Re: Amendments to the Lee Plan  
Adoption Submission Package (DCA No. 01-1) for the 2000/2001 Regular Comprehensive  
Plan Amendment Cycle

Dear Mr. Eubank:

In accordance with the provisions of F.S. Chapter 163.3184 and of 9J-11.011, this submission package constitutes the adopted 2000/2001 Regular Comprehensive Plan Amendment Cycle to the Lee Plan (DCA No. 01-1), known locally as PAT 99-14, PAT 99-20, CPA 2000-03, CPA 2000-06, CPA 2000-07, CPA 2000-08, CPA 2000-09, CPA 2000-10, CPA 2000-11, CPA 2000-13, CPA 2000-14, CPA 2000-17, CPA 2000-21, CPA 2000-22, CPA 2000-23, CPA 2000-25, CPA 2000-26, CPA 2000-29, CPA 2000-31, CPA 2000-02, CPA 2000-15, CPA 2000-19 and CPA 2000-27. The adoption hearing for these plan amendments was held at 9:30 am on January 10, 2002.

Included with this package, per 9J-11.011(5), are three copies of the adopted amendments, supporting data and analysis, and the following five adopting ordinances: Ordinance No. 02-02, Ordinance No. 02-03, Ordinance No. 02-04, Ordinance No. 02-05, and Ordinance No. 02-06. By copy of this letter and its attachments I certify that this amendment has been sent to the Regional Planning Council, the Florida Department of Transportation (FDOT), the Department of Environmental Protection, the Florida Department of State, the Florida Fish and Wildlife Conservation Commission, the Department of Agriculture and Consumer Services, Division of Forestry, and the South Florida Water Management District.

The initial staff reports for the proposed amendments were sent to the DCA with a transmittal cover letter dated September 12, 2001. Only one amendment, PAM 98-06, previously reviewed and objected to by the Department in this current cycle of amendments, was not adopted by the Board of County Commissioners. In addition, changes have occurred in CPA 2000-02, CPA 2000-15, CPA 2000-19 and CPA 2000-27. Revisions in CPA 2000-02 were made in response to objections raised by the Department in the ORC Report. The revisions clarify permitted uses in the Boca Bay Community. In amendment CPA 2000-15 golf maintenance building setbacks

adjacent to residential uses within the DR/GR land use category have been increased for compatibility purposes. The Board of County Commissioners made changes to CPA 2000-19 in response to the representatives of the Estero Planning Community Effort clarifying the status of night clubs in the community, mitigation banking options in the community, and removing the requirement of Mixed Planned Development zoning outside of commercial nodes. CPA 2000-27 has added a new table reflecting the new 2002/2006 fiscal year to the CIP. The Board of County Commissioners adopted CPA 2000-02, CPA 2000-15, CPA 2000-19 and CPA 2000-27 with the noted changes.

If you have any questions, or if I can be of any assistance in this matter, please feel free to call me at the above telephone number.

Sincerely,

**PART I - BACKGROUND AND STAFF RECOMMENDATION**

**A. SUMMARY OF APPLICATION**

**1. APPLICANT:**

LEE COUNTY BOARD OF COUNTY COMMISSIONERS  
REPRESENTED BY LEE COUNTY DIVISION OF PLANNING

**2. REQUEST:**

Evaluate adding a Policy to the Lee Plan stating that by the year 2002 the County will review the Comprehensive Conservation and Management Plan for the Greater Charlotte Harbor Watershed, identifying key action plans, objectives and policies relating to Pine Island Sound, Matlacha Pass, Estero Bay, and the Caloosahatchee system. Potential new language based on the Charlotte Harbor NEP Plan:

*By the year 2002 the County will review the Comprehensive Conservation and Management Plan for the Greater Charlotte Harbor Watershed in order to identify key action plans, objectives and policies that relate to Pine Island Sound, Matlacha Pass, the Estero Bay, the tidal Caloosahatchee and attendant watersheds. The review will assess County upland and coastal development management practices and public land acquisition programs as they related to the findings and recommendations of the Charlotte Harbor Plan. Particular emphasis will be placed on evaluating the effectiveness of County watershed programs as they relate to watershed conservation and public land acquisition programs, watershed management needs prioritization and water quality monitoring.*

## **B. STAFF RECOMMENDATION AND FINDINGS OF FACT SUMMARY:**

**1. REVISED STAFF RECOMMENDATION:** Planning staff recommends that the Board of County Commissioners transmit the following Policy as part of the proposed amendment based upon the recommendations of the LPA:

**POLICY 78.2.2:** ~~By the year 2005~~ The County will review the Comprehensive Conservation and Management Plan for the Greater Charlotte Harbor Watershed by the year 2002 in order to identify key action plans, objectives and policies that relate to Pine Island Sound, Matlacha Pass, the Estero Bay, the tidal Caloosahatchee and attendant watersheds. The review will assess County upland and coastal development management practices and public land acquisition programs as they related to the findings and recommendations of the Charlotte Harbor Plan. Particular emphasis will be placed on evaluating the effectiveness and improvement of County watershed programs as they relate to watershed conservation and public land acquisition programs, watershed management needs prioritization and water quality monitoring.

**2. ORIGINAL STAFF RECOMMENDATION:**

**POLICY 78.2.2:** By the year 2005 the County will review the Comprehensive Conservation and Management Plan for the Greater Charlotte Harbor Watershed in order to identify key action plans, objectives and policies that relate to Pine Island Sound, Matlacha Pass, the Estero Bay, the tidal Caloosahatchee and attendant watersheds. The review will assess County upland and coastal development management practices and public land acquisition programs as they related to the findings and recommendations of the Charlotte Harbor Plan. Particular emphasis will be placed on evaluating the effectiveness of County watershed programs as they relate to watershed conservation and public land acquisition programs, watershed management needs prioritization and water quality monitoring.

**3. BASIS AND RECOMMENDED FINDINGS OF FACT:**

- The Charlotte Harbor National Estuary Program has issued a draft Comprehensive Conservation and Management Plan for the Greater Charlotte Harbor Watershed.
- The proposed Policy states the County will review the plan in order to identify key action plans, objectives and policies relating to the recommendations of the drafted plan.
- The proposed Policy should be placed under Goal 78, Estuarine Water Quality, of the Conservation and Coastal Management element of the Lee Plan.

## **C. BACKGROUND INFORMATION**

This amendment was initiated by the Board of County Commissioners on September 19, 2000. The amendment stems from a suggested improvement to the Lee Plan by an LPA member. This issue was brought up during a public hearing in which the upcoming amendment cycle was being discussed and suggestions taken. The proposal was for staff to evaluate adding a Policy stating that the County will review the Charlotte Harbor NEP Plan and identify goals, objectives and policies relating to the program within a specified time frame.

## PART II - STAFF ANALYSIS

### A. STAFF DISCUSSION

In 1995 Governor Lawton Chiles nominated Charlotte Harbor as an estuary of national significance. Charlotte Harbor was accepted as one of the 27 watersheds in the National Estuary Program. The mission of the Charlotte Harbor Program was to bring together local organizations into a management conference and write a Comprehensive Conservation and Management Plan for the watershed. The Citizens' Advisory Committee (CAC), Technical Advisory Committee (TAC), Management Committee, and the Policy Committee make up the management conference, each serving a specific purpose. Today the management plan has been completed and the conference will begin working on implementing the plan. The completed management plan addresses the natural resources of the entire study area.

Goal 78, Estuarine Water Quality, and its Objectives and Policies address the management of estuarine systems water quality, wildlife diversity, productivity, and best use. Goal 78, Objective 78.2, and the policies that follow are reproduced below:

**GOAL 78: ESTUARINE WATER QUALITY.** *To manage estuarine ecosystems so as to maintain or improve water quality and wildlife diversity; to reduce or maintain current pollution loading and system imbalances in order to conserve estuarine productivity; and to provide the best use of estuarine areas. (Amended by Ordinance No. 94-30)*

**OBJECTIVE 78.1: WATER QUALITY MONITORING.** *Establish baseline conditions in all .....*

**OBJECTIVE 78.2: WATERSHED MANAGEMENT PLANS.** *By 1996, establish procedures for reviewing all new upland development in terms of its impacts on estuarine systems. Prepare estuarine watershed management plans which maximize stormwater retention and treatment, with priority to the Estero Bay watershed. (Amended by Ordinance No. 94-30)*

**POLICY 78.2.1:** *The county's estuarine watershed management agency will be responsible for:*

- 1. Preparing management plans for estuarine watersheds, with priority to the watershed of Estero Bay, a critical estuary undergoing development impacts.*
  - 2. Recommending modifications to the Sanibel causeway in order to improve estuarine water quality.*
  - 3. Reviewing the feasibility of changing canal patterns and retrofitting existing stormwater collection systems in order to reduce the impact of freshwater on estuaries.*
  - 4. Assessing the adequacy of disaster preparedness plans for coastal oil storage facilities.*
- (Amended by Ordinance No. 94-30)*

Staff has evaluated the Goal and its Objectives and Policies and coordinated with the Lee County Division of Natural Resources regarding the proposed language. Both Natural Resources staff and Planning staff have concluded that the proposed Policy should be adopted into the Lee Plan. Staff suggests that the Policy states "By the year 2005" rather than the original request of 2002 in order to allow sufficient time for staff to properly carry out the full review that the Policy will require.

Goal 78 and Objective 78.2 provide specific language for the establishment of watershed management plans with priority to the watershed of Estero, modifications to the Sanibel causeway, canal patterns and stormwater collection, and disaster preparedness plans. Staff finds that the proposed language should be placed under this Goal and Objective in the Lee Plan.

## **B. CONCLUSIONS**

The Charlotte Harbor National Estuary Program has issued a draft Comprehensive Conservation and Management Plan for the Greater Charlotte Harbor Watershed. Natural Resource staff and Planning staff recommend adding the proposed Policy to the Conservation and Coastal Management element of the Lee Plan stating the County will review the plan in order to identify goals, objectives and policies relating to the recommendations of the drafted plan.

## **C. STAFF RECOMMENDATION**

Planning staff recommends that the Board of County Commissioners transmit the proposed plan amendment as shown under Part I.B.1. of this staff report.

### **PART III - LOCAL PLANNING AGENCY REVIEW AND RECOMMENDATION**

DATE OF PUBLIC HEARING: June 25, 2001

#### **A. LOCAL PLANNING AGENCY REVIEW**

Staff presented the amendment before the LPA on June 25, 2001. Natural Resources staff was also present and available to answer any questions. One member of the LPA had concerns over the length of time that would pass with the 2005 time frame. Natural Resources staff explained that there is a problem with evaluating the policies of the Comprehensive Conservation and Management Plan for the watershed in a short time frame due to the fact that it could take years of data collection to come to any conclusions, which some of the policies in the management plan would require.

The LPA also had concerns with proposed language. One member felt the language did not translate properly and offered revised language. Another member provided further suggestions in the revision of the language. A motion was made and passed replacing the year 2005 with the year 2003 and revising the proposed policy as shown below:

**POLICY 78.2.2: By the year 2005 t**~~he County will review the Comprehensive Conservation and Management Plan for the Greater Charlotte Harbor Watershed by the year 2003 in order to identify key action plans, objectives and policies that relate to Pine Island Sound, Matlacha Pass, the Estero Bay, the tidal Caloosahatchee and attendant watersheds. The review will assess County upland and coastal development management practices and public land acquisition programs as they related to the findings and recommendations of the Charlotte Harbor Plan. Particular emphasis will be placed on evaluating the effectiveness and improvement of County watershed programs as they relate to watershed conservation and public land acquisition programs, watershed management needs prioritization and water quality monitoring.~~

#### **B. LOCAL PLANNING AGENCY RECOMMENDATION AND FINDINGS OF FACT SUMMARY**

1. **RECOMMENDATION:** The LPA recommends that the Board of County Commissioners transmit this amendment with the revisions noted above.
2. **BASIS AND RECOMMENDED FINDINGS OF FACT:** The LPA accepted the findings of fact as advanced by the staff.
