RE: Homes at 81 West RPD (DCI2021-00026)

Staff has reviewed the Hearing Examiner's recommendation for the above-referenced case and have identified the following item of note that requires further clarification from your office:

- Condition 1 (Master Concept Plan and Development Parameters). The master concept plan referenced in the recommended conditions and deviations references the "Homes at 81 West RPD Master Concept Plan" prepared by Grady Minor, revised 9/12/2022; however the master concept plan attached to the recommendation as Exhibit B1 has a revision date of 9/20/2022.

Please confirm whether the above item is a scrivener's error at your earliest convenience so that the appropriate revisions may be incorporated into the resolution of approval.

Please contact me if you have any questions or concerns.

Respectfully Submitted,

Anthony R. Rodriguez, AICP, CPM
Manager, Zoning Section
