Dear BPAC Committee Members,

Cypress Trail RV HOA is requesting a Bicycle path and Sidewalk from 5400 Tice Street, crossing Country Lakes Drive and continuing to a crosswalk to join the current sidewalk at Lexington Avenue. We are a community of approximately 1000 active senior adults who would like a safe route to our city and county parks, businesses and services.

Currently it is very unsafe for pedestrians and cyclists to leave our resort and connect to Lexington Avenue. Also, it is very dangerous for the parents and school children to walk along Tice Street to Manatee and Oak Hammock schools.

Thank you for your consideration initiating and complete this project request for the community.

Sincerely,

A handwritten signature in black ink that reads "Jack Rex". The signature is written in a cursive style with a large, prominent "J" and "R".

Jack Rex
President
Cypress Trail RV Homeowners Association

Letter of Recommendation from our HOA Board President
