**RE: Safe Route to Schools, Harns Marsh Elementary School**

Dear Ms. Ao:

During the November 20, 2024 meeting of the Lee County Bicycle and Pedestrian Advisory Committee (BPAC), the committee voted unanimously to support the Lee County School District’s application to the Florida Department of Transportation’s Safe Route to School Program. This project will greatly improve bicycle and pedestrian safety for the students of Harns Marsh Elementary School. It will fill sidewalk gaps from 25<sup>th</sup> Street and Crocker Avenue to the school.

Thank you for your consideration of this project.

Sincerely,

*G. David Wheaton*
