Planning Review:

Please expand on the amendment's consistency with the Lee Plan. The Lee Plan analysis should, at a minimum, address Goal 15: University Community. Policies 15.1.1 and Policies 15.1.2 are especially affected, as Research and Development and Multi-family uses are being reduced in favor of Single-family development.

Please contact Joseph Sarracino at JSarracino@leegov.com or by calling 239-533-8984 with any questions regarding the above review comments.

Legal Description Review:

Sec. 34-202. - Submittal requirements for applications requiring public hearing.
(5) Legal description and sketch to accompany legal description.

Please submit the legal description and sketch for the subject property. Item #5 was not included in the approved waiver.

Please contact Richard R Burris at RBurris@leegov.com or by calling 239-533-8516 with any questions regarding the above review comments.

Environmental Review:

The application did not include an analysis of the open space. Please demonstrate compliance with the required open space. Converting commercial uses which require 30% open space to residential which require 40% open space may or may not be an issue depending on how much open space was required per the zoning approvals. If the overall development has a surplus, please demonstrate the how the surplus to ensure that LDC Section 10-415(a) and/or the zoning resolution are met.
