(1) The request is based on sound engineering practices (not applicable to sections 10-352, 10-353 and division 7, article III, chapter 10);

(2) The request is no less consistent with the health, safety and welfare of abutting landowners and the general public than the standard from which the deviation is being requested;

(3) For division 7, article III, chapter 10, the required facility would unnecessarily duplicate existing facilities;

(4) The granting of the deviation is not inconsistent with any specific policy directive of the Board of County Commissioners, any other ordinance or any Lee Plan provision; and

(5) For sections 10-352 and 10-353, the utility that would otherwise serve the development cannot provide the service at the adopted level of service standard due to an inadequate central facility.

Department staff will review this application for compliance with requirements of the Lee County Land Development Code. The applicant will be notified of any deficiencies.

Acceptance of an application for an administrative deviation in no way guarantees its approval. If the Director determines that the requested deviation is beyond the scope of Land Development Code Section 10-104 and that a public hearing is necessary, then all fees paid toward the administrative application may be applied toward an application for public hearing.

The Director's decision on an administrative deviation is final and can not be appealed. In the event the Director denies the request, the applicant's only recourse is to apply for a public hearing. No fees paid for the administrative deviation will be refunded or applied towards the public hearing.

If it is determined that inaccurate or misleading information was provided to the county or the decision does not comply with the Land Development Code when rendered, then, at any time, the Director may issue a modified decision that complies with the Code or revoke the decision. If the approval is revoked, the applicant may acquire the necessary approvals by filing an application for public hearing in accordance with Chapter 34.
