

---

Dear Mr. Wagley,

Thank you so much for responding to my letter! I will definitely take you up on the offer to read an email to the committee in lieu of an in-person showing. Thank you!

Since moving to Mandel Rd. 20 years ago I heard tales of people who campaigned for sidewalks. One person pivoted to speed bumps, which were installed, but they are not a substitute for having a safe and stress-free place to walk. We're not sure the speed bumps slowed the traffic that much to boot! Because we are around the corner from Bishop Verot High School, Mandel Rd. sees a lot of young drivers as well as runners from the school. We're a cut-through between the high trafficked Summerlin Rd. and McGregor Blvd. and are a straight line into Barkley Cr. where dozens of Medical offices draw even more traffic. If there are conditions that may move Mandel higher on the priority list, one or all of these may apply.

In the meantime I will write an email that can be read to the committee and submit it to you with gratitude.

Thank you!
