Dear John Wojdak:

The proposed Comprehensive Plan Amendment, case CPA2015-02 (Estero Crossing) has been found sufficient for review according to Lee County regulations. However, Estero Ordinance 15-01 paragraph 7 states that the Estero Planning and Zoning Board shall conduct a workshop to provide public information about the proposed amendment prior to the application being found sufficient. Please contact the Estero Village Manager to confirm that this has been conducted to satisfy this requirement.

Please contact me if you have any questions.

Sincerely,

Department of Community Development
