Sheila M. Holland
Morris-Depew Associates
2914 Cleveland Ave.
Fort Myers, FL 33901

Reference to Project: Former Cemex mining operation, located on the south side of Corkscrew Road adjacent to the Bella Terra development

Ms. Holland,

The proposed amendment to change the site of the former Cemex mining operation from DRGR and Wetlands to Sub-Outlying Suburban, Wetlands Conservation and Uplands Conservation would not affect the ability of the Lee County Sheriff's Office to provide core levels of service at this time. It is understood that the proposal will allow a maximum density of two dwelling units per acre over the 512 +/- acres of upland, thereby increasing the allowable dwelling units from the current 254 to 1,025.

Law enforcement services will be provided from our district office in Bonita Springs. As this development builds out, we will factor its impact into our annual manpower review and make adjustments accordingly. At the time of application for a Development Order or building permit, the applicant shall provide a Crime Prevention Through Environmental Design (CPTED) report done by the applicant and given to the Lee County Sheriff's Office for review and comments.

Please address further correspondence to me at the address listed below. Please contact Kevin Farrell, Community Program Coordinator of the Crime Prevention Unit, at 477-2821 with any questions.

Respectfully,

A handwritten signature in black ink, appearing to read "Col. Gill Allen", with a long horizontal line extending to the right.
