodies or other means of effluent disposal:

continued

C. **Spray Irrigation:** If spray irrigation will be used, specify:

1. The location and approximate area of the spray fields:

2. Current water table conditions:

3. Proposed rate of application:

4. Back-up system capacity:

PART 7 - SUBMITTAL REQUIREMENTS

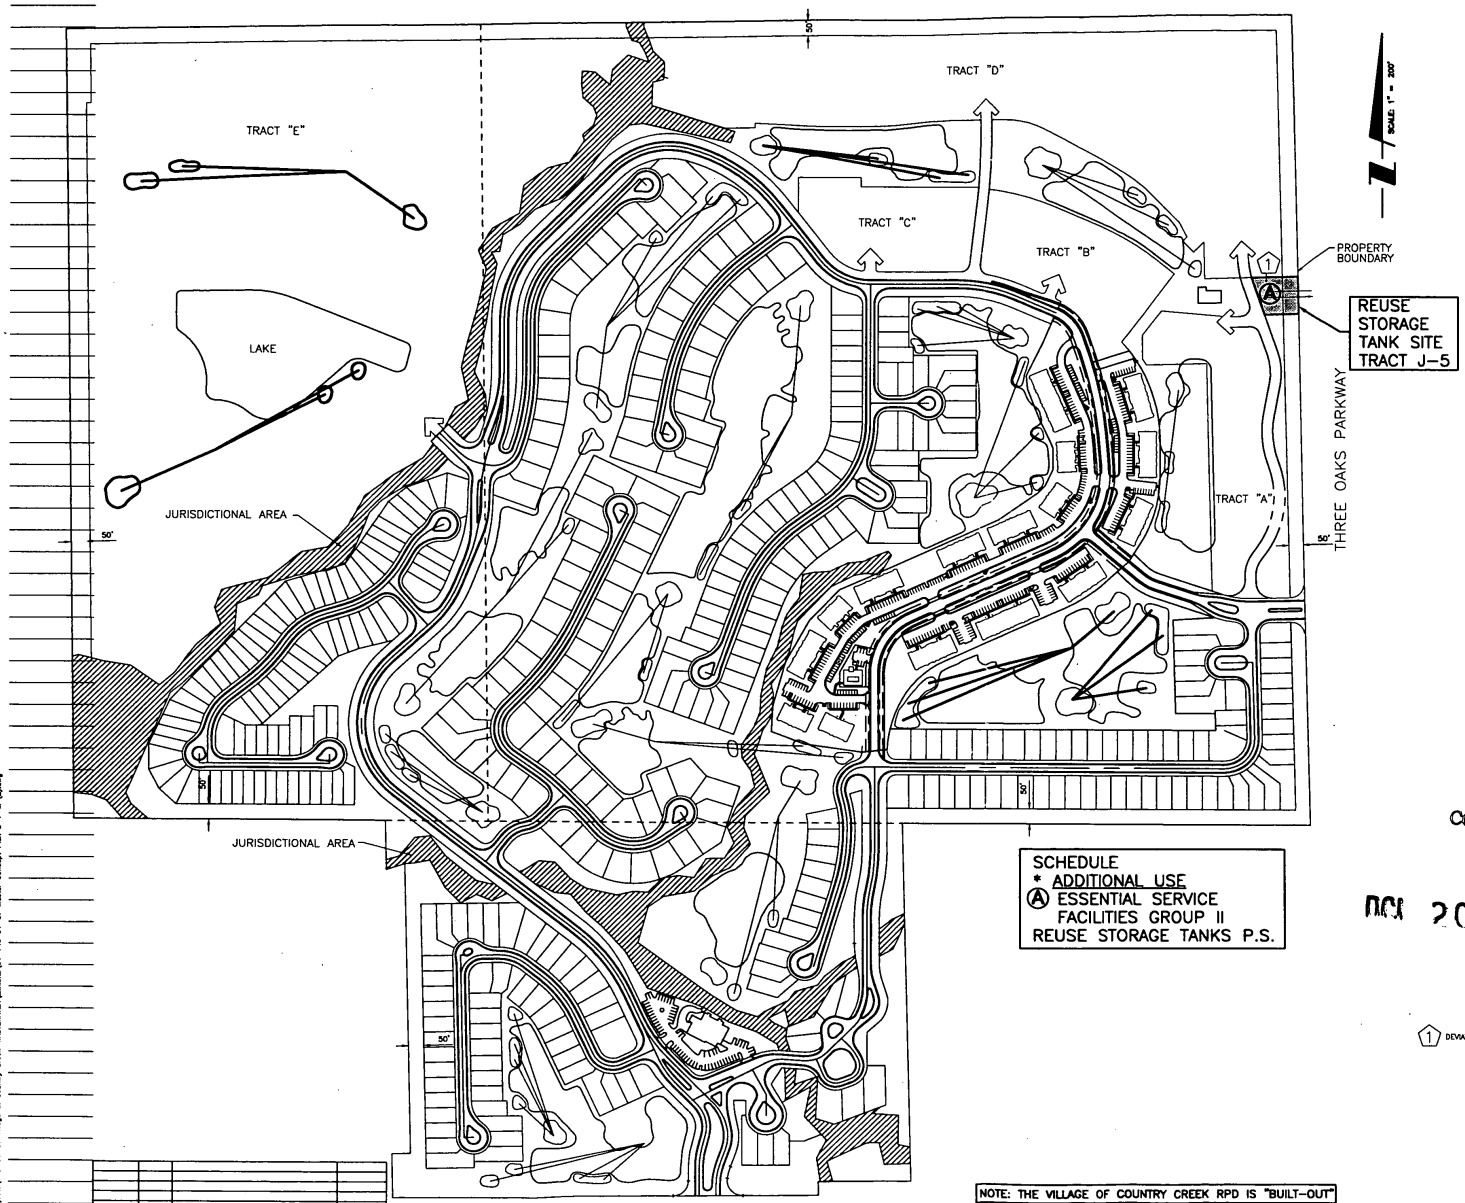

Copies* Required	Exhibits	Item
		PUBLIC HEARING APPLICATION FORM
14		**Public Hearing Application Form (Application for Public Hearing for Zoning Action Form, OR, if a DRI with Rezoning, submit Application for Public Hearing for a DRI Form). [34-373(a)(1)]**
1		**Application Fee. [34-373(a)(2)]**
		DESCRIPTION OF EXISTING CONDITIONS
4	D-1-B	**Historical or Archaeological sites:** The nature and location of any known or recorded historical or archaeological sites as listed on the Florida Master Site File or the Lee County Historical Site Survey, and the location of any part of the property that is located within level 1 or level 2 zones of archaeological sensitivity pursuant to LCLDC Chapter 22 [22-106]. The plan must show the outline of historic buildings and approximate extent of archaeological sites. A description of proposed improvements that may impact archaeological or historical resources must also be provided. **[34-373(a)(4)h.]**
14	D-1-C	**Public Transit.** A map or other depiction of the property in relation to existing and proposed public transit routes, as well as to bus stops, if located within the Lee Tran public transit service area. **[34-373(a)(4)g.]**
5	D-7-A	**A Boundary Survey**, prepared and sealed by a professional surveyor, that meets the minimum technical standards set forth in chapter 61G-17-6, F.A.C. The boundary survey must identify and depict all easements effecting the subject property, whether recorded or unrecorded, and all other physical encumbrances readily identified by a field inspection. **[34-373(a)(4)a.]**
14	D-7-B	**Area Location Map** (on 8.5" x 11" paper). A map marked to show the location of the property to be developed in relation to arterial and collector streets as well as the location of existing easements and rights-of-way on or abutting the property. **[34-373(a)(4)b.]**
14	D-7-C	**Existing Zoning and Current Land Uses**. A map or other depiction of the existing zoning and current land uses (i.e. single family residence, multiple-family building, retail commercial, office building, etc.) surrounding the tract or parcel to a distance of 500 feet. **[34-373(a)(4)c.]**
14	D-7-D	**Aerial Photograph** with the site clearly delineated. **[34-373(a)(4)d.] Originals only - photocopies are not acceptable.**
4	D-7-E	**Soils Map.** Maps drawn at the same scale as the Master Concept Plan marked or overprinted to show the soils classified in accordance with the USDA/SCS System. **[34-373(a)(4)e.i.]**
4	D-7-F	**FLUCCS Map.** A Florida Land Use, Cover and Classification System (FLUCCS) map, at the same scale as the Master Concept Plan, prepared by an environmental consultant. The FLUCCS map must clearly delineate any Federal and State jurisdictional wetlands and other surface waters, including the total acreage of Federal and State wetlands. **[34-373(a)(4)e.ii.]**
4	D-7-G	**Rare & Unique Upland Habitat Map.** Maps drawn at the same scale as the Master Concept Plan marked or overprinted to show significant areas of rare and unique upland habitat as defined in the LEE Plan Section XII. **[34-373(a)(4)e.iii.]**
4	D-7-H	**Topographic Map.** A County topographic map (if available) or a USGS quadrangle map showing the subject property. **[34-373(a)(4)e.iv.]**
4	D-7-I	**Existing and Historic Flow-Ways Map**. Map(s) drawn at the same scale as the master concept plan marked or overprinted to show existing and historic flow-ways. **[34-373(a)(4)e.v.]**

		NARRATIVE COMPLIANCE STATEMENTS
14	D-7-J	**LEE Plan Compliance.** A narrative explanation as to how the proposed development complies with the LEE Plan. **[34-373(a)(5)]**
3	D-7-K	**Design Standards Compliance.** A narrative explanation as to how the proposed development complies with the Design Standards set forth in LCLDC Section 34-411. **[34-373(a)(5)]**
3	D-7-L	**Decision-Making Compliance.** A narrative explanation as to how the proposed development complies with the guidelines for decision-making embodied in LCLDC Sections 34-145(c)(2)a & e. and 34-145(d)(3). **[34-373(a)(5)]**
		MASTER CONCEPT PLAN
2 & 14	D-7-M.1 (24X 36) & D-7-M.2 (11 X 17)	**Master Concept Plan, Non-PRFPD** . A graphic illustration (Master Concept Plan) of the proposed development, showing and identifying the information required by LCLDC Section 34-373(a)(6)a - i. Copies of the Master Concept Plan must be provided in two sizes, 24" x 36" (2 copies), and 11" x 17" (15 copies - **2 originals required**) in size and must clearly legible and drawn at a scale sufficient to adequately show and identify the required information. {See Instructions, Part 7, below.} **[34-373(a)(6)]**
14	D-7-N	**Master Concept Plan, PRFPD :** A clearly legible drawing, no less than 24" x 36" in size and drawn at a scale sufficient to adequately show and identify the information required by LCLDC Section 34-941(g).{See Instructions, Part 7, below.} **[34-941(g)]**
5	D-7-O	**Traffic Impact Statement.** A traffic impact statement in a format and to the degree of detail required by the County and in conformance with the adopted Lee County Administrative Code. **[34-373(a)(7)]** TIS is not required for an existing development. **[34-341(b)(2)d.1.]**
14	D-7-P	**Schedule of Uses.** A schedule of uses keyed to the Master Concept Plan as well as a summary for the entire property including the information required by LCLDC Section 34-373(a)(8)]. **[34-373(a)(8)]**
14	D-7-Q	**Schedule of Deviations and Written Justification.** A schedule of deviations and a written justification for each deviation requested as part of the Master Concept Plan. The location of each requested deviation must be located/shown on the Master Concept Plan. Deviation documentation and detail drawings including sample detail drawings must be provided illustrating how each deviation will operate to the benefit, or at least not to the detriment, of the public interest. **[34-373(a)(9); 34-412(a)]**
		ADDITIONAL REQUIREMENTS FOR MAJOR PDs
4	D-7-R	**Surface Water Management Plan** A written description of the surface water management plan as required by LCLDC Section 34-373(b)(1)a. - e. **[34-373(b)(1)]**
14	D-7-S	**Phasing program.** If the development is to be constructed in phases or if the Traffic Impact Statement utilized phasing, then a description of the phasing program must be submitted. **[34-373(b)(3)]**
		ADDITIONAL REQUIREMENTS FOR LARGE PROJECTS
4	D-7-T	**Protected species survey.** A protected species survey is required for large developments (as defined in LCLDC Section 10-1) as specified in LCLDC Section 10-473. **[34-373(b)(2)]**
		ADDITIONAL REQUIREMENTS FOR AMENDMENTS TO BUILT PLANNED DEVELOPMENTS
4	D-7-U	**Proof of Notice to Other Property Owners.** The consent of the owners of the remainder of the original planned development is not required, but these owners must be given notice of the application and other proceedings as if they were owners of property abutting the subject property regardless of their actual proximity to the subject property. **[34-373(c)]**

		ADDITIONAL REQUIREMENTS FOR DRIs
14	D-7-V	**Binding letter of interpretation from DCA or a complete and sufficient ADA (See also Application for Public Hearing for DRI Form) [34-373(d)(2)]**
		ADDITIONAL EXHIBITS - PRFPDs
4	D-7-W	**Conceptual Surface Water Management Plan.** A Conceptual Surface Water Management Plan must be submitted. The plan must be viable and take into consideration any natural flowway corridors, cypress heads, natural lakes, and the restoration of impacted natural flowway corridors. **[34-941(d)(3)b.i.1)]**
14	D-7-X	**Well Drawdown Information.** If within an area identified as an anticipated drawdown area for existing or future well development, demonstration of compliance with LCLDC Section 34-941(d)(3)d.i & ii. must be provided. **[34-941(d)(3)d.]**
14	D-7-Y	**Preliminary Indigenous Restoration Plan.** A Preliminary Indigenous Restoration Plan must be provided if on-site indigenous restoration is being used to meet the indigenous native plant community preservation requirement. **[34-941(e)(5)f.iii.]**
14	D-7-Z	**Environmental Assessment**. An Environmental Assessment must be provided which includes, at a minimum, an analysis of the environment, historical and natural resources. **[34-941(g)(2)]**
14+	D-7-AA	**Demonstration of Compatibility.** Written statements concerning how the applicant will assure the compatibility of the proposed development with nearby land uses (by addressing such things as noise, odor, lighting and visual impacts), and the adequate provision of drainage, fire and safety, transportation, sewage disposal and solid waste disposal must be provided. **[34-941(g)(4)]**

*** At least one copy must be an original.**

MASTER CONCEPT PLAN
SHEET 4 OF 7

GENERAL NOTES:

1. ALL TREES SHALL BE A MINIMUM OF TWELVE (12) FEET IN HEIGHT, WITH A 3" CALIPER (AT 12 INCHES ABOVE THE GROUND) AND A FOUR-FOOT SPREAD AT TIME OF PLANTING. IN THE CASE OF PALMS, EXCEPT DWARF SPECIES, THE REQUIRED MEASUREMENT SHALL HAVE A MINIMUM OF TEN (10) FEET OF CLEAR TRUNK. TREES HAVING AN AVERAGE MATURE SPREAD OR CROWN LESS THAN 20 FEET MAY BE SUBSTITUTED BY GROUPING THE SAME SO AS TO CREATE THE EQUIVALENT OF 20 FOOT CROWN SPREAD. TREE SPECIFICATIONS SHALL BE IN ACCORDANCE WITH THE PLANTING SCHEDULE SHT. 3 OF 7.

2. PALMS WHICH NORMALLY GROW WITH A SINGLE TRUNK AND OBTAIN A HEIGHT OF TWENTY (20) FEET MAY BE SUBSTITUTED FOR UP TO 25% OF THE REQUIRED NUMBER OF TREES. PALM TREES SHALL NOT BE USED AS PARKING CANOPY TREES.

3. WHERE TREES ARE LARGER THAN EIGHT (8) FEET, GUYS AND STAYS ARE TO BE PROVIDED AND INSTALLED.

4. SHRUBS SHALL BE A MINIMUM OF TWENTY-FOUR (24) INCHES IN HEIGHT AT PLANTING, THREE GALLON CONTAINER SIZE AND PLANTED 18-36" ON CENTER.

5. SODDING IS REQUIRED IN ALL UNPAVED AREAS WITHIN THE SITE BOUNDARIES UNLESS OTHER PLANTINGS ARE SPECIFIED. THE BALANCE OF LANDSCAPE AREAS SHALL BE SODDED WITH BAHIA OR ST. AUGUSTINE GRASS.

6. GRASS AREAS SHALL BE PLANTED IN SPECIES NORMALLY GROWN AS PERMANENT LAWNS IN LEE COUNTY.

7. ALL PLANTING AREAS ARE TO BE MULCHED WITH A MIN. 2" OF CLEAN MULCH. EACH TREE MUST HAVE A RING OF MULCH NO LESS THAN 24" INCHES BEYOND ITS TRUNK. THE USE OF CYPRESS MUCH IS STRONGLY DISCOURAGED.

8. ANY EXISTING TREE(S) THAT WILL BE CLAIMED FOR CREDIT MUST BE BARRICADED PRIOR TO CONSTRUCTION. BARRICADES SHALL BE PLACED AT FULL DRIPLINE OR SIX (6) FEET FROM TRUNK, WHICHEVER IS GREATER. BARRICADES SHALL CONSIST OF 2 x 2 POST SPACED FOUR OF FIVE FEET ON CENTER AND 1 x 2 CROSS PIECES.

9. PLANT MATERIALS USED SHALL CONFORM TO THE STANDARDS FOR FLORIDA NO. 1 OR BETTER AS GIVEN IN "GRADES AND STANDARDS FOR NURSERY PLANTS" PARTS I & II, FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES, TALLAHASSEE.

10. 100% OF THE TOTAL NUMBER OF TREES AND 50% OF THE TOTAL NUMBERS OF SHRUBS SHALL BE INDIGENOUS.

11. ALL TREES AND SHRUBS USED IN BUFFERS AND LANDSCAPING SHALL BE XERISCAPE VARIETIES. TREES ADJACENT TO WALKWAYS, BIKE PATHS, OR RIGHT-OF-WAYS MUST BE MAINTAINED WITH 8' OF CLEAR TRUNK.

12. EXOTIC SPECIES CURRENTLY LISTED IN THE LEE COUNTY DEVELOPMENT CODE PROHIBITED SHALL BE REMOVED FROM SITE. THIS REMOVAL SHALL BE MAINTAINED IN PERPETUITY. MECHANICAL REMOVAL OF THE LISTED SPECIES IS PROHIBITED IN INDIGENOUS AREAS. THE OWNER MUST MAINTAIN THE PARCEL FREE OF EXOTICS WITH AN APPROVED HERBICIDE TREATMENT. EXOTIC SPECIES TO BE REMOVED ARE: BRAZILIAN PEPPER, MELALEUCA, EARLEAF ACACIAC DOWNY ROSE MYRTLE, AUSTRALIAN PINE, AND TROPICAL SODA APPLE.

13. PROVIDE ADDITIONAL SHRUBS AS NECESSARY FOR CONTINUOUS HEDGE ALONG THE NORTH, WEST AND SOUTH PROPERTY LINES.

IRRIGATION NOTES:

1. IRRIGATION WATER SHALL BE PROVIDED BY THE EXISTING REUSE SYSTEM

2. IRRIGATION CONTRACTOR SHALL PROVIDE A SYSTEM THAT PROVIDES HEAD TO HEAD OR 100% COVERAGE WITH SPRAY HEAD OR OTHER APPROVED DEVICE OF ALL LANDSCAPE AREA.

3. THE SYSTEM SHALL BE OPERATED BY AN AUTOMATIC IRRIGATION CONTROLLER.

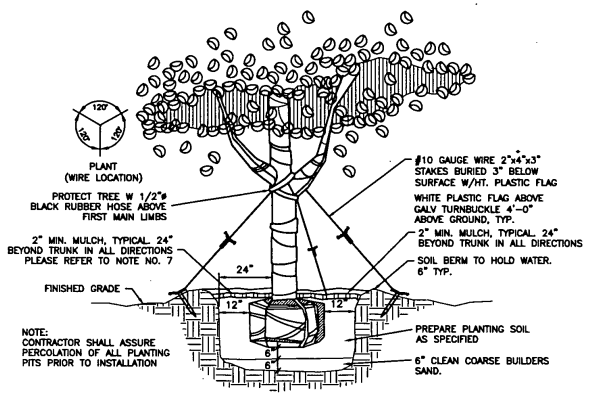

4. THE IRRIGATION SYSTEM SHALL HAVE A MOISTURE SENSOR DEVICE WHICH WILL PREVENT THE OPERATION OF THE SYSTEM DURING RAINY WEATHER AND WILL BE LOCATED SO AS TO RECEIVE DIRECT RAINFALL, NOT IMPEDED BY OTHER OBJECTS.

5. THE INSTALLATION OF THE SYSTEM SHALL BE IN ACCORDANCE WITH THE STANDARDS SET FORTH BY THE FLORIDA IRRIGATION SOCIETY.

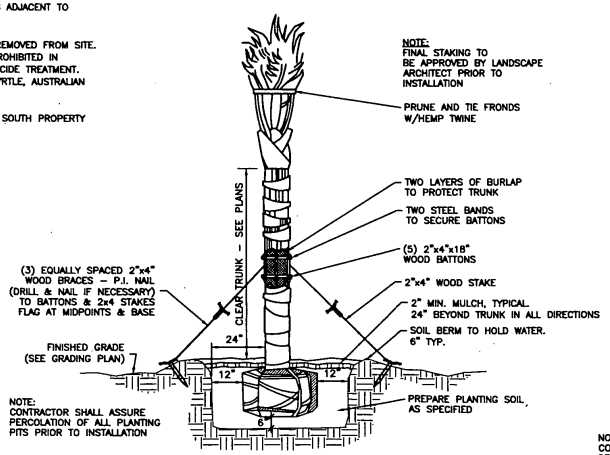

6. IRRIGATION CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING COVERAGE SO THAT THERE IS NO OVER SPRAY INTO NON-LANDSCAPE DESIGNATED AREAS.

7. WHERE POSSIBLE, PRACTICAL AND FEASIBLE IRRIGATION FOR TURFED AREAS SHALL BE ISOLATED OR SEPARATED FROM IRRIGATION FOR SHRUB OR GROUNDCOVER AREAS.

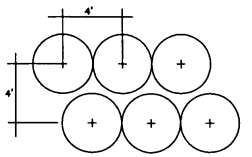

8. ALL LANDSCAPE ISLANDS WILL BE PROVIDED WITH IRRIGATION SOURCE THROUGH SLEEVES DENOTED ON SITE PLAN.

SUMMARY OF PUBLIC INFORMATIONAL SESSION
ESTERO COMMUNITY PLANNING PANEL PUBLIC MEETING #87

The planning meeting was held Monday, April 9, 2007 at the Estero Community Park beginning at 6:00 PM. First on the meeting agenda was the presentation of the proposed reuse storage tank and pumping station to be located within the Villages at Country Creek community, east of the existing golf course maintenance compound. Mr. Bob Nelson, President of the Villages at Country Creek Master Association, Inc., provided an introduction and overview of the project history including the regulatory issues with storage of effluent reuse storage as well as Lee County Utilities requirements. Plan exhibits including aerial photographs, storage tank site plan and landscape plan were presented to the Planning Panel. Discussions ensued relating to the landscape buffering, tank color, tank height and vegetation screening properties east of Three Oaks Parkway.

The Planning Panel endorsed the concept plan with the understanding that all residents within the Villages at Country Creek Development and properties surrounding site be notified of the RPD Amendment public hearings. Suggestions were made to include additional plantings within the existing 50 ft. buffer east of the proposed reuse storage tank and pump station parcel to enhance this buffer.

CONNECTION TO POTABLE WATER OR CENTRAL SEWER NOT REQUIRED

This project includes addition of a reclaimed effluent (reuse) storage tank and irrigation pump station that was not included in the Villages at Country Creek RPD. The project does include a connection to an existing Lee County Utilities reuse monitoring and control station. Connections to potable water or central sewer are not required since residential or commercial units are not included in the project.

NARRATIVE REGARDING LEE PLAN CONSISTENCY

The subject property is located in the Suburban Land Use category and POLICY 1.1.5 describes that suburban areas that are either on the fringe of the Central Urban or Urban Community areas, or in existing areas where it is appropriate to protect existing residential neighborhoods. The Villages at Country Creek is a built-out golf course community. The Amendment to this existing built-out RPD includes a reuse irrigation storage tank and irrigation pumping station located on a parcel of land designated for golf course and drainage easement use. The project will include an enhanced landscape buffer to provide a vegetative screen to be compatible with the buffers of the existing residential neighborhood. In order to comply with State, Federal and local requirements regarding utilization of reclaimed water as an irrigation source, reuse storage must be provided. Lee County Utilities will not supply reclaimed water for golf course irrigation until a storage tank and separate irrigation pumping station is provided by the Villages at Country Creek.

POLICY 16.8.9 states that private recreation facilities located outside depicted well field protection zoning reuse water where available will be utilized for irrigation. The Villages at Country Creek golf course was permitted and connected to the Lee County Utilities (LCU) reclaimed water main with the control and monitoring station existing on the proposed storage tank site. LCU disconnected the reuse service and imposed a requirement that Villages at Country Creek provide an isolated storage facility and irrigation pumping station before allowing the reuse service to continue. By providing a reuse storage tank and irrigation pump station, the Villages at Country Creek golf course will again utilize reuse water as an irrigation source consistent with Policy 16.8.9.

POLICY 19.1.2 Lee County is discouraged from approving any deviation that will result in a reduction of landscaping and buffering. The existing Villages at Country Creek external 50 foot perimeter buffer will be maintained an a 15 ft. enhanced buffer will include a berm and native landscape specimens surrounding the storage tank.

POLICY 19.4.2 Lee County or another authorized agency will work to provide alternative irrigation sources such as reuse to provide non-potable water to uses within the Estero community. With the installation of the proposed reuse storage tank and pumping station, LCU will reinstate the reuse water connection for an irrigation source for the Villages at Country Creek golf course.

POLICY 54.1.6 requires that any development will pay the appropriate fees and connect to a reuse water system if such system is near or adjacent to the development and has sufficient surplus to supply the development. LCU has an existing reuse trunk main running within the Three Oaks Parkway right-of-way with an existing 12-inch service line terminating at a monitoring/metering/and control station located at the proposed storage tank site.

POLICY 57.1.4 provides that each new County wastewater treatment plant will dispose of effluent through reuse water systems. The Villages at Country Creek golf course is a designated reuse site within the LCU Three Oaks Regional Reuse system. By installation of the reuse storage tank and irrigation pump station, the reuse service will be reinstated. The LCU Three Oaks wastewater treatment plant is currently being expanded.

NARRATIVE REGARDING DECISION-MAKING EMBODIED IN SECTION 34-145

In accordance with Sections 34-145(c)(2)a and e and 34-145(d)(3) of the Land Development Code, the applicant submits the following analysis as to how the proposed development complies with those decision-making guidelines.

Sec. 34-145(c)(2)a. Whether there exist changed or changing conditions that make approval of the request appropriate.

Changed or changing conditions exist that make approval of the requested Amendment appropriate. Specifically, Lee County Utilities had suspended reuse services to the Villages at Country Creek due to significant permitting impacts of incidents with reclaimed effluent water being stored in storm water retention lakes. Lee County Utilities has stipulated that the Villages at Country Creek provide two days' storage of the irrigation capacity in an isolated storage tank as a condition to reinstate reuse service as a primary source for golf course irrigation. Since the Villages at Country Creek development is fully built-out, alternative sites within the project are not available except for Tract J-5 Unit 4 that has been designated for golf course use.

Section 34-145(c)(2)e. Whether the request is consistent with the goals, objectives, policies and intent of the Lee Plan.

The request is consistent with the applicable goals, objectives, policies and intent of the Lee Plan as discussed in greater detail in Exhibit D-7-J.

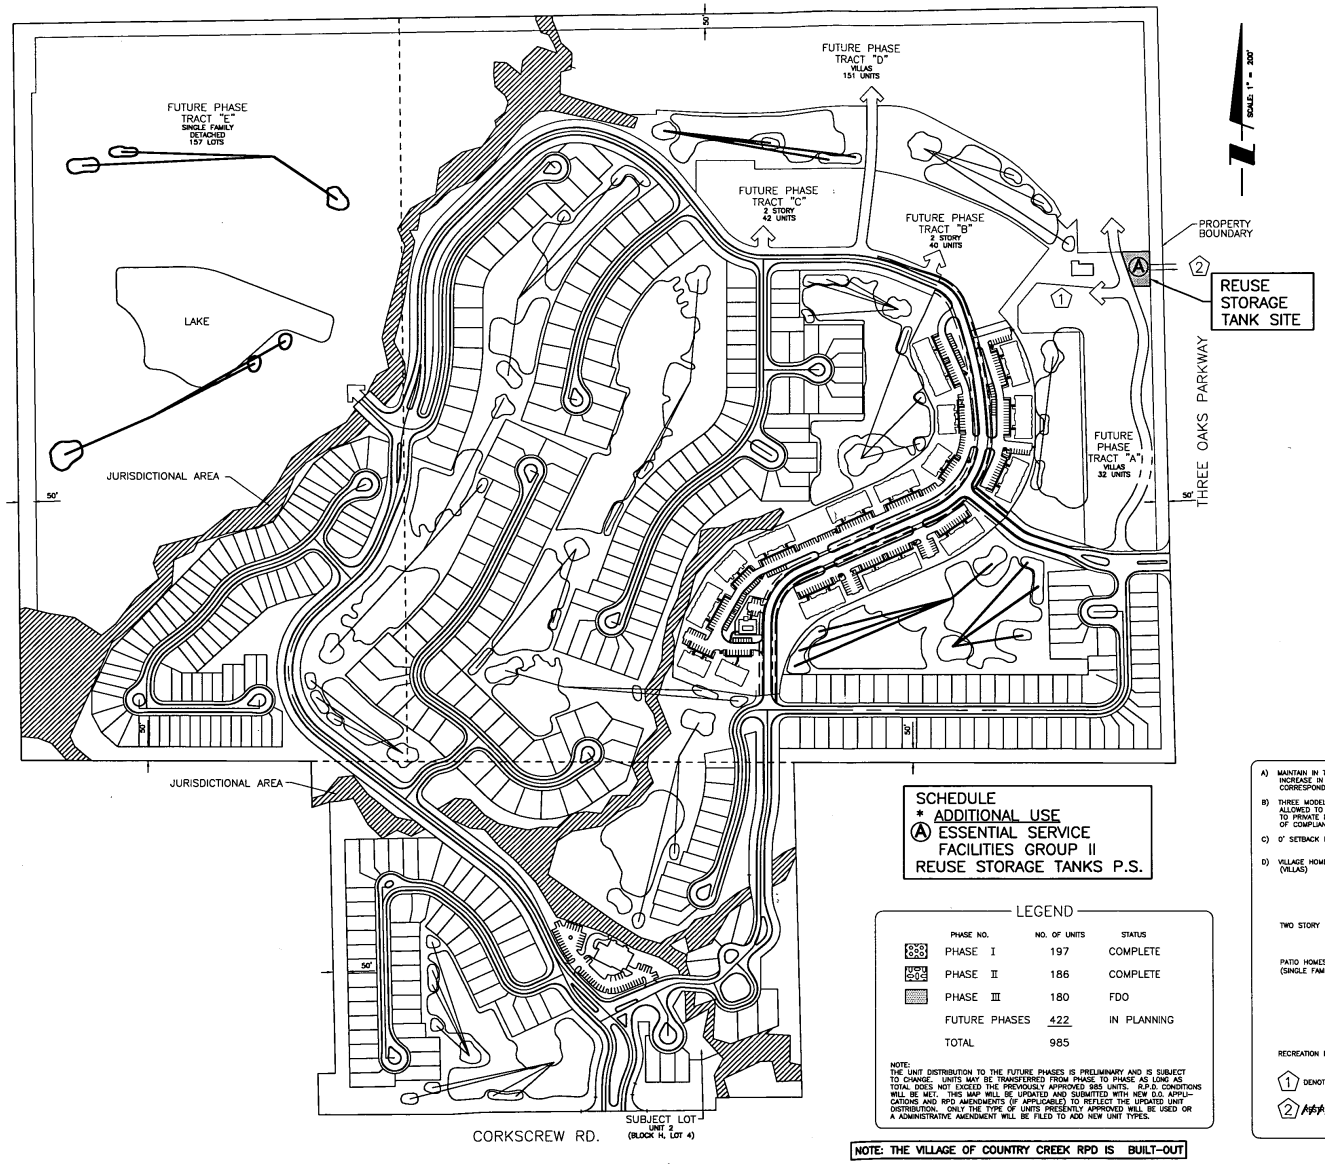

Sec. 34-145(D)(3). The hearing examiner must find that the applicant has proved entitlement to the request by demonstrating compliance with, a. The Lee Plan; b. LDC Chapter 34; and c. Any other applicable county ordinances or codes.

As demonstrated by this application and as discussed in greater detail elsewhere in the supporting documentation, this request is consistent with the applicable goals, objectives, policies and intent of the Lee Plan as well as other applicable county ordinances or codes.

*OR ANY "SMALL TREE" APPROVED BY FPL.

SITE LANDSCAPING CALCULATIONS
PER LEE COUNTY LDC SECTION 10-416(d)(s)
.....UTILITY FACILITIES MUST PROVIDE A TYPE "C" BUFFER.....

LOT BUFFER REQUIREMENTS
TYPE C BUFFER PROVIDES 15' WIDTH
W/ MINIMUM 5 TREES AND 18 SHRUBS PER 100 LINEAR FEET.
156' (WEST) + 217' (EAST) + 102' (NORTH) + 55' (SOUTH) = 530 L.F.
530' X 5 TREES PER 100 L.F. = 27 TREES REQUIRED (29 PROVIDED)

SHRUBS
102' (NORTH) + 55' (SOUTH) + 217' (EAST) = 374 L.F.
374 L.F. @ 3' O.C. x 2 (DOUBLE STAGGERED) = 249 SHRUBS (N,S,E) CONTINUOUS

GENERAL SITE LANDSCAPING REQUIREMENTS
PER LEE COUNTY LDC SECTION 10-416(a)(4)
.....ONE TREE PER 3,000 S.F.....

GENERAL TREE REQUIREMENTS
TOTAL SITE = 12,996 S.F. / 3,000 = 4 TREES REQUIRED (4 PROVIDED)

INTERNAL VEHICULAR LANDSCAPING (CANOPY) REQUIREMENTS
PER LEE COUNTY LDC SECTION 10-416(c)(2)(a)
.....AT LEAST ONE TREE MUST BE PLANTED OR RETAINED FOR EVERY 250 S.F.....

ADDITIONAL TREES PROVIDED AROUND STORAGE TANK

LOT ADDITIONAL TREES
7 TREES

SEZ2003-00037 REQUIREMENTS
NORTHERN, SOUTHERN, AND EASTERN BOUNDARY REQUIREMENTS:
102' (N) + 55' (S) + 217' (E) = 374 / 3 = 124.6 x 2 ROWS = 249 SHRUBS
NO WESTERN BOUNDARY REQUIREMENTS

TREE CREDIT NOTE:
EXISTING VEGETATION WILL NOT BE PRESERVED NOR TREE CREDITS REQUESTED.

EXHIBIT D-7-M-2
MASTER CONCEPT PLAN
NON PRFD
SHEET 4 OF 5

LANDSCAPE NOTES:

1. ALL TREES SHALL BE A MINIMUM OF TEN (10) FEET IN HEIGHT, WITH A 2" CALIPER (AT 12 INCHES ABOVE THE GROUND) AND A FOUR-FOOT SPREAD AT TIME OF PLANTING. IN THE CASE OF PALMS, EXCEPT DWARF SPECIES, THE REQUIRED MEASUREMENT SHALL HAVE A MINIMUM OF TEN (10) FEET OF CLEAR TRUNK. TREES HAVING AN AVERAGE MATURE SPREAD OR CROWN LESS THAN 20 FEET MAY BE SUBSTITUTED BY GROUPING THE SAME SO AS TO CREATE THE EQUIVALENT OF 20 FOOT CROWN SPREAD.

2. PALMS WHICH NORMALLY GROW WITH A SINGLE TRUNK AND OBTAIN A HEIGHT OF TWENTY (20) FEET MAY BE SUBSTITUTED FOR UP TO 25% OF THE REQUIRED NUMBER OF TREES. PALM TREES SHALL NOT BE USED AS PARKING CANOPY TREES.

3. WHERE TREES ARE LARGER THAN EIGHT (8) FEET, GUYS AND STAYS ARE TO BE PROVIDED AND INSTALLED.

4. SHRUBS SHALL BE A MINIMUM OF TWENTY-FOUR (24) INCHES IN HEIGHT AT PLANTING, THREE GALLON CONTAINER SIZE AND PLANTED 18-36" ON CENTER.

5. SODDING IS REQUIRED IN ALL UNPAVED AREAS WITHIN THE SITE BOUNDARIES UNLESS OTHER PLANTINGS ARE SPECIFIED. THE BALANCE OF LANDSCAPE AREAS SHALL BE SODDED WITH BAHIA OR ST. AUGUSTINE GRASS.

6. GRASS AREAS SHALL BE PLANTED IN SPECIES NORMALLY GROWN AS PERMANENT LAWNS IN LEE COUNTY.

7. ALL PLANTING AREAS ARE TO BE MULCHED WITH A MIN. 2" OF CLEAN MULCH. EACH TREE MUST HAVE A RING OF MULCH NO LESS THAN 24" INCHES BEYOND ITS TRUNK. THE USE OF CYPRESS MUCH IS STRONGLY DISCOURAGED.

8. ANY EXISTING TREE(S) THAT WILL BE CLAIMED FOR CREDIT MUST BE BARRICADED PRIOR TO CONSTRUCTION. BARRICADES SHALL BE PLACED AT FULL DRIPLINE OR SIX (6) FEET FROM TRUNK, WHICHEVER IS GREATER. BARRICADES SHALL CONSIST OF 2 x 2 POST SPACED FOUR OF FIVE FEET ON CENTER AND 1 x 2 CROSS PIECES.

9. PLANT MATERIALS USED SHALL CONFORM TO THE STANDARDS FOR FLORIDA NO. 1 OR BETTER AS GIVEN IN "GRADES AND STANDARDS FOR NURSERY PLANTS" PARTS I & II, FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES, TALLAHASSEE.

10. 75% OF THE TOTAL NUMBER OF TREES AND 50% OF THE TOTAL NUMBERS OF SHRUBS SHALL BE INDIGENOUS.

11. ALL TREES AND SHRUBS USED IN BUFFERS AND LANDSCAPING SHALL BE XERISCAPE VARIETIES. TREES ADJACENT TO WALKWAYS, BIKE PATHS, OR RIGHT-OF-WAYS MUST BE MAINTAINED WITH 8' OF CLEAR TRUNK.

12. EXOTIC SPECIES CURRENTLY LISTED IN THE LEE COUNTY DEVELOPMENT CODE PROHIBITED SHALL BE REMOVED FROM SITE. THIS REMOVAL SHALL BE MAINTAINED IN PERPETUITY. MECHANICAL REMOVAL OF THE LISTED SPECIES IS PROHIBITED IN INDIGENOUS AREAS. THE OWNER MUST MAINTAIN THE PARCEL FREE OF EXOTICS WITH AN APPROVED HERBICIDE TREATMENT. EXOTIC SPECIES TO BE REMOVED ARE: BRAZILIAN PEPPER, MELALEUCA, EARLEAF ACACIAC DOWNY ROSE MYRTLE, AUSTRALIAN PINE, AND TROPICAL SODA APPLE.

13. ALL SITE DATA AND AREA CALCULATIONS PROVIDED BY SITE ENGINEER.

14. LANDSCAPE BUFFERS MUST BE DEVELOPED AS DEPICTED ON THE THREE-PAGE LANDSCAPE PLANS ENTITLED "GPIWA RESERVOIRS AND BOOSTER PUMPING STATION" LANDSCAPE PLAN DATE STAMPED RECEIVED DECEMBER 12, 2003 BY ZONING COUNTER AND INCLUDED AS EXHIBIT B OF THIS DECISION. WITH THE EXCEPTION THAT THE APPLICANT CHANGE THE SHRUB REQUIREMENT TO A CONTINUOUS HEDGE INSTEAD OF 18 SHRUBS PER 100 LINEAR FEET THAT ARE PROPOSED ON THE NORTH, WEST, AND SOUTHERN PORTIONS OF THIS SITE.

15. PROVIDE ADDITIONAL SHRBS AS NECESSARY FOR CONTINUOUS HEDGE ALONG THE NORTH, WEST AND SOUTH PROPERTY LINES.

IRRIGATION NOTES:

1. IRRIGATION WATER SHALL BE PROVIDED BY MUNICIPAL UTILITY IF AVAILABLE. IF NOT AVAILABLE, AN ONSITE WELL WILL PROVIDE IRRIGATION NEEDS.

2. IRRIGATION CONTRACTOR SHALL PROVIDE A SYSTEM THAT PROVIDES HEAD TO HEAD OR 100% COVERAGE WITH SPRAY HEAD OR OTHER APPROVED DEVICE OF ALL LANDSCAPE AREA.

3. THE SYSTEM SHALL BE OPERATED BY AN AUTOMATIC IRRIGATION CONTROLLER.

4. THE IRRIGATION SYSTEM SHALL HAVE A MOISTURE SENSOR DEVICE WHICH WILL PREVENT THE OPERATION OF THE SYSTEM DURING RAINY WEATHER AND WILL BE LOCATED SO AS TO RECEIVE DIRECT RAINFALL, NOT IMPEDED BY OTHER OBJECTS.

5. THE INSTALLATION OF THE SYSTEM SHALL BE IN ACCORDANCE WITH THE STANDARDS SET FORTH BY THE FLORIDA IRRIGATION SOCIETY.

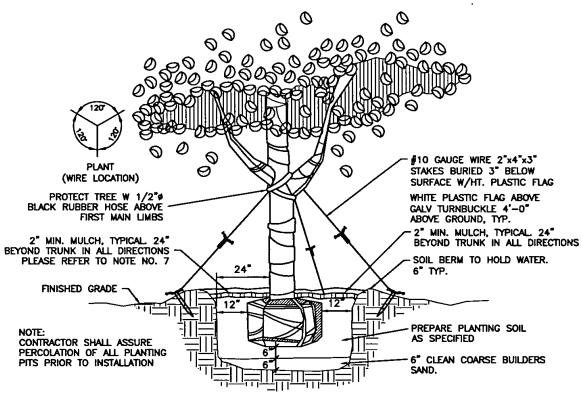

6. IRRIGATION CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING COVERAGE SO THAT THERE IS NO OVER SPRAY INTO NON-LANDSCAPE DESIGNATED AREAS.

7. WHERE POSSIBLE, PRACTICAL AND FEASIBLE IRRIGATION FOR TURFED AREAS SHALL BE ISOLATED OR SEPARATED FROM IRRIGATION FOR SHRUB OR GROUNDCOVER AREAS.

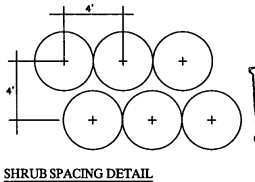

8. ALL LANDSCAPE ISLANDS WILL BE PROVIDED WITH IRRIGATION SOURCE THROUGH SLEEVES DENOTED ON SITE PLAN.

9. NATIVE VEGETATION THAT IS TO REMAIN DOES NOT REQUIRE IRRIGATION.

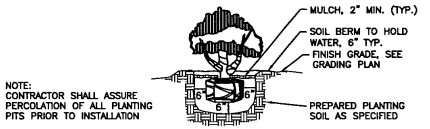

10. THE IRRIGATION SYSTEM WILL BE DESIGNATED TO AVOID IMPACTS ON EXISTING NATIVE VEGETATION THAT WILL BE RETAINED ON THE DEVELOPMENT SITE.

NARRATIVE OF JUSTIFICATION FOR DEVIATION TO ELIMINATE THE WALL REQUIREMENT FROM TYPE C BUFFER WITHIN TRACT J-5

A deviation is requested from LDC Sec 10-416(5) to eliminate the development standard requirement for an 8 foot wall, as a required component of a proposed Type C buffer within Tract J-5 of the Villages at Country Creek development.

Essentially in this case, due to the small parcel size, the requirement to construct an 8-foot high wall in order to "screen" the view of a 30-foot high tank wall provides very little benefit and will impede cleaning and maintenance of the proposed reuse storage tank structure within 0.289 acre Tract J-5. It is proposed to enhance the required vegetated buffer with additional mature trees and shrubs to screen the proposed reuse tank and pumping station facilities, without any additional walls, other than the proposed tank wall.

LEGAL DESCRIPTION
VILLAGES AT COUNTRY CREEK
Being a portion of Sections 27 & 34, Township 46 South, Range 25 East
Lee County, Florida

A parcel of land being a portion of Sections 27 and 34, Township 18 South, Range 26 East, Lee County, Florida being more particularly described as follows:

BEGINNING at the Northeast corner of Villages of Country Creek Unit One as recorded in Plat Book 39, Pages 74 through 85 of the public records of Lee County, Florida; thence S.01°19'05"E., 2,648.78 feet; thence N.89°49'37"W., 1,327.72 feet; thence S.01°14'06"E., 1,177.23 feet; thence S.89°45'18"W., 295.48 feet; thence S.00°14'42"E., 45.00 feet; thence S.89°45'16"W., 37.95 feet; thence S.89°36'59"W., 762.28 feet; thence S.86°45'18"W., 100.12 feet; thence S.89°37'00"W., 463.84 feet; thence N.01°06'59"W., 145.57 feet; thence N.88°53'04"E., 60.00 feet; thence N.01°06'56"W., 923.44 feet; thence continue N.01°06'56"W., 30 feet more or less to the waters of Estero River; thence Southwesterly 63 feet more or less along said waters; thence leaving said waters N.01°06'56"W., 37 feet more or less; thence continue N.01°06'56"W., 125.23 feet; thence N.89°49'37"W., 992.50 feet; thence N.00°37'50"W., 549.52 feet; thence, continue along said line, N.00°37'50"W., 2,010.91 feet; thence N.89°11'24"E., 1,635.39 feet; thence N.00°48'37"W., 20.00 feet; thence N.89°11'24"E., 2,310.86 feet to the **POINT OF BEGINNING**.

Containing 282.33 acres more or less.

Subject to easements, restrictions, reservations and rights-of-way of record.

Bearings are based on the West boundary line of Villages at Country Creek, Unit One, as recorded in Plat Book 39, Pages 74 through 85 of the Public Records of Lee County, Florida as being N.00°37'50"W.

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS

OF LEE COUNTY, FLORIDA

RECORD VERIFIED - CHARLIE GREEN, CLERK
BY: H. FERNSTROM, D.C.

REC 1 8886 PG 2694

WHEREAS, the Villages at Country Creek was the subject of an application for a district boundary change from AG to Residential Planned Development, to permit a residential development of 985 single and multi-family units, not to exceed 2 stories in height, on 283 acres of land. The proposed development would also include an executive golf course, other recreational facilities, and preserved natural areas.

NOTE:

If approved, the master Concept Plan would deviate from the following Lee County standards:

(1) Minimum excavation setbacks to a section line of 150 feet (500.4.D and 500.3.C), to 0 feet for internal section lines;
(2) Minimum excavation setbacks to a street right-of-way of 150 feet (500.4.D and 500.3.C), to 60 feet (measured at water's edge) and 30 feet (measured at the top of the bank);
(3) Maximum slope of excavation banks of 6:1 ratio to a water depth of 6 feet (500.4.E), to 6:1 ratio to 1 foot deep, 10:1 ratio from 1 to 2 feet, 4:1 ratio from 2 to 4 feet, and 2:1 ratio below 4 feet;
(4) Minimum setback between structures and a section line of 75 feet (500.29.D.1), to 0 feet for internal section lines;
(5) Minimum setback between structures and a half section line of 60 feet (500.29.D.2), to 0 feet for internal lines;
(6) No drainage, filling, or other alterations of soils subject to saltwater inundation or fresh water ponding shall be permitted without specific approval. (DSR C.1.b.4), to allow alteration of 3 small areas indicated on the Soil Survey of Lee County, Florida as having Pineda soils;
(7) Requirement that, where practical, a residential development larger than 5 acres shall provide 2 or more means of ingress or egress (DSR C.2.d.(4)), to allow a single, secured entrance on Corkscrew Road and 2 emergency entrances (break-away gates), one to Broadway and one to Corlico; and
(8) Prohibition on most development within designated "Transition Zones" (Wetlands Protection Ordinance, Section 5.02), to allow alteration of artificial drainage ditches and certain historic, natural creek areas as indicated on plans on file, with mitigation on acre-for-acre basis.

The subject property is located on the north side of Corkscrew Road, running approximately 1000 feet to the west and 650 feet to the east of the intersection of Corkscrew Road and River Ranch Road, described more particularly as:

COMMUNITY DEVELOPMENT

DCI 2007-00035

(1850Z)

LEGAL DESCRIPTION: In Sections 27 and 34, Township 46 South, Range 25 East, Lee County, Florida:

East 1/2 of Southwest 1/4 and the Southeast 1/4 of Section 27, Township 46 South, Range 25 East,

ALSO:

East 1/2 of East 1/2 of Northeast 1/4 of Northwest 1/4 and West 1/2 of Northwest 1/4 of Northeast 1/4 and East 1/2 of Northwest 1/4 of Northeast 1/4 of Section 34, Township 46 South, Range 25 East, Lee County, Florida, less that part deeded to State of Florida of Corkscrew Road right-of-way, recorded in O.R. Book 1129 at Page 1217, Public Records of Lee County, Florida. Also, less commencing at a concrete monument marking the southwest corner of East 1/2 of East 1/2 of Northeast 1/4 of Northwest 1/4, thence north along the west line of said East 1/2 of East 1/2 of Northeast 1/4 of Northwest 1/4 for 206.20 feet to Point of Beginning, thence East 60.00 feet, thence northerly to waters of Estero River, thence Southwesterly along said waters to a point bearing north of Point of Beginning, thence South 933.40 feet to Point of Beginning.

OFF REC 1886PG2648

WHEREAS, proper authorization has been given to Wilson, Miller, Barton, Soll and Peek, Inc., by Clayton R. Zehner, Vice President/Director of Villages of Country Creek and Walter James Smith, General Partner of Villages of Country, to act as agent to pursue this zoning application; and

WHEREAS, a public hearing was legally and properly advertised and held before the Lee County Zoning Board, with full consideration of all the evidence available to the Zoning Board; and

WHEREAS, the Lee County Zoning Board fully reviewed the matter and recommended denial of the requests, due to a tie vote on a motion for approval with conditions; and

WHEREAS, a public hearing was legally and properly advertised and held before the Lee County Board of County Commissioners; and

WHEREAS, in the legislative process the Lee County Board of County Commissioners gave full and complete consideration to the recommendations of the Staff, the Local Planning Agency, the Zoning Board, the documents on file with the County, and the testimony of all interested persons:

LEGISLATIVE HISTORY:

The Local Planning Agency found the request consistent with the Lee County Comprehensive Plan, but the Zoning Board was unable to obtain a majority vote on a motion to approve the request with conditions. County staff recommended approval of the request with numerous conditions. Considerable testimony both for and against the project was presented to the Zoning Appeals Board. The Board made the findings of fact listed below, and approved the district boundary change with the conditions enumerated herein.

DCI 2007-00035

RECEIVED
JUL 27 2007
PERMIT COUNTER

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS AS THE ZONING APPEALS BOARD, that the Zoning Appeals Board does hereby APPROVE R.P.D. zoning, subject to the following conditions:

1. The minimum excavation setback to a section line of 150 feet (500.4.D and 500.3.C) is hereby reduced to zero for section lines internal to this parcel, but no reduction is allowed from the 150-foot setback requirement from section lines that are contiguous to the perimeter of the property (deviation #1).

2. The minimum excavation setback to a street right-of-way of 150 feet (500.4.D and 500.3.C) is hereby changed to a minimum excavation setback to a right-of-way centerline of 160 feet for the lake shown on the master Concept Plan north of Corkscrew Road and west of the Corkscrew Road entrance only (deviation #2).

3. The maximum slope of excavation banks shall be a 6:1 ratio to a depth of 4 feet below control elevation; then between 4 feet and 6 feet below control elevation there shall be a maximum ratio of 4:1; and below 6 feet below control elevation there shall be a maximum ratio of 2:1 to 12 feet (deviation #3).

4. The minimum setback between structures and a section line of 75 feet (500.29.D.1) is hereby reduced to zero for section lines internal to this parcel, and reduced to 50 feet from section lines that are contiguous to the perimeter of this property (deviation #4).

5. The minimum setback between structures and half section lines of 60 feet (500.29.D.2) is hereby reduced to zero for half-section lines internal to this parcel, but no reduction is allowed from the 60-foot setback requirement from half-section lines that are contiguous to the perimeter of this property (deviation #5).

6. Draining, filling, or other alterations of soils subject to saltwater inundation or freshwater ponding shall be permitted (DSR C.1.b.4), to allow alteration of approximately 2.5 acres of wetlands provided that proper approvals are received from the Florida Department of Environmental Regulation, the United States Army Corps of Engineers, and mitigation is performed as set forth in the March 19, 1986 letter to Roger Clark from Higgins Engineering, Inc. (deviation #6).

7. There shall be at least one emergency ingress/egress point to Corlico Parkway. A full ingress/egress point will satisfy the requirement of this condition, and additional access points are permitted provided they comply with the Development Standard Regulations (or its successor) (deviation #7).

8. The alteration of artificial drainage ditches and natural creek areas (Wetlands Protection Ordinance, Section 5.02) is permitted provided that the requirements of condition 6. above are met (deviation #8).

9. No traffic relating to the construction of this development may use Broadway Boulevard, See See Street, or Tanglewood Lane.

10. The developer shall dedicate a 50-foot-wide strip of land parallel and adjacent to the northern property line for the proposed extension of Broadway. Credits for this dedication shall be in accordance with provisions of the Roads Impact Fee Ordinance and related Administrative Codes.

11. The developer shall dedicate that part of the subject property located within 100 feet of the centerline of Corkscrew Road right-of-way for the purposes of widening that road. Credits for this dedication shall be in accordance with provisions of the Roads Impact Fee Ordinance and related Administrative Codes.

12. There shall be a 150-foot building setback from the centerline of Corkscrew Road, as set forth in Section 626.1.C.3. of the Zoning Regulations.

13. A 100-foot setback from the centerline of the proposed Corlico Parkway shall be provided, as set forth in Section 626.1.C.3 of the Zoning Regulations.

14. An 80-foot setback from the northern property line shall be provided, as set forth in Section 626.1.C.3 of the Zoning Regulations. The southerly 30 feet of this 80-foot setback area shall be a buffer and shall be landscaped with a type "D" buffer.

15. No variance has been requested from the perimeter setbacks in Section 626.1.C.1 of the zoning regulations, and therefore those setbacks shall apply.

16. Excluding the northern perimeter line, there shall be a 50-foot buffer area along the entire remaining perimeter of this parcel which shall be landscaped as set forth by the submitted buffer plan dated April 18, 1986, and stamped received April 21, 1986.

17. The perimeter buffer area shall be retained by the developer or remain in common ownership and may not be subdivided. The perimeter buffer area shall be landscaped prior to the beginning of construction in that area.

18. There shall be one person, company, corporation or association responsible for the maintenance of the perimeter buffer area, and the water management system.

19. The development shall be in general conformance with the master Concept Plan as revised on April 16, 1986, and received on April 21, 1986, except as modified by this resolution.

20. No uses other than those listed on the master Concept Plan and those uses which are clearly accessory to the listed uses shall be permitted.

21. The developer shall provide a program of education and information to the residential population describing the risks of environmental hazards, as well as the actions necessary to mitigate the dangers which these hazards present.

22. At the completion of development construction or each phase thereof, a development representative shall contact Lee County Emergency Medical Services to discuss the designation of emergency helicopter landing zones, and shall provide a site plan depicting the official street names and building addresses within the development and other pertinent information deemed necessary.

23. No on-site sewage treatment plant or septic tanks shall be allowed, unless an amendment to this zoning case is approved, except for temporary septic tanks for the sales office and golf course.

24. Any security gate or similar device that is not manned 24 hours per day must be provided with an over-ride switch in a glass-covered box, for use of emergency vehicles.

25. The configuation of individual lots shall be at the discretion of the developer, provided that the minimum lot area for "Fairway Homes" shall be 7,000 square feet; the minimum lot area for "Patio Homes" shall be 5,000 square feet; the minimumlot area for "Village Homes" shall be 4,000 square feet; and the minimum lot area for "Manor Villas" shall be 3,500 square feet; and that each lot shall have a minimum of 30 feet of street frontage measured at the street setback line.

26. Stub-outs for piped water from Gulf Utility Company shall be made available as development occurs, as set forth by the water service stubs plan dated April 18, 1986 and stamped received April 21, 1986.

27. The first row of lots adjacent to the western and northern perimeter buffer shall be developed with single-family dwellings which shall not exceed one story in height.

28. The roads in this project shall not be maintained by Lee County.

29. This development shall not withdrawn water from the same aquifer that the residents in the immediate area are using, which is understood to be the ground water table and the Tamiami Aquifer.

30. No trees with a 4" d.b.h. (diameter at breast height) or greater shall be cut down in the buffer area along the western property line.

OFF REC 1886PG2651

Site plan SP-86-34 is attached hereto and incorporated herein by reference, as a reduced copy of the R.P.D. master Concept Plan.

The following findings of fact were made by the Board in connection with the R.P.D. zoning.

1. The proposed uses are appropriate at the subject location; and

2. The proposed development is consistent with the adopted Lee Plan, in that:

   (a) The land use change meets or exceeds the applicable performance and locational standards; and

   (b) Urban Services, as defined by the Lee Plan, will be available and adequate to serve the proposed land use change; and

   (c) The land use change complies with the densities and general uses set forth in the Lee Plan; and

   (d) The land use change will, with the above conditions, protect, conserve, or preserve environmentally-critical areas and natural resources; and

   (e) The land use change is compatible with existing or planned land uses, and would not cause damage, hazard, or nuisance, or other detriment to persons or property; and

   (f) The location of the proposed land use change does not place an undue burden upon existing transportation and other services and facilities and will be served by streets of a capacity sufficient to carry traffic generated by the development; and

DCI 2007-00035

RECEIVED
JUL 27 2007

3. Sufficient safeguards to the public interest are provided by the recommended conditions to the Concept Plan or by other applicable regulations; and

4. All recommended conditions are reasonably related to the impacts on the public's interest created by or expected from the proposed development.

OFF REC 1886 PG 2652

The following findings of fact were required in conjunction with the approved deviations:

1) The approved deviations in this instance enhance the achievement of the objectives of the planed development; and

2) The general intent of these regulations, to protect the public health, safety, and welfare, will be preserved and promoted.

The foregoing Resolution was adopted by the Lee County Board of County Commissioners upon a motion by Commissioner Eastwood, and seconded by Commissioner Slisher and, upon being put to a vote, was as follows:

RECORD VERIFIED - CHARLIE GREEN, CLERK
BY: H. FERNSTROM, D.C.

OFF REC 1983 PG 3836

WHEREAS, Weiner Homes Corporation has properly filed an application on a project known as Villages at Country Creek for Amendment to a Residential Planned Development to modify the previously approved setbacks as follows:

a) Minimum rear setback of 10 feet for all type housing units (Manor Villas, Fairway Homes, Patio Homes) (Sections 500.1.B.1.a., 1984 Zoning Ordinance and 500.14.C., 1984 Zoning Ordinance):

Swimming pools, tennis courts, patios, decks and other similar non-roofed accessory structures or facilities shall be permitted up to the rear property line of individual lots except:

1. Where the rear property line abuts other lots, these accessory structures shall be permitted up to, but no closer than, five (5) feet from a rear property line.

2. Where the rear property line is within ten (10) feet of a natural or artificial body of water, the approval of these accessory structures up to the rear property line shall be subject to documentation by a licensed engineer indicating that the soils and banks will be stabilized and that no erosion will occur.

b) Minimum side setback of 7½ feet for Manor Villa units with patios and decks enclosed with open mesh screening (Sections 500.1.B.1.a., 1984 Zoning Ordinance and 500.14.C., 1984 Zoning Ordinance), to 5 feet;

c) Eliminate Conditions #10 and #14 of Resolution ZAB-86-34 which require that the developer shall dedicate a 50-foot-wide strip of land parallel and adjacent to the northern property line for the proposed extension of Broadway; and

d) Amend Condition #16 of Resolution ZAB 86-34 requiring:

16. There shall be a 50-foot Type "D" buffer area along the entire remaining perimeter of this parcel which shall be landscaped as set forth by the submitted buffer plan dated April 18, 1986, and stamped received April 21, 1986.

WHEREAS, the subject property is located on the north side of Corkscrew Road approximately 1,000 feet to the west and 650 feet to the east of Corkscrew Road and River Ranch Road, described more particularly as:

Re: Villages at Country Creek MCP Revised
Reuse Storage Tank Zoning Case #DCI2007-00035
Resolution No. Z-07-061
S. I. Project No. 719-01-07

Dear Mr. Badamtchian:

We revised the Master Concept Plan (MCP) for the referenced project as suggested by Robert Spickerman, Assistant County Attorney, in his January 7, 2008 letter. Enclosed you will find the following documents:

1. Eleven (11) 24" x 36" size copies of the revised MCP, Sheets 1 through 7.
2. Three (3) 11" x 17" size copies of the revised MCP, Sheets 1 through 7.
3. Five (5) copies each of revised Legal Description.
4. Five (5) copies each of revised sealed sketch of Legal Description for the project.

We trust the submitted documents are sufficient to meet the intent of the January 7, 2008 Lee County letter addressed to Steven C. Hartsell, Esq. If you have any questions, please do not hesitate to call.

Very truly yours,

Re: Villages at Country Creek Reuse Storage
DCI2007-00035 - PDA Application (PD Amendment)
Revised Master Concept Plan Exhibits & Supplemental Information
S. I. Project No. 719-01-07

DCI 2007-00035

Dear Chahram:

We received your August 24, 2007 letter regarding the referenced PD Amendment. As stipulated in your letter, changes to the wording of the description are requested. The second paragraph of the proposed amendment should read:

> "Amend Zoning Resolution ZAB-86-034 (Villages at Country Creek) to allow for the installation of a 50 ft. diameter and 26 ft. high tank (measured above finished grade) effluent (reuse) storage tank and pumping station."

As discussed in our meeting on August 30, 2007, we revised the Master Concept Plan Exhibits relative to enhanced landscape buffers. Enclosed you will find the following plan exhibits:

1. Two (2) sets of revised Exhibit D-7-M-1, Master Concept Plan-Non PRFD, Sheets 1 through 7, 24" x 36" size.
2. Two (2) original sets and thirteen (13) copies of revised Exhibit D-7-M-1, Master Concept Plan-Non PRFD, Sheets 1 through 7, 11" x 17" size.

We discussed expanding the proposed project scope to include additional landscaping in the Villages at Country Creek 50 ft. perimeter buffer east of the reuse storage tank site along Three Oaks Parkway. Concern was expressed that permission from the Villages at Country Creek Master Association, Inc. to allow additional trees to be planted in the 50 ft. buffer. It is our belief that work within the buffer, STRAP No. 27-46-25-01-0000B00CE was covered and included in the application by reference on Page 3 of 12. A copy of Page 3 of 12 is attached for your ready review.

We trust the modified application description and revised MCP exhibits included in this submittal are sufficient to enable you to prepare a staff report in support of our PD Amendment request. However, should you have any questions or require additional information, please do not hesitate to call.

Very truly yours,

SOURCE, INC.

EXHIBIT D-7-M-2
MASTER CONCEPT PLAN
NON PRFD
SHEET 4 OF 7

LANDSCAPE NOTES:

1. ALL TREES SHALL BE A MINIMUM OF TEN (10) FEET IN HEIGHT, WITH A 2" CALIPER (AT 12 INCHES ABOVE THE GROUND) AND A FOUR-FOOT SPREAD AT TIME OF PLANTING. IN THE CASE OF PALMS, EXCEPT DWARF SPECIES, THE REQUIRED MEASUREMENT SHALL HAVE A MINIMUM OF TEN (10) FEET OF CLEAR TRUNK. TREES HAVING AN AVERAGE MATURE SPREAD OR CROWN LESS THAN 20 FEET MAY BE SUBSTITUTED BY GROUPING THE SAME SO AS TO CREATE THE EQUIVALENT OF 20 FOOT CROWN SPREAD.

2. PALMS WHICH NORMALLY GROW WITH A SINGLE TRUNK AND OBTAIN A HEIGHT OF TWENTY (20) FEET MAY BE SUBSTITUTED FOR UP TO 25% OF THE REQUIRED NUMBER OF TREES. PALM TREES SHALL NOT BE USED AS PARKING CANOPY TREES.

3. WHERE TREES ARE LARGER THAN EIGHT (8) FEET, GUYS AND STAYS ARE TO BE PROVIDED AND INSTALLED.

4. SHRUBS SHALL BE A MINIMUM OF TWENTY-FOUR (24) INCHES IN HEIGHT AT PLANTING, THREE GALLON CONTAINER SIZE AND PLANTED 18-36" ON CENTER.

5. SODDING IS REQUIRED IN ALL UNPAVED AREAS WITHIN THE SITE BOUNDARIES UNLESS OTHER PLANTINGS ARE SPECIFIED. THE BALANCE OF LANDSCAPE AREAS SHALL BE SODDED WITH BAHIA OR ST. AUGUSTINE GRASS.

6. GRASS AREAS SHALL BE PLANTED IN SPECIES NORMALLY GROWN AS PERMANENT LAWNS IN LEE COUNTY.

7. ALL PLANTING AREAS ARE TO BE MULCHED WITH A MIN. 2" OF CLEAN MULCH. EACH TREE MUST HAVE A RING OF MULCH NO LESS THAN 24" INCHES BEYOND ITS TRUNK. THE USE OF CYPRESS MUCH IS STRONGLY DISCOURAGED.

8. ANY EXISTING TREE(S) THAT WILL BE CLAIMED FOR CREDIT MUST BE BARRICADED PRIOR TO CONSTRUCTION. BARRICADES SHALL BE PLACED AT FULL DRIPLINE OR SIX (6) FEET FROM TRUNK, WHICHEVER IS GREATER. BARRICADES SHALL CONSIST OF 2 x 2 POST SPACED FOUR OF FIVE FEET ON CENTER AND 1 x 2 CROSS PIECES.

9. PLANT MATERIALS USED SHALL CONFORM TO THE STANDARDS FOR FLORIDA NO. 1 OR BETTER AS GIVEN IN "GRADES AND STANDARDS FOR NURSERY PLANTS" PARTS I & II, FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES, TALLAHASSEE.

10. 100% OF THE TOTAL NUMBER OF TREES AND 50% OF THE TOTAL NUMBERS OF SHRUBS SHALL BE INDIGENOUS.

11. ALL TREES AND SHRUBS USED IN BUFFERS AND LANDSCAPING SHALL BE XERISCAPE VARIETIES. TREES ADJACENT TO WALKWAYS, BIKE PATHS, OR RIGHT-OF-WAYS MUST BE MAINTAINED WITH 8' OF CLEAR TRUNK.

12. EXOTIC SPECIES CURRENTLY LISTED IN THE LEE COUNTY DEVELOPMENT CODE PROHIBITED SHALL BE REMOVED FROM SITE. THIS REMOVAL SHALL BE MAINTAINED IN PERPETUITY. MECHANICAL REMOVAL OF THE LISTED SPECIES IS PROHIBITED IN INDIGENOUS AREAS. THE OWNER MUST MAINTAIN THE PARCEL FREE OF EXOTICS WITH AN APPROVED HERBICIDE TREATMENT. EXOTIC SPECIES TO BE REMOVED ARE: BRAZILIAN PEPPER, MELALEUCA, EARLEAF ACACIAC DOWNY ROSE MYRTLE, AUSTRALIAN PINE, AND TROPICAL SODA APPLE.

13. PROVIDE ADDITIONAL SHRUBS AS NECESSARY FOR CONTINUOUS HEDGE ALONG THE NORTH, WEST AND SOUTH PROPERTY LINES.

IRRIGATION NOTES:

1. IRRIGATION WATER SHALL BE PROVIDED BY THE EXISTING REUSE SYSTEM

2. IRRIGATION CONTRACTOR SHALL PROVIDE A SYSTEM THAT PROVIDES HEAD TO HEAD OR 100% COVERAGE WITH SPRAY HEAD OR OTHER APPROVED DEVICE OF ALL LANDSCAPE AREA.

3. THE SYSTEM SHALL BE OPERATED BY AN AUTOMATIC IRRIGATION CONTROLLER.

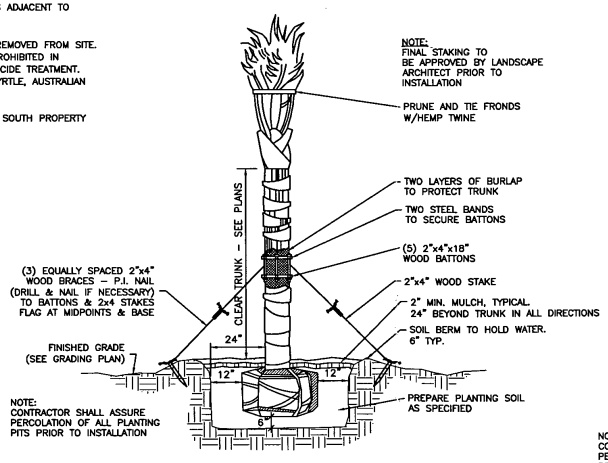

4. THE IRRIGATION SYSTEM SHALL HAVE A MOISTURE SENSOR DEVICE WHICH WILL PREVENT THE OPERATION OF THE SYSTEM DURING RAINY WEATHER AND WILL BE LOCATED SO AS TO RECEIVE DIRECT RAINFALL, NOT IMPEDED BY OTHER OBJECTS.

5. THE INSTALLATION OF THE SYSTEM SHALL BE IN ACCORDANCE WITH THE STANDARDS SET FORTH BY THE FLORIDA IRRIGATION SOCIETY.

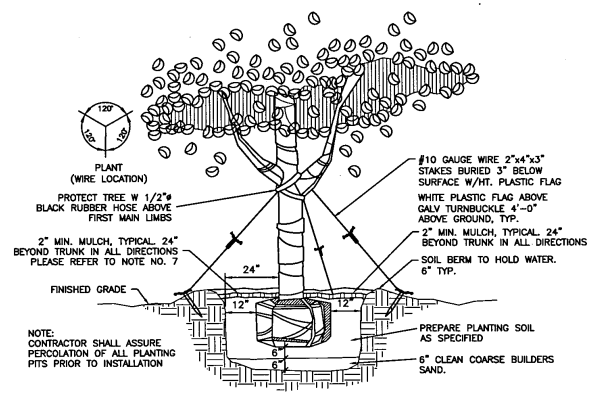

6. IRRIGATION CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING COVERAGE SO THAT THERE IS NO OVER SPRAY INTO NON-LANDSCAPE DESIGNATED AREAS.

7. WHERE POSSIBLE, PRACTICAL AND FEASIBLE IRRIGATION FOR TURFED AREAS SHALL BE ISOLATED OR SEPARATED FROM IRRIGATION FOR SHRUB OR GROUNDCOVER AREAS.

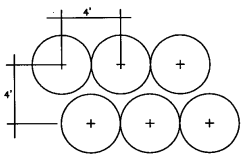

8. ALL LANDSCAPE ISLANDS WILL BE PROVIDED WITH IRRIGATION SOURCE THROUGH SLEEVES DENOTED ON SITE PLAN.

Re: Villages at Country Creek Reuse Storage
DCI 2007-00035 - PDA Application (PD Amendment)
Response to Sufficiency Checklist
Project No. 719-01-07

DCI 2007-00035

Dear Mr. Badamtchian:

We have reviewed your June 5, 2007 letter and sufficiency checklist attachments, for the referenced PD Amendment request. The following information and revised plans/exhibits are presented in response:

A. LC Natural Resources Sufficiency Checklist (Ord 05-29)

1) Sufficiency Comments

1. In Exhibit D-7-J first paragraph states, "The Villages at Country Creek is a built-out golf course community", the Master Concept Plan shows Tracts A, B, C, D and E as Future Phases. If reconstruction of an existing tract is proposed please show existing and proposed drainage patterns.

Exhibit D-7-M-1 Master Concept Plan has been updated to indicate that Tracts A, B, C, D and E as constructed (built-out). The existing drainage patterns serve the built-out development, thus there shall not be "proposed drainage patterns" or alterations. Attached are copies of revised Master Concept Plan Exhibit D-7-M-1.

2. Will the proposed increase number of multifamily units from 252 to 262 and decrease single family detached units from 467 to 458 change the existing site layout. Please show proposed and existing to remaining site layout for all tracts on the MCP.

RECEIVED
JUL 27 2007
COMMUNITY DEVELOPMENT

DCI 2007-00035

As described above, the project is "built-out", therefore, the project includes 262 multi-family units and 458 single family detached units. The requested PD Amendment does not include any revision to the number of residential units.

3. Exhibit D-7-M-2 sheet 3 of 5, the label "EXISTING REUSE METERING STATION" is located within the buffer - please remove or clarify the location of the existing metering station.

The existing metering station is owned by Lee County Utilities located as shown on Exhibit D-7-M-2 sheet 3 of 5. Exhibit D-7-M-2 sheets 2, 3 and 5 of 5 have been revised to relocate the 15 ft. buffer such that the buffer does not encroach on the existing reuse metering station. Attached are copies of revised Exhibit D-7-M-2 sheets 2, 3 and 5 of 5.

B. LC Environmental Sciences PD Application Sufficiency Checklist (Ord 05.29)

11d) Existing Zoning and Current Land Uses. A map or other depiction of the existing zoning and current land uses (i.e. single family residence, multiple-family building, retail commercial, office building, etc.) surrounding the tract or parcel to a distance of 500 feet must be submitted. (34-373(a)(4)c

Please provide current land uses.

Current land uses are shown on the FLUCCS Map Exhibit D-7-F provided with the application submitted.

12) Master Concept Plan , Non-PRFPD. A graphic illustration. (Master Concept Plan) of the proposed development, showing and identifying the following information required by LCLDC Section 34-373(a)(6)a. - (a)(6)i. must be submitted in both 24 " x 36" size and 11" x 17" size [34-373(a)(6)] {see Supplement D, Part 7}

Please submit a complete MCP in both 11" x 17" and 24" x 36" size the items below are missing or were found inaccurate on the MCP submitted. Are all existing structures to remain? Will the existing vegetation and berm be removed from the 20' PUE along the north property line?

RECEIVED
JUL 27 2007
COMMUNITY DEVELOPMENT
DCI 2007-00035

Copies of the revised MCP Exhibit D-7-M-2 in both 11" x 17" and 24" x 36" size are attached. The existing structures within Tract J-5, 0.239 acre site will remain, including the lake augmentation well, retaining wall and equipment and the existing LCU reuse watering and control station with fence. The existing berm and vegetation will not be removed from the 20 ft. utility easement (UE). The purpose of this utility easement is to accommodate an existing augmentation well and pipeline that serves the Villages at Country Creek Development. Note that this easement is not a public utility easement, but an easement to serve the project lake injection system only.

12a) Easements. The exact location and explanation of all existing easements, whether or not those easements are recorded, must be shown on the Master Concept Plan. [34-373(a)(6)a.]

Please label 20' PUE along north property line.

The 20ft. UE (utility easement) is shown on revised Exhibits D-7-M-2 copies of which are attached.

12i) *Open Space Percentage. The percentage of open space must be shown on the Master Concept Plan unless the proposed development consists solely of conventional single-family dwelling units on lots of no less than 5,500 square feet. [34-373(a)(6)h.]*

Please provide required and proposed open space in table format as per LDC Sec. 34-414.

An open space table has been provided on revised MCP Exhibit D-7-M-2 sheet 2 of 5 attached for your review. We have reviewed the current and previous MCPs for the Villages at Country Creek and have found no specific requirement for open space for Tract J-5. This application is not proposing any changes or modifications to any portion of the previously approved MCP, other than this tract.

12j) Buffers. The minimum width and composition of all proposed buffers along the perimeter of the subject property, as well as between the individual uses if the types of proposed uses require buffer separations must be shown on the Master Concept Plan. [34-373(a)(6)i.]

Please provide north, east and south elevation views as was provided for west.

RECEIVED
JUL 27 2007
COMMUNITY DEVELOPMENT

DCI 2007-00035

Elevation views of the north, east and south directions are provided and attached as Exhibit D-7-M-2 sheet 6.

19) Miscellaneous Items

Landscape plans comments (buffer type and content to be addressed during substantive).
1-Loquat and weeping bottlebrush are not native. As per provided narrative project will use native landscaping. ES staff will condition 100% native vegetation.

It is acknowledged that loquat and weeping bottlebrush are not native and also acknowledge that the project will use 100% native vegetation. The planting schedule has been revised accordingly.

2-Type C buffer provided. Lot buffer requirements does not address or illustrate wall requirement?

A deviation request is included with this resubmittal to delete the wall requirement.

3-SEZ2003-00037 requirements. What does a special exception for a Pine Island parcel have to do with this property? Please explain or remove.

The reference to the special exception for a Pine Island parcel has been removed from the revised Exhibits.

4-FLUCCS-no Brazilian pepper or Australian pine identified on site as per site visit permed by ES staff on 5/22/07.

FLUCCS reference to Brazilian pepper or Australian pine have been deleted from the revised Exhibits and the FLUCCS designations have been corrected.

5-Soil as per map is 34 and 26.

The soils description has been corrected on the revised Exhibits.

6-Scale on 11" x 17" incorrect - 1" does not equal 10.

RECEIVED
JUL 27 2007
COMMUNITY DEVELOPMENT
DCI 2007-00035

The scale designation on the 11" x 17" size Exhibit D-7-M-2 has been corrected on the revised Exhibits.

7-Landscape Notes #14??? Please explain or remove.

Landscape Note #14 does not apply to this project and has been deleted from revised Exhibit D-7-M-2 sheet 4 of 5.

8-Site plan identifies and ES field verified existing sabal palms on site. ES staff will condition sabal palm must be preserved or relocated on site.

It is acknowledged that the existing sabal palms within Tract J-5 will be preserved or relocated on site.

C. 5) Applications must be presented on the official forms provided by the department or on county-approved computer-generated forms containing the same information. [34-201(b)(2)]

The application states the size of the property as 0.298 acres. That is the area you are impacting. However, you are amending the entire RPD by adding a use to that RPD. Please revise the application to include the entire development.

The application has been revised to include the entire RPD area. It must be noted that there are no residential dwelling units proposed for this amendment as the project is "BUILT OUT". Previous PD Amendments to the Villages at Country Creek only referenced the affected parcel or tract.

11) Master Concept Plan. All applications must be accompanied by a graphic illustration (Master Concept Plan) of the proposed development. [34-373(a)(6)]

The Master Concept Plan is outdated. It is a 1995 MCP showing future phases. All phases are now completed. Please provide a revised and updated Master Concept Plan.

The Master Concept Plan has been updated to reflect the current conditions - see attached revised MCP Exhibit D-7-M-1 Sheet 1.

D. 21) Miscellaneous Items

Staff has received the following comments from the County Attorney's Office.

1. A legal description and sketch of the entire RPD boundary is required. The .289 acre legal description is just a portion of the overall RPD and while it may be included for purposes of conditions, etc. it is not sufficient by itself.

Included in this submittal is a current boundary survey and legal description of the Villages at Country Creek entire PD as requested. Previous PD Amendments to this project did not require that the entire development be included rather the affected site was defined.

2. What zoning resolution are they proposing to amend?

The resolution numbers that the proposed application amendment includes resolution number z-86-34 and z-88-067.

3. Is the "new" MCP consistent with the existing zoning approval?

It is the intention of this application to be consistent with the current zoning approval for the Villages at Country Creek as we utilized the "approved" MCP to create the currently proposed MCP.

We trust the information, revised application, additional exhibits and revised exhibits provided herein are found sufficient to enable the staff to complete their review and schedule the required Public Hearings. Should you have any questions or require additional information, do not hesitate to call.

Very truly yours,

DCI 2007-00035

LANDSCAPE NOTES:

1. ALL TREES SHALL BE A MINIMUM OF TEN (10) FEET IN HEIGHT, WITH A 2" CALIPER (AT 12 INCHES ABOVE THE GROUND) AND A FOUR-FOOT SPREAD AT TIME OF PLANTING. IN THE CASE OF PALMS, EXCEPT DWARF SPECIES, THE REQUIRED MEASUREMENT SHALL HAVE A MINIMUM OF TEN (10) FEET OF CLEAR TRUNK. TREES HAVING AN AVERAGE MATURE SPREAD OR CROWN LESS THAN 20 FEET MAY BE SUBSTITUTED BY GROUPING THE SAME SO AS TO CREATE THE EQUIVALENT OF 20 FOOT CROWN SPREAD.

2. PALMS WHICH NORMALLY GROW WITH A SINGLE TRUNK AND OBTAIN A HEIGHT OF TWENTY (20) FEET MAY BE SUBSTITUTED FOR UP TO 25% OF THE REQUIRED NUMBER OF TREES. PALM TREES SHALL NOT BE USED AS PARKING CANOPY TREES.

3. WHERE TREES ARE LARGER THAN EIGHT (8) FEET, GUYS AND STAYS ARE TO BE PROVIDED AND INSTALLED.

4. SHRUBS SHALL BE A MINIMUM OF TWENTY-FOUR (24) INCHES IN HEIGHT AT PLANTING, THREE GALLON CONTAINER SIZE AND PLANTED 18-36" ON CENTER.

5. SODDING IS REQUIRED IN ALL UNPAVED AREAS WITHIN THE SITE BOUNDARIES UNLESS OTHER PLANTINGS ARE SPECIFIED. THE BALANCE OF LANDSCAPE AREAS SHALL BE SODDED WITH BAHIA OR ST. AUGUSTINE GRASS.

6. GRASS AREAS SHALL BE PLANTED IN SPECIES NORMALLY GROWN AS PERMANENT LAWNS IN LEE COUNTY.

7. ALL PLANTING AREAS ARE TO BE MULCHED WITH A MIN. 2" OF CLEAN MULCH. EACH TREE MUST HAVE A RING OF MULCH NO LESS THAN 24" INCHES BEYOND ITS TRUNK. THE USE OF CYPRESS MUCH IS STRONGLY DISCOURAGED.

8. ANY EXISTING TREE(S) THAT WILL BE CLAIMED FOR CREDIT MUST BE BARRICADED PRIOR TO CONSTRUCTION. BARRICADES SHALL BE PLACED AT FULL DRIPLINE OR SIX (6) FEET FROM TRUNK, WHICHEVER IS GREATER. BARRICADES SHALL CONSIST OF 2 x 2 POST SPACED FOUR OF FIVE FEET ON CENTER AND 1 x 2 CROSS PIECES.

9. PLANT MATERIALS USED SHALL CONFORM TO THE STANDARDS FOR FLORIDA NO. 1 OR BETTER AS GIVEN IN "GRADES AND STANDARDS FOR NURSERY PLANTS" PARTS I & II, FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES, TALLAHASSEE.

10. 100% OF THE TOTAL NUMBER OF TREES AND 50% OF THE TOTAL NUMBERS OF SHRUBS SHALL BE INDIGENOUS.

11. ALL TREES AND SHRUBS USED IN BUFFERS AND LANDSCAPING SHALL BE XERISCAPE VARIETIES. TREES ADJACENT TO WALKWAYS, BIKE PATHS, OR RIGHT-OF-WAYS MUST BE MAINTAINED WITH 8' OF CLEAR TRUNK.

12. EXOTIC SPECIES CURRENTLY LISTED IN THE LEE COUNTY DEVELOPMENT CODE PROHIBITED SHALL BE REMOVED FROM SITE. THIS REMOVAL SHALL BE MAINTAINED IN PERPETUITY. MECHANICAL REMOVAL OF THE LISTED SPECIES IS PROHIBITED IN INDIGENOUS AREAS. THE OWNER MUST MAINTAIN THE PARCEL FREE OF EXOTICS WITH AN APPROVED HERBICIDE TREATMENT. EXOTIC SPECIES TO BE REMOVED ARE: BRAZILIAN PEPPER, MELALEUCA, EARLEAF ACACIAC DOWNY ROSE MYRTLE, AUSTRALIAN PINE, AND TROPICAL SODA APPLE.

13. PROVIDE ADDITIONAL SHRUBS AS NECESSARY FOR CONTINUOUS HEDGE ALONG THE NORTH, WEST AND SOUTH PROPERTY LINES.

IRRIGATION NOTES:

1. IRRIGATION WATER SHALL BE PROVIDED BY THE EXISTING REUSE SYSTEM

2. IRRIGATION CONTRACTOR SHALL PROVIDE A SYSTEM THAT PROVIDES HEAD TO HEAD OR 100% COVERAGE WITH SPRAY HEAD OR OTHER APPROVED DEVICE OF ALL LANDSCAPE AREA.

3. THE SYSTEM SHALL BE OPERATED BY AN AUTOMATIC IRRIGATION CONTROLLER.

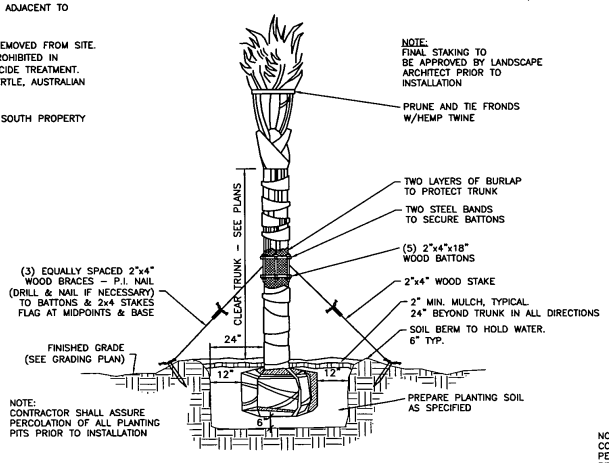

4. THE IRRIGATION SYSTEM SHALL HAVE A MOISTURE SENSOR DEVICE WHICH WILL PREVENT THE OPERATION OF THE SYSTEM DURING RAINY WEATHER AND WILL BE LOCATED SO AS TO RECEIVE DIRECT RAINFALL, NOT IMPEDED BY OTHER OBJECTS.

5. THE INSTALLATION OF THE SYSTEM SHALL BE IN ACCORDANCE WITH THE STANDARDS SET FORTH BY THE FLORIDA IRRIGATION SOCIETY.

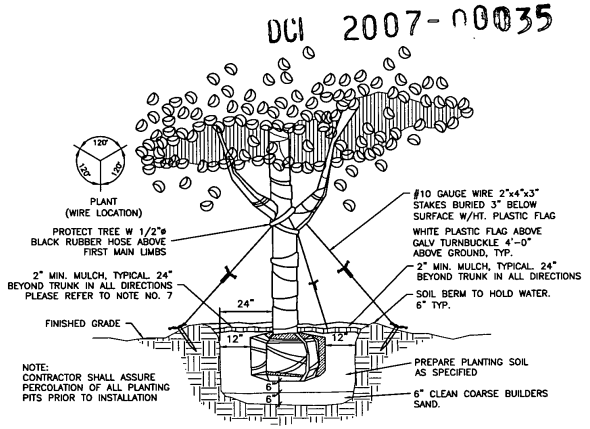

6. IRRIGATION CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING COVERAGE SO THAT THERE IS NO OVER SPRAY INTO NON-LANDSCAPE DESIGNATED AREAS.

7. WHERE POSSIBLE, PRACTICAL AND FEASIBLE IRRIGATION FOR TURFED AREAS SHALL BE ISOLATED OR SEPARATED FROM IRRIGATION FOR SHRUB OR GROUNDCOVER AREAS.

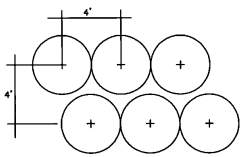

8. ALL LANDSCAPE ISLANDS WILL BE PROVIDED WITH IRRIGATION SOURCE THROUGH SLEEVES DENOTED ON SITE PLAN.

Reuse Storage Tank & Irrigation Pumping Facility
STRAP #'s 34-46-25-05-000MO.00CE & 27-46-25-0000B-0000B.00CE
S. I. Project No. 719-01-06

Dear Pam:

We respectfully request your review and assistance in expediting zoning process for the referenced application. Enclosed is an "Application for a Public Hearing for Zoning Action, Unincorporated Areas Only," with "Public Hearing Supplement D," and all applicable exhibits, surveys, master concept plan, summary of the Estero Planning Community information session, surrounding property owners' addresses, mailing labels and maps, as required. Also enclosed is the zoning application fee of $5,000.00, payable to the Lee County Board of County Commissioners.

The reclaimed effluent (reuse) storage tank and pumping station are required by Lee County Utilities to enable the Villages at Country Creek to reinstate the reuse water supply for golf course irrigation. Additionally, utilization of reclaimed effluent for irrigation is mandated by the South Florida Water Management District in the water use permitting process.

Re: VILLAGES AT COUNTRY CREEK STOR
DCI2007-00035 - PDA Application (PD Amendment)

Dear MR. JAMES P. ELLIOTT :

The Zoning Division has reviewed the information provided and supplemented for the rezoning request referenced above. The application is now sufficient and the formal request has been drafted from your application as follows:

> Amend Zoning Resolution ZAB-86-034 (Villages at Country Creek) to allow for the installation of a 50 ft. wide and 33ft. high effluent (reuse) storage tank and pumping station.
>
> NOTE: If approved, the Master Concept Plan (available for inspection at 1500 Monroe St., in Ft. Myers) may deviate from certain Land Development Code (LDC) standards.

Please review this language carefully, and notify me in writing by September 7, 2007 whether or not this wording is satisfactory. Staff's substantive comments, along with the staff report, are being prepared. This request has been tentatively scheduled for public hearing before the Lee County Hearing Examiner on October 25, 2007. However, please note that this is a tentative date that is subject to change and that Lee County will be held harmless for any potential delay in effectuating compliance with the tentative hearing date.

You may schedule or waive a formal pre-hearing conference to discuss substantive issues. Contact me if you have any questions or if you would like to meet informally prior to the public hearings.

Sincerely,

DEPARTMENT OF COMMUNITY DEVELOPMENT
Zoning Division

Re: VILLAGES AT COUNTRY CREEK STOR
DCI2007-00035 - PDA Application (PD Amendment)

Dear MR. JAMES P. ELLIOTT :

The Zoning Division has reviewed the information provided for the above zoning application. The Land Development Code requires additional information for the application to be sufficient. Please respond to each requirement not satisfied on the attached sufficiency checklists. For your assistance, we have enclosed any additional memoranda from the various Lee County reviewing agencies.

If you do not provide the requested supplements or corrections within 60 calendar days of this letter, the Code requires that this application be considered withdrawn. Please feel free to contact me or the staff reviewers if you have any questions.

Sincerely,

LC Natural Resources Sufficiency Checklist (Ord 05-29)

1) Sufficiency Comments.

1. In Exhibit D-7-J first paragraph states, "The Villages at County Creek is a built-out golf course community.", the
Master Concept Plan shows Tracts A, B, C, D and E as Future Phases. If reconstruction of an existing tracts is
proposed please show existing and proposed drainage patterns.

2. Will the proposed increase number of Multi family units from 252 to 262, and decrease single family detached units from 467 to 458 change the existing site layout. Please show proposed and existing to remain site layout for all tracts on the MCP.

3. Exhibit D-7-M-2 sheet 3 of 5, the label "EXISTING REUSE METERING STATION" is located within the buffer please remove or clarify the location of the existing metering station.

3) Contact. The Natural Resources reviewer may be contacted regarding any questions on the Natural Resources Checklist.

Tildon Copeland
Lee County Division of Natural Resources
Phone: 239 479-8139
email: copelatl@leegov.com

LC Environmental Sciences PD Application Sufficiency Checklist (Ord 05-29)

11d) Existing Zoning and Current Land Uses. A map or other depiction of the existing zoning and current land uses (i.e. single family residence, multiple-family building, retail commercial, office building, etc.) surrounding the tract or parcel to a distance of 500 feet must be submitted. [34-373(a)(4)c.

Please provide current land uses.

12) Master Concept Plan, Non-PRFPD . A graphic illustration (Master Concept Plan) of the proposed development, showing and identifying the following information required by LCLDC Section 34-373(a)(6)a. - (a)(6)i. must be submitted in both 24" X 36" size and 11" X 17" size. [34-373(a)(6)] {see Supplement D, Part 7}

Please submit a complete MCP in both 11"x 17" and 24"x 36" size. The items below are missing or were found inaccurate on the MCP submitted. Are all existing structures to remain? Will the existing vegetation and berm be removed from the 20' PUE along the north property line?

12a) Easements. The exact location and explanation of all existing easements, whether or not those easements are recorded, must be shown on the Master Concept Plan. [34-373(a)(6)a.]

Please label 20' PUE along north property line

12i) Open Space Percentage. The percentage of open space must be shown on the Master Concept Plan unless the proposed development consists solely of conventional single-family dwelling units on lots of no less than 6,500 square feet. [34-373(a)(6)h.]

Please provide required and proposed open space in table format as per LDC Sec. 34-414.

12j) Buffers. The minimum width and composition of all proposed buffers along the perimeter of the subject property, as well as between the individual uses if the types of proposed uses require buffer separations, must be shown on the Master Concept Plan. [34-373(a)(6)i.]

Please provide north, east, and south elevation views as was provided for west.

19) Miscellaneous items.

Landscape plans comments (buffer type and content to be addressed during substantive)
1-Loquat and weeping bottlebrush are not native. As per provided narrative project will use native landscaping. ES staff will condition 100% native vegetation.
2-Type C buffer provided. Lot buffer requirements does not address or illustrate wall requirement?
3-SEZ2003-00037 requirements. What does a special exception for a Pine Island parcel have to do with this property? Please explain or remove
4-FLUCCS-no Brazilian pepper or Australian pine identified on site as per site visit perform by ES staff on 5/22/07
5-Soil as per map is 34 and 26.
6- scale on 11x17 incorrect 1" does not equal 10'
7-Landscape Notes #14??? Please explain or remove
8-Site plan identifies and ES field verified existing sabal palms on site. ES staff will condition sabal palm must be preserved or relocated on site.

20) Contact. The Environmental Planner may be contacted regarding any questions on the LC Environmental Sciences Planned Development Application Sufficiency Checklist.

Susie Derheimer, Environmental Planner
239-479-8158
sderheimer@leegov.com

Lee County Sufficiency Checklist for Planned Developments, Amendments, and Existing Developments Requesting Planned Development Zoning

5) Applications must be presented on the official forms provided by the department, or on county-approved computer-generated forms containing the same information. [34-201(b)(2)]

The application states the size of the property as 0.289 acres. That is the area you are impacting. However, you are amending the entire RPD by adding a use to that RPD. Please revise the application to include the entire development.

11) Master Concept Plan. All applications must be accompanied by a graphic illustration (Master Concept Plan) of the proposed development. [34-373(a)(6)]

The Master Concept Plan is outdated. It is a 1995 MCP showing future phases. All phases are now completed. Please provide a revised and updated Master Concept Plan.

20) Contact. The Zoning Planner may be contacted regarding any questions on the Planned Development Sufficiency Checklist.

Chahram Badamtchian, AICP

21) Miscellaneous Items.

Staff has received the following comments from the County Attorney's Office

1. A legal description and sketch of the entire RPD boundary is required. The .289 acre legal description is just a portion of the overall RPD and while it may be included for purposes of conditions etc, it is not sufficient by itself.

2. What zoning resolution are they proposing to amend?

3. Is the "new" MCP consistent with the existing zoning approval?

Re: Villages At Country Creek Reuse Storage Tank
Zoning Case #DCI2007-00035
Resolution No. Z-07-061

Dear Mr. Hartsell:

Enclosed is the current draft resolution pertaining to a project known as Villages At Country Creek Reuse Storage Tank. It is based on the Hearing Examiner's recommendation with the understanding that changes may be made by the Commissioners at the final hearing. Please review this draft and let me know if any changes are necessary to accurately reflect the Hearing Examiner's recommendation. County staff will also review the draft resolution.

The Hearing Examiner recommendation encompasses a number of changes to the MCP. These changes are indicated in handwriting on the enclosed MCP. A revised MCP consistent with the resolution adopted by the Board will be required for attachment to the zoning resolution prior to Board execution of the resolution. If you would like to meet to discuss any necessary changes after the final hearing, please contact the Planner at 533-8585. The revised MCP, including the required 11 full-size and three 11" by 17" sheets, must be delivered to County Staff at the first floor zoning counter at the Department of Community Development (1500 Monroe Street).

We have found that the legal description submitted with the zoning application often does not truly represent the property intended to be rezoned. Therefore, to prevent potential errors in the resolution, please review the attached legal description to confirm that all of the property intended to be rezoned is accurately described. Please advise my office in writing regarding the results of your review. If the property to be rezoned is not completely and correctly described, necessary changes must be made before the final hearing so that the resolution can be signed promptly after the hearing.

Please contact me if you have any questions.

RE: Villages at Country Creek Reuse Storage Tank
Zoning # DCI2007-00035
Resolution No. Z-07-061

Dear Rob:

Upon review of the revised legal descriptions for the Villages at Country Creek, some minor discrepancies were noted between the legal description and the sketch. Please see the attached revised legal descriptions and sketches which are accurate. One is of the entire Villages at Country Creek, the other is Tract J-5 which is the tract where the Reuse Tank will be located.

I will be out of town next week, so please contact Jim Elliott at Source Engineering (phone: 549-2345) if you have any questions or concerns.

Very truly yours,

Steven C. Hartsell

MEMORANDUM

From The

Department Of
Community Development

Development Services Division

Date: January 22, 2008

To: DCI2007-00035

FROM: Cathy Keller

RE: Notice of Public Hearing - February 4, 2008
Lee County Board of County Commissioners Meeting

I, Cathy Keller, Internal Services Secretary, Development Services Division, do hereby certify that I have mailed **notices to the participants** in regard to the above referenced meeting, in the attached style, pursuant to the list marked and attached hereto and made a part of the certification.

NOTICE TO PARTICIPANT

CASE NUMBER:	DCI2007-00035
NAME:	VILLAGES AT COUNTRY CREEK STOR
REQUEST:	Amend Zoning Resolution ZAB-86-034 (Villages at Country Creek) to allow for the construction of a Group II Essential Service Facility in the form of a 50 ft. in diameter and 33ft. high effluent (reuse) storage tank and pumping station.
LOCATION:	The subject property is located at 20702 Country Barn Drive, Estero (South on Three Oaks Pkwy. From Alico Rd. Turn right on Laurel Oak Dr. then right on Country Barn Dr. North. Travel approx. 900 ft. Tract J-5 is on the right just north of Calico Ct. in the Villages of Country Creek development), in Sections 34 and 27, Township 46 South, Range 25 East, Lee County, FL.
PROPERTY OWNER'S REPRESENTATIVE:	MR. JAMES P ELLIOTT 239-549-2345

Notice is hereby given that the Lee County Board of Commissioners will hold a public hearing at 9:30 am on Monday, February 4, 2008, to review the written recommendation made by the Hearing Examiner and make a final decision in the above-referenced case. This hearing will be held in the Commissioners' Meeting Room, 2120 Main St., Ft. Myers FL.

The law states that, as a participant, you have the right to appear and address the Board on this case. However, the law strictly limits all testimony before the Board to statements challenging the correctness of findings and conclusions contained in the record, or statements alleging the discovery of relevant new evidence which was not known by the speaker at the time of the Hearing Examiner's hearing and not otherwise disclosed in the record. Statements will be limited to five (5) minutes or as the Board may otherwise allow.

Additional copies of the Hearing Examiner's recommendation may be obtained or the file reviewed at the Zoning Division, 1500 Monroe St., Ft. Myers, FL. Call 533-8585 for additional information.

In accordance with the Americans with Disabilities Act, reasonable accommodations will be made upon request. If you are in need of a reasonable accommodation, please contact Catherine A Keller at 533-8585.

FROM:
John J. Fredyma
Assistant County Attorney

RE: BOCC ZONING RESOLUTION FROM THE FEBRUARY 4, 2008 MEETING ZONING RESOLUTION Z-07-061 (VILLAGES AT COUNTRY CREEK REUSE STORAGE TANK)

Attached is the original resolution adopted by the Board at the February 4, 2008 zoning meeting. The resolution has been reviewed and approved as to form and is ready for the Chairman's signature. After the Chairman signs the resolution, please forward to the Minutes Department for attestation and further processing.

Thank you for your assistance with respect to the above. Should you have any questions, please do not hesitate to contact me.

Additional Comments:

(DCI) Lee County LDC Section 34-373(d)(1).
Sufficiency and Completeness
No hearing will be scheduled for an application for a Planned Development until the application has been found sufficient. All applications for Planned Developments will be deemed sufficient unless a letter advising the applicant of any insufficiencies has been mailed within fifteen (15) working days of submittal of the application. All amended applications will be deemed sufficient unless a subsequent letter advising the applicant of any insufficiencies has been mailed within fifteen (15) working days of the date of the resubmittal. The contents of insufficiency letters will be limited to brief explanations of the manner in which insufficient applications do not comply with the formal requirements in Section 34-373.

Additional Comments:

(DCI) Lee County LDC Section 34-373(d)(1).
Sufficiency and Completeness
No hearing will be scheduled for an application for a Planned Development until the application has been found sufficient. All applications for Planned Developments will be deemed sufficient unless a letter advising the applicant of any insufficiencies has been mailed within fifteen (15) working days of submittal of the application. All amended applications will be deemed sufficient unless a subsequent letter advising the applicant of any insufficiencies has been mailed within fifteen (15) working days of the date of the resubmittal. The contents of insufficiency letters will be limited to brief explanations of the manner in which insufficient applications do not comply with the formal requirements in Section 34-373.
