Subject: [EXTERNAL] RE: CPA2018-10011 Small Brothers Commercial

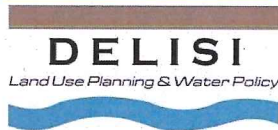

Brandon,

Per our conversation, the applicant requests that the finding of sufficiency be rescinded to allow the applicant to amend the proposed application. The applicant is considering the submittal of additional information and a change to the request. In addition, the applicant is aware that the public meeting that was organized last fall does not meet the requirements of the new Lee Plan and we intend to hold a publicly advertised meeting in accordance with county requirements.

Thank you for your consideration in this matter.

Best regards.
