Agenda Item #1, *Call to Order, Introductions and Review of Agenda: Mr. Al Giacalone called the meeting to order at 3:00 p.m. in Admin East, 2201 Second Street, Room 118 and asked for introductions. A review of the agenda followed. **A motion to approve the agenda was made by Mr. Don Mayne and seconded by Mr. Damon Shelor. The motion was called and the agenda was approved as written.**

Agenda Item #2: *Approval of the April 21, 2021 meeting minutes. Mr. Pat Connor made a motion to approve the April minutes as written. Seconded by Mr. Mayne. Mr. Giacalone called the motion which passed unanimously.

Agenda Item #3, Public Comments:

Mr. Dave Conklin spoke on behalf of the shared use path on Donald Road currently on the BPAC list as #90. He said that Donald Road is an access road to everything south of Bayshore and west of Daughtry Creek and is heavily traveled. He spoke of a new development in the area, the increase in traffic as a result and was especially concerned about the safety of the pedestrian and bike riding population along that roadway particularly after sunset.

Agenda Item #4: Bike-Ped Facility Requests/Presentations

Road Resurfacing Recommendation – Kenwood Lane.

Mr. Wagley said that this 1600 LF section of sidewalk on Kenwood Lane at College Parkway and US41 in South Fort Myers is Project #74 on sheet 8 of 11 of the Road Resurfacing maps, is in the Intensive Land Use category, has a number of businesses and residential along Kenwood Lane and is served by 2 bus stops. It scored 68 points. It is not currently on the list and there have been no public requests for it.

Ms. Bowser made a motion to add the project saying the project would have merit and would complete the circuit from US 41. Mr. Wheaton seconded.

Mr. Shelor agreed it was a worthy project but was concerned that with a point score of 68 it would go on the BPAC list ahead of projects that have been on the list for several years. Mr. Mayne noted that pedestrians have

alternatives, such as walking through parking lots.

Mr. Giacalone called the motion to add the Kenwood Lane project to the BPAC list. The motion did not carry and failed for lack of second.

Agenda Item #5: Other Business:

(a) BPAC Resolution

Mr. Giacalone summarized the history of BPAC's resolution. The original resolution formed the committee, stated the responsibilities and established the quorum. In 2015 the Committee drafted some changes to the resolution with respect to its duties and responsibilities and to the quorum. After that time County Administration was contemplating revamping Committees in general, therefore the changes were not made. The Committee asked that the resolution be brought back for discussion.

Mr. Shelor made a motion to approve the resolution with the proposed changes. Mr. Mayne seconded for discussion.

Mr. Shelor said obtaining a quorum has been a continuing issue. A proposed change would essentially ignore empty seats and base the quorum on the size of the seated committee (Line #68). Mr. Connor referred to (Line #115) and an Annual Report asking if it was something that was being done now. The response was that although there is no specific annual report, the BPAC Chairman generally provides a brief summary to the Commissioners when they recognize Bike Month during an April or May board meeting.

Discussion followed concerning dates for Lines #97, 101 and 117. Mr. Shelor recalled there had been extensive discussion about this and those months were chosen to coincide with DOT's timelines in connection with prioritization, the budget and the Capital Improvement Program (CIP), allowing the Committee to have comments to DOT in a timely fashion. More discussion followed with respect to references to Complete Streets. The question was whether this term was still relevant now that there is no longer a Sustainability Committee, and if the term should be changed to current terminology or un-capitalized. Mr. Wagley said that the idea of complete streets is to provide facilities for all modes of transportation (multi-modal). Mr. Shelor thought that complete streets was still a valid concept and taken into consideration by DOT in their planning when building or rebuilding streets and roadways, and Mr. Ron Gogoi confirmed that the Complete Street concept is utilized at the state level and the Florida design manual references Complete Streets as well. The committee agreed that Complete Streets should remain capitalized.

Mr. Wagley said the committee typically reviews the prioritization list at the end of the calendar year and May might be a little early in that process since DOT generally wants to have comments by November to identify projects and work on funding for the CIP in December and January. Mr. Wagley said changing May to November would also allow time for the public to provide their comments and staff to prepare for the next budget cycle.

Mr. Giacalone commented that the duties and responsibilities in Item #1 (line 94) and #2 (line 100) looked to be redundant, however, it was pointed out that #1 was related to recommendations for Map 3D of the LeePlan, whereas #2 was more in connection to CIP prioritization.

Following discussion, Mr. Giacalone made the recommendation to leave Line #97 as is; change Line #101 from May to November. With respect to Line #117 and filing a summary report, it was suggested that it might be beneficial to develop a format that could be used to update the County Manager and/or Commissioners each year, and this same report could be used to update the Commissioners during recognition of Bike Month.

Mr. Wagley said Line #56 should be updated from Dept. of Transportation to Community Development, and

the signature page should be updated accordingly.

M. Giacalone called the motion to submit the BPAC resolution to the Commissioners with the proposed changes as discussed. The motion carried and passed unanimously.

Mr. Wagley said the resolution and proposed changes would be reviewed by the Community Development Director and Assistant County Manager, Glen Salyer before going to the Commissioners.

(b) Point Scoring System

Mr. Wagley said it has been 3 years since the committee reviewed the point scoring system. Staff comments were minimal. He thought that the 2 points attributed to Easement Contribution could be redistributed since in his eight years with the committee he had never seen those used. There was a brief discussion about the biggest generators being Schools, Transit, Future Land Use Map Designation and Crash Data. One suggestion was to redistribute the Easement Contribution points to Schools, Network Completion or Transit.

Mr. Mayne made a motion to move one point to Network Completion and one point to Citizen Support. Mr. Connor seconded. M. Giacalone called the motion and it carried unanimously.

(c) U.S. Bicycle Route 15 Update

At the last meeting the Committee agreed to prepare a letter of support to the Commissioners for the US Bike Route 15 through Lee County. Mr. Mayne drafted that letter and a copy had been provided for review. Lee County, the City of Fort Myers and MPO were all in agreement on the alignment, but Adventure Cycling was still trying to get approval from Bonita Springs on their small section. County staff has worked on a draft resolution which will be submitted to the Commissioners for approval, along with the BPAC's letter supporting the alignment, once all of the other jurisdictions, including Bonita Springs, are on board. Following that FDOT will prepare an application, put everything together from all the jurisdictions and stakeholders and submit to AASHTO.

There was a brief conversation about the Edison Bridge, following a question by Mr. Connor whether there was a bike path on the bridge now. Staff said there is a sidewalk and paved shoulder but no marked bike lanes. Mr. Ron Gogoi said that DOT has a project scheduled to resurface Business 41 to SR78 and as part of that project they will be reducing lane widths to accommodate bike lanes, incorporating a center lane as a separator, reducing the speed limit and adding landscaping. Complete streets is driving the improvements for that particular project.

(d) MPO Update

Mr. Gogoi reviewed a PowerPoint presentation that looked at a US 41 Caloosahatchee Bridge Retrofit project and MPO 2021 Funding priorities.

He outlined the different structural options for the Caloosahatchee bridge pedestrian retrofit project to include bicycle/pedestrian facilities, associated costs (Option A \$13.8M, Option B \$9M; and Option C \$15M) and the switchback ramp location being coordinated with the City of Fort Myers along the west side near Centennial Park.

He reviewed FDOT Bridge Replacement Priorities which showed the bridge over the Caloosahatchee River in Group 3 (recommended for replacement within 15-20 years). Constructed in 1962, the bridge has passed its original 50 year design life. In 2012 the bridge was inspected and had a rating of 70 which equates to good condition and the suggestion then was do a rehab which has been done, and keep it on the list for replacement in another 15 to 20 years. More recently the bridge rating was still at 70 making it due for replacement in another 20 – 25 years. He expected the pedestrian/retrofit to be done within 5 years and he explained that the sooner a retrofit is done the better so that replacement does not happen too soon after the retrofit, otherwise there is perception of wasting money. Commissioner Hamman is championing

this project.

He reviewed other funding priorities including the Big Carlos Bridge Replacement at the south end of Fort Myers Beach which is a county project. The County is contributing most of the money toward the \$50M construction cost, but MPO will contribute \$15M (\$5M for three years) as the federal match and the State will provide \$10M in state match. Other projects on the list include US41 at Six Mile Cypress Parkway, US41 at Bonita Beach Road and SR739 from Daniels Parkway to Six Mile. He said the expectation was that there may be some additional funding in the next 3 or 4 years as a result of CoVid, along with the new Federal Administration's infrastructure program that may allow for more of the priorities to be addressed. The remaining slides outlined the Five Year Work program, the 2021 Federal and State Funded Priorities and 2021 Highway Safety Program Fund Priorities.

Agenda Item #6, Member Comments:

Mr. Wagley said that Dr. DeMers had contacted him about a professor at FGCU that does a walking audit with her students, thinking it might be something the committee would find interesting. Mr. Wagley said that walking audits identify things that need to be fixed and sometimes also provide suggestions for how to make things safer. The professor does some other things as part of the curriculum that might be interesting, but Mr. Wagley thought the walking audit would be the most appropriate for the committee. He asked the committee if they would be interested in having her make a presentation. Mr. Giacalone suggested that she send outlines of her presentations to see what might provide the most benefit to the committee and then plan to have her make a presentation at the August or September meeting.

Mr. Connor asked about a survey he received and asked if there was any benefit to filling out these surveys and how they are used. There was a brief discussion with Mr. Wagley mentioning that he sometimes gets requests from individuals and agencies to help disseminate surveys.

Mr. Wheaton mentioned that the BPCC had distributed information about a webinar about Complete Streets. Mr. Gogoi was familiar with it and thought it was geared more toward elected officials but Mr. Wheaton thought it might be interesting and that anyone could listen in.

Mr. Giacalone announced that the Commissioners do not meet in July and asked the members whether they wished to have a meeting in July. The Committee agreed to cancel the July meeting. The next meeting was scheduled for August 18th and if all are agreed, will be held in the Public Works/Community Development building, 1500 Monroe Street, first floor conference room 1B.

Agenda Item #7, Staff Comments: None

Agenda Item #8, Other Government Entities Comments:

Ms. Giacalone recognized Ms. Jodi Walborn who arrived a little late. She spoke briefly about a program entitled "Blue Zone of Southwest Florida". She described a study done by a National Geographic photographer and journalist identifying five locations with the longest living, healthiest and happiest octogenarians and the nine common denominators. The Blue Zone is sponsored by Naples Community Hospital (NCH) and is currently in Collier, Bonita and Estero and hopes to move further north into Lee County soon. Their program promotes healthy lifestyles and encourages communities to make changes that lead to healthier options.

Agenda Item #9, Upcoming Agenda Items:

Agenda Item #10, Adjournment:

Mr. Giacalone adjourned the meeting at 4:45 p.m.

Next Meeting: The next meeting will be held on Wednesday, August 18, 2021. Meeting will be held in the Public Works/Community Development Building, 1500 Monroe St., Fort Myers, FL 33901 in Conference Room 1B.

7

8 WHEREAS This resolution amends and replaces Resolution No. ~~00-06-11-10-05-03~~ adopted
9 on ~~June 13, 2000~~ May 4, 2010 and

10 WHEREAS Lee County's climate is conducive to all types of outdoor recreation; and

11 WHEREAS Lee County citizens are utilizing walking and bicycling as a means of
12 transportation, as well as recreationally; and

13 WHEREAS Lee County's increasing population has increased the demand for on-road and
14 off-road bicycle facilities and walkways/sidewalks; and

15 WHEREAS On November 10, 2009, The Board of County Commissioners adopted a
16 Complete Streets Resolution; and

17 WHEREAS The Board of County Commissioners of Lee County, Florida, has determined that
18 it would be in the public's best interest and welfare to establish a standing Lee
19 County Bicycle/Pedestrian Advisory Committee.

20 NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF
21 LEE LCOUNTY, FLORIDA, that:
22

23 SECTION ONE

24 There is hereby designated and established a Bicycle/Pedestrian Advisory Committee to be
25 comprised of eleven (11) regular members. The committee members are to be appointed as follows:
26

27 ~~One (1) member~~ Two (2) members by each County Commissioner, one representing their
28 Commission district, and one member to be At-Large (not required to live in their district), and six (6)
29 ~~members appointed as At Large members. The At Large Members may be appointed by any~~
30 ~~Commissioner. One At Large Member should be from each of the following areas: 1) a biking industry~~
31 ~~representative (local bike shop owner, active bicyclist or bike club member, etc.); 2) an affordable housing~~
32 ~~representative (citizen advocate, realtor or private sector provider of affordable housing); 3) and a~~
33 ~~walkable community representative/advocate, (urban planner, member of walking group, active walker,~~

35 chair when that position becomes vacant. Representatives from Lee County Parks & Recreation
36 Department, the Lee County Sheriff's Office, the Lee County School District, Lee Tran, the Lee County
37 Metropolitan Planning Organization, and the Lee County Department of ~~Community Development~~
38 Transportation regularly attend committee meetings for the purpose of answering questions, providing
39 information and input.

June 16, 2021

40
41 The Board of County Commissioners is authorized to remove any member of the committee with
42 or without cause upon written notice thereto. ~~Any vacancy on the committee shall be filled by the Board~~
43 ~~of County Commissioners.~~ Any vacancy shall be filled within a reasonable time after the vacancy occurs.
44

45 Terms of appointments for regular members shall be on a staggered two (2) year basis with
46 approximately one half of the membership rotating annually.
47

48 SECTION TWO

49
50 The committee shall elect a chairman and vice-chairman as officers from its own membership by
51 majority vote. The chairman shall appoint from the membership one (1) officer to serve as secretary, who
52 shall sign all minutes with the chairman. Each officer shall serve a minimum term of one (1) year. The
53 chairman will preside at all meetings with the vice-chairman presiding in the absence of the chairman. In
54 the absence of the chairman and vice-chairman, the secretary will preside.
55

56 The committee's liaison with the County shall be a County Department of ~~Transportation~~
57 Community Development staff member. A staff administrative assistant shall be appointed by the
58 County to assist the committee's secretary in carrying out all required secretarial duties.
59

60 The Bicycle/Pedestrian Advisory Committee shall serve at the pleasure of the Board of County
61 Commissioners and shall serve without compensation. Members of the advisory committee shall follow
62 such rules of procedure, method of choosing officers, setting of meetings and accomplishing its duties as
63 provided in the Lee County Administration Code No. 2-3 as it may be amended or supplemented, or as
64 further requested by the Board of County Commissioners. The Bicycle/Pedestrian Advisory Committee
65 shall meet at regular intervals to be determined by it or at such other times as the committee or the Board
66 of County Commissioners may determine.
67

68 A majority vote of the committee quorum is required for the approval of any proposed advice or
69 recommendation to the Board. ~~Six (6) voting members of the committee shall constitute a quorum.~~ A
70 majority of the seated members of the committee shall constitute a quorum.
71

72 Each member of the Bicycle/Pedestrian Advisory Committee is expected to attend all meetings.
73 Failure to attend three (3) consecutive meetings without the prior approval of the Chairperson of the
74 committee may be a basis for removal from this committee by the Board of County Commissioners.
75

76 SECTION THREE

77
78 All meetings of the Advisory Committee shall be public meetings and all committee records shall
79 be public records. Meeting dates shall be posted in the County Administration Building. The staff
80 administrative assistant shall keep a proper index of committee findings, determinations and
81 recommendations.
82

83 SECTION FOUR

84
85 Duties and Responsibilities of the Bicycle/Pedestrian Advisory Committee:
86

87 The committee is to act as a general advisory committee to the Board of County Commissioners
88 with particular emphasis on on-road and off-road bicycle facilities and walkways/sidewalks.
89

90 The duties and responsibilities of this committee shall include, but not be limited to the
91 following:
92

- 93 1. ~~Continue to review and recommend updating of the Bikeways/Walkways Facilities Plan.~~ Review
94 and recommend updates to the Bikeways/Walkways Facility Plan based on the current
95 Greenways Multi-Purpose Trails Master Plan, the Lee County Metropolitan Planning
96 Organization Bicycle and Pedestrian Master Plan and any identified Complete Streets needs by
97 September of each year.
98
- 99 2. ~~Review and recommend annual facilities needs for bicycles and pedestrians to be funded by Lee~~
