

RESOLUTION NO. 11-12-29

RESOLUTION PERTAINING TO STATUTORY
EXTENSION OF DRI COMMENCEMENT DATE FOR
VILLAGES OF SAN CARLOS DRI.

WHEREAS, in 2011, the Governor of the State of Florida signed House Bill 7207 into law, which provided a four-year extension of DRI Development Orders; and,

WHEREAS, HB7207 now Chapter 2011-139, Laws of Florida allows for a four-year extension of the commencement, phase, build out, and expiration dates of DRI Development Orders upon written request that have an expiration date; and,

WHEREAS, the holder of a valid DRI Development Order must notify the local government in writing no later than December 31, 2011, of the intention to utilize the extension and the anticipated timeframe for acting on the authorization; and,

WHEREAS, the Board finds that the Villages of San Carlos DRI qualifies for the extension contemplated by Chapter 2011-139, Laws of Florida since a request for extension was submitted within the necessary time frame established by Statute; and,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF LEE COUNTY, FLORIDA that:

1. The above stated recitals are incorporated into this Resolution by reference.
2. The DRI Development Order for Villages of San Carlos DRI is hereby amended as reflected in the attached Exhibit A.
3. This Resolution and its exhibits constitute the Fourth Codified Development Order Amendment to the Villages of San Carlos Development of Regional Impact. Development of the project must be consistent with the DRI Development Order attached as Exhibit A and the governing zoning approvals.
4. Certified copies of this Resolution will be forwarded to the Southwest Florida Regional Planning Council, the Florida Department of Economic Opportunity, and other appropriate agencies. This amendment is rendered as of the date of transmittal, but will not be effective until the expiration of the statutory appeal period (45 days from rendition) or until the completion of any appellate proceedings, whichever time is greater. Once effective, the Notice of Adoption of this Development Order Amendment must be recorded as provided for in Chapter 380,

Florida Statutes.

Commissioner Tammara Hall made a motion to adopt the foregoing resolution. The motion was seconded by Commissioner Frank Mann. The vote was as follows:

John E. Manning	Aye
Brian Bigelow	Aye
Ray Judah	Aye
Tammara Hall	Aye
Frank Mann	Aye

Exhibit A - Fourth Amendment to Villages of San Carlos DRI Development Order

STATE OF FLORIDA

COUNTY OF LEE

I Charlie Green, Clerk of Circuit Court, Lee County, Florida, and ex-Officio Clerk of the Board of County Commissioners, Lee County, Florida, do hereby Certify that the above and foregoing is a true and correct copy of Resolution No. 11-12-29 adopted by the Board of Lee County Commissioners at their meeting held on the 13th day of December, 2011.

Given under my hand and seal, at Fort Myers, Florida, this 19th day of December, 2011.

CHARLIE GREEN,
Clerk of Circuit Court
Lee County, Florida

By: Marcia Wilson
Deputy Clerk

VILLAGES OF SAN CARLOS DRI¹
FOURTH DEVELOPMENT ORDER AMENDMENT
Development Order 81-1

WHEREAS, Alan C. Freeman filed an Application for Development Approval (ADA) pursuant to Florida Statutes §380.06, for a Development of Regional Impact (DRI) known as the "Villages of San Carlos". The ADA was subsequently approved by the Board of County Commissioners on May 13, 1981; and,

WHEREAS, on February 17, 1992, the Board of County Commissioners approved the owner's request to amend the DRI development approvals to reduce the total number of dwelling units from 3,800 to 3,300; expand commercial square footage from 38,800 to 125,000; establish a 38.2 acre community park site through a 15 acre transfer from Alico Interchange Park Development of Regional Impact and a new voluntary dedication of 23.2 acres; expand the school site from 20 to 25 acres including a 5 acre transfer from Alico Interchange Park Development of Regional Impact; transfer the 0.5 acre fire station site to Alico Interchange Park Development of Regional Impact to create a 2.7 acre emergency services site within that project; expand the wastewater treatment site from 15.8 to 17.3 acres; add two one-acre child care sites; establish procedures for impact fee credits; and amend the table of proposed land uses; and,

WHEREAS, on August 20, 2007 a second amendment to the DRI Development Order was adopted to increase commercial square footage to 158,799 square feet, reduce the number of residential units by 800 to a total of 2,500, expand the commercial areas depicted on Map H from 15 acres to 25.35 acres, modify the phasing schedule, extend the buildout date to 2010 (a cumulative extension of 15 years), establish a termination date of 2016, and amend Map H to reflect these changes, as well as the realignment of Three Oaks Parkway; and,

WHEREAS, pursuant to House Bill 7203 (amending F.S. §380.06(19)(c)) signed into law on June 19, 2007, the DRI Development Order was amended a third time to extend all phase, buildout and expiration by three years, as reflected in Lee County Resolution 07-09-46, adopted September 25, 2007; and,

WHEREAS, on June 2, 2011, House Bill 7207 (HB 7207) was signed into law by the Governor of the State of Florida. HB 7207, as codified in Chapter 2011-139, Laws of Florida, authorizes a four year extension for all valid DRI Development Orders. At the option of the developer, all commencement, phase, buildout and expiration dates for valid Developments of Regional Impacts may be extended by four (4) years regardless of previous extensions issued in the past; and,

¹ This is a codification and restatement of the DRI Development Orders rendered with respect to the Villages of San Carlos DRI, including actions taken on May 13, 1981, February 17, 1992, August 20, 2007, and September 25, 2007, and December 13, 2011.

WHEREAS, on September 1, 2011, Lee County received a request to extend the DRI compliance dates as contemplated under HB 7207; and,

WHEREAS, Villages of San Carlos DRI qualifies for the extension of the DRI compliance dates; and,

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF LEE COUNTY, FLORIDA, in a public meeting duly advertised, constituted and assembled that the Development of Regional Impact Application for Development Approval submitted on behalf of Alan C. Freeman for the project known as Villages of San Carlos DRI, originally by the Board of County Commissioners on May 13, 1981, is amended subject to the following conditions, restrictions and limitations.

I. FINDINGS OF FACT AND CONCLUSIONS OF LAW

A. The Villages of San Carlos DRI is a 495 acre mixed use development located in unincorporated Lee County adjacent to the west side of I-75 between Alico Road and Corkscrew Road. The Villages of San Carlos DRI consists of 2,500 residential units and 158,799 square feet of commercial development. The project will include 44.97 acres of community park area, a 25.03 acre school site and a waste water treatment plant on 17.28 acres.

B. The terms of this Development Order apply to the property located and described in attached Exhibit A.

C. The project phasing schedule, attached as Exhibit B, consists of two phases with buildout in ~~2013~~2017. The land use parameters are as set forth in attached Exhibit C and the development plan is depicted on Map H attached as Exhibit D.

D. The development is not in an area designated an area of critical concern pursuant to the provisions of §380.05, Florida Statutes.

E. The development is located in the Urban Community, Suburban, Public Facilities, and Wetlands future land use categories. The development as conditioned is consistent with the Lee County Comprehensive Plan and the Lee County Land Development Code (LDC).

F. The property is currently zoned Residential Planned Development, Commercial Planned Development, and Community Facilities Planned Development.

G. The proposed Development Order Amendment has been reviewed by the Southwest Florida Regional Planning Council (SWFRPC) and is the subject of the report and recommendations adopted by that body and subsequently forwarded to Lee County in accordance with §380.06, Florida Statutes. The development, as proposed by the ADA,

subsequently amended by the Notice of Proposed Change, and modified by this Development Order amendment, is generally consistent with the report and recommendations of the SWFRPC pursuant to §380.06(11), Florida Statutes.

H. The conditions set forth below meet the criteria found in §380.06(15)(d), Florida Statutes.

I. Villages of San Carlos DRI qualified for the statutory three-year extension to all phase, buildout and expiration dates granted by the 2007 Florida Legislature under House Bill 7203 (amending F.S. §380.06(19)(c)) and signed into law on June 19, 2007. ~~The Board of County Commissioners granted the extension pursuant to Lee County Resolution 07-09-46, as the Third Amendment to the Villages of San Carlos DRI Development Order, adopted on September 25, 2007. Under HB7203, the three-year extension is not a substantial deviation, is not subject to further Development of Regional Impact review, and may not be considered when determining whether a subsequent extension is a substantial deviation under F.S. §380.06(19)(c).~~

J. House Bill 7207 (HB7207), signed into law by the Governor of the State of Florida on June 2, 2011 (as codified in Chapter 2011-139, Laws of Florida) authorized a four (4) year extension for all valid DRI Development Orders. At the option of the developer, all commencement, phase, buildout and expiration dates for valid Developments of Regional Impacts may be extended by four years regardless of previous extensions issued in the past.

II. ACTION ON THE REQUEST AND CONDITIONS OF APPROVAL

NOW, THEREFORE, IT IS RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF LEE COUNTY, FLORIDA, that the requested amendments to Villages of San Carlos Development of Regional Impact are hereby APPROVED, subject to the following conditions, restrictions, and limitations:

A. AIR QUALITY

1. The Developer must utilize particulate emission reduction techniques during each construction phase of the project.

2. The Developer must obtain a Complex Source Permit from the Florida Department of Environmental Protection for each roadway that exceeds the appropriate vehicle trip threshold.

B. WETLANDS

1. The Developer must design the water management system to the South Florida Water Management District's satisfaction to ensure preservation of the 23.80-acre cypress dome.
2. The Developer must monitor the condition of the cypress dome so that potential impacts of improper water management or pollutant impacts of stormwater runoff can be mitigated before any serious damage occurs to the preserve.

C. EDUCATION

The Developer must dedicate to the Lee County School Board, no later than 90 days after the effective date of the First Development Order Amendment, the 25.03 acre site identified on the Map H to be used for the construction of a school facility. Consistent with the requirements of §380.06(16)(b), Florida Statutes, the Developer is entitled to impact fee credit for the dedication if a school impact fee is enacted at a later date, such credit is provided for, and is pursuant to the terms of the ordinance, or if required by law.²

D. FIRE PROTECTION³

1. The Developer must contribute to the construction of a fire station to the specifications of the San Carlos Park Fire District as stated by the District in their letters of August 22nd, 1980 to Mr. Alan C. Freeman, and September 24, 1980 to Mr. Mike Kloehn (appendix pp 46-49)
2. The Developer must incorporate the requirements of the Fire Official as stated in attached Exhibit E into the project.
3. Consistent with the requirements of §380.06(16)(b), Florida Statutes, the Developer is entitled to fire impact fee credits equal to the cost contribution given to the San Carlos Park Fire District in accord with LDC Chapter 2.

E. RECREATION AND OPEN SPACE

1. Prior to development the Developer must meet with representatives from the Lee County School Board and the Lee County Division of Community Services

²This Education condition was satisfied by the deed recorded at OR Book 2252, Page 1085 and OR 2252, Page 1101.

³Conditions D.1 and D.2 were satisfied by the transfer of a .5 acre fire station site to the Alico Interchange Park DRI to create a 2.7 acre emergency services site within that project.

to determine which agency will be responsible for the development and maintenance of the 10-acre based community center.

2. The Developer must dedicate the 10-acre parcel to the appropriate agency at the time mutually agreeable to both the Developer and that agency.

3. A property owner's association or Lee County multi-use taxing district must be created to support the development's recreation areas other than the school based community center.

4. At the request of Lee County, the Developer originally agreed to set aside a 38.24 acre site, as shown on the Master Concept Plan, for use as a public park. An additional 6.73 acres has been acquired by Lee County and added to the existing park site for a total of 44.97 acres. The park site is comprised of 15 acres transferred from Alico Interchange Park Development of Regional Impact with the addition of 23.2 acres volunteered by the Developer and another 6.73 acres transferred to Lee County. Consistent with the requirements of §380.06(16)(a), Florida Statutes, the Developer is entitled to impact fee credits for the land dedication in accord with LDC Chapter 2. The park site must be conveyed to the Lee County Board of County Commissioners no later than 90 days after the effective date of the First Development Order Amendment or per the terms of a contractual agreement between the Developer and Lee County.⁴

5. The use of the 44.97 acre park site is limited as follows: the property must be utilized for a public park; any development of the park must be substantially in accord with the approved Lee County Zoning Master Concept Plan; the development of the park will be consistent with the drainage concept plan for the Villages of San Carlos Development of Regional Impact. The County will be responsible for mitigating all traffic impacts created by the park in any future traffic analysis and mitigation required by §380.06, Florida Statutes, or by Lee County; the Developer and the County will exchange mutual utility easements to allow for the consistent development of the park and the surrounding property; the title to the property at the time of conveyance must be subject to all easements, restrictions and conditions of record common to property in the area of the site; and, all entrances and median cuts along Three Oaks Parkway must be in accord with the Master Concept Plan for the Villages of San Carlos Development of Regional Impact.

6. There may be no reduction in open space relative to the original Development Order as a result of this amendment.

⁴This condition was satisfied by the recording of a Warranty Deed at OR Book 2327, Page 3519.

F. WATER SUPPLY

Prior to the start of Phase III (1990), the Developer must demonstrate to the satisfaction of the South Florida Water Management District that an adequate water supply exists for that phase.

G. WASTEWATER MANAGEMENT

Lee County Utilities currently operates a wastewater treatment plant that serves the area.

H. TRANSPORTATION

1. The north-south access road from this site north to Alico Road must be constructed prior to the institution of Phase II, and south to Corkscrew Road.⁵

2. The Developer must meet with representatives of Lee County and San Carlos Park to determine the proportion of costs that each would be required to pay for the four-laning of San Carlos Boulevard.⁶

3. Consistent with the requirements of §380.06 (16)(a), Florida Statutes, the Developer is entitled to road impact fee credits for the value of improvements outlined in H.1 and 2 in accordance with LDC Chapter 2.

4. The Developer's obligation for signalization or improvement to the intersection of U.S. 41 and San Carlos Boulevard will be equal to the percentage of total traffic trips through the intersection that originates within the Villages of San Carlos based on actual traffic counts.

III. LEGAL EFFECT AND LIMITATIONS OF THIS DEVELOPMENT ORDER AND ADMINISTRATIVE REQUIREMENTS.

A. Resolution. This Development Order constitutes a resolution of Lee County adopted by the Board of County Commissioners in response to the DRI ADA and Notice of Proposed Change filed for Villages of San Carlos DRI.

B. Additional Developer Commitments. All commitments and impact mitigating actions volunteered by the Developer in the ADA and supplementary documents that are

⁵This condition was satisfied by the construction of Three Oaks Parkway within the DRI Boundary.

⁶Based upon the traffic analysis submitted to support the Second DRI Development Order Amendment, San Carlos Boulevard is no longer adversely impacted by the proposed development as a result of the existing and committed improvements. Therefore, this condition is satisfied.

not in conflict with conditions or stipulations specifically enumerated above are incorporated by reference into this Development Order.

C. Master Plan of Development. Map H, dated September 8, 2006, is attached hereto as Exhibit D, and is incorporated by reference. The Developer may modify the boundaries of development areas and the location of internal roadways to accommodate topography, vegetation, market conditions, traffic circulation, or other site related conditions as long as the modification meets local development regulations. However, this provision may not be used to reduce the size of wetland preserve areas. Precise wetland boundaries will be determined by the South Florida Water Management District, as delegated by the Department of Environmental Protection and the Army Corps of Engineers.

D. Binding Effect. This Development Order is binding upon the Developer, and its assignees or successors in interest. Where the Development Order refers to lot owners, business owners or other specific references, those provisions are binding on the entities or individuals referenced. Those portions of this Development Order that clearly apply only to the project Developer are binding upon any builder/Developer who acquires a tract or parcel of land within the DRI. The Developer may impose or pass on the requirements of this DRI DO to ultimate purchasers through covenants that run with the land.

E. Reliance. The terms and conditions and phasing schedule set out in this Development Order constitute a basis upon which the Developer and the County may rely in future actions necessary to fully implement the final development contemplated by this Development Order. The development parameters and phasing schedule upon which this Development Order approval is based is set forth in Exhibits B and C. Changes to the development mix or phasing schedule may require a reanalysis of project impacts in order to rebut a presumption of substantial deviation.

F. Enforcement. All conditions, restrictions, stipulations and safeguards contained in this Development Order may be enforced by either party by action at law or equity. The cost of those proceedings, including reasonable attorney's fees, will be paid by the defaulting party.

G. Successor Agencies. References to governmental agencies will be construed to mean future instrumentalities that may be created and designated as successors in interest to, or which otherwise possess the powers and duties of the referenced governmental agencies in existence on the effective date of this Development Order.

H. Severability. If any portion or section of this Development Order is determined to be invalid, illegal or unconstitutional by a court of competent jurisdiction, that decision will not affect the remaining portions or sections of the Development Order, which will remain in full force and effect.

I. Applicability of Regulations. This Development Order does not negate the Developer's responsibility to comply with federal, state, regional and local regulations.

J. Further Review. Subsequent requests for local development permits do not require further DRI review pursuant to §380.06, Florida Statutes. However, upon a finding by the Board (after due notice to the Developer and public hearing) that any of the following conditions exist, the Board must order a termination of all development activity in that portion of the development affected by the substantial deviation until a DRI Application for Development Approval, Notice of Substantial Deviation or Notice of Proposed Change has been submitted, reviewed and approved in accordance with §380.06, Florida Statutes.

1. There is a substantial deviation from the terms or conditions of this Development Order or other changes to the approved development plans that create a reasonable likelihood of adverse regional impacts or other regional impacts that have not been evaluated in the review by the Regional Planning Council; or

2. Expiration of the period of effectiveness of the Development Order. Any request to extend the effectiveness of this Development Order will be evaluated based on the criteria for the extension of the buildout date set forth in §380.06(19), Florida Statutes.

3. Conditions in the development order that specify circumstances in which the development will be required to undergo additional DRI review.

K. Commencement of Physical Development. Substantial physical development of the project has commenced and has continued without interruption. Further development must occur in accordance with the development parameters and phasing schedule set forth in Exhibits B and C.

L. Buildout and Termination Dates. The project has a buildout date of December 31, ~~2013~~2017, and a termination date of December 31, ~~2019~~2023. This term is based on the recognition that a local Development Order, which is valid for six years, may be obtained prior to December 31, ~~2013~~2017. No permits for development will be issued by the County subsequent to the termination date unless the conditions set forth in §380.06(15)(g) are applicable.

M. Assurance of Compliance. The administrative director of the Lee County Department of Community Development, or designee, will be the local official responsible for assuring compliance with this Development Order. Lee County is primarily responsible for monitoring the development and enforcing the provisions of the development order. No permits or approvals will be issued if the Developer fails to act in substantial compliance with the development order.

N. Credits Against Local Impact Fees. Pursuant to §380.06(16), the Developer may be eligible for credits for contributions, construction, expansion, or acquisition of public facilities, if the Developer is also subject by local ordinances to impact fees or exactions to meet the same needs. However, no credit will be provided for internal on-site facilities required by County regulations or to any off-site facilities to the extent those facilities are necessary to provide safe and adequate services to the development.

O. Protection of Development Rights. Assuming the project can comply with the County's Concurrency Management Program at the time development permits are requested, the project will not be subject to down-zoning, unit density reduction, intensity reduction or prohibition of development until December 31, ~~2014~~2018. If the County demonstrates at a public hearing that substantial changes have occurred in the conditions underlying the approval of this Development Order, or finds that the Development Order was based on substantially inaccurate information provided by the Developer, or that the change is clearly established by Lee County to be essential to public health, safety and welfare, then down-zoning unit density reduction or prohibition of development may occur.

P. Biennial Reports. The Developer must submit a report biennially to the Lee County Department of Community Development, the SWFRPC and Florida DCA on Form RPM-BSP-Annual Report-1. The content of the report must include the information set forth in Exhibit F, and must also be consistent with the rules of the FDCA. The first monitoring report must be submitted to the DRI coordinator for SWFRPC, DCA, and Lee County not later than one year after the effective date of this Development Order. Further reporting must be submitted every two years thereafter, until buildout, whether actual or declared. Failure to comply with this reporting procedure is governed by §380.06(18), Florida Statutes, which provides for the temporary suspension of the DRI Development Order.

The Developer must file the biennial monitoring reports until actual or declared buildout of the project. Southwest Florida Capital Corporation is the party responsible for filing the biennial monitoring reports until one or more successor entities are named in the development order. The Developer must inform successors in title to the undeveloped portion of the real property covered by this Development Order of the biennial reporting requirement. Tenants or owners of individual lots or units have no obligation to comply with this reporting condition.

Q. Transmittal and Effective Date. The County will forward certified copies of this Development Order to the SWFRPC, the Developer, and appropriate state agencies. This Development Order is rendered as of the date of that transmittal, but will not be effective until the expiration of the statutory appeal period (45 days from rendition) or until the completion of any appellate proceedings, whichever time is greater. In accordance with the requirements of §380.06(15)(f), Florida Statutes, once this development order is effective, the Developer must record notice of its adoption in the office of the Clerk of the Circuit Court of Lee County.

Commissioner Tammara Hall made a motion to adopt the Fourth Development Order Amendment, seconded by Commissioner Frank Mann. The vote was as follows:

John Manning	Aye
Brian Bigelow	Aye
Ray Judah	Aye
Tammara Hall	Aye
Frank Mann	Aye

DESCRIPTION: (Parcels "B", "C", "D" and "E")

A tract or parcel of land lying in Sections 15, 22 and 23, Township 46 South, Range 25 East, Lee County, Florida, described as follows:

Commencing at the Northeast corner of the aforesaid Section 22; thence run S.88°23'14"W. along the North line of said Section 22 for 104.96 feet to the point of beginning, said point lying on the Westerly right-of-way line of the Three Oaks Parkway realignment project (County Project # CN-02-06); thence run S.14°13'23"E. along said Westerly right-of-way line for 1625.74 feet to a point of curvature; thence run Southwesterly along said Westerly right-of-way line for 783.32 feet along the arc of a curve concave Westerly, with a radius of 1200.00 feet, a delta of 37°24'02", a chord bearing of S.04°28'42"W. and a chord distance of 769.48 feet to a point of tangency; thence run S.23°10'43"W. along said Westerly right-of-way line for 38.83 feet to a point on a curve; thence run Southwesterly along the aforesaid right-of-way line for 50.07 feet along the arc of a curve (not radial to the previously described line) concave Northerly, with a radius of 30.00 feet, a delta of 95°36'18" (95°37'07" per right-of-way map), a chord bearing of S.68°59'39"W. and a chord distance of 44.45 feet to a point on a non-compound curve; thence run Northwesterly along said right-of-way line for 119.77 feet (120.03 per right-of-way map) along the arc of a curve concave Northerly, with a radius of 469.00 feet; a delta of 14°37'54" (14°39'51" per right-of-way map), a chord bearing of N.57°51'55"W. and a chord distance of 119.44 feet to a point on a curve on the Northeasterly right-of-way line of Three Oaks Parkway (100 feet wide); thence run Northwesterly along said Northeasterly right-of-way line for 966.65 feet along the arc of a curve concave Southwesterly, with a radius of 1025.00 feet, a delta of 54°02'04"; a chord bearing of N.49°05'43"W. and a chord distance of 931.23 feet to a point of tangency; thence run N.76°06'19"W. along said Northeasterly right-of-way line for 331.01 feet to the Southeast corner of Cypress Chase At Three Oaks, Unit One, as recorded in Plat Book 41, Pages 29 and 30, Public Records of Lee County, Florida; thence run N.13°53'41"E. along the Easterly line of said Cypress Chase At Three Oaks, Unit One for 466.31 feet; thence run N.16°07'18"E. for 277.66 feet; thence run N.12°01'00"W. for 31.69 feet; thence run N.28°46'02"E. for 58.04 feet; thence run N.07°46'15"E. for 187.96 feet; thence run N.22°04'52"W. for 74.60 feet; thence run N.03°46'03"E. for 83.16 feet; thence run N.18°15'48"W. for 181.53 feet; thence run N.05°28'43"E. for 189.06 feet; thence run N.11°21'17"W. for 175.04 feet; thence run N.85°52'53"W. for 43.93 feet; thence run N.63°39'28"W. for 257.78 feet; thence run N.80°44'01"W. for 129.45 feet; thence run N.51°37'12"W. for 133.97 feet; thence run N.84°18'29"W. for 62.62 feet; thence run N.42°37'55"W. for 92.21 feet to a point on the Easterly line of Cypress Chase At Three Oaks, Unit Two as recorded in Plat Book 43, Pages 49 and 50, Public Records of Lee County, Florida; thence run N.05°28'52"W. along the Easterly line of said Cypress Chase At Three Oaks, Unit Two for 88.44 feet to the Northeasterly corner of said Cypress Chase At Three Oaks, Unit Two; thence run N.66°30'57"W. along the Northerly line of said Cypress Chase At Three Oaks, Unit Two for 603.40 feet to the Northwesterly corner of said Cypress Chase At Three Oaks, Unit Two, said point lying on the Easterly right-of-way line of Three Oaks Parkway (50.00 feet from centerline); thence run Northeasterly along said Easterly right-of-way line (not radial to the previously described line) for 99.17 feet along the arc of a curve concave Southeasterly, with a radius of 1735.28 feet, a delta of 03°16'28", a chord bearing of N.29°11'10"E. and a chord distance of 99.16 feet to a point of compound curvature; thence run Northeasterly along said Easterly right-of-way line for 193.03 feet along the arc of a curve concave Southeasterly, with a radius

DRI
BIENNIAL MONITORING REPORT REQUIREMENTS

The Biennial Monitoring Report that must be submitted by the Developer in accordance with Subsections 380.06(15) and 380.06(18), Florida Statutes, and 9J-2.025(7), Florida Administrative Code, must include the following:

- A. Any changes in the plan of development or in the representations contained in the application for development approval, or in the phasing for the reporting year and for the next year;
- B. A summary comparison of development activity proposed and actually conducted for the year;
- C. Identification of undeveloped tracts of land, other than individual single family lots, that have been sold to separate entities or developers.
- D. Identification and intended use of lands purchased, leased, or optioned by the Developer adjacent to the original DRI site since the development order was issued;
- E. A specific assessment of the Developer's and the local government's compliance with each individual condition of approval contained in the DRI Development Order and the commitments which are contained in the application for development approval and which have been identified by the local government, the RPC, or the DCA as being significant;
- F. Any requests for substantial deviation determination that were filed in the reporting year and to be filed during the following year;
- G. An indication of a change, if any, in local government jurisdiction for any portion of the development since the development order was issued;
- H. A list of significant local, state, and federal permits which have been obtained or which are pending by agency, type of permit, permit number and purpose of each;
- I. A statement that all persons have been sent copies of the biennial report in conformance with Subsections 380.06(15) and (18), Florida Statutes;
- J. A copy of any recorded notice of the adoption of a development order or the subsequent modification of an adopted development order that was recorded by the Developer pursuant to §380.06(15)(f), Florida Statutes.

NOTE: The Florida Administrative Code specifically requires that the development order specify the requirements for the biennial report. The Administrative Code requires that the biennial report will be submitted to DCA, the RPC, and the local government on Form RPM-BSP-Annual Report-1.

STATE OF FLORIDA

COUNTY OF LEE

I Charlie Green, Clerk of Circuit Court, Lee County, Florida, and ex-Officio Clerk of the Board of County Commissioners, Lee County, Florida, do hereby certify that the above and foregoing is a true and correct copy of Development Order for Villages of San Carlos DRI¹ (Fourth Amendment) Development Order 81-1, adopted by the Board of Lee County Commissioners at their meeting held on the 13th day of December, 2011.

Given under my hand and seal, at Fort Myers, Florida, this 19th day of December, 2011.

CHARLIE GREEN,
Clerk of Circuit Court
Lee County, Florida

By: Marcia Wilson
Deputy Clerk
