Re: CPA2015-00005  
Bay Harbour Marina Village

Dear Brandon:

I would like to recall the submittal of April 7, 2017 to the above reference planning case. The documents did not go through complete review from the applicant's consultants and to provide the most complete documents require this action. We expect the review submittal to be back to the county later this week.

My good will and respect,

A handwritten signature in blue ink, appearing to read "James M Ink", with several loops and flourishes.
