Re: Amendment to the Lee Plan
Adoption Submission Package

Lee County 25-01ESR (CPA2024-00005)

Dear Ms. Harris,

In accordance with the provisions of F.S. Chapter 163.3184(3) for Expedited State Review, please find attached the adopted Comprehensive Plan Amendment, known locally as CPA2025-00005 (Florida Gulf Coast Business Center). The amendment is as follows:

CPA2022-00005 - Florida Gulf Coast Business Center:

Amend Lee Plan Policy 1.3.4 to remove the requirement that a minimum of 50% of the total floor area consist of light industrial uses for properties added to the Industrial Commercial Interchange future land use category after January 1, 2007.

The Lee County Board of County Commissioners adopted Lee County Ordinance 25-03 for the Plan Amendment on April 2, 2025. As required by F.S. 163.3184(3)(c), the final action on this amendment was completed within 180 days of our receipt of agency comments.

There were no changes to the adopted amendment that the State Land Planning Agency did not previously review.

The name, title, address, telephone number, and email address of the person for the local government who is most familiar with the proposed amendment is as follows:

Mrs. Katherine Burgess, AICP, Principal Planner Lee County Planning Section P.O. Box 398 Fort Myers, Florida 33902-0398 (239) 533-8585

Email: KWoellner@leegov.com

By copy of this letter and its attachments, I certify that this amendment and supporting data and analysis have been sent on this date to the agencies listed below.

Sincerely,

Lee County Department of Community Development Planning Section

LEE COUNTY ORDINANCE NO. 25-03

(Florida Gulf Coast Business Center) (CPA2024-00005)

AN ORDINANCE AMENDING THE LEE COUNTY COMPREHENSIVE PLAN, COMMONLY KNOWN AS THE "LEE PLAN," ADOPTED BY ORDINANCE NO. 89-02, AS AMENDED, SO AS TO ADOPT PERTAINING TO THE FLORIDA GULF COAST **AMENDMENT BUSINESS CENTER (CPA2024-00005) APPROVED DURING A PUBLIC** HEARING: PROVIDING FOR PURPOSE, INTENT, AND SHORT TITLE: AMENDMENTS TO ADOPTED MAP AND TEXT; LEGAL EFFECT OF "THE LEE PLAN": PERTAINING TO MODIFICATIONS THAT MAY ARISE FROM CONSIDERATION AT **PUBLIC HEARING:** GEOGRAPHICAL APPLICABILITY: SEVERABILITY, CODIFICATION, SCRIVENER'S ERRORS, AND AN EFFECTIVE DATE.

WHEREAS, the Lee County Comprehensive Plan ("Lee Plan") and Chapter XIII, provides for adoption of amendments to the Plan in compliance with State statutes and in accordance with administrative procedures adopted by the Board of County Commissioners ("Board"); and,

WHEREAS, the Board, in accordance with Section 163.3181, Florida Statutes, and Lee County Administrative Code AC-13-6 provide an opportunity for the public to participate in the plan amendment public hearing process; and,

WHEREAS, the Lee County Local Planning Agency ("LPA") held a public hearing on the proposed amendment in accordance with Florida Statutes and the Lee County Administrative Code on December 9, 2024; and,

WHEREAS, the Board held a public hearing for the transmittal of the proposed amendment on January 22, 2025. At that hearing, the Board approved a motion to send, and did later send, proposed amendment pertaining to Florida Gulf Coast Business Center (CPA2024-00005) to the reviewing agencies set forth in Section 163.3184(1)(c), F.S. for review and comment; and,

WHEREAS, at the January 22, 2025 meeting, the Board announced its intention to hold a public hearing after the receipt of the reviewing agencies' written comments; and,

WHEREAS, on April 2, 2025, the Board held a public hearing and adopted the proposed amendment to the Lee Plan set forth herein.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF LEE COUNTY, FLORIDA, THAT:

SECTION ONE: PURPOSE, INTENT AND SHORT TITLE

The Board of County Commissioners of Lee County, Florida, in compliance with Chapter 163, Part II, Florida Statutes, and with Lee County Administrative Code AC-13-6, conducted public hearings to review proposed amendments to the Lee Plan. The purpose of this ordinance is to adopt map and text amendments to the Lee Plan discussed at those meetings and approved by a majority of the Board of County Commissioners. The short title and proper reference for the Lee County Comprehensive Land Use Plan, as hereby amended, will continue to be the "Lee Plan." This amending ordinance may be referred to as the "Florida Gulf Coast Business Center Ordinance (CPA2024-00005)."

SECTION TWO: ADOPTION OF COMPREHENSIVE PLAN AMENDMENT

The Lee County Board of County Commissioners amends the existing Lee Plan, adopted by Ordinance Number 89-02, as amended, by adopting an amendment, which amends Lee Plan Policy 1.3.4 describing the Industrial Commercial Interchange future land use category to remove the requirement that light industrial uses comprise a minimum of 50% of the total floor area within areas added to this future land use category after January 1, 2007. The subject property is located on the east side of Three Oaks Parkway, approximately one-half mile north of Alico Road.

The corresponding Staff Reports and Analysis, along with all attachments and application submittals for this amendment are adopted as "Support Documentation" for the Lee Plan. Proposed amendments adopted by this Ordinance are attached as Exhibit A.

SECTION THREE: LEGAL EFFECT OF THE "LEE PLAN"

No public or private development will be permitted except in conformity with the Lee Plan. All land development regulations and land development orders must be consistent with the Lee Plan as amended.

SECTION FOUR: MODIFICATION

It is the intent of the Board of County Commissioners that the provisions of this Ordinance may be modified as a result of consideration that may arise during Public Hearing(s). Such modifications shall be incorporated into the final version.

SECTION FIVE: GEOGRAPHIC APPLICABILITY

The Lee Plan is applicable throughout the unincorporated area of Lee County, Florida, except in those unincorporated areas included in joint or interlocal agreements with other local governments that specifically provide otherwise.

SECTION SIX: SEVERABILITY

The provisions of this ordinance are severable and it is the intention of the Board of County Commissioners of Lee County, Florida, to confer the whole or any part of the powers herein provided. If any of the provisions of this ordinance are held unconstitutional by a court of competent jurisdiction, the decision of that court will not affect or impair the remaining provisions of this ordinance. It is hereby declared to be the legislative intent of the Board that this ordinance would have been adopted had the unconstitutional provisions not been included therein.

SECTION SEVEN: INCLUSION IN CODE, CODIFICATION, SCRIVENERS' ERROR

It is the intention of the Board of County Commissioners that the provisions of this ordinance will become and be made a part of the Lee County Code. Sections of this ordinance may be renumbered or relettered and the word "ordinance" may be changed to "section," "article," or other appropriate word or phrase in order to accomplish this intention; and regardless of whether inclusion in the code is accomplished, sections of this ordinance may be renumbered or relettered. The correction of typographical errors that do not affect the intent, may be authorized by the County Manager, or his designee, without need of public hearing, by filing a corrected or recodified copy with the Clerk of the Circuit Court.

SECTION EIGHT: EFFECTIVE DATE

The plan amendments adopted herein are not effective until 31 days after the State Land Planning Agency notifies the County that the plan amendment package is complete. If timely challenged, an amendment does not become effective until the State Land Planning Agency or the Administrative Commission enters a final order determining the adopted amendment to be in compliance. No development orders, development permits, or land uses dependent on this amendment may be issued or commence before the amendment has become effective. If a final order of noncompliance is issued by the Administration Commission, this amendment may nevertheless be made effective by adoption of a resolution affirming its effective status.

THE FOREGOING ORDINANCE was offered by Commissioner Mulicka who moved its adoption. The motion was seconded by Commissioner Greenwell. The vote was as follows:

REQUEST

Amend Lee Plan Policy 1.3.4 to remove the requirement that a minimum of 50% of the total floor area consist of light industrial uses for properties added to the Industrial Commercial Interchange future land use category after January 1, 2007.

SUMMARY

Lee Plan Policy 1.3.4 places development parameters on areas added to the Industrial Commercial Interchange future land use category after January 1, 2007. These parameters include a maximum of 20% retail commercial uses and a minimum of 50% light industrial uses for the total floor area.

These development parameters are only applicable to ±74.32 acres on the east side of Three Oaks Parkway, approximately one-half mile north of Alico Road. The applicant is proposing the amendment to accommodate additional non-retail commercial uses on these areas.

Figure 1: Impacted Properties

RECOMMENDATION

Staff recommends that the Board of County Commissioners (BoCC) *adopt* the proposed amendment as shown in Attachment 1.

PART 1 STAFF DISCUSSION AND ANALYSIS

BACKGROUND

The Industrial Commercial Interchange future land use category was created with the original future land use map of the Lee Plan, with the designation covering parcels on the north side of Alico Road, near the interchange of Alico and Interstate 75. At that time **Policy 1.3.4** of the Lee Plan was written as follows:

Policy 1.3.4: The <u>Industrial Commercial Interchange</u> areas are designated to permit a mixture of light industrial and/or commercial uses. This category does not permit heavy industrial uses.¹

Additional language was added to Policy 1.3.4 in 2007 when the County adopted Ordinance Number 07-10. Following the adoption of Ordinance 07-10, Policy 1.3.4 read:

POLICY 1.3.4: The <u>Industrial Commercial Interchange</u> areas are designated to permit a mixture of light industrial and/or commercial uses. This category does not permit heavy industrial uses. Within areas expanded beyond the existing Industrial Commercial Interchange boundaries (on January 1, 2007), retail commercial uses will be limited to 20% of the total floor area and light industrial uses will be a minimum of 50% of the total floor area.

The "areas expanded beyond the existing Industrial Commercial Interchange boundaries" included ±82.86 acres north of the boundary of the Industrial Commercial Interchange future land use category at the time of the adoption of Ordinance 07-10.

Ordinance 07-10 was the adopting ordinance of CPA2005-00005. The applicant of CPA2005-00005 originally requested a map amendment to redesignate the upland portion of an ±82.86 acre parcel from the Industrial Development and Wetlands future land use categories to the Industrial Commercial Interchange and Wetlands future land use categories. The ±4.52 acres within the Wetland future land use category were not redesignated. Concerns by Lee County and by the Florida Department of Community Affairs led to the inclusion of development parameters within the text of Policy 1.3.4.

Lee County concerns about loss of land valuable for job creation led to the 20% cap on retail commercial uses. Lee County and State concerns about traffic concurrency led to the 50% minimum light industrial requirement. Lee County maintains that the cap on retail commercial uses is consistent with the Lee Plan's vision of providing quality jobs in appropriate locations; however, the Florida Statutes and the Lee Plan were amended making transportation concurrency non-regulatory, eliminating the need for the minimum light industrial use requirement designed to reduce the number of daily trips.

Impacted Properties

The proposed amendment impacts approximately ±74.32 acres of land in Lee County that were redesignated from Industrial Development to Industrial Commercial Interchange via Ordinance Number 07-10. All lands that are required to comply with the limitations are contained within a single Mixed-use Planned Development (MPD), approved by Resolution Z-12-019, with modifications made in 2018².

¹ The Lee Plan. Adopted January 31, 1989. Prepared by the Division of Planning, Department of Growth Management and Capital Improvements for the Lee County Board of County Commissioners.

² Z-18-001 and ADD2018-00055

Existing uses within the MPD include out-patient surgery centers, logistics offices, and medical testing and treatment labs. The existing uses provide for quality and diverse employment opportunities within an area that has seen strong economic growth over the past decade.

Surrounding Properties

Parcels to the north and west of the impacted area are currently vacant and are within the Industrial Development and Wetlands future land use categories. Properties to the south are within the General Interchange future land use category and contain a mixture of residential, commercial, and hotel uses. East of the impacted area is Interstate 75. The proposed amendment will help to provide a transition of commercial uses between approved residential uses and future industrial uses.

LEE PLAN ANALYSIS

Lee Plan **Objective 1.3** discusses the Interstate Highway Interchange Areas, describing them as special areas adjacent to the interchanges of Interstate 75 with specific primary roles that differ depending on the interchange, as designated by specific future land use categories. The proposed amendment to **Policy 1.3.4** is shown below and in Attachment 1, in strikethrough and underline format.

POLICY 1.3.4: The Industrial Commercial Interchange areas are designated to permit a mixture of light industrial and/or commercial uses. This category does not permit heavy industrial uses. Within areas expanded beyond the existing Industrial Commercial Interchange boundaries (on January 1, 2007), retail commercial uses will be limited to 20% of the total floor area—and light industrial uses will be a minimum of 50% of the total floor area.

Policy 159.1.2 of the Lee Plan provides that Lee County will support policies and programs which attract high-growth and competitive businesses. The applicant is proposing to strike the requirement that 50% of the total floor area must contain light industrial uses. **The applicant is not proposing to remove the requirement that a maximum of 20% be allocated to retail uses.** This will allow the development of other non-retail commercial uses such as offices, research centers, and medical providers. Residential uses are prohibited within the Industrial Commercial Interchange future land use category and would remain prohibited with the proposed amendment. The proposed amendment will allow the continued development of high-growth and competitive businesses, consistent with Policy 159.1.2 and existing development.

The parcels impacted by the proposed amendment are partially within Airport Noise Zone B and Airport Noise Zone C, as depicted on Lee Plan Map 1-E. **Policy 1.6.1** prohibits residential units, places of worship, libraries, schools, hospitals, correctional institutions, or nursing homes within Airport Noize Zone B. The proposed amendment does not promote or grant allowances to residential uses or other uses prohibited within Airport Noise Zone B, consistent with Policy 1.6.1. Port Authority Staff have reviewed the proposed amendment and have no objections.

Allowing for further development of non-retail commercial uses is consistent with **Objective 158.2**, which seeks to ensure maximum employment opportunities within Lee County. The proposed amendment is also consistent with **Policy 160.3.1** by allowing uses to co-locate with similar desired uses in close proximity to Florida Gulf Coast University.

Adopted Amendment April 2, 2025 CPA2024-00005 Page 3 of 9

PUBLIC FACILITIES AND INFRASTRUCTURE

Lands within the Industrial Commercial Interchange future land use category have access to major arterial roadways and public services. Lee County Department of Transportation is in the process of connecting Three Oaks Parkway from Alico Road to Daniels Parkway. This planned connection will provide greater accessibility to the parcels impacted by the proposed amendment.

Analysis of the applicant's Traffic Impact Study by Lee County Department of Transportation indicates that the proposed amendment does not cause any roadway segments to fail in the short-term, but does cause a failure of the segment of Alico Road between US 41 and Oriole Road. The impacts related to the proposed amendment are due to an anticipated increase of 1% to the daily trip generation of the areas impacted by this amendment.

Transportation concurrency is non-regulatory per Florida Statutes Section 163.3180 and Lee Plan Policy 95.1.3, which provides "Compliance with non-regulatory LOS standards will not be a requirement for continued development permitting, but will be used for facility planning purposes."

Lee County Utilities water and sewer infrastructure currently exists on the impacted site. Notable future expansions of Lee County Utilities' capacity infrastructure include the future construction of the Southeast Advanced Water Treatment Facility, which is approximately five miles straight-line distance from the impacted site.

Site-specific impacts to public services and availability of service will be examined in any future development applications for construction on the impacted site.

PROCEDURAL REQUIREMENTS

The Lee Plan is Lee County's comprehensive plan, which provides the long-term vision for development in the county. Florida Statutes require comprehensive plans to include certain topics as elements. The Lee Plan divides these elements into chapters, which are further supported by goals, objectives, standards, and policies. Lee Plan Chapter XIII, entitled Administration, section "d" addresses Amendments to the Plan. The applicable paragraph is reproduced below.

This plan, including the Future Land Use Map, may be amended in accordance with Florida Statutes and administrative procedures adopted by the Board of County Commissioners in Lee County Administrative Code 13-6. In accordance with § 163.3177(1)(f), Fla. Stat., all amendments must be based upon relevant and appropriate data and analysis.

Lee County Administrative Code 13-6 establishes procedures for amendments to the Lee Plan, including notice requirements and provisions for public participation during the amendment process. The subject application requests a privately initiated amendment to the Lee Plan, meaning it has been requested by an entity other than the County and follows the amendment process described in Florida Statutes section 163.3184.

Adopted Amendment April 2, 2025 CPA2024-00005 Page 4 of 9

CONCLUSIONS

Staff has reviewed the proposed amendment and provides following conclusions:

- The amendment to Lee Plan **Policy 1.3.4** is consistent with the intent of the original language of the policy from the 1989 Lee Plan.
- The amendment maintains the intent of Ordinance 07-10, which added the limitations, while accounting for the changes to Florida Statutes.
- The amendment is compatible with adjacent existing and planned developments and uses.
- The applicability of the amendment is limited to ±74.32 acres contained within a single planned development.
- The proposed amendment will have a positive impact on the economy and is consistent with the Lee Plan's Economic Element.
- Public services including Emergency Medical Service, Police, Fire protection, utilities, and solid waste collection currently serve the areas impacted by the proposed amendment. Additional impacts to public services and concurrency requirements will be evaluated during future required Development Order(s).

For the reasons discussed in this staff report, staff recommends that the Board of County Commissioners *transmit* the proposed amendment as shown in Attachment 1.

Adopted Amendment April 2, 2025 CPA2024-00005 Page 5 of 9

PART 2 LOCAL PLANNING AGENCY REVIEW AND RECOMMENDATION

DATE OF PUBLIC HEARING: December 9, 2024

A. LOCAL PLANNING AGENCY REVIEW

The applicant's representatives provided a presentation addressing the requested amendments, the impacted area, surrounding uses, consistency with the Lee Plan, transportation impacts.

Following this, staff made a presentation addressing the requested amendments, consistency with the Lee Plan, compatibility with surrounding properties, and staff recommendation.

Members of the LPA discussed other properties within the Industrial Commercial Interchange future land use category, maximization of employment opportunities, and roadway impacts.

<u>One member of the public</u> addressed the LPA in favor of the proposed amendments, discussing the reasons for the requested amendment.

B. LOCAL PLANNING AGENCY RECOMMENDATION

A motion was made to recommend that the Board of County Commissioners (BoCC) *transmit* CPA2024-00005. The motion passed 6 to 0.

PART 4 STATE REVIEING AGENCIES' OBJECTIONS, RECOMMENDATIONS, AND COMMENTS

Staff transmitted the proposed amendments to the Florida Department of Commerce on January 27, 2025. Comments from the State Reviewing Agencies were due to Lee County by February 27, 2025.

A. OBJECTIONS, RECOMMENDATIONS AND COMMENTS:

Lee County received responses from the following review agencies addressing the transmitted amendment:

- Florida Department of Commerce
- Florida Department of Environmental Protection
- Florida Fish and Wildlife Conservation Commission

There were **no objections** concerning the proposed amendments.

B. STAFF RECOMMENDATION

Staff recommends that the Board of County Commissioners *adopt* the amendments to the Lee Plan as transmitted and as provided in Attachment 1.

Adopted Amendment April 2, 2025 CPA2024-00005 Page 8 of 9

PART 5 BOARD OF COUNTY COMMISSIONERS ADOPTION HEARING

DATE OF PUBLIC HEARING: April 2, 2025

A. BOARD REVIEW:

Staff provided a brief presentation for the proposed amendment which included an overview of the proposed amendment, BoCC action at the Transmittal Hearing, State Agency reviews, and staff recommendation.

No members of the public spoke at the meeting.

B. BOARD ACTION:

A motion was made to <u>adopt</u> CPA2024-00005 as transmitted. The motion passed 4 to 0.

VOTE:

PROPOSED TEXT AMENDMENTS

FUTURE LAND USE ELEMENT a. Growth Management

POLICY 1.3.4: The Industrial Commercial Interchange areas are designated to permit a mixture of light industrial and/or commercial uses. This category does not permit heavy industrial uses. Within areas expanded beyond the existing Industrial Commercial Interchange boundaries (on January 1, 2007), retail commercial uses will be limited to 20% of the total floor area and light industrial uses will be a minimum of 50% of the total floor area.

Exhibit T-4 Proposed Text Change

GOAL I: FUTURE LAND USE MAP. To maintain and enforce a Future Land Use Map showing the proposed distribution, location, and extent of future land uses by type, density, and intensity in order to protect natural and man-made resources, provide essential services in a cost-effective manner, and discourage urban sprawl. (Ord. No. 94-30)

OBJECTIVE 1.3: INTERSTATE HIGHWAY INTERCHANGE AREAS. Special areas adjacent to the interchanges of Interstate 75 that maximize critical access points will be designated on the Future Land Use Map. Development in these areas must minimize adverse traffic impacts and provide appropriate buffers, visual amenities, and safety measures. Each interchange area is designated for a specific primary role: General, General Commercial, Industrial Commercial, Industrial, and University Village. Residential uses are only permitted in these categories in accordance with Policy 1.3.2. (Ord. No. 94-30, 99-18, 00-22, 16-02, 17-13, 18-05)

POLICY 1.3.4: The Industrial Commercial Interchange areas are designated to permit a mixture of light industrial and/or commercial uses. This category does not permit heavy industrial uses. Within areas expanded beyond the existing Industrial Commercial Interchange boundaries (on January 1, 2007), retail commercial uses will be limited to 20% of the total floor area and light industrial uses will be a minimum of 50% of the total floor area. (Ord. No. 07-10)

Existing and Future Public Facilities Impacts Analysis

T-5

In accordance with **Policy 95.1.3** the following is a description of the impact that the proposed change will have on public services. This analysis is based on a comparison of the existing approved zoning intensity on the property with the proposed zoning intensity.

Potable Water and Sanitary Sewer

The site is located within the Lee County Utilities service area. We understand LCU has capacity to serve the project, Currently the subject parcel is located within the future water and sewer franchise areas depicted on the Lee Plan Maps 4-A and 4-B.

We anticipate that the text amendment will intensify the development potential of the property by increasing the permissible amount of commercial but overall will not result in an increase in total permissible square footage of development. Currently the FLUM is Industrial Commercial Interchange:

The maximum allowable development under current zoning (ADD2020-00139)

Residential Units/Density:

0.0 not permitted in Industrial Commercial Interchange.

405,000 SF Commercial Office.

Commercial Intensity:

20,000 SF Commercial Retail

200 Hotel Units

Industrial Intensity:

448,001 sf

The maximum proposed development:

Residential Units/Density:

0.0 no change.

570,000 SF Commercial Office.

Commercial Intensity:

20,000 SF Commercial Retail

200 Hotel Units

Industrial Intensity:

130,000 sf

Based on these calculations the total expected water and wastewater treatment volumes will be approximately 39,300 gpd with the proposed text amendment change.

The property falls into the Lee County Utilities potable water and sanitary sewer future service areas. LCU will have the capacity to service the project according to the 2023 concurrency report.

Potable Water required capacity average is 250 gpd and the available capacity is 316 gpd. Sanitary Sewer required capacity is 200 gpd with an available capacity of 253 gpd per ERC

Surface Water/Drainage Basins

Drainage has been determined and established by the Florida Gulf Coast Business Center permit # 36-102317-P. The Basin on which the property is located is the Coastal Ecosystem Watershed of SFWMD in the Six Mile Slough drainage basin.

Parks, Recreation and Open Space

With no increase in population the proposed text amendment will not impact Community or Regional Parks needs.

Community Parks

Three Oaks Community Park is located ±2.0 miles south of the site. On-Site open space will be required as per the LDC. Recreational amenities may be incorporated into the site, as provided by employers or auxiliary commercial development in the form of health and exercise. Scotlynn Logistic Services that has provided basketball courts and walking paths that is located within this FLUM.

Public Schools

With no increase in population the proposed text amendment will not impact the school district. No additional classrooms will be required.

Adjacent Local Government and its Comprehensive Plan

The subject parcel is located within the unincorporated portion of Lee County

Lee Plan Consistency Exhibit T6

Lee Plan Consistency

The applicant is requesting to amend the text of the future land use category of "Industrial Commercial Interchange" to remove the restriction placed in 2007 requiring 50% industrial use to enable more clean consistent business uses such as office, medical, research, and laboratory uses next to the newly allowed adjacent multi-family residential. Policy 1.3.4 would be amended as follows:

POLICY 1.3.4 The Industrial Commercial Interchange areas are designated to permit a mixture of light industrial and/or commercial uses. This category does not permit heavy industrial use. Within areas expanded beyond the existing Industrial Commercial Interchange boundaries (on January 1, 2007), retail commercial uses will be limited to 20% of the total floor area. and light industrial uses will be a minimum of 50% of the total floor area. (Ord. No. 07-10)

This change in text is consistent with the following Lee Plan Policies, Goals, and Objectives:

POLICY I.6.1: The Airport Noise Zones (Map I-E) cover areas subject to varying levels of airport-related noise. In conformance with Airport Noise Compatibility Planning outlined in Title I4 of the Code of Federal Regulations (CFR) Part I50, the Port Authority will update the aviation forecasts and associated noise contours for the Southwest Florida International Airport when warranted by operational changes and will initiate an amendment to the Airport Noise Zone Overlay to reflect the updates as applicable. In addition to meeting the requirements of the underlying Future Land Use Map categories, properties within the Airport Noise Zone Overlay must meet the following:

Zone C and D allow existing and new construction and land uses as would otherwise be permitted by the LDC. These zones require formal notification as provided for in the LDC. (Ord. No. 00-22, 02-02, 03-02. 16-16)

The proposed location according to the Port Authority fall under Airport Noise C. The recorded plat has the required notice per Airport School Protection Zone outlined in Sec. 34.1104(B)(2)(a) states "The developer, successor or assign acknowledges the property's proximity to Southwest Florida International Airport and the potential for noises created by and incidental to the operation of the airport as outlined in Land Development Code Section 34-1104. The developer, successor or assign acknowledges that a disclosure statement is required on plats, and in association documents for condominium, property owner and homeowner associations as outlined in Land Development Code Section 34-1104(b)."

OBJECTIVE 2.1: DEVELOPMENT LOCATION. Contiguous and compact growth patterns will be promoted through the rezoning process to contain urban sprawl, minimize energy costs, conserve land, water, and natural resources, minimize the cost of services, prevent development patterns where large tracts of land are by-passed in favor of development more distant from services and existing communities.

This property is located in an urban infill area adjacent to I-75 and just north of Alico Road fronting Three Oaks Parkway. The area is part of a contiguous and compact growth pattern and contains all urban services including complete public utility services.

OBJECTIVE 2.2: DEVELOPMENT TIMING. Direct new growth to those portions of the Future Urban Areas where adequate public facilities exist or are assured and where compact and contiguous development patterns can be created.

This property is located in an Urban Area with adequate public facilities and is part of an infill location creating a compact and contiguous development. This is an existing and developing Business Park surrounded by an adequate road network and nearby housing in the area for the workers planned for these office, professional, and commercial uses. This Amendment will allow the restoration of some of the commercial uses lost when Vintage Commerce Center and Alico Crossroads were converted from Industrial Commercial to General Interchange with a reduction of approximately 40 acres of commercial uses converted to multi-family residential uses.

POLICY 2.2.1: Rezonings and development-of-regional-impact proposals will be evaluated as to the availability and proximity of the road network; central sewer and water lines; community facilities and services such as schools, EMS, fire and police protection, and other public facilities; compatibility with surrounding land uses; and any other relevant facts affecting the public health, safety, and welfare.

This property is already zoned for existing and planned uses and is adjacent to an extensive roadway network, central sewer and water lines, and EMS, Fire and Police protection. This Amendment will also enhance the look and visual image of the buildings on the site from I-75 and Three Oaks Parkway due to the high visibility along this corridor. This Amendment will allow for a reduction of large footprint industrial and warehouse buildings on the site and replace them with attractive office, research, and medical buildings. This will produce an attractive commercial corridor in this location.

OBJECTIVE 2.3: FUTURE LAND USE MAP AMENDMENTS. Regularly examine the Future Land Use Map in light of new information and changed conditions and make necessary modifications.

This Text Amendment is being requested due to new information and changed conditions as described in Objective 2.3 of the Lee Plan. Lee County has reclassified the adjacent properties to the south to the General Interchange Land Use category allowing multi-family housing adjacent to this property. Our request will continue employment-based business use on our property while reducing the amount of light industrial now required directly adjacent to this multi-family residential housing.

OBJECTIVE 2.5: HISTORIC RESOURCES. Historic resources will be identified and protected pursuant to the Historic Preservation Element and the County's Historic Preservation Ordinance. (Ord. No. 94-30, 00-22)

After a thorough assessment, we have determined that there are no historical elements present on the site

GOAL 6: COMMERCIAL LAND USES. To permit orderly and well-planned commercial development at appropriate locations within the County. (Ord. No. 94-30)

POLICY 6.1.4: Commercial development will be approved only when compatible with adjacent existing and proposed land uses and with existing and programmed public services and facilities

The current Future Land Use designation permits commercial development, and the proposed text amendment aims to enhance this allowance by enabling additional commercial development. This change is designed to remain consistent with existing and planned land uses in the area.

POLICY 6.1.5: Maintain land development regulations that require commercial development be designed to protect the traffic-carrying capacity of roads and streets. Methods to achieve this include but are not limited to: frontage roads; clustering of activities; limiting access; sharing access; setbacks from existing rights-of-way; acceleration, deceleration and right-turn-only lanes; and, signalization and intersection improvements. (Ord. No. 94-30, 00-22, 23-08)

The proposed text amendment is in an area where capacity exists on the adjacent roadway network. As shown in the attached Transportation Impact Statement, this proposed amendment will not cause any negative impacts to the County Long Range Transportation Plan. The proposed development results in an insignificant change in trips as compared to the existing zoning and land use approvals.

GOAL 7: INDUSTRIAL LAND USES. To promote opportunities for well-planned industrial development at suitable locations within the County.

POLICY 7.1.1: In addition to the standards required herein, the following factors apply to industrial rezoning and development order applications:

- 1. The development must comply with local, state, and federal air, water, and noise pollution standards.
- 2. When located next to residential areas, industry must not generate noise levels incompatible with the residential development.
- 3. Bulk storage or production of toxic, explosive, or hazardous materials will not be permitted near residential areas.
- 4. Contamination of ground or surface water will not be permitted.
- 5. Applications for industrial development will be reviewed and evaluated as to:
 - a. air emissions (rezoning and development orders);
 - b. impacts and effects on environmental and natural resources (rezoning and development orders);
 - c. effect on neighbors and surrounding land use (rezoning);
 - d. impacts on water quality and water needs (rezoning and development orders);
 - e. drainage system (development orders);
 - f. employment characteristics (rezoning);
 - g. fire and safety (rezoning and development orders);
 - h. noise and odor (rezoning and development orders);
 - i. buffering and screening4 (planned development rezoning and development orders);

j. impacts on transportation facilities and access points (rezoning and development orders);

k. access to rail, major thoroughfares, air, and, if applicable, water (rezoning and development orders);

I. utility needs (rezoning and development orders); and m. sewage collection and treatment (rezoning and development orders).

The property is ideally suited to complying with the above standards. The mixed-use potential proposed consisting of light industrial, commercial and office use should create a greater compatibility with the residential to the south and north.

GOAL II: MIXED USE: Encourage mixed use developments that integrate multiple land uses, public amenities and utilities at various scales and intensities in order to provide: diversified land development; a variety of housing types; greater connectivity between housing, workplaces, retail businesses, and other destinations; reduced trip lengths; more transportation options; and pedestrian and bicycle-friendly environments.

This property is providing a high wage employment center to the surrounding residential communities and is part of a mixed-use development creating greater connectivity between housing, workplaces, and retail business with reduced trip lengths and various transportation options. Three Oaks Parkway connects this development to the south all the way to Radio Road in Collier County and will soon connect northward to Daniels Parkway in Lee County.

Retail businesses located at Alico Road and in Gulf Coast Town Center provide nearby restaurants and retail support for the workers at this location.

OBJECTIVE 11.1: MIXED USE DEVELOPMENT. Allow and encourage mixed use development within certain future land use categories and at appropriate locations where sufficient infrastructure exists to support development.

This Text Amendment encourages Mixed Use Development on this Industrial Commercial Interchange property while providing for a wider range of uses, including higher concentrations of office, medical, healthcare, research and development facilities, on property with high visibility from Three Oaks Parkway and from I-75. This employment center will provide a variety of job opportunities to the surrounding communities of San Carlos Park, Three Oaks as well as those living in the wider Lee County area of Corkscrew Road, Gateway and Lehigh. Lee County has planned future roadway extensions of Alico Road to the east and Three Oaks Parkway to the north to enhance the connectivity of this site to several residential hubs of the County (see the Exhibits attached). This location has sufficient existing infrastructure to support this development.

POLICY 36.1.4: Protect the through traffic capacity of the County's expressways, controlled access facilities, principal and minor arterials, and major collectors depicted on Map 3-B. (Ord. No. 17-13)

In both the approved and proposed trip generation analysis, the peak occurred in the weekday PM timeframe. The total PM peak hour increases from 1,288 to 1,339 trips which is a total of only 51 additional trips onto adjacent roadways. The PM peak hour only has a 3.9% increase from previously approved conditions which will not have any impact on

adjacent roadway networks or the Level of Service on any of the surrounding roadways. Please see the attached traffic impact analysis memorandum for additional information.

OBJECTIVE 39.6: BICYCLE/PEDESTRIAN NETWORK. When conducting all transportation planning and engineering studies, consider the convenience, safety and accessibility of bicyclists and pedestrians of all ages. (Ord. No. 98-09, 99-15, 17-13)

Pedestrian network currently is well established providing safe and accessibility of bicyclists and pedestrians

OBJECTIVE 53.1: The county will ensure the provision of acceptable levels of potable water service throughout the future urban areas of the unincorporated county, either directly by Lee County Utilities, or indirectly through franchised utility companies.

This property has acceptable levels of public water service provided by Lee County Utilities.

OBJECTIVE 56.1: The county will ensure the provision of acceptable levels of sanitary sewer service throughout the future urban areas of the unincorporated county.

This property has acceptable levels of public sewer service provided by Lee County Utilities.

GOAL 158: Achieve and maintain a diversified and stable economy by providing a positive business climate that assures maximum employments. (Ord. No. 23-08)

POLICY 158.2.1: Allocate adequate land on the Future Land Use Map and in Table I (b) to meet the future commercial, industrial, agricultural, residential, and recreational needs of residents and visitors to the County.

Having a balance of commercial, office, research, and supporting retail uses at this location will provide enhanced workplace and job opportunities while improving consistency with the recent Land Use changes to the south allowing residential uses in this area. This property provides for a visually pleasing transition from I-75 with Corporate Headquarters, laboratories, research, and medical offices between Three Oaks Parkway and I-75 while providing sufficient light industrial, manufacturing, distribution, and warehousing to the west along the Oriole Road corridor and to the west. This will add diversification to a typical industrial subdivision while providing a more appropriate use adjacent to the recently approved residential zoning. It will also help to provide for the existing and projected medical and healthcare needs for the residential communities in the area. The project will continue to meet appropriate commercial architectural standards, proper open space, and appropriate buffering requirements.

This location approximately midway between downtown Ft. Myers and downtown Naples and near the Southwest Florida International Airport and Florida Gulf Coast University is developing as a significant business and employment center in the region. This Text Amendment will continue the mixed-use business activity at this location while recognizing the changing character of the location in close proximity to recently added residential uses. It will focus on cleaner business uses with less industrial truck traffic while recognizing that providing additional employment opportunities in proximity to residential areas seeks to

integrate home and work life in order to promote the high quality of family life desired in Lee County while reducing traffic congestion and limiting sprawl.

5. Infrastructure and Services

The property is serviced by adequate public services including water and sewer service provided by Lee County Utilities. All utility lines are in place and accepted by Lee County. An Environmental Resource Permit has been issued by the South Florida Water Management District for the property as part of a Unified Drainage Plan and the surface water management system has been constructed, accepted, and is in service. The San Carlos Park Fire District has a new fire station located within one mile of the site and Fire and EMS services are provided by that Station. Police service is currently provided by Lee County Sheriff's Office. Sold Waste service is currently provided by Lee County Solid Waste. The request does not change the Land Use category which does not allow residential uses. Therefore, population accommodation of the Future Land Use Map (FLUM) is not affected. Similarly, since there is no increased impact to population, there is no impact to School population, Community or Regional Park use. Soils and Historic Resources have been previously evaluated when Zoning and Development Orders were issued for the property.

Roadway access is provided by Three Oaks Parkway extension north of Alico Road. Traffic circulation is provided from US 41, Metro Parkway extension, Alico Road, Oriole Road extension, Ben Hill Griffin Boulevard, I-75, and Three Oaks Parkway. Three Oaks Parkway is also currently being extended by Lee County northward toward Daniels Parkway to provide additional access and circulation in the future.

Conclusion

In conclusion, the Text Amendment to the Lee Plan is an appropriate change for this property. The property is currently zoned for the commercial, office, research, laboratory, medical, and light industrial uses contemplated by the Industrial Commercial Land Use category and these uses promote a diverse economy. While the Industrial Commercial Interchange category is in place on the north side of Alico Road on the east and west sides of I-75, this is the only property affected by this Text change as it is the only property added after 2007. The Text Amendment proposed will only enhance the development by removing the restriction on substantial industrial development to allow for more compatible and visually pleasing uses next to the Interstate and the multi-family properties approved to the south.

Development of the property has all requisite public urban services and will not have negative environmental or transportation impacts and will not negatively impact historic resources in Lee County. The proposed Text Amendment simply confirms the Lee Plan policy objective of providing additional high wage job opportunities to the residents of the area and of Lee County. The proposed amendment is consistent with and implements several policies in the Lee Plan. The Text Amendment does not increase density or intensity; does not underutilize public resources or infrastructure; does not reduce open space, buffering, landscaping, or preservation areas; and does not otherwise adversely impact the surrounding properties. For these reasons, the proposed amendment should be approved.

Florida Gulf Coast Business Center

Environmental Analysis Exhibit T-7

The $78.8\pm$ acre Florida Gulf Coast Business Center project consists of disturbed land. Located within a portion of Section 3, Township 46 South, Range 25 East, Lee County, Florida. The parcel is bordered to the west by Three Oaks Parkway, to the east by I-75, to the south by improved pasture, and to the north by improved pasture and preserved wetlands.

The text amendment to 1.3.4 "Industrial Commercial Interchange" will not have an effect on the environmental aspects of the site. In accordance with SFWMD and county requirements, and any listed species, if encountered will be addressed per local and state requirements.

Florida Gulf Coast Business Center

Historical Resources Impact Analysis Exhibit T8

Florida Master Site File

Per the Florida Master Site File, there are not any previously recorded cultural or historic resources located within 150 feet of the subject property.

Archaeological Sensitivity Map

According to the Archaeological Sensitivity are identified on the proposed site on the Lee County Archaeological Sensitivity Map dated June 28, 2019. See below.

EXTERNAL SENDER

Good afternoon,

I searched in the area you indicated below for previously recorded cultural resources. There are no previously recorded resources in the area. Please see the attached map for reference. Please note that the area has never been surveyed for cultural resources. Let me know if you have any questions. Have a great day.

This record search is for informational purposes only and does <u>NOT</u> constitute a project review. This search only identifies resources recorded at the Florida Master Site File and does <u>NOT</u> provide project approval from the Division of Historical Resources. Contact the Compliance and Review Section of the Division of Historical Resources at 850-245-6333 for project review information.

Kind regards,

CHRIS FOWLER

Good Morning Jennifer,

Currently our firm will be submitting Text Plan Amendment within Lee county. We will need to provide correspondence with the Bureau of Historic Preservation regarding the site. The properties are located off of the right way with the strap # 03-46-25-LI-060R5.00CE, 03-46-25-LI-060R4.00CE, 03-496-25-LI-060R4.002CE. Please see the aerial below.

If you have any questions, please feel free to reach out.

MEMORANDUM

TO:

Mr. Alan Freeman

FROM:

Ted B. Treesh

President

DATE:

REVISED September 3, 2024

RE:

Florida Gulf Coast Business Center

Lee County, Florida

TR Transportation Consultants, Inc. has completed a trip generation comparison based on the request to modify the land use intensities of the Florida Gulf Coast Mixed Use Planned Development, located on Three Oaks Parkway north of Alico Road in Lee County, Florida. The development parameters of this site are outlined in the approved Administrative Amendment 2020-00139 and include the development of up to 873,001 total square feet, which may include up to 448,001 square feet of industrial uses, 405,000 square feet of commercial office uses (of which a maximum of 180,000 square feet could be Medical Office), 20,000 square feet of commercial retail uses and a maximum of 200 hotel rooms.

The trip generation was completed based on the Institute of Transportation Engineer's (ITE) Report titled *Trip Generation Report*, 11th Edition. Also consistent with the traffic study conducted as part of the original rezoning application, the trip generation was reduced based on internal capture of trips between the retail and commercial office uses as well as due to "pass-by" trips for the retail uses. **Tables 1 through 5** below illustrate the trip generation calculation of the project as currently approved based on the ITE Trip Generation report and trip reductions. The hotel use was not analyzed as part of the rezoning application TIS and is not considered in this analysis.

PROPOSED MODIFICATION IN INTENSITIES

The Developer desires to modify the conditions of the Comprehensive Plan to remove the requirement that 50% of the floor area of the project has to be light industrial land uses within this land use category (Industrial Commercial Interchange). In conjunction with this text amendment, the property owner would request a change in the mix of uses to permit additional commercial General and Medical Office uses while decreasing the amount of Industrial floor area. **Tables 6 through 10** illustrate the trip generation of the revised intensities with the requested removal of the limit of industrial uses on the site.

Table 6
Proposed Land Uses
Florida Gulf Coast Business Center

Land Use	Size
Industrial Park (LUC 130)	130,000 square feet
Shopping Center (LUC 820)	20,000 square feet

Florida Gulf Coast Business Center

Land Use	Week	Weekday A.M. Peak Hour			Weekday P.M. Peak Hour		
	In	Out	Total	In	Out	Total	
Total External Trips As Proposed (873,001 square feet)	834	153	987	347	992	1,339	12,504
Total External Trips As Approved (873,001 square feet)	-748	-152	-900	-349	-939	-1,288	-12,384
Trip Change	86	1	87	-2	53	51	120

Note: A positive number in the Trip Change row indicates an INCREASE in trips and a negative number indicates a DECREASE in Trips

As can be seen from Table 11, the Weekday A.M. Peak Hour Trip generation is within twenty (87) trips. The Weekday P.M. Peak Hour is the highest peak hour when compared to the A.M. Peak Hour, so even though the Weekday A.M. Peak Hours shows a slightly larger increase in trips, the Weekday P.M. Peak Hour is the hour in which the Level of Service is evaluated and is also the highest hour of travel on the adjacent roadway links and intersections. The weekday P.M. peak hour only shows an increase of 51 total trips, or an increase of approximately of 3.9% from the currently approved trip generation of the project. This small net increase will have no impact on the adjacent roadway network or the Level of Service on any of the surrounding roadways.

It should also be noted that TR Transportation Consultants conducted traffic counts at the two site access drives of the existing Surgery Center within the Florida Gulf Coast Business Center. The traffic counts were conducted over a period of three consecutive weekdays (Tuesday, Wednesday and Thursday), in order to determine if this site generates traffic similar to a Medical Office use.

A summary of the trip generation counts is attached to this memo that illustrates that the Surgery Center does NOT generate trips consistent with a Medical Office use. The Average Trip Rate for a Medical Office building during the P.M. peak hour is 3.93 trips per 1,000 square feet of building floor area. The surveyed trip rate of the Surgery Center is approximately 1.49 trips/1,000 square feet based on the HIGHEST day surveyed and only 1.15 trips/1,000 square feet based on the three-day average during the survey period. Therefore, the Surgery Center should NOT be counted against Medical Office floor area in the project since this use does not generate traffic consistent with a Medical office use as evident by the traffic surveys.

LEVEL OF SERVICE ANALYSIS

A Level of Service analysis was conducted on the surrounding roadway segments at the request of County staff to determine the impacts of the requested amendment on the adjacent roadway network. A horizon year analysis of 2030 was selected as the analysis year to evaluate the future impacts this project will have on the surrounding roadway network. Based on this horizon year, a growth rate was applied to the existing traffic conditions for all roadway links in the study area. For Alico Road, the existing and historical traffic data was obtained from the 2023 Lee County Traffic Count Report. For Oriole Road, the existing and historical traffic data was obtained from the FDOT's Florida Traffic Online webpage.

Based on the estimated project trip distribution, the link data was analyzed for the year 2030 without the development and year 2030 with the development. The only trips added to the roadway network in 2030 were the net new trips that the PROPOSED development would add as illustrated in Table 11.

Table 2A in the Appendix of the report indicates the methodology utilized to obtain the year 2030 build-out traffic volumes as well as the growth rate utilized for each roadway segment. The base year traffic volumes were obtained from the 2023 *Lee County Public Facilities Level of Service and Concurrency Report*. The future year traffic volumes for Three Oaks Parkway, north of Alico Road, was formulated based on the attached Florida Standard Urban Transportation Model Structure (FSUTMS) model provided by Lee County consistent with historical approved traffic studies in the area. The future background traffic volume on Oriole Road, north of Alico Road, was estimated based on the approved surrounding zonings as agreed upon with staff consistent from the historical approved traffic studies in the area.

Table 2A indicates the year 2030 peak hour – peak direction traffic volumes and Level of Service for the various roadway links within the study area. Noted on Table 2A is the peak hour – peak direction volume and Level of Service of each link should no development occur on the subject site and the peak hour – peak direction volume and Level of Service for the weekday A.M. and P.M. peak hours with the development traffic added to the roadways.

Adverse impacts are defined as a degradation of the Level of Service beyond the adopted Level of Service Thresholds for those links as indicated in **Table 1A**. In comparing the links' functional classification and calculated 2030 traffic volumes to the Service Volume Tables, it was determined that the proposed amendment will not cause any roadways to operate below the minimum acceptable Level of Service in 2030. Alico Road east of Three Oaks Parkway is shown to operate below the recommended minimum Link Level of Service threshold in 2030 prior to any project trips being added to this roadway segment. This is a pre-existing roadway deficiency not caused by this project. Further roadway Level of Service and turn lane analysis will be conducted again at the time the project seeks a local Development Order approval, which is when more specific project uses/intensities will be known. At this time, the analysis was completed based on the worst-case scenario based on the zoning intensities.

Industrial Park (130)

Vehicle Trip Ends vs: 1000 Sq. Ft. GFA

On a: Weekday

Setting/Location: General Urban/Suburban

Number of Studies: 27 Avg. 1000 Sq. Ft. GFA: 762

Directional Distribution: 50% entering, 50% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GFA

Average Rate	Range of Rates	Standard Deviation
3.37	1.41 - 14.98	2.60

Industrial Park (130)

Vehicle Trip Ends vs: 1000 Sq. Ft. GFA

On a: Weekday,

Peak Hour of Adjacent Street Traffic,

One Hour Between 7 and 9 a.m.

Setting/Location: General Urban/Suburban

Number of Studies: 34 Avg. 1000 Sq. Ft. GFA: 956

Directional Distribution: 81% entering, 19% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GFA

Average Rate	Range of Rates	Standard Deviation
0.34	0.06 - 2.13	0.33

Industrial Park (130)

Vehicle Trip Ends vs: 1000 Sq. Ft. GFA

On a: Weekday,

Peak Hour of Adjacent Street Traffic,

One Hour Between 4 and 6 p.m.

Setting/Location: General Urban/Suburban

Number of Studies: 35 Avg. 1000 Sq. Ft. GFA: 899

Directional Distribution: 22% entering, 78% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GFA

Average Rate	Range of Rates	Standard Deviation
0.34	0.09 - 2.85	0.36

General Office Building

Vehicle Trip Ends vs: 1000 Sq. Ft. GFA On a: Weekday

Setting/Location: General Urban/Suburban

Number of Studies: 59 Avg. 1000 Sq. Ft. GFA: 163

Directional Distribution: 50% entering, 50% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GFA

Average Rate	Range of Rates	Standard Deviation
10.84	3.27 - 27.56	4.76

General Office Building

Vehicle Trip Ends vs: 1000 Sq. Ft. GFA

On a: Weekday,

Peak Hour of Adjacent Street Traffic,

One Hour Between 7 and 9 a.m.

Setting/Location: General Urban/Suburban

Number of Studies: 221 Avg. 1000 Sq. Ft. GFA: 201

Directional Distribution: 88% entering, 12% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GFA

Average Rate	Range of Rates	Standard Deviation
1.52	0.32 - 4.93	0.58

General Office Building

Vehicle Trip Ends vs: 1000 Sq. Ft. GFA

On a: Weekday,

Peak Hour of Adjacent Street Traffic,

One Hour Between 4 and 6 p.m.

Setting/Location: General Urban/Suburban

Number of Studies: 232 Avg. 1000 Sq. Ft. GFA: 199

Directional Distribution: 17% entering, 83% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GFA

Average Rate	Range of Rates	Standard Deviation
1.44	0.26 - 6.20	0.60

Medical-Dental Office Building - Stand-Alone

Vehicle Trip Ends vs: 1000 Sq. Ft. GFA On a: Weekday

Setting/Location: General Urban/Suburban

Number of Studies: 18 Avg. 1000 Sq. Ft. GFA: 15

Directional Distribution: 50% entering, 50% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GFA

Average Rate	Range of Rates	Standard Deviation
36.00	14.52 - 100.75	13.38

Medical-Dental Office Building - Stand-Alone (720)

Vehicle Trip Ends vs: 1000 Sq. Ft. GFA

On a: Weekday,

Peak Hour of Adjacent Street Traffic,

One Hour Between 7 and 9 a.m.

Setting/Location: General Urban/Suburban

Number of Studies: 24 Avg. 1000 Sq. Ft. GFA: 25

Directional Distribution: 79% entering, 21% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GFA

Average Rate	Range of Rates	Standard Deviation
3.10	0.87 - 14.30	1.49

Medical-Dental Office Building - Stand-Alone

Vehicle Trip Ends vs: 1000 Sq. Ft. GFA

On a: Weekday,

Peak Hour of Adjacent Street Traffic,

One Hour Between 4 and 6 p.m.

Setting/Location: General Urban/Suburban

Number of Studies: 30 Avg. 1000 Sq. Ft. GFA: 23

Directional Distribution: 30% entering, 70% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GFA

Average Rate	Range of Rates	Standard Deviation
3.93	0.62 - 8.86	1.86

Strip Retail Plaza (<40k)

Vehicle Trip Ends vs: 1000 Sq. Ft. GLA On a: Weekday

Setting/Location: General Urban/Suburban

Number of Studies: 4 Avg. 1000 Sq. Ft. GLA: 19

Directional Distribution: 50% entering, 50% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GLA

Average Rate	Range of Rates	Standard Deviation
54.45	47.86 - 65.07	7.81

Strip Retail Plaza (<40k) (822)

Vehicle Trip Ends vs: 1000 Sq. Ft. GLA

On a: Weekday,

Peak Hour of Adjacent Street Traffic,

One Hour Between 7 and 9 a.m.

Setting/Location: General Urban/Suburban

Number of Studies: 5 Avg. 1000 Sq. Ft. GLA: 18

Directional Distribution: 60% entering, 40% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GLA

Average Rate	Range of Rates	Standard Deviation
2.36	1.60 - 3.73	0.94

Strip Retail Plaza (<40k)

Vehicle Trip Ends vs: 1000 Sq. Ft. GLA

On a: Weekday,

Peak Hour of Adjacent Street Traffic,

One Hour Between 4 and 6 p.m.

Setting/Location: General Urban/Suburban

Number of Studies: 25 Avg. 1000 Sq. Ft. GLA: 21

Directional Distribution: 50% entering, 50% exiting

Vehicle Trip Generation per 1000 Sq. Ft. GLA

Average Rate	Range of Rates	Standard Deviation
6.59	2.81 - 15.20	2.94
