Becky,

We are working on it and plan to resubmit the PD application and revised Comp plan discussion.

Thank you for taking the time to explain your initial thoughts on the density calculations for the proposed project. We need to rectify the property acreages and recalculate the potential density under the current FLU designations. We understand that staff's sufficiency review comments will be held in abeyance while we prepare the revised density calculations for your review. We will provide electronic copies of the revised calculations within the next few days. Thank you,

Wayne
