Memo

To: Beth Workman, Principal Planner

From: Lili Wu, Principal Planner

Date: June 5, 2025

Subject: ADD2024-00219 (Blackstone Corporate Park MPD) Transportation-Related Analysis

Lee County DOT staff has reviewed the reference application and has no comments because the proposed administrative amendments do not increase traffic from previous approved uses and the proposed additional driveway on Blackstone Dr (intersection) will operate acceptable level of service (LOS) in the build-out year condition.
