Diplomat North Property RPD/CPD
Minor Administrative Amendment to Planned Development
Public Information Meeting Summary

Sec. 33-1352 (a) (2) states that a community information session is required prior to obtaining approval for: Planned development zoning actions. This includes administrative deviations amending the approved master concept plan or other provisions of the zoning resolution. The subject application is simply for clarification of a condition of the zoning resolution to codify staff's and applicant's interpretation and not an "administrative deviation amending the approved master concept plan or other provisions of the zoning resolution" so **no community meeting is required**.
