To: Brandon Dunn, Principal Planner

Re: Lee County 16-4ESR – Expedited Review of Proposed Comprehensive Plan Amendment

***Please note the new contact information below.**

The Office of Intergovernmental Programs of the Florida Department of Environmental Protection (Department) has reviewed the above-referenced amendment package under the provisions of Chapter 163, Florida Statutes. The Department conducted a detailed review that focused on potential adverse impacts to important state resources and facilities, specifically: air and water pollution; wetlands and other surface waters of the state; federal and state-owned lands and interest in lands, including state parks, greenways and trails, conservation easements; solid waste; and water and wastewater treatment.

Based on our review of the submitted amendment package, the Department has found no provision that, if adopted, would result in adverse impacts to important state resources subject to the Department's jurisdiction.

Feel free to contact me at Suzanne.e.ray@dep.state.fl.us or (850) 717-9037 for assistance or additional information. Please send all amendments, both proposed and adopted, to plan.review@dep.state.fl.us or
