Dear Mr. Holes,

As the Fire Chief for the Lehigh Acres Fire Control and Rescue District, I am continually seeking ways to enhance our ability to provide high-quality emergency services to our rapidly growing community.

With the recent improvements along the S.R. 82 and Daniels Parkway corridor, this area is now poised for significant development, which will bring a corresponding increase in the demand for Fire and EMS Services. To meet this need, I am respectfully requesting the donation of a parcel of land not to exceed 2.41 acres for the future development of a Fire Rescue Station.

According to the original development order for this project, land was designated for emergency services. Securing this site will greatly assist us in our long-term planning and ensure we are able to deliver timely and effective emergency response to the residents and businesses in this expanding area.

We sincerely appreciate your consideration of this request and your potential role in supporting public safety in our community.

Sincerely,

A handwritten signature in blue ink that reads "Robert A. Dilallo".
