Subject: CPA2013-00004 Corkscrew Ranch
Attachments: Sufficient (3-7-14).pdf

Good afternoon,

The application for CPA2013-00004, Corkscrew Ranch, has been found to be sufficient for review. The applicant is proposing to amend Map 6 (Future Water Service Areas) and Map 7 (Future Sewer Service Areas) of the Lee Plan.

The applicant is seeking to add the subject property, which is approximately 75 acres, into the future water and sewer service areas to allow for connection to these utilities. The subject property is on the north side of Corkscrew Road, about 3.5 miles east of Interstate-75. The subject property is currently zoned AG-2 and is within the Density Reduction/Groundwater Resource (DR/GR) future land use category. Additional information is available at the following Lee County web page.

Please provide any substantive comments concerning the proposed amendments to Lee Plan Maps 6 and 7 by March 21, 2014.

If you have any questions please let me know.
