Dear Mr. Krebs:

The Lee County Solid Waste Division is capable of providing solid waste collection service for the planned mixed use dwellings (hotel, multi-family, office and retail commercial establishments) proposed for Coconut Crossing Planned Development located in the northwest corner of US41 and Coconut Road through our franchised hauling contractors. Disposal of the solid waste from this development will be accomplished at the Lee County Resource Recovery Facility and the Lee-Hendry Regional Landfill. Plans have been made, allowing for growth, to maintain long-term disposal capacity at these facilities.

Additionally, please review the Solid Waste Ordinance (11-27) which defines those residential dwelling units that are eligible to receive curbside residential collection service and those defined as multi-family and/or commercial dwellings.

If you have any questions, please call me at (239) 533-8000.

Sincerely,

Brigitte Kantor
Operations Manager
Solid Waste Division
