Re: Amendments to the Lee Plan
Transmittal Submission Package for the 2000/2001 Regular Amendment Cycle

Dear Mr. Eubank:

In accordance with the provisions of F.S. Chapter 163.3184 and of 9J-11.006, this submission package constitutes the transmittal of the proposed 2000/2001 Regular Amendment Cycle to the Lee Plan. The Local Planning Agency held public hearings for these plan amendments on the following dates: January 22, 2001; February 26, 2001; March 26, 2001; April 23, 2001; June 4, 2001, June 25, 2001 and, July 23, 2001. The Board of County Commissioners transmittal hearing for the plan amendments was held on August 29, 2001. Per 9J-11.006(1)(a)(3), Lee County is requesting that the Department review the proposed amendments and provide an Objections, Recommendations, and Comments (ORC) Report. The proposed amendments are not applicable to an area of critical state concern. The Board of County Commissioners has stated its intent to hold an adoption hearing upon receipt of the ORC Report.

A summary of the plan amendment content and effect is attached to this letter. The name, title, address, telephone number, facsimile number, and email address of the person for the local government who is most familiar with the proposed amendments is as follows:

Mr. Paul O'Connor, AICP
Lee County Planning Division Director
P.O. Box 398
Fort Myers, Florida 33902-0398
(941)479-8585
Fax (941)479-8319
Email: oconnops@leegov.com

Included with this package, per 9J-11.006, are six copies of the adopted amendment, and supporting data and analysis. By copy of this letter and its attachments I certify that these amendments have been sent to the Regional Planning Council, the Florida Department of Transportation (FDOT),

P.O. Box 398, Fort Myers, Florida 33902-0398 (941) 335-2111
Internet address <http://www.lee-county.com>

AN EQUAL OPPORTUNITY AFFIRMATIVE ACTION EMPLOYER

the Department of Environmental Protection, Florida Department of State, Florida Fish and Wildlife Conservation Commission, the Department of Agriculture and Consumer Services, Division of Forestry, and the South Florida Water Management District.

Sincerely,
DEPT. OF COMMUNITY DEVELOPMENT
Division of Planning

Paul O'Connor, AICP
Director

All documents and reports attendant to this transmittal are also being sent, by copy of this cover, to:

Wayne Daltry

Florida Department of State

Florida Fish and Wildlife Conservation Commission

The Department of Agriculture and Consumer Services, Division of Forestry

2000/2001 LEE PLAN AMENDMENT CYCLE

SUMMARY OF PLAN AMENDMENT CONTENT AND EFFECT

- PAM 98-06** Amends the Future Land Use Map series for a portion of a specified parcel of land located in Section 20, Township 46 South, Range 25 East to change the classification shown on Map 1, the Future Land Use Map, from "Rural" to "Outlying Suburban." Also, amends Lee Plan Policy 1.1.6 and Table 1(a), Note 6.
- PAT 99-14** Amends the Community Facilities and Services Element by modifying Policy 39.1.4 to reflect the current status of Lee County Division of Natural Resources in completing the identified basin studies and providing technical floodplain information and analysis. Given that the identified basin studies have been completed, the amendment proposes that the references to the basin studies be removed from Policy 39.1.4. Policy 39.1.4 has been amended to contain references to the appropriate government agencies that will be assisting Lee County in the development of new floodplain information.
- PAT 99-20** Reevaluates the allocations of Table 1(b), Planning Community Year 2020 Allocations, for consistency with existing and approved developments.
- Amends Map 16, Planning Communities, of the Future Land Use Map series to revise the Planning Community boundaries to reflect the incorporation of Bonita Springs and on going "grass roots" planning efforts.
1. CPA2000-04 Amends the Planning Community Year 2020 Allocation Table, Table 1(b), to provide sufficient allocations to accommodate the proposed residential component of the Orange River property. This request was included in PAT 99-20, as part of the analysis for the Fort Myers Planning Community. The specific request of this privately initiated amendment were not transmitted.
 2. CPA2001-01 Amends the Planning Community Year 2020 Allocation Table, Table 1(b), to provide sufficient allocations to accommodate the proposed residential component of the Bonita Beach Road Residential Planned Development. This request was included in PAT 99-20, as part of the analysis for the Bonita Springs Planning Community. The specific request of this privately initiated amendment were not transmitted.
- CPA2000-02** Amends Map 12 of the Future Land Use Map Series to delete the Boca Grande Pass Marina from the Water Dependent Overlay (WDO) zone, and,

amends Goal 15 of the Lee Plan by adding the following Objective and Policy:

Objective 15.5: Port Facility. The Water Dependent Overlay for South Boca Grande is limited to the Port Facility south of Belcher Road.

Policy 15.5.1: The commercial and industrial uses permitted in the Port District (excluding those specific uses approved pursuant to resolutions Z-86-166, Z-93-009, and Z-99-054) are not permitted within that portion of the boundaries of the Boca Bay Community with the zoning designation of Port District.

CPA2000-03

Amends the Future Land Use Map series, Map 1, the Future Land Use Map, to change the Future Land Use designation from Mixed Use Interchange and General Interchange to Outlying Suburban for approximately 152.37 +/- acres of land generally located in the northwest quadrant of the interchange of I-75 and Daniels Parkway. The amendment also deletes Policy 1.3.6, the Mixed Use Interchange descriptor policy, and reclassifies approximately 2 +/- acres that would remain in the Mixed Use Interchange category as General Interchange. Also, amends the Planning Communities Acreage Allocation Table 1(b), for the Daniels Parkway Planning Community, to remove 68 residential acres from the Mixed Use Interchange category and add 68 residential acres to the Outlying Suburban category.

CPA2000-06

Amends Map 1 of the Future Land Use Map series for land near Eagle Road, Section 24, Township 43S, Range 23E, from Open Lands to Rural. In addition, the amendment adds a Footnote to Table 1 (a) clarifying an exception to the Rural category for the area limiting the density in this area to 1 du/2.25 acres. Staff believes that the Rural category is a more suitable designation for the site than the Open Lands category given the existing density of residential uses and the character of the area. The area will remain designated as a non-urban area without increases in the allowable commercial and industrial intensities and the request will have a minimal impact on public service providers.

CPA2000-07

Amends the Future Land Use Map Series by adding a map delineating an area in Sections 13 and 24, Township 44 South, Range 24 East and Sections 17, 18, 19, and 20 Township 44 South, Range 25 East as an urban infill area. In addition, amends Objective 1.7, Special Treatment Areas, of the Future Land Use Element by adding a new policy describing urban infill areas of the County.

The state of Florida may have money available, for both planning and implementation, for Urban Infill and Redevelopment Grants. The City of Fort Myers Planning staff have identified an area along Martin Luther King Boulevard that has already qualified for a planning grant. The area contains both incorporated and unincorporated properties. The proposed plan

amendment, identifying the area for the planning study, is required in order to qualify for and receive the grant funding. At this time the grant application has been submitted and the City has been approved for the planning grant funding. The Board of County Commissioners, when they co-signed the grant application, committed to a plan amendment that would identify the subject property as an Urban Infill area.

CPA2000-08

Amends the Future Land Use Map (FLUM) series, Map 1, to more closely reflect the Town of Fort Myers Beach adopted Future Land Use Map. The categories used in the Fort Myers Beach Future Land Use Map are intended for different purposes than the Lee County Future Land Use categories. The Town's categories are targeted specifically for conditions on Estero Island, whereas the County categories were created for use in the entire County and have to address a broader range of conditions. As such, there are no exact matches between the two. Some Fort Myers Beach Categories such as Boulevard and Pedestrian Commercial have only approximate matches with Lee County FLUM categories.

CPA2000-09

Amends the Future Land Use Series, Map 1, by updating the Conservation Lands land use categories to include lands purchased by Lee County with the Conservation 2020 program and one property bought by the State of Florida (TIITF). New language was added to Policy 1.4.6 which states, "2020 lands designated as conservation are also subject to more stringent use provisions of 2020 Program or the 2020 ordinances." The Conservation Lands designation will give the County a competitive edge in obtaining grants, such as the Florida Community Trust, Greenways and Trails grant programs, through demonstrating Lee County's commitment to preserving natural areas as large parcels. The Conservation 2020 Program objective is to put into the public domain private lands that will sustain native plant and animal populations, help protect people and property from flooding, help replenish our underground drinking water supply, it will also help to improve or sustain the water quality of our coastal bays, inlets, and sounds, provide eco-tourism opportunities, and provide local environmentally-oriented recreational and educational opportunities.

CPA2000-10

Amends the Future Land Use Element by adding Research and Development as a permitted use under Policy 1.2.2, the Airport Commerce descriptor policy. The Research and Development land use is consistent with the uses that are already permitted in the Airport Commerce land use category. Providing for this use in Airport Commerce allows the County to better use the airport to attract new business in order to promote economic growth and diversification. Research and Development uses would benefit from a location proximate to the airport, the University, and I-75.

CPA2000-11

Amends the Future Land Use Element by modifying Policy 6.1.2.6 to clarify that extension of the interstate interchange use is not by right, but is permissive and subject to County review and approval.

Policy 6.1.2.6 states that “any contiguous property under one ownership **may** be developed as part of the interstate interchange...” This language does not guarantee that the interchange uses will be extended, nor does it state that the expansion of interchange uses is a choice made solely by the developer. The policy provides that certain criteria must be met in order to qualify for the expansion of the interchange, and once those criteria have been met, then the County has the ability to decide whether or not to allow it. The decision of whether or not to allow an interchange to be expanded should be made at the full discretion of the Board of County Commissioners given the potential impacts to the surrounding existing and future land uses. The existing language of Policy 6.1.2.6 does not make it clear enough that the County has full discretion over the expansion of the interchange uses. Staff has proposed amended language to the policy to help clarify this issue.

CPA2000-13

Amends the future Land Use Element by adding a policy to Goal 16, Private Recreational Facilities in the DR/GR, specifying minimum indigenous preserve area requirements. The purpose of the 200 acre indigenous preservation requirement for golf courses within the DR/GR is to protect water recharge, stormwater storage, and wildlife habitat. The criteria for achieving the indigenous preservation within these DR/GR developments should be stricter than areas within other Land Use Categories due to the sensitivity and importance of these lands to the general public. Policy 16.8 does not currently contain all the pertinent information for establishing minimum indigenous preservation criteria. It is important to amend Policy 16.8.12(2) of the Lee Plan to include minimum standards for indigenous preservation areas to insure the intent of the design criteria under Goal 16 is achieved.

CPA2000-14

Amends the Future Land Use Element by modifying Policy 16.3.9 to clarify the maintenance area intensity limitations. Policy 16.3.9 is ambiguous in its limitation on golf course maintenance areas. The 25,000 square feet per 18 hole regulation was intended to apply to the area of the maintenance building. Staff’s examination of the regulation, however, reveals that the limitation needs to be expanded to also include an acreage limitation that can accommodate other maintenance functions that may fall outside the primary maintenance building. The combination of the two limitations would prevent future confusion over the intent of the policy.

CPA2000-15

Amends the Future Land Use Element by modifying Policy 16.3.8.3 to clarify the setbacks from adjacent existing and planned residential uses. The LDC clearly states that the setback from golf course maintenance facilities to residential uses is measured from the edge of the “development area” to the residential property line. The proposed amendment to Lee Plan policy 16.3.8.3 is a reflection of the existing LDC regulation.

Certain vacant parcels in the DR/GR may be considered potential residential properties based on the property’s size, use, the zoning of surrounding

properties, the size of surrounding properties, and the ownership patterns in the area.

Golf course maintenance facilities present a negative visual appearance to the public when located immediately adjacent to public rights-of-way. The visual appearance along public roadways is a legitimate public interest. Additional standards for golf course maintenance areas are needed so that the public is not subjected to the negative visual impact that is brought about by these facilities. This impact should be kept internal to the development.

CPA2000-17

Amends the Future Land Use Element by removing Goal 13, Bonita Springs, and relocates policies which should continue to apply to the remaining unincorporated areas of Bonita Springs. The amendment evaluates the affect of the incorporation of the City of Bonita Springs and the provisions of Lee Plan Goal 13. The amendment proposes to delete from the Lee Plan those provisions in Goal 13 that will be responsibility of the City of Bonita Springs. The provisions of Goal 13 that do apply to the areas in south Lee County outside of the city limits are proposed to be retained and relocated. The amendment also adds a map, Map 13, depicting an irrigation well overlay to the Future Land Use Map series.

CPA2000-19

Amends the Lee Plan, text and Future Land Use Map series, to incorporate the recommendations of the Estero Community Planning Effort, establishing a Goal and subsequent Objectives and Policies specific to the Estero Community. The proposed goals, objectives, and policies are the result of a year long planning process. They directly reflect the vision that the Estero Community has for its future growth and development. Staff believes that this amendment should be viewed as a first step in a continuous process that addresses planning needs in Estero. Many issues have been addressed through this amendment, but there are others, such as those policies (or portions thereof) that staff has recommended for deletion, that will require more consideration in the future. The initial establishment of Goal 19 of the Lee Plan is the important first step that will open the door to address other land use planning issues in Estero as they arise. The Community identified a desire to maintain a "small town" feel and avoid high-rise residential uses while protecting existing neighborhoods from encroachment of potentially incompatible uses. The community has a desire to limit "tourist oriented uses," certain "detrimental uses," and high intensity uses along specific corridors. At the same time, the community expressed a desire for small-scale neighborhood commercial development.

CPA2000-21

This is a general update of the transportation element. The changes include a modification of Policy 22.1.4 to update the references to particular versions of the Highway Capacity Manual and the FDOT Level of Service Manual, a modification of Policy 26.1.3 to distinguish between traffic control devices and plans, an expansion of Goal 27 to include operations and maintenance among the aspects of transportation improvements that require coordination

with other governmental entities, addition of the new City of Bonita Springs to the list of cities in which the County declares a position of interest on land use decisions in Policy 27.1.3, and update of Policy 21.1.1 and the transportation map series to reflect the most recent MPO 2020 highway and transit plans.

CPA2000-22

Amends the Conservation and Coastal Management Element by adding a policy under Goal 78, Policy 78.1.6, stating that Lee County encourages the efforts of the South Florida Water Management District in establishing a Caloosahatchee Water Management Plan for the Caloosahatchee River. The South Florida Water Management District, the delegating entity over Southwest Florida's waterways, is establishing a Caloosahatchee Water Management Plan for the Caloosahatchee River through the participation of several studies and plans. Natural Resource staff and Planning staff recommend adding the proposed Policy to the Conservation and Coastal Management element of the Lee Plan supporting the effort.

CPA2000-23

Amends the Conservation and Coastal Management Element by adding a Policy under Goal 78, Policy 78.2.2, stating the County will review the Comprehensive Conservation and Management Plan for the Greater Charlotte Harbor Watershed by the year 2002. The Charlotte Harbor National Estuary Program has issued a draft Comprehensive Conservation and Management Plan for the Greater Charlotte Harbor Watershed. Natural Resource staff and Planning staff recommend adding the proposed Policy to the Conservation and Coastal Management element of the Lee Plan stating the County will review the plan in order to identify goals, objectives and policies relating to the recommendations of the drafted plan.

CPA2000-25

Amends the Parks, Recreation and Open Space Element by adding a new Objective and/or policies to Goal 52, Development Requirements, clarifying the purpose of open space in non-residential projects. The purpose of open space in a development is to provide pervious land area to achieve appropriate buffering, visual relief, landscaping, surface water treatment, and preservation of existing native trees and plant communities. Open space in non-residential developments serves these functions as it does in residential developments. Goal 52 of the Lee Plan currently does not treat all types of open space equally, addressing only residential open space. In addition, a new objective is proposed to require innovative open space design at the time of zoning review. This is consistent with other provisions of the Lee Plan and with the LDC. The purpose of the open space design is to assess the natural features of the site early in the development process, thereby incorporating the existing native vegetation in a manner that provides visual relief and buffers adjacent uses. Goal 52 of the Lee Plan should be modified to recognize the importance of open space and innovative design that incorporates natural features within developments.

- CPA2000-26** Prior changes to the Transportation Element of the Lee Plan eliminated references to "backlogged" roads because they had all been addressed in one fashion or another, and clarified some references related to "constrained" roads. These changes were not reflected in the Capital Improvements Element, where Policy 70.1.3 still includes "backlogged" and "constrained" roads references that are now inconsistent with language in the Transportation Element. The amendment eliminates the "backlogged" roads reference and updates the "constrained" roads reference in Policy 70.1.3.
- CPA2000-27** Amends the Capital Improvements Element (Tables 3 & 4) to reflect the latest adopted Capital Improvement Program. Lee Plan Policy 70.1.1 requires a Capital Improvements Program to be prepared and adopted on an annual basis. Florida Statute 163.3177(3)(b) requires that the Capital Improvements Element of the comprehensive plan be amended annually to reflect the modifications of the adopted Capital Improvement Program (CIP). This amendment incorporates the most recently adopted CIP in the Capital Improvements Element.
- CPA2000-29** Adds a definition for the term "Natural Resource Extraction" to the Lee Plan Glossary. In addition, amends the Future Land Use Element by adding the term "Natural Resource Extraction" to Goal 10 and its Objectives and Policies, where applicable, clarifying that natural resources other than minerals are subject to Goal 10 requirements. Principal resources sought in Lee County are sand, gravel, limestone, oil and gas which include both organic and inorganic materials. It should be ensured that all mined materials, organic and inorganic, are included under the language of Goal 10. The improved term, "Natural Resource Extraction," should be placed in the Lee Plan Glossary to support the new term.
- CPA2000-31** Amends Policy 1.7.1, Airport Noise Zones, of the Future Land Use Element by removing language pertaining to the dedication of noise and aviation easements to Lee County within noise zones 2 and 3. Also amends the Lee Plan by deleting Policy 32.2.6. pertaining to the Aviation Easements Program. In addition, amends the Lee Plan Glossary by removing the definition of the term aviation easement as it will no longer apply in the Lee Plan. The proposed amendment has no effect on existing or future land uses.

STAFF REPORT PREPARATION DATE: April 13, 2001

PART I - BACKGROUND AND STAFF RECOMMENDATION

A. SUMMARY OF APPLICATION

1. APPLICANT:

LEE COUNTY BOARD OF COUNTY COMMISSIONERS
REPRESENTED BY LEE COUNTY DIVISION OF PLANNING

2. REQUEST:

Modify Policy 22.1.4 to update the document references, modify Policy 26.1.3 to distinguish between traffic control devices and plans, expand Goal 27 to include the operation of transportation facilities in the list requiring cooperation with other governmental entities, add the City of Bonita Springs to Policy 27.1.3, and update Policy 21.1.1 and the transportation map series to reflect the current 2020 road and transit network (general transportation update).

B. STAFF RECOMMENDATION AND FINDINGS OF FACT SUMMARY:

1. RECOMMENDATION: Planning staff recommends that the Board of County Commissioners transmit the proposed amendment as provided under Part C, the Staff Recommendation portion of this report.

2. BASIS AND RECOMMENDED FINDINGS OF FACT:

- Lee County last updated the overall Transportation Element of its comprehensive plan in November, 1999 (PAM/T 98-26).
- A new 2020 Financially Feasible Transportation Plan was adopted by the Lee County Metropolitan Planning Organization (MPO) on December 8, 2000.
- The MPO Plan maps are directly reflected in Maps 3A and 3C of the Lee Plan Transportation Map series, and the network changes affect Maps 3B and 3H.
- Policy 21.1.1 refers to the MPO Plan map adopted in June, 1999.
- The City of Bonita Springs was incorporated as of January, 2000.
- Policy 27.1.3 declares the County's interest in land use decisions for all other cities in Lee County, but doesn't include the City of Bonita Springs.
- Other policies within the Transportation Element include some outdated references or require some clarification as to their intent.

C. BACKGROUND INFORMATION

Since the last update of the Transportation Element (Ordinance No. 99-15) and the Transportation Map series, changes in conditions and documents have created a need to amend certain policies and maps. The most significant change is the adoption of a new 2020 Financially Feasible Plan by the Lee County MPO in December, 2000, which affects Policy 21.1.1 and Maps 3A and 3C of the Transportation Map series. Changes in the network reflected on Map 3A also affect Maps 3B and 3H. Also, the incorporation of the City of Bonita Springs in January, 2000 affects the references in Policy 27.1.3. A general clean-up or clarification of certain policies in the Transportation Element is also warranted.

PART II - STAFF ANALYSIS

A. STAFF DISCUSSION

Policy 21.1.1 of the Transportation Element acknowledges that the Lee County Metropolitan Planning Organization's 2020 Financially Feasible Plan is the basis for Map 3A of the Lee Plan Transportation Map series. It reads as follows:

***POLICY 21.1.1:** The Lee County Metropolitan Planning Organization's 2020 Financially Feasible Plan Map series is hereby incorporated as part of the Transportation Map series for this Lee Plan comprehensive plan element. The MPO Plan Map 14, as amended June 18, 1999, is incorporated as Map 3A of the Transportation Map series, with one format change as approved by the Lee County Board of County Commissioners on March 23, 1999. The format change is a visual indication (with shading) that alignment options for the 951 extension are still under consideration, consistent with Note 5. (Amended by Ordinance No. 98-09, 99-15)*

Policy 22.1.4 references two documents Lee County relies on to calculate levels of service, the 1994 Highway Capacity Manual and the 1995 FDOT Level of Service Manual. It reads as follows:

POLICY 22.1.4: *Lee County will continue to use the 1994 Highway Capacity Manual and the 1995 Florida Department of Transportation Level of Service Manual to calculate levels of service, service volumes, and volume-to-capacity ratios. (Amended by Ordinance No. 98-09, Amended and Relocated by Ordinance No. 99-15)*

Policy 26.1.3 indicates the County's intent to consider traffic control where through traffic is impacting a neighborhood. It reads as follows:

POLICY 26.1.3: *For those neighborhoods where too much through traffic is a problem, the county will study (and implement when warranted) neighborhood traffic control devices to protect residential areas from the harmful impacts of excessive traffic.*

Goal 27 deals with Intergovernmental Coordination, listing different activities that should be coordinated. It reads as follows:

GOAL 27: INTERGOVERNMENTAL COORDINATION. *Cooperation with other governmental entities in the planning, funding, and construction of transportation improvements within or affecting Lee County. (Amended by Ordinance No. 99-15)*

Policy 27.1.3 specifies the jurisdictions where the County declares an interest in land use decisions. It reads as follows:

POLICY 27.1.3: *The county declares a position of interest for land use decisions affecting county and state roads within Sanibel, Cape Coral, Fort Myers Beach, and Fort Myers, and state roads and county roads shared with adjacent counties. (Amended by Ordinance No. 99-15)*

B. CONCLUSIONS

The language in Policy 21.1.1 needs to be updated to reflect the latest version of the MPO's adopted 2020 Financially Feasible Plan, dated December 8, 2000. The Board direction on the format change would still stand, because the MPO plan shows a particular alignment and a number of alignment options are under consideration, as would be reflected by the shading. Added clarification of the facility being referenced is necessary because parts of it are referred to as both the CR (County Road) 951 Extension and the Bonita Grande Drive Extension in the MPO's plan.

Because of the state's insistence that other documents referred to in the comprehensive plan have to be date-specific, even with technical reference manuals that are updated regularly, Policy 22.1.4 needs to be updated to reflect the latest versions of the Highway Capacity Manual and Level of Service Manual being used by the County.

In the case of Policy 26.1.3, the reference to studying and implementing traffic control "devices" needs to be generalized to "plans". Some of the traffic control options that might be utilized in a neighborhood wouldn't necessarily meet the definition of "devices", which includes things like signs, signals and pavement markings.

Goal 27 simply requires the addition of an activity that should be coordinated with other governments, namely the maintenance and operation of a roadway.

Finally, Policy 27.1.3 needs to be expanded to refer to the newest incorporated area, the City of Bonita Springs.

In regards to the Transportation Map series, Map 3A needs to be revised to reflect the MPO's 2020 Financially Feasible Highway Plan as adopted on December 8, 2000, and Map 3C needs to be revised to reflect the "status quo" scenario for transit included in the MPO's Plan as Figure G-2. The MPO's plan identified two other transit scenarios for the future that required significantly more funding than was projected to be available, so until those funding sources are identified and implemented, the status quo scenario is reflected in the plan. Because of network changes reflected in the MPO's new 2020 highway plan, which in turn will be reflected in Map 3A, revisions to Maps 3B and 3H are necessary to be consistent.

C. STAFF RECOMMENDATION

Planning staff recommends that the Board of County Commissioners transmit the proposed plan amendment. The proposed language is as follows:

POLICY 21.1.1: The Lee County Metropolitan Planning Organization's 2020 Financially Feasible Plan Map series is hereby incorporated as part of the Transportation Map series for this Lee Plan comprehensive plan element. The MPO 2020 Financially Feasible Highway Plan Map 14, as ~~amended June 18, 1999~~ adopted December 8, 2000, is incorporated as Map 3A of the Transportation Map series, with one format change as approved by the Lee County Board of County Commissioners on March 23, 1999. The format change is a visual indication (with shading) that alignment options for the County Road 951/Bonita Grande Drive extension are still under consideration, consistent with Note 5. (Amended by Ordinance No. 98-09, 99-15)

POLICY 22.1.4: Lee County will continue to use the ~~1994~~ 2000 Highway Capacity Manual and the ~~1995~~ 1998 Florida Department of Transportation Level of Service Manual to calculate levels of service, service volumes, and volume-to-capacity ratios. (Amended by Ordinance No. 98-09, Amended and Relocated by Ordinance No. 99-15)

POLICY 26.1.3: For those neighborhoods where too much through traffic is a problem, the county will study (and implement when warranted) neighborhood traffic control ~~devices~~ plans to protect residential areas from the harmful impacts of excessive traffic.

GOAL 27: INTERGOVERNMENTAL COORDINATION. Cooperation with other governmental entities in the planning, funding, ~~and construction~~, operations and maintenance of transportation improvements within or affecting Lee County. (Amended by Ordinance No. 99-15)

POLICY 27.1.3: The county declares a position of interest for land use decisions affecting county and state roads within Sanibel, Cape Coral, Fort Myers Beach, Bonita Springs, and Fort Myers, and state roads and county roads shared with adjacent counties. (Amended by Ordinance No. 99-15)

**PART III - LOCAL PLANNING AGENCY
REVIEW AND RECOMMENDATION**

DATE OF PUBLIC HEARING: April 23, 2001

A. LOCAL PLANNING AGENCY REVIEW

The LPA simply identified an editorial change in the staff report and a mistake on Map 3H to be corrected, but otherwise had no comments on the proposed amendments. There were no comments from the general public.

B. LOCAL PLANNING AGENCY RECOMMENDATION AND FINDINGS OF FACT SUMMARY

1. **RECOMMENDATION:** The LPA recommended that the Board of County Commissioners transmit this amendment.
2. **BASIS AND RECOMMENDED FINDINGS OF FACT:** The LPA accepted the findings of fact as advanced by staff.

C. VOTE:

NOEL ANDRESS	<u>AYE</u>
SUSAN BROOKMAN	<u>AYE</u>
BARRY ERNST	<u>ABSENT</u>
RONALD INGE	<u>AYE</u>
GORDON REIGELMAN	<u>AYE</u>
VIRGINIA SPLITT	<u>AYE</u>
GREG STUART	<u>AYE</u>

**PART IV - BOARD OF COUNTY COMMISSIONERS
HEARING FOR TRANSMITTAL OF PROPOSED AMENDMENT**

DATE OF TRANSMITTAL HEARING: August 29, 2001

A. BOARD REVIEW: The Board had no discussion in relation to this proposed amendment and there were no comments from the public.

B. BOARD ACTION AND FINDINGS OF FACT SUMMARY:

- 1. BOARD ACTION:** The Board voted unanimously to transmit this amendment as part of the consent agenda approval.
- 2. BASIS AND RECOMMENDED FINDINGS OF FACT:** The Board accepted the findings of fact as advanced by staff.

C. VOTE:

JOHN ALBION	<u>AYE</u>
ANDREW COY	<u>AYE</u>
BOB JANES	<u>AYE</u>
RAY JUDAH	<u>AYE</u>
DOUG ST. CERNY	<u>AYE</u>

- 2020 FINANCIALLY FEASIBLE PLAN
- PROPOSED BRIDGE OR OVERPASS
- GRADE SEPARATED INTERCHANGES
- INTERCHANGE IMPROVEMENTS
- FUTURE CORRIDOR EVALUATION

THE LINES ON THIS PLAN REPRESENT ONLY THE GENERAL ROUTES. SPECIFIC ALIGNMENTS WILL BE DETERMINED THROUGH CORRIDOR AND DESIGN STUDIES.

- NO ACCESS SHOULD BE PERMITTED TO THESE ROADS EAST OF I-75, SOUTH OF CORKSCREW ROAD, AND NORTH OF THE BONITA SPRINGS CITY LIMITS.
- THE FEASIBILITY AND ALIGNMENT OF THESE ROADS SHOULD BE DETERMINED THROUGH STUDIES THAT ADEQUATELY ADDRESS THEIR GROWTH MANAGEMENT AND ENVIRONMENTAL IMPACTS, INCLUDING THEIR SECONDARY AND CUMULATIVE EFFECTS ON WILDLIFE, WETLANDS, AND WATER MANAGEMENT. EXTENDING STRIKE LANE SHOULD BE EVALUATED AS AN ALTERNATIVE TO EXTENDING COCONUT ROAD EAST OF I-75.
- A FOUR LANE TOLL EXPRESSWAY, OPEN TO TRANSPONDER USERS ONLY, WITH NO ACCESS POINTS EN ROUTE, IS TO BE CONSTRUCTED WITHIN THE MEDIAN OF COLONIAL BOULEVARD FROM WEST OF WINKLER AVENUE TO EAST OF TREELINE AVENUE.
