Dear Mr. Blackwell:

In response to your request for additional information dated October 21, 2022, please find the following:

1. The outdoor kennels and outdoor play area have been labeled on the previously submitted plan. The distances were previously located on the site plan between the outdoor kennels and the outdoor play area to the east and south property lines.
2. A note has been added to the plan stating no reduction in buffer or open space area is being requested. Open space calculations have been added to the plan.

Please review this information for approval. Should you require any additional information please feel free to contact me.

Thank you in advance for your prompt response to this submittal.

Sincerely,
