|-------------------------------------------------------------------------------------------------------------------------|--|
| Exhibit M-1: Application for a Comprehensive Plan Amendment – Map                                                       |  |
| Exhibit M-2: Disclosure of Interest Affidavit and Affidavit of Authorization                                            |  |
| Exhibit M-3: Map and List of Surrounding Property Owners                                                                |  |
| Exhibit M-4: Existing and Proposed Future Land Use Map                                                                  |  |
| Exhibit M-5: Map and Description of Existing Land Uses                                                                  |  |
| Exhibit M-6: Map and Description of Surrounding Zoning Districts                                                        |  |
| Exhibit M-7: Sketch and Legal Description                                                                               |  |
| Exhibit M-8: Warranty Deed                                                                                              |  |
| Exhibit M-9: Aerial Map                                                                                                 |  |
| Exhibit M-10: Authorization to Represent Applicant/Property Owner                                                       |  |
| Exhibit M-11: Proposed Amendment                                                                                        |  |
| Exhibit M-12: Lee Plan Analysis                                                                                         |  |
| Exhibit M-13: Environmental Supplement, including Topographic Map with FEMA Flood<br>Zones and Flood Insurance Rate Map |  |
| Exhibit M-14: Historic Resources Impact Analysis, including Archaeological Sensitivity Zones<br>Map                     |  |
| Exhibit M-15: Public Facilities Impacts Analysis                                                                        |  |
| Exhibit M-16: Traffic Circulation Analysis                                                                              |  |
| Exhibit M-17: Letter of Availability from Lee County Utilities                                                          |  |
| Exhibit M-18: Adequacy and Provisions of Existing/Proposed Support Facilities                                           |  |
| Exhibit M-19: State Policy Plan and Regional Policy Plan                                                                |  |
| Exhibit M-20: Justification of Proposed Amendment                                                                       |  |
| Exhibit M-21: Planning Community Requirements                                                                           |  |

# EXHIBIT M-1

## APPLICATION FOR A COMPREHENSIVE PLAN AMENDMENT - MAP

**Project Name:** Pondella Holdings

**Project Description:** Add subject property to the Lee County Utilities Future Sewer Service Area Map - Lee Plan Map 4-B

**Map(s) to Be Amended:** 4-B

**State Review Process:** ☒ Small-Scale Review ☐ State Coordinated Review ☐ Expedited State Review

1. **Name of Applicant:** Pondella Holdings, LLC

Address: 204 Lafayette St, #2

City, State, Zip: Schenectady, NY 12305

Phone Number: 518-527-2794

E-mail: trossi@redburndev.com

2. **Name of Contact:** Veronica Martin, TDM Consulting, Inc.

Address: 1520 Royal Palm Square Blvd, Suite 100

City, State, Zip: Fort Myers, FL 33919

Phone Number: 239-433-4231

E-mail: vmartin@tdmconsulting.com

3. **Owner(s) of Record:** Pondella Holdings, LLC

Address: Same as Applicant

City, State, Zip: \_\_\_\_\_

Phone Number: \_\_\_\_\_

E-mail: \_\_\_\_\_

4. **Property Location:**

1. Site Address: 333 Pondella Rd, North Fort Myers 33903

2. STRAP(s): 10-44-24-L2-00018.0010

5. **Property Information:**

Total Acreage of Property: 6.42

Total Acreage Included in Request: 6.42

Total Uplands: 6.14

Total Wetlands: 0.28

Current Zoning: C-1, C-1A, CT and RS-1

Current Future Land Use Category(ies): Central Urban

Area in Each Future Land Use Category: 6.42 ac in Central Urban FLU category (100%)

Existing Land Use: vacant

6. **Calculation of maximum allowable development under current Lee Plan:** Lee Plan Standard 4.1.2 Sewer

Residential Units/Density: 2.5 du/ac

Commercial Intensity: 30,000 sf

Industrial Intensity: 0

5,000 gpd

7. **Calculation of maximum allowable development with proposed amendments:**

Residential Units/Density: 10 du/ac

Commercial Intensity: 64,000 sf +/-

Industrial Intensity: 0

## **Public Facilities Impacts**

NOTE: The applicant must calculate public facilities impacts based on the maximum development.

- 1. Traffic Circulation Analysis:** The analysis is intended to determine the effect of the land use change on the Financially Feasible Highway Plan Map 3A (20-year plus horizon) and on the Capital Improvements Element (5-year horizon). Toward that end, an applicant must submit a Traffic Impact Statement (TIS) consistent with Lee County Administrative Code (AC)13-17.
  - a. Proposals affecting less than 10 acres, where development parameters are contained within the Traffic Analysis Zone (TAZ) or zones planned population and employment, or where there is no change in allowable density/intensity, may be eligible for a TIS requirement waiver as outlined in the Lee County TIS Guidelines and AC-13-17. Identification of allowable density/intensity in order to determine socio-economic data for affected TAZ(s) must be coordinated with Lee County Planning staff. Otherwise a calculation of trip generation is required consistent with AC-13-17 and the Lee County TIS Guidelines to determine required components of analysis for:
    - i. Total peak hour trip generation less than 50 total trip ends – trip generation.
    - ii. Total peak hour trip generation from 50 to 300 total trip ends – trip generation, trip distribution and trip assignment (manual or Florida Standard Urban Transportation Modeling Structure (FSUTMS) analysis consistent with AC-13-17 and TIS Guidelines), short-term (5 year) and long-range (to current Lee Plan horizon year) segment LOS analysis of the nearest or abutting arterial and major collector segment(s) identified in the Transportation Inventory based on the trip generation and roadway segment LOS analysis criteria in AC-13-17. A methodology meeting is recommended prior to submittal of the application to discuss use of FSUTMS, any changes to analysis requirements, or a combined CPA and Zoning TIS short term analysis.
    - iii. Total peak hour trip generation is over 300 total trip ends - trip generation, mode split, trip distribution and trip assignment (manual or FSUTMS analysis consistent with AC-13-17 and TIS Guidelines), short-term (five-year) and long-range (to current Lee Plan horizon year) segment LOS analysis of arterial and collector segments listed in the Transportation Inventory. LOS analysis will include any portion of roadway segments within an area three miles offset from the boundary of the application legal description metes and bounds survey. LOS analysis will also include any additional segments in the study area based on the roadway segment LOS analysis criteria in AC-13-17. A methodology meeting is required prior to submittal of the application.
  - b. Map amendment - greater than 10 acres -Allowable density/intensity will be determined by Lee County Planning staff.
- 2. Provide an existing and future conditions analysis for the following (see Policy 95.1.3):**
  - a. Sanitary Sewer
  - b. Potable Water
  - c. Surface Water/Drainage Basins
  - d. Parks, Recreation, and Open Space
  - e. Public Schools

**Analysis for each of the above should include (but is not limited to) the following (see the Lee County Concurrency Management Report):**

- a. Franchise Area, Basin, or District in which the property is located
- b. Current LOS, and LOS standard of facilities serving the site
- c. Projected 2030 LOS under existing designation
- d. Projected 2030 LOS under proposed designation
- e. Existing infrastructure, if any, in the immediate area with the potential to serve the subject property
- f. Improvements/expansions currently programmed in 5 year CIP, 6-10 year CIP, and long range improvements
- g. Provide a letter of service availability from the appropriate utility for sanitary sewer and potable water

**In addition to the above analysis, provide the following for potable water:**

- a. Determine the availability of water supply within the franchise area using the current water use allocation (Consumptive Use Permit) based on the annual average daily withdrawal rate.
- b. Include the current demand and the projected demand under the existing designation, and the projected demand under the proposed designation.
- c. Include the availability of treatment facilities and transmission lines for reclaimed water for irrigation.
- d. Include any other water conservation measures that will be applied to the site (see Goal 54).

**3. Provide a letter from the appropriate agency determining the adequacy/provision of existing/proposed support facilities, including:**

- a. Fire protection with adequate response times
- b. Emergency medical service (EMS) provisions
- c. Law enforcement
- d. Solid Waste
- e. Mass Transit
- f. Schools

In reference to above, the applicant must supply the responding agency with the information from application items 5, 6, and 7 for their evaluation. This application must include the applicant's correspondence/request to the responding agency.

#### **Environmental Impacts**

Provide an overall analysis of the character of the subject property and surrounding properties, and assess the site's suitability for the proposed change based upon the following:

1. A map of the Plant Communities as defined by the Florida Land Use Cover and Classification system (FLUCCS).
2. A map and description of the soils found on the property (identify the source of the information).
3. A topographic map depicting the property boundaries and 100-year flood prone areas indicated (as identified by FEMA).
4. A map delineating the property boundaries on the most recent Flood Insurance Rate Map.
5. A map delineating wetlands, aquifer recharge areas, and rare & unique uplands.
6. A table of plant communities by FLUCCS with the potential to contain species (plant and animal) listed by federal, state or local agencies as endangered, threatened or species of special concern. The table must include the listed species by FLUCCS and the species status (same as FLUCCS map).

#### **Impacts on Historic Resources**

List all historic resources (including structure, districts, and/or archaeologically sensitive areas) and provide an analysis of the proposed change's impact on these resources. The following should be included with the analysis:

1. A map of any historic districts and/or sites listed on the Florida Master Site File which are located on the subject property or adjacent properties.
2. A map showing the subject property location on the archaeological sensitivity map for Lee County.

#### **Internal Consistency with the Lee Plan**

1. Discuss how the proposal affects established Lee County population projections, Lee Plan Table 1(b) and the total population capacity of the Lee Plan Future Land Use Map.
2. List all goals and objectives of the Lee Plan that are affected by the proposed amendment or that affect the subject property. This analysis should include an evaluation of all relevant policies under each goal and objective.
3. Describe how the proposal affects adjacent local governments and their comprehensive plans.

#### **State Policy Plan and Regional Policy Plan**

List State Policy Plan and Regional Policy Plan goals, strategies and actions, and policies which are relevant to this plan amendment.

#### **Justify the proposed amendment based upon sound planning principles**

Support all conclusions made in this justification with adequate data and analysis.

#### **Planning Communities/Community Plan Area Requirements**

If located within a planning community/community plan area, provide a meeting summary document of the required public informational session [Lee Plan Goal 17].

### **Sketch and Legal Description**

The certified legal description(s) and certified sketch of the description for the property subject to the requested change. A metes and bounds legal description must be submitted specifically describing the entire perimeter boundary of the property with accurate bearings and distances for every line. The sketch must be tied to the state plane coordinate system for the Florida West Zone (North America Datum of 1983/1990 Adjustment) with two coordinates, one coordinate being the point of beginning and the other an opposing corner. If the subject property contains wetlands or the proposed amendment includes more than one land use category a metes and bounds legal description, as described above, must be submitted in addition to the perimeter boundary of the property for each wetland or future land use category.

### **SUBMITTAL REQUIREMENTS**

***Clearly label all submittal documents with the exhibit name indicated below.***

***For each map submitted, the applicant will be required to submit a 24"x36" version and 8.5"x11" reduced map for inclusion in public hearing packets.***

#### **MINIMUM SUBMITTAL ITEMS (3 Copies)**

|                                     |                                                                                                                                                                                                              |

| <input checked="" type="checkbox"/> | Justification of Proposed Amendment (Exhibit – M20)                                                                                                                                                          |
| <input checked="" type="checkbox"/> | Planning Communities/Community Plan Area Requirements (Exhibit – M21)                                                                                                                                        |

### **APPLICANT – PLEASE NOTE:**

Changes to Table 1(b) that relate directly to and are adopted simultaneously with a future land use map amendment may be considered as part of this application for a map amendment.

Once staff has determined the application is sufficient for review, 15 complete copies will be required to be submitted to staff. These copies will be used for Local Planning Agency hearings, Board of County Commissioners hearings, and State Reviewing Agencies. Staff will notify the applicant prior to each hearing or mail out to obtain the required copies.

If you have any questions regarding this application, please contact the Planning Section at (239) 533-8585.

EXHIBIT M-2

**DISCLOSURE OF INTEREST  
AFFIDAVIT**

BEFORE ME this day appeared Israel Gross, who, being first duly sworn and deposed says:

1. That I am the record owner, or a legal representative of the record owner, of the property that is located at 333 Pondella Road, North Fort Myers, FL 33903 and is the subject of an Application for zoning action (hereinafter the "Property").

2. That I am familiar with the legal ownership of the Property and have full knowledge of the names of all individuals that have an ownership interest in the Property or a legal entity owning an interest in the Property.

[OPTIONAL PROVISION IF APPLICANT IS CONTRACT PURCHASER: In addition, I am familiar with the individuals that have an ownership interest in the legal entity that is under contract to purchase the Property.]

3. That, unless otherwise specified in paragraph 6 below, no Lee County Employee, County Commissioner, or Hearing Examiner has an Ownership Interest in the Property or any legal entity (Corporation, Company, Partnership, Limited Partnership, Trust, etc.) that has an Ownership Interest in the Property or that has contracted to purchase the Property.

4. That the disclosure identified herein does not include any beneficial Ownership Interest that a Lee County Employee, County Commissioner, or Hearing Examiner may have in any entity registered with the Federal Securities Exchange Commission or registered pursuant to Chapter 517, whose interest is for sale to the general public.

5. That, if the Ownership Interest in the Property changes and results in this affidavit no longer being accurate, the undersigned will file a supplemental Affidavit that identifies the name of any Lee County Employee, County Commissioner, or Hearing Examiner that subsequently acquires an interest in the Property.

6. Disclosure of Interest held by a Lee County Employee, County Commissioner, or Hearing Examiner.

|      | Name and Address | Percentage of<br>Ownership |
|------|------------------|----------------------------|
| NONE |                  |                            |
|      |                  |                            |
|      |                  |                            |
|      |                  |                            |
|      |                  |                            |
|      |                  |                            |

Under penalty of perjury, I declare that I have read the foregoing and the facts alleged are true to the best of my knowledge and belief.

## AFFIDAVIT OF AUTHORIZATION

### APPLICATION IS SIGNED BY INDIVIDUAL OWNER, APPLICANT, CORPORATION, LIMITED LIABILITY COMPANY (L.L.C.), LIMITED COMPANY (L.C.), PARTNERSHIP, LIMITED PARTNERSHIP, OR TRUSTEE

I, Israel Gross (name), as Managing Member (owner/title) of Pondella Holdings, LLC (company/property), swear or affirm under oath, that I am the owner or the authorized representative of the owner(s) of the property and that:

1. I have full authority to secure the approval(s) requested and to impose covenants and restrictions on the referenced property as a result of any action approved by the County in accordance with this application and the Land Development Code;
2. All answers to the questions in this application and any sketches, data or other supplementary matter attached hereto and made a part of this application are honest and true;
3. I have authorized the staff of Lee County Community Development to enter upon the property during normal working hours for the purpose of investigating and evaluating the request made thru this application; and that
4. The property will not be transferred, conveyed, sold or subdivided unencumbered by the conditions and restrictions imposed by the approved action.

**\*Notes:**

- If the applicant is a corporation, then it is usually executed by the corp. pres. or v. pres.
- If the applicant is a Limited Liability Company (L.L.C.) or Limited Company (L.C.), then the documents should typically be signed by the Company's "Managing Member."
- If the applicant is a partnership, then typically a partner can sign on behalf of the partnership.
- If the applicant is a limited partnership, then the general partner must sign and be identified as the "general partner" of the named partnership.
- If the applicant is a trustee, then they must include their title of "trustee."
- In each instance, first determine the applicant's status, e.g., individual, corporate, trust, partnership, estate, etc., and then use the appropriate format for that ownership.

Under penalties of perjury, I declare that I have read the foregoing Affidavit of Authorization and that the facts stated in it are true.

DESCRIPTION TO ACCOMPANY SKETCH  
**EXHIBIT "A"**

(PROPOSED)  
**A PARCEL OF LAND LYING IN  
THE N.E. 1/4 OF SECTION 10,  
TOWNSHIP 44 SOUTH, RANGE 24 EAST,  
PUBLIC RECORDS OF LEE COUNTY, FLORIDA**

**DESCRIPTION:**

A PLOT OR PARCEL OF LAND LYING IN A PORTION OF LOTS 1, 2, 3, AND 4, BLOCK "A", PONDELLA SHORES, AS RECORDED IN PLAT BOOK 10, PAGE 12, OF THE PUBLIC RECORDS OF LEE COUNTY, FLORIDA, AND A PORTION OF THE NORTHEAST QUARTER (1/4) OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST, PUBLIC RECORDS OF LEE COUNTY, FLORIDA, SAID PLOT OR PARCEL OF LAND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHEAST CORNER OF SAID SECTION 10; THENCE RUN N.89°56'13"W. ALONG THE NORTH LINE OF SAID SECTION 10, FOR 416.62 FEET; THENCE RUN S.01°02'20"W. TO A POINT ALONG THE SOUTH LINE OF PONDELLA ROAD, FOR 87.05 FEET, FOR A POINT OF BEGINNING; THENCE CONTINUE S.01°02'20"W. TO A POINT ALONG THE NORTH RIGHT OF WAY LINE OF BLAIR STREET (50 FEET WIDE), FOR 247.95 FEET; THENCE RUN N.89°56'13"W. ALONG SAID NORTH RIGHT OF WAY LINE FOR 239.58 FEET; THENCE RUN S.01°33'19"W., FOR 326.92 FEET; THENCE RUN S.89°55'11"W. TO A POINT ALONG THE EAST LINE OF THE AFORESAID PONDELLA SHORES, FOR 332.91 FEET; THENCE RUN N.01°37'32"E. ALONG SAID EAST LINE, TO THE COMMON LOT CORNER BETWEEN LOTS 4 AND 5 OF SAID PONDELLA SHORES, FOR 472.83 FEET; THENCE RUN N.89°56'13"W. TO A POINT ALONG THE EAST RIGHT OF WAY LINE OF BETMAR BOULEVARD (50 FEET WIDE), FOR 326.64 FEET; THENCE RUN N.01°37'32"E. ALONG SAID EAST RIGHT OF WAY TO A POINT ALONG THE AFORESAID SOUTH RIGHT OF WAY LINE OF PONDELLA ROAD, FOR 98.11 FEET; THENCE RUN S.89°48'52"E. ALONG SAID SOUTH RIGHT OF WAY, FOR 566.34 FEET, TO A POINT OF CURVATURE; THENCE RUN ALONG THE ARC OF A CURVE, TO THE LEFT, FOR 330.03 FEET, SAID CURVE HAVING THE FOLLOWING ELEMENTS, A RADIUS OF 8,064.50 FEET, A CENTRAL DELTA ANGLE OF 02°20'41", A CHORD THAT BEARS N.89°00'50"E., AND A CHORD DISTANCE OF 330.00 FEET, TO THE POINT OF BEGINNING.

CONTAINING 279,532 SQUARE FEET OR 6.42 ACRES, MORE OR LESS.

BEARINGS ARE BASED ON THE AFORESAID NORTH LINE OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST, AS BEING N.89°56'13"W.

**WARRANTY DEED**

This Indenture made January 31, 2023 A.D. between EDISON PROPERTY SERVICES, LLC, A DELAWARE LIMITED LIABILITY COMPANY whose post office address is: PO BOX 155, HIGHLAND MILLS, NEW YORK 10930, a corporation existing under the laws of the State of Delaware, Grantor and PONDELLA HOLDINGS, LLC, A DELAWARE LIMITED LIABILITY COMPANY whose post office address is: C/O REDBURN DEVELOPMENT INC 204 LAFAYTTE STREET, SUITE 2, SCHENECTADY, NEW YORK 12305, Grantee,

Witnesseth, that the said Grantor, for and in consideration of the sum of Ten and No/100 Dollars (\$10.00), to it in hand paid by the said Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said Grantee forever, the following described land, situate, lying and being in the County of Lee, State of Florida, to wit:

**PARCEL 1**

LOTS 1, 2, AND 3, BLOCK A, PONDELLA SHORES, ACCORDING TO THE PLAT THEREOF, AS RECORDED IN PLAT BOOK 10, PAGE 12, OF THE PUBLIC RECORDS OF LEE COUNTY, FLORIDA.

LESS AND EXCEPT THOSE LANDS TAKEN BY LEE COUNTY, IN THAT CERTAIN ORDER OF TAKING RECORDED IN OFFICIAL RECORDS BOOK 2308, PAGE 1108, OF THE PUBLIC RECORDS OF LEE COUNTY, FLORIDA.

**PARCEL 2**

LOT 2, LINDALE FARMS, AN UNRECORDED SUBDIVISION, IN SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST, LEE COUNTY, FLORIDA. BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE NORTHEAST CORNER OF SAID SECTION 10; THENCE SOUTH 00°49'15" EAST, ALONG THE EAST LINE OF SAID SECTION 10, 45.68 FEET TO AN INTERSECTION WITH THE SOUTH RIGHT-OF-WAY LINE OF PONDELLA ROAD (S.R. NO. 78-A); THENCE SOUTH 88°53'40" WEST, ALONG SAID RIGHT-OF-WAY LINE 654.21 FEET TO THE POINT OF BEGINNING; THENCE SOUTH 00°15'50" WEST, 617.74 FEET; THENCE SOUTH 88°37'31" WEST 332.91 FEET TO AN INTERSECTION WITH THE EAST BOUNDARY OF PONDELLA SHORES SUBDIVISION, AS RECORDED IN PLAT BOOK 10, PAGE 12, OF THE PUBLIC RECORDS OF LEE COUNTY, FLORIDA; THENCE NORTH 00°20'03" EAST ALONG SAID EAST BOUNDARY OF PONDELLA SHORES 619.32 FEET TO AN INTERSECTION WITH SAID SOUTH RIGHT-OF-WAY LINE OF PONDELLA ROAD; THENCE NORTH 85°53'40" EAST, ALONG SAID RIGHT OF WAY LINE 332.11 FEET TO THE POINT OF BEGINNING.

LESS AND EXCEPT: A TRACT OR PARCEL OF LAND LYING IN THE NORTHEAST 1/4 OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST, LEE COUNTY, FLORIDA, BEING PART OF A PARENT TRACT OR PARCEL OF LAND AS DESCRIBED IN OFFICIAL RECORD BOOK 1979 AT PAGE 168 OF THE PUBLIC RECORDS OF SAID LEE COUNTY; MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE NORTHWEST CORNER OF THE NORTHEAST 1/4 OF SAID SECTION 10; THENCE SOUTH 89°56'13" EAST FOR 2001.03 FEET ALONG THE NORTH LINE OF SAID NORTHEAST 1/4 TO A POINT WHICH LIES 65°36'09" FEET FROM THE NORTHEAST CORNER OF SAID NORTHEAST 1/4; THENCE SOUTH 01°33'19" WEST FOR 44.30 FEET TO AN INTERSECTION WITH THE SOUTHERLY RIGHT-OF-WAY OF PONDELLA ROAD (FORMER STATE ROAD NO. S-78-A) AND THE POINT OF BEGINNING:

FROM SAID POINT OF BEGINNING; THENCE CONTINUE SOUTH 01°33'19" FOR 48.48 FEET ALONG THE EASTERLY LINE OF SAID PARENT TRACT TO A NON-RADIAL INTERSECTION WITH A CURVE TO THE RIGHT CONCAVE NORTHERLY (RADIUS 8064.50, CENTRAL ANGLE 00°39'25", CHORD 92.46 FEET, CHORD BEARING SOUTH 89°51'26" WEST); THENCE WESTERLY FOR 92.46 FEET ALONG THE ARC OF SAID CURVE, BEING 64.50 FEET SOUTHERLY OF AND CONCENTRIC WITH THE CENTERLINE SURVEY OF PONDELLA ROAD (LEE COUNTY PROJECT NO. 4656); THENCE NORTH 89°48'52" WEST FOR 239.72 FEET; THENCE NORTH 01°37'32" EAST FOR 49.02 FEET ALONG THE WESTERLY LINE OF SAID PARENT TRACT; THENCE SOUTH 89°48'52" EAST FOR 332.11 FEET ALONG THE AFOREMENTIONED SOUTHERLY RIGHT-OF-WAY OF PONDELLA ROAD (40.00 FROM CENTERLINE) TO THE POINT OF BEGINNING.

PARCEL 3

A TRACT OR PARCEL OF LAND IN THE NORTHEAST QUARTER OF THE NORTHEAST QUARTER OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST, LEE COUNTY, FLORIDA, DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHEAST CORNER OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST, THENCE SOUTH ALONG THE EASTERN BOUNDARY OF SAID SECTION 30 FEET, MORE OR LESS, TO THE SOUTH SIDE OF THE COUNTY ROAD; THENCE WEST ALONG THE SOUTH SIDE OF SAID COUNTY ROAD FOR 416.9 FEET; THENCE SOUTH 150 FEET TO THE POINT OF BEGINNING OF THE LAND HEREIN DESCRIBED; FROM SAID POINT OF BEGINNING CONTINUE ALONG THE LAST MENTIONED COURSE FOR A DISTANCE OF 155 FEET; THENCE WEST A DISTANCE OF 79.89 FEET; THENCE NORTH 155 FEET; THENCE EAST 79.16 FEET TO THE POINT OF BEGINNING. (KNOWN AS LOT 26 OF AN UNRECORDED PLAT OF THE DIVISION OF BORDONARO PROPERTY)

PARCEL 4

BEGINNING 495.35 FEET WEST AND 350 FEET SOUTH OF THE NORTHEAST CORNER OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST, RUN WEST 159.89 FEET; THENCE NORTH 120 FEET; THENCE EAST 159.44 FEET; THENCE SOUTH 120 FEET TO THE POINT OF BEGINNING, LEE COUNTY, FLORIDA.

PARCEL 5

FROM THE NORTHEAST CORNER OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST, THENCE RUN SOUTH 40 FEET, THENCE WEST ALONG THE SOUTHSIDE OF PONDELLA ROAD 416.9 FEET TO POINT OF BEGINNING, FROM SAID POINT OF BEGINNING RUN SOUTH 140 FEET; THENCE WEST 79.16 FEET; THENCE NORTH 140 FEET; THENCE EAST 78.45 FEET TO THE POINT OF BEGINNING.

LESS AND EXCEPT THAT ORDER OF TAKING DESCRIBED AS FOLLOWS:

A TRACT OR PARCEL OF LAND LYING IN THE NORTHEAST ONE-QUARTER OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST, LEE COUNTY, FLORIDA, BEING A PART OF A PARENT TRACT OR PARCEL OF LAND AS DESCRIBED IN OFFICIAL RECORD BOOK 1607, PAGE 668, OF THE PUBLIC RECORDS OF LEE COUNTY, FLORIDA, MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE NORTHWEST CORNER OF THE NORTHEAST ONE-QUARTER OF SAID SECTION 10; THENCE S. 89°56'13" E. FOR 2237.50 FEET ALONG THE NORTH LINE OF SAID NORTHEAST ONE-QUARTER TO A POINT WHICH LIES 416.62 FEET FROM THE NORTHEAST CORNER OF SAID NORTHEAST ONE-QUARTER; THENCE S. 01°02'20" W. FOR 44.79 FEET TO AN INTERSECTION WITH THE SOUTHERLY RIGHT OF WAY OF PONDELLA ROAD (FORMER STATE ROAD NO. 78A) AND THE POINT OF BEGINNING.

FROM SAID POINT OF BEGINNING: THENCE CONTINUE S. 01°02'20" W. FOR 42.26 FEET ALONG THE EASTERLY LINE OF SAID PARENT TRACT TO A NON-RADIAL INTERSECTION WITH A CURVE TO THE RIGHT, CONCAVE NORTHERLY (RADIUS 8064.50 FEET, CENTRAL ANGLE 00°33'35", CHORD 78.78 FEET, CHORD BEARING S. 88°07'17" W.); THENCE WESTERLY FOR 78.78 FEET ALONG THE ARC OF SAID CURVE, BEING 64.50 FEET SOUTHERLY OF AND CONCENTRIC WITH THE CENTERLINE SURVEY OF PONDELLA ROAD (LEE COUNTY PROJECT NO. 4656); THENCE N. 01°20'18" E. NON-RADIALLY FOR 45.10 FEET ALONG THE WESTERLY LINE OF SAID PARENT TRACT; THENCE S. 89°48'52" W. FOR 78.45 FEET ALONG THE AFOREMENTIONED SOUTHERLY RIGHT OF WAY OF PONDELLA ROAD (40.00 FEET FROM CENTERLINE) TO THE POINT OF BEGINNING.

THE BEARINGS MENTIONED HEREIN ARE BASED UPON THE CENTERLINE OF SURVEY OF U.S. 41 (S.R. NO 45) BEING N. 39°28'01" W. AS SHOWN ON STATE OF FLORIDA (STATE ROAD DEPARTMENT) RIGHT OF WAY MAP (SECTION NO. 12010-212).

PARCEL 6

BEGINNING AT A POINT ON THE SOUTH SIDE OF THE COUNTY ROAD KNOWN AS PONDELLA ROAD, WHICH POINT IS 30 FEET SOUTH AND 495.35 FEET WEST OF THE NORTHEAST CORNER OF SECTION TEN (10), TOWNSHIP FORTY-FOUR (44) SOUTH, RANGE TWENTY-FOUR (24) EAST; THENCE RUN WEST ALONG THE SOUTH SIDE OF SAID PONDELLA ROAD A DISTANCE OF 158.45 FEET; THENCE RUN SOUTH A DISTANCE OF 200 FEET; THENCE RUN EAST A DISTANCE 159.4 FEET, MORE OR LESS, TO A POINT SOUTH OF THE POINT OF BEGINNING; THENCE RUN NORTH A DISTANCE OF 200 FEET TO THE POINT OF BEGINNING, EXCEPTING THEREFROM, HOWEVER, THE EASTERLY SEVENTY (70) FEET THEREOF, AND FURTHER EXCEPTING THEREFROM,

A TRACT OR PARCEL OF LAND LYING IN THE NORTHEAST ONE-QUARTER OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24, EAST, LEE COUNTY, FLORIDA, BEING A PART OF A PARENT TRACT OR PARCEL OF LAND AS DESCRIBED IN OFFICIAL RECORD BOOK 470, AT PAGE 6 OF THE PUBLIC RECORDS OF SAID LEE COUNTY; MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE NORTHWEST CORNER OF THE NORTHEAST ONE-QUARTER OF SAID SECTION 10; THENCE S. 89 DEGREES 56'13" E FOR 2089.28 FEET ALONG THE NORTH LINE OF SAID NORTHEAST ONE-QUARTER TO A POINT WHICH LIES 564.84 FEET FROM THE NORTHEAST CORNER OF SAID NORTHEAST ONE-QUARTER; THENCE S 01 DEGREES 20'18"W FOR 44.48 FEET TO AN INTERSECTION WITH THE SOUTHERLY RIGHT OF WAY OF PONDELLA ROAD (FORMER STATE ROAD NO. S-78-A) AND THE POINT OF BEGINNING.

FROM SAID POINT OF BEGINNING; THENCE CONTINUE S 01 DEGREES 20'18"W FOR 46.98 FEET ALONG THE EASTERLY LINE OF SAID PARENT TRACT TO A NON-RADIAL

INTERSECTION WITH A CURVE TO THE RIGHT, CONCAVE NORTHERLY (RADIUS 8064.50 FEET, CENTRAL ANGLE 00 DEGREES 37'47", CHORD 88.64 FEET, CHORD BEARING S 89 DEGREES 12'50"W) THENCE WESTERLY FOR 88.64 FEET ALONG THE ARC OF SAID CURVE, BEING 64.50 FEET SOUTHERLY OF AND CONCENTRIC WITH THE CENTERLINE SURVEY OF PONDELLA ROAD (LEE COUNTY PROJECT NO. 4656); THENCE N 01 DEGREES 33'19" E NON-RADIALLY FOR 48.48 FEET ALONG THE WESTERLY LINE OF SAID PARENT TRACT; THENCE S 89 DEGREES 48'52"E FOR 88.42 FEET ALONG THE AFOREMENTIONED SOUTHERLY RIGHT OF WAY OF PONDELLA ROAD (40.00 FEET FROM CENTERLINE) TO THE POINT OF BEGINNING.

**PARCEL 7**

BEGINNING AT A POINT OF THE SOUTH SIDE OF THE COUNTY ROAD KNOWN AS PONDELLA ROAD, WHICH POINT IS 30 FEET SOUTH AND 495.35 FEET WEST OF THE NORTHEAST CORNER OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST; THENCE RUN WEST ALONG THE SOUTH SIDE OF SAID PONDELLA ROAD A DISTANCE OF 70 FEET; THENCE RUN SOUTH A DISTANCE OF 200 FEET; THENCE RUN EAST A DISTANCE OF 70 FEET, MORE OR LESS TO A POINT SOUTH OF THE POINT OF BEGINNING; THENCE RUN NORTH A DISTANCE OF 200 FEET TO THE POINT OF BEGINNING, LEE COUNTY, FLORIDA.

**LESS AND EXCEPT:**

A TRACT OR PARCEL OF LAND LYING IN THE NORTHEAST ONE-QUARTER OF SECTION 10, TOWNSHIP 44 SOUTH, RANGE 24 EAST, LEE COUNTY, FLORIDA, BEING PART OF A PARENT TRACT OR PARCEL OF LAND DESCRIBED IN OFFICIAL RECORD BOOK 2020 AT PAGE 3302 OF THE PUBLIC RECORDS OF SAID LEE COUNTY; MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE NORTHWEST CORNER OF THE NORTHEAST ONE-QUARTER OF SAID SECTION 10; THENCE S 87 DEGREES 56' 13" E FOR 2159.28 FEET ALONG THE NORTH LINE OF SAID NORTHEAST ONE-QUARTER TO A POINT WHICH LIES 494.84 FEET FROM THE NORTHEAST CORNER OF SAID NORTHEAST ONE-QUARTER; THENCE S 01 DEGREES 20'28"W FOR 44.63 FEET TO AN INTERSECTION WITH THE SOUTHERLY RIGHT OF WAY OF PONDELLA ROAD (FORMER STATE ROAD NO. S-78-A) AND THE POINT OF BEGINNING.

FROM SAID POINT OF BEGINNING; THENCE CONTINUE S 01 DEGREES 20'18"W FOR 45.10 FEET ALONG THE EASTERLY LINE OF SAID PARENT TRACT TO A NON-RADIAL INTERSECTION WITH THE ARC OF A CURVE TO THE RIGHT, CONCAVE NORTHERLY, (RADIUS 8054.50 FEET, CENTRAL ANGLE 00 DEGREES 29'52", CHORD 70.06 FEET, CHORD BEARING S. 88 DEGREES 35'00"W.) THENCE WESTERLY FOR 70.06 FEET ALONG THE ARC OF SAID CURVE, BEING 44.50 FEET SOUTHERLY OF AND CONCENTRIC WITH THE CENTERLINE SURVEY OF PONDELLA ROAD (LEE COUNTY PROJECT NO. 4656); THENCE N 01 DEGREES 20'18" E. NON-RADIALLY FOR 46.98 FEET ALONG THE WESTERLY LINE OF SAID PARENT TRACT; THENCE S 89 DEGREES 48'52" E FOR 70.00 FEET ALONG THE AFOREMENTIONED SOUTHERLY RIGHT OF WAY OF PONDELLA ROAD (40 FEET FROM CENTERLINE) TO THE POINT OF BEGINNING.

**SUBJECT TO TAXES FOR THE YEAR 2023 AND SUBSEQUENT YEARS, RESTRICTIONS, RESERVATIONS, COVENANTS AND EASEMENTS OF RECORD, IF ANY.**

Parcel Identification Number: 10-44-24-04-0000A.0010

**Together** with all the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

**To Have and to Hold**, the same in fee simple forever.

And the Grantor hereby covenants with said Grantee that the Grantor is lawfully seized of said land in fee simple; that the Grantor has good right and lawful authority to sell and convey said land; that the Grantor hereby fully warrants the title to said land and will defend the same against the lawful claims of all persons whomsoever; and that said land is free of all encumbrances, except taxes accruing subsequent to December 31, 2022.

In Witness Whereof, the said Grantor has caused this instrument to be executed in its name by its duly authorized officer and caused its corporate seal to be affixed the day and year first above written.

### **Proposed Amendment – Exhibit M11**

The Applicant, Pondella Holdings, LLC, is requesting to amend Lee Plan Map 4-B, the Lee County Utilities Future Sewer Service Area Map by adding the subject property to the sewer service area. The development site is 6.42 acres, located in Section 10, Township 44 South, Range 24 East, along Pondella Road in North Fort Myers. The subject property has a future land use classification of Central Urban.

Certificate of Authorization # 29086

Pondella Holdings  
Lee Plan Analysis – Exhibit M12  
Revised 4-7-2026

**Lee Plan Compliance:**

***Policy 1.1.3:** The Central Urban future land use category can best be characterized as the “urban core” of the County. These areas are already the most heavily settled and have, or will have, the greatest range and highest levels of public services. Residential, commercial, public and quasipublic, and limited light industrial land uses will continue to predominate in the Central Urban future land use category. Future development in this category is encouraged to be mixed use, as described in Objective 11.1, where appropriate. The standard density range is from four dwelling units per acre (4 du/acre) to ten dwelling units per acre (10 du/acre), with a maximum total density of fifteen dwelling units per acre (15 du/acre). The maximum total density may be increased to twenty dwelling units per acre (20 du/acre) utilizing Greater Pine Island Transfer of Development Units.*

The Central Urban future land use category is described as the urban core of the county with the greatest range and highest levels of public services. Amending Lee Plan Map 4-B Lee County Utilities Future Sewer Service Area Map increases the level of public services available to the community. At this time, there’s a small enclave of properties that lie outside of LCU’s sewer franchise area or any other certified franchise area. Amending the Lee Plan Map 4-B is consistent with **Lee Plan Policy 1.1.3.**

***Objective 2.1: Development Location** promotes continuous and compact growth patterns through the rezoning process to contain urban sprawl, minimize energy costs, conserve land, water and natural resources, minimize the cost of services, and prevent development patterns where large tracts of land are by-passed in favor of development more distant from services and existing communities.*

***Policy 2.1.1:** Most residential, commercial, industrial, and public development is expected to occur within the designated future urban areas on the Future Land Use Map through the assignment of very low densities to the non-urban categories.*

***Policy 2.1.2:** New land uses will be permitted only if they are consistent with the Future Land Use Map and the goals, objectives, policies, and standards of this plan.*

***Objective 2.2: Development Timing.** Direct new growth to those portions of the future urban areas where adequate public facilities exist or are assured and where compact and contiguous development patterns can be created.*

The subject property is considered an infill parcel with existing development on all sides. As previously noted, the subject property is within a small enclave of land that is not serviced by a certified franchise area; however, LCU's future sewer service area is located to the east, south, and west of the property. The property has a wide range of urban services available, with the exception of sanitary sewer. Development of this property promotes compact and contiguous growth patterns in future urban areas where public facilities exist and are adequate to serve future developments. Amending Lee Plan Map 4-B Lee County Utilities Future Sewer Service Area Map increases the level of public services available to the community. Amending Lee Plan Map 4-B is consistent with **Lee Plan Objectives 2.1: Development Location and 2.2: Development Timing, and Policies 2.1.1 and 2.1.2.**

***Objective 4.1: Water, Sewer, and Environmental Standards.** Consider water, sewer, and environmental standards during the rezoning process. Ensure the standards are met prior to issuing a local development order.*

***Standard 4.1.1: Water.***

- 1. Any new residential development that exceeds 2.5 dwelling units per gross acre, and any new single commercial or industrial development in excess of 30,000 square feet of gross leasable (floor) area per parcel, must connect to a public water system (or a "community" water system as that is defined by Fla. Admin. Code R. 62-550).*
- 2. If the proposed development lies within the boundaries of a water utility's certificated or franchised service area, or Lee County Utilities' future potable water service area (see Map 4- A), then the development must be connected to that utility.*
- 3. The developer must provide proof that the prior commitments of the water utility, plus the projected need of the developer, do not exceed the supply and facility capacity of the utility.*

Lee County Utilities (LCU) provided a Letter of Availability confirming that potable water lines are in operation adjacent to the subject property and that LCU presently has sufficient capacity to provide potable water service as estimated. LCU also stated that there are no reuse mains in the vicinity. This is consistent with **Lee Plan Standard 4.1.1: Water.**

***Standard 4.1.2: Sewer.***

- 1. Any new residential development that exceeds 2.5 dwelling units per gross acre, and any new single commercial or industrial development that generates more than 5,000 gallons of sewage per day, must connect to a sanitary sewer system.*
- 2. If the proposed development exceeds the thresholds listed above and lies within the boundaries of a sewer utility's certificated or franchised service area, or Lee County Utilities' future sanitary sewer service area (see Map 4-B), and that utility has sufficient capacity to provide minimum service to the development, then the development must connect to that sewer utility if there is existing infrastructure adequate to accept the effluents of the development within 1/4 mile from any part of the development.*
- 3. If there is not sufficient capacity nor adequate infrastructure within 1/4 mile of the development, the developer must provide proof in the form of a clearly stated rejection of service.*
- 4. If a new development is located in a certificated or franchised service area, or Lee County Utilities' future sanitary sewer service area (see Map 4-B), and the utility cannot provide the*

*service, or cannot provide the service except at a clearly unreasonable cost to the developer, the developer may establish on a temporary basis a self-provided sanitary sewer facility for the development, to be abated when the utility extends service to the site. The developer may also petition the appropriate regulatory agency to contract the service area of the utility in order that another utility may be invited to provide the service.*

*5. If a development lies outside any service area as described above, the developer may:*

- request that the service area of Lee County Utilities or an adjacent sewer utility be expanded to incorporate the property;*
- establish a self-provided sanitary sewer system for the development;*
- develop at an intensity that does not require sanitary sewer service; or*
- if no more than 5000 gallons of effluent per day per parcel is produced, an individual sewage disposal system per Fla. Admin. Code R. 64E-6 may be utilized, contingent on approval by all relevant authorities.*

*6. Lee County Utilities may provide sanitary sewer service to properties not located within the future sewer service area when such sanitary sewer service is found to benefit public health, safety, and welfare, including protection of Lee County's natural resources.*

The subject property lies outside of Lee County Utilities services area; however, the applicant is requesting to amend Lee Plan Map 4-B, Lee County Utilities Future Sewer Service Area Map, to permit LCU to provide sanitary sewer service to the site. LCU provided a Letter of Availability stating that sanitary sewer lines are currently not available adjacent to the site. The applicant is aware that developer-funded extensions may be required. The purpose of this application is to provide sanitary sewer to the future development of the subject property. The proposed amendment is consistent with **Lee Plan Standard 4.1.2: Sewer, subsection 5.**

***Standard 4.1.3: Reuse.***

*1. Any development that requires a development order, on a property that is adjacent to public reuse infrastructure with sufficient capacity, must connect to the reuse system for irrigation needs.*

*2. Any new development that, at build-out, has an anticipated irrigation demand of 50,000 gallons per day, or more, using the Blaney-Criddle method, must connect to a public reuse system for irrigation needs when sufficient capacity and adequate infrastructure is within ¼ mile from any part of the development.*

*3. If there is not sufficient capacity or adequate infrastructure within ¼ mile of the development, the developer must provide proof in the form of a clearly stated rejection of service.*

*4. If a development has been rejected for reuse service, the proposed source of irrigation water must be identified consistent with Policy 61.1.6.*

Lee County Utilities (LCU) provided a letter stating that there aren't any reuse mains in the vicinity of the subject property. The applicant will be required to provide the anticipated irrigation demand calculations at time of Development Order permitting and will be required to provide the necessary infrastructure at that time or provide the source of irrigation water (wells) consistent with Lee Plan Policy 61.1.6. This is consistent with **Lee Plan Policy 4.1.3.**

**Objective 5.1:** *All development approvals for residential, commercial, and industrial land uses must be consistent with the following policies, the general standards under Goal 4, and other provisions of this plan.*

Amending Lee Plan Map 4-B to add the subject property to Lee County Utilities Future Sewer Service Area Map provides additional urban services to the land in the Central Urban future land use category. This is consistent with Goal 4 of the Lee Plan and **Objective 5.1**.

**Objective 6.1:** *Development approvals for commercial land uses must be consistent with the following policies, the general standards under Goal 4, and other provisions of this plan.*

The subject property is located along a commercial corridor as identified by LDC Sec. 33-1566, the North Fort Myers Community Plan. As such, commercial development is encouraged at this location. Amending Lee Plan Map 4-B to add the subject property to Lee County Utilities Future Sewer Service Area Map provides additional urban services to the area. This is consistent with Goal 4 of the Lee Plan and **Objective 6.1**.

**Policy 11.2.1:** *The Mixed Use Overlay identifies locations where mixed use development will have a positive impact on transportation facilities through increased transit service, internal trip capture, and reduced travel distance. Requests to expand the Mixed Use Overlay will be evaluated based on all of the following criteria:*

- 1. Located within the extended pedestrian shed of established transit routes; and,*
- 2. Distinct pedestrian and automobile connections to adjacent uses can be achieved without accessing arterial roadways; and,*
- 3. Located within the Intensive Development, Central Urban, or Urban Community future land use categories;*
- 4. Availability of adequate public facilities and infrastructure; and*
- 5. Will not intrude into predominately single-family residential neighborhoods.*

The subject property is currently located in the Mixed-Use Overlay per Lee Plan Map 1-C. Once of the requirements is the availability of public facilities and infrastructure. Amending Lee Plan Map 4-B to add the subject property to LCU's Future Sewer Service Area Map is consistent with the Mixed-Use Over, **Policy 11.2.1**.

**Objective 17.3: Public Input.** *To provide opportunities for public input as part of the comprehensive plan and land development code amendment process.*

**Policy 17.3.2:** *One public information meeting is required for privately-initiated applications that propose a text change within a community plan or revises a map designation within a community plan area boundary. The meeting must be conducted before the application can be found complete.*

**Policy 17.3.4:** *For required public information meetings, the applicant must provide the following:*

- Adequate meeting space to accommodate projected attendance and security measures (as needed).*
- Advance notice of the meeting in a publication of local distribution provided at least ten calendar days prior to the meeting, unless otherwise specified herein.*
- At the meeting, a general overview of the text or map amendment and effect thereof.*

*• After the meeting, a meeting summary document submitted to the County that contains the following information: the date, time, and location of the meeting; a list of attendees; a summary of the concerns or issues that were raised at the meeting; and the applicant's response to any issues that were raised.*

A Public Information Meeting was held on March 3, 2026 in the North Fort Myers community planning area as required by LDC Sec. 33-1532. The proposed comprehensive plan amendment and conventional rezoning applications were presented to the public. The public information meeting summary, notice of meeting, and sign-in sheet are included with the application. This is consistent with **Lee Plan Policies 17.3.4 and 17.3.5.**

***Goal 30: North Fort Myers Community Plan.*** *Improve the livability and economic vitality in the North Fort Myers Community Plan area by: promoting compact, mixed use development in the form of town and neighborhood centers; attracting appropriate investment to revitalize older neighborhoods and commercial corridors; stabilizing and enhancing, existing neighborhoods; and preserving natural resources.*

***Objective 30.4: Community Facilities & Services.*** *To provide community facilities and services within the Town Centers, Neighborhood Centers and Corridor Overlay Districts.*

***Policy 30.4.2:*** *Support the concept of a single source of sewage service to the North Fort Myers Community Plan area.*

The goal of the North Fort Myers community plan is to improve the livability and economic vitality in the area by promoting compact, mixed use development; attracting appropriate investment to revitalize older neighborhoods and commercial corridors; stabilizing and enhancing existing neighborhoods; and preserving natural resources. The subject property is located in the North Fort Myers planning community area along a designated corridor overlay - Pondella Road. As previously stated, the applicant assembled multiple vacant lots along Pondella Road, creating a site for future development. The site can be viewed as an infill development since the majority of the land on all four sides is currently developed with a mix of residential and commercial uses. Adding the subject property to Lee County Utilities (LCU) future sewer service area is consistent with Lee Plan Objective 30.4, which promotes community facilities and services within corridor overlay districts and Policy 30.4.2, which promotes the concept of a single source of sewage service to the North Fort Myers Community Plan Area. Amending Lee Plan Map 4-B, LCU's Future Sewer Service Area Map to include the subject property encourages future development and provides a necessary service to the community. This is consistent with **Lee Plan Goal 30, Objective 30.4 and Policy 30.4.2.**

***Goal 56: Sanitary Sewer Infrastructure.*** *In partnership with franchised/certificated utilities providers, provide sanitary sewer service and wastewater treatment and disposal throughout Lee County.*

***Objective 56.1:*** *The County will ensure the provision of acceptable levels of sanitary sewer service throughout the future urban areas of the unincorporated County, either directly by Lee County Utilities or a utility authority, or indirectly through franchised utility companies.*

The subject property is located in a future urban area of Lee County – Central Urban. According to the 2024 Concurrency Report, LCU has adequate facilities to serve the proposed development's estimated 6,420 GPD. As previously noted, the subject property is located within a small enclave

of land that is not located within a sewer franchise area; however, the properties to the east, south, and west are within the LCU's sewer franchise area. The Applicant is requesting to amend Lee Plan Map 4-B to expand LCU's Future Sewer Service Area, which is consistent with Lee Plan Goal 56 and Objective 56.1.

*Policy 101.1.1: Require that development within the Coastal High Hazard Area be compatible with natural systems, such as, water retention and purification, wildlife habitat, primary productivity, and defense against coastal flooding.*

*Policy 101.3.2: Restrict development in the Coastal High Hazard Area to uplands except as needed for the provision of public facilities.*

*Policy 101.3.4: Encourage new residential development, as required by the LDC, to provide continuing information to residents concerning hurricane evacuation and shelters.*

A local development order and SFWMD ERP will be required for the development. The applicant must comply with the rules and regulations at that time, including LDC Article XI – Hurricane Preparedness and LDC Sec. 2-485 Impact Mitigation. This is consistent with **Lee Plan Policies 101.1.1, 101.3.2 and 101.3.4.**

## 1 INTRODUCTION

---

The proposed project is located at 353, 323, 333, 317, 375, 371, and 363 Pondella Road, and 40 and 36 Blair Street in North Fort Myers, Florida 33903 within Section 10, Township 44 South, and Range 24 East in Lee County. The subject property consists of approximately 6.54 acres and can be identified by the following Strap Numbers: 10-44-24-04-0000A.0010, 10-44-24-04-0000A.0020, 10-44-24-04-0000A.0040, 10-44-24-00-00016.0000, 10-44-24-00-00018.0010, 10-44-24-00-00021.0060, 10-44-24-00-00018.0000, 10-44-24-00-00020.0010, and 10-44-24-00-00021.0070.

The proposed project is a retail/residential development including one (1) retail building, two (2) residential buildings, and associated amenity areas, dog park, parking lots, an indigenous reserve and stormwater management structures.

This document provides information concerning the proposed project site as it relates to natural resources and environmental issues. It will be submitted to Lee County in support of a local building permit.

## 2 EXISTING CONDITIONS PRE-DEVELOPMENT

### 2.1 HABITAT DESCRIPTIONS AND VEGETATIVE ASSOCIATIONS

The Florida Land Use, Cover, and Forms Classification System (FLUCFCS) manual was used to classify all of the vegetative communities occurring within the site boundaries. The attached FLUCFCS exhibit on Sheet 2 shows the subject property, its vegetative cover, and depicts the approximate limits of the wetland and upland areas. A general description is provided below in Table 1 along with any site-specific nuances that may be relevant to the assessment.

**Table 1: FLUCFCS Codes and Descriptions**

| FLUCFCS Code | Description                                      | Acres       | Jurisdictional Wetlands / OSW |
|--------------|--------------------------------------------------|-------------|-------------------------------|
| 111          | Fixed Single Family Units                        | 0.77        | No                            |
| 414E3        | Pine Mesic Oak (Exotics 50-75%)                  | 4.74        | No                            |
| 420E3        | Upland Hardwood Forests (Exotics 50-75%)         | 0.45        | No                            |
| 514          | Ditch                                            | 0.10        | Yes                           |
| 640E2        | Vegetated Non-Forested Wetlands (Exotics 25-50%) | 0.28        | Yes                           |
| 740          | Disturbed Land                                   | 0.20        | No                            |
|              | <b>Total:</b>                                    | <b>6.54</b> | <b>0.38</b>                   |

#### 2.1.1 111 – Fixed Single Family Units (0.77 acres)

The Fixed Single Family Units area on-site consists of a single family residence at 333 Pondella Road and its associated yard.

#### 2.1.2 414E3 - Pine Mesic Oak (Exotics 50-75%) (4.74 acre)

The majority of the project area is Pine Mesic Oak community with 50-75% cover of exotic vegetation. It is dominated by slash pine (*Pinus elliottii*) and laurel oak (*Quercus laurifolia*) in the canopy with various invasive and nuisance species present in each stratum. Overall, the vegetation in this community is not dominated by hydrophytic vegetation. The soil sampled in this community did not display hydric characteristics and no hydrologic indicators were observed. A list of observed species and their approximate percent coverages within the Pine Mesic Oak (Exotics 50-75%) community on-site can be seen below in Table 2.

**Table 2: Vegetation observed within the Pine Mesic Oak (Exotics 50-75%) community on-site:**

| Common Name  | Scientific Name           | Strata/<br>Substrata | Wetland Status |       |
|--------------|---------------------------|----------------------|----------------|-------|
|              |                           |                      | FDEP           | USACE |
| Slash pine   | <i>Pinus elliottii</i>    | C, M                 | UPL            | FACW  |
| Wild banyan  | <i>Ficus citrifolia</i>   | C                    | FAC            | FAC   |
| Laurel oak   | <i>Quercus laurifolia</i> | M                    | FACW           | FACW  |
| Cabbage palm | <i>Sabal palmetto</i>     | M, G                 | FAC            | FAC   |

|                         |                                |      |     |      |
|-------------------------|--------------------------------|------|-----|------|
| Java plum               | <i>Syzygium cumini</i>         | M, G | FAC | FAC  |
| Tropical almond         | <i>Terminalia catappa</i>      | C    | FAC | UPL  |
| Brazilian pepper        | <i>Schinus terebinthifolia</i> | M, G | FAC | FAC  |
| Broomsedge              | <i>Andropogon</i> sp.          | G    | FAC | FAC  |
| Ragweed                 | <i>Ambrosia artemisiifolia</i> | G    | UPL | FACU |
| False buttonweed        | <i>Spermacoce</i> sp.          | G    | FAC | FAC  |
| Tropical Mexican clover | <i>Richardia brasiliensis</i>  | G    | FAC | FAC  |
| Grapevine               | <i>Vitis</i> sp.               | V    | FAC | FAC  |
| Greenbrier              | <i>Smilax</i> sp.              | V    | FAC | FAC  |

C = Canopy      M = Mid-story      G = Groundcover      V = Vine  
OBL = Obligate Wetland      FACW = Facultative Wetland      FAC = Facultative  
FACU = Facultative Upland      UPL = Upland

### 2.1.3 420E3 - Upland Hardwood Forests (Exotics 50-75%) (0.45 acres)

The Upland Hardwood Forests (Exotics 50-75%) community is a small, forested area along the northeastern property boundary. Native vegetation is dominated by laurel oak and cabbage palm, while the remaining vegetation is comprised of invasive or nuisance species. Soils in this community do not appear to exhibit hydric characteristics and hydrologic indicators are not present. A list of species observed in the Upland Hardwood Forests (Exotics 50-75%) community can be found below in Table 3.

**Table 3: Vegetation observed within the Upland Hardwood Forests (Exotics 50-75%) community on-site:**

| Common Name      | Scientific Name                  | Strata/<br>Substrata | Wetland Status |       |
|------------------|----------------------------------|----------------------|----------------|-------|
|                  |                                  |                      | FDEP           | USACE |
| Laurel oak       | <i>Quercus laurifolia</i>        | C                    | FACW           | FACW  |
| Cabbage palm     | <i>Sabal palmetto</i>            | C, M                 | FAC            | FAC   |
| Java plum        | <i>Syzygium cumini</i>           | C                    | FAC            | FAC   |
| Royal poinciana  | <i>Delonix regia</i>             | C                    | FAC            | UPL   |
| Carrotwood       | <i>Cupaniopsis anacardioides</i> | M, G                 | FAC            | FAC   |
| Creeping oxeye   | <i>Sphagneticola trilobata</i>   | G                    | FAC            | FAC   |
| False buttonweed | <i>Spermacoce</i> sp.            | G                    | FAC            | FAC   |

C = Canopy      M = Mid-story      G = Groundcover      V = Vine  
OBL = Obligate Wetland      FACW = Facultative Wetland      FAC = Facultative  
FACU = Facultative Upland      UPL = Upland

### 2.1.4 514 - Ditch (0.10 acres)

The Ditch community on-site refers to the linear stormwater ditch along Pondella Road. No water was present in the ditch during the site inspection; however, it is likely that this area holds water during the wet season.

### 2.1.5 640 – Vegetated Non-Forested Wetlands (Exotics 25-50%) (0.28 acres)

The Vegetated Non-Forested Wetlands (Exotics 25-50%) community on-site is a small wetland located in the northwestern portion of the property. This area is dominated by hydrophytic species but also exhibits recruitment of invasive vegetation. Soils in this community exhibit hydric characteristics in the form of muck presence, which is also a hydrologic indicator. A list of vegetation observed in the Vegetated Non-Forested Wetlands (Exotics 25-50%) can be found below in Table 4.

**Table 4: Vegetation observed within the Vegetated Non-Forested Wetlands (Exotics 25-50%) community on-site:**

| Common Name             | Scientific Name                 | Strata/<br>Substrata | Wetland Status |       |
|-------------------------|---------------------------------|----------------------|----------------|-------|
|                         |                                 |                      | FDEP           | USACE |
| Peruvian primrosewillow | <i>Ludwigia peruviana</i>       | G                    | OBL            | FACW  |
| Broomsedge              | <i>Andropogon glomeratus</i>    | G                    | FACW           | FACW  |
| Whorled marshpennywort  | <i>Hydrocotyle verticillate</i> | G                    | FACW           | OBL   |
| Cordgrass               | <i>Spartina</i> sp.             | G                    | FACW           | FACW  |
| False buttonweed        | <i>Spermacoce</i> sp.           | G                    | FAC            | FAC   |
| Bacopa                  | <i>Bacopa</i> sp.               | G                    | OBL            | OBL   |

C = Canopy      M = Mid-story      G = Groundcover      V = Vine  
OBL = Obligate Wetland      FACW = Facultative Wetland      FAC = Facultative  
FACU = Facultative Upland      UPL = Upland

### 2.1.6 740 – Disturbed Land (0.20 acres)

The Disturbed Land portion of the project site refers to an existing paved driveway located in the Pine Mesic Oak community on-site.

## 2.2 WETLANDS & OTHER SURFACE WATERS

Qualified Turrell, Hall & Associates, Inc. (THA) environmental staff inspected the project site for the purpose of delineating wetlands and other surface waters. The wetland delineation methodologies and criteria set forth by the state and the U.S. Army Corps of Engineers (in accordance with Chapter 62-340, FAC, and Version 2.0 of the Atlantic and Gulf Coastal Plain Regional Supplement to the Corps of Engineers Wetland Delineation Manual) were followed in determining whether an area was considered as a wetland or other surface water and in delineating the limits (boundaries) of potential jurisdictional wetlands and other surface waters.

### 2.2.1 Jurisdictional Status of Wetlands

The wetlands definitions in Chapter 62-340(19), F.A.C. and 33CFR 328.3 state that wetlands are those areas “inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soils.” The methodologies used to delineate a

wetland boundary as described in Chapter 62-340, F.A.C. use a series of tests in order to determine the presence of a wetland.

The 6.16-acres of Fixed Single Family Units, Pine Mesic Oak (Exotics 50-75%), Upland Hardwood Forests (Exotics 50-75%), and Disturbed Land communities do not meet the definition of a wetland. These areas are not dominated by hydrophytic vegetation, hydric soils are not present, nor are hydrologic indicators.

The 0.28-acre Vegetated Non-Forested Wetlands (Exotics 25-50%) community does meet the definition of a wetland. Vegetation in this community is primarily hydrophytic, soils exhibit hydric characteristics, and hydrologic indicators are present.

### 2.3 LISTED PLANT AND ANIMAL SPECIES

Several listed animal species have the potential to occur on-site. These species include but are not limited to the Eastern indigo snake, the Florida bonneted bat (*Eumops floridanus*), Florida burrowing owl (*Athene cunicularia floridana*), gopher tortoise (*Gopherus polyphemus*), and the red-cockaded woodpecker (*Picoides borealis*). The probability of these animals utilizing suitable habitats ranges from high to low depending on the particular species. It is improbable that most of these species currently reside or nest on-site. A list of potential listed species and their designations are provided below in Table 5.

Table 5: Potential Threatened and Endangered Species

| Common Name             | Scientific Name                     | Status |
|-------------------------|-------------------------------------|--------|
| Bald eagle              | <i>Haliaeetus leucocephalus</i>     | *      |
| Black skimmer           | <i>Rynchops niger</i>               | ST     |
| Eastern indigo snake    | <i>Drymarchon couperi</i>           | FT     |
| Florida bonneted bat    | <i>Eumops floridanus</i>            | FE     |
| Florida burrowing owl   | <i>Athene cunicularia floridana</i> | ST     |
| Gopher tortoise         | <i>Gopherus polyphemus</i>          | ST     |
| Least tern              | <i>Sternula antillarum</i>          | ST     |
| Little blue heron       | <i>Egretta caerulea</i>             | ST     |
| Red-cockaded woodpecker | <i>Picoides borealis</i>            | FE     |
| Roseate spoonbill       | <i>Platalea ajaja</i>               | ST     |
| Tricolored heron        | <i>Egretta tricolor</i>             | ST     |
| Wood stork              | <i>Mycteria americana</i>           | FT     |

FE = Federally Endangered

FT = Federally Threatened

ST = State Threatened

\* = Non-listed, protected species

A survey for listed animal and plant species was conducted within the project area by THA biologists. This threatened and endangered species survey and its results are discussed in the attached listed species survey report in Appendix B.

### **3 PROPOSED CONDITIONS POST-DEVELOPMENT**

---

#### **3.1 PROPOSED PROJECTS**

The proposed project is a retail/residential development including one (1) 5,000 square foot retail building, one (1) 65-unit, 14,892 square foot residential building, one (1) 60-unit, 14,892 square foot residential building, and associated dog park, amenity areas, parking lots, indigenous preserve and stormwater management structures.

#### **3.2 IMPACTS TO WETLANDS**

The small portion of isolated wetland habitat in the northwestern corner of the project site will be entirely impacted by the proposed development. Parking associated with the retail structure is proposed in this area.

#### **3.3 PROJECT IMPACTS TO LISTED SPECIES**

The Listed Species Survey Report in Appendix B provides an assessment of the proposed project's potential impacts to various listed animal species. The species addressed include those observed on or in close proximity to the subject property as well as certain species that could potentially occur on the subject site or on nearby off-site parcels.

#### **3.4 PROJECT IMPACTS TO HISTORICAL & ARCHAEOLOGICAL RESOURCES**

There is one resource listed in the Florida Master Site File Culture resource roster at 363 Pondella Road, Strap: 10-44-24-04-0000A.0040. The resource, LL01604, was a frame vernacular, single-story residence that was recorded in March 1992. The historical structure form lists the structure was "altered from its original condition and no longer exhibits any historic architectural significance". The structure no longer exists.

There are no other historical or archaeological resources located within the vicinity of the project.

#### **3.5 PROJECT IMPACTS TO INDIGENOUS HABITAT**

The proposed project would be considered a "small project" under the Lee County Land Development Code (LDC) and open space and indigenous preserve requirement will be based on that determination. Under the LDC, the development will have a 10% open space requirement of which 50% must be indigenous habitat (0.32 acre). The project is preserving 0.86 acre of upland habitat in the southernmost portion of the site.

## 1 INTRODUCTION

---

Turrell, Hall & Associates, Inc. (THA) has conducted a listed species survey at 353, 323, 333, 317, 375, 371, and 363 Pondella Road, and 40 and 36 Blair Street in North Fort Myers, Florida 33903 on January 3, 2025. The project property is located within Section 10, Township 44 South, and Range 24 East in Lee County. The project property consists of approximately 6.54 acres and can be identified by the following Strap Numbers: 10-44-24-04-0000A.0010, 10-44-24-04-0000A.0020, 10-44-24-04-0000A.0040, 10-44-24-00-00016.0000, 10-44-24-00-00018.0010, 10-44-24-00-00021.0060, 10-44-24-00-00018.0000, 10-44-24-00-00020.0010, and 10-44-24-00-00021.0070. The purpose of this report is to provide a summary of wildlife observations within the project area and to consider the potential effects of the proposed project on any local, state, or federal listed species that may utilize the project area for feeding, foraging, or nesting purposes.

## 2 METHODOLOGY

---

Prior to any wildlife survey, careful consideration is given to the habitat types in question and species that are known to utilize such areas. Several publications and references are also consulted, including The Official List of Florida's Endangered Species, Florida's Endangered and Threatened Species (dated December 2022), Florida's Imperiled Species Management Plans, Florida Fish and Wildlife Conservation Commission (FWC) Species Conservation Measures and Permitting Guidelines, The U.S. Fish and Wildlife Service's (FWS) Information for Planning and Consultation, the Florida Natural Areas Inventory (FNAI), and Lee County aerial photography.

The basic objective of any wildlife survey is to obtain evidence that wildlife species are utilizing the project site. This site may be comprised of a primary or secondary foraging zone, a nesting zone, or merely adjacent to those sites with regard to a particular listed species. As many listed species in Florida are cryptic and/or nocturnal, patience and sufficient time must be devoted to the survey.

Aerial photography and the Florida Land Use, Cover, and Forms Classification System (FLUCFCS) maps of the site and surrounding area were consulted before arriving on-site. After thorough consideration of the existing habitats, a potential list of species that could be found on-site was developed. The required survey procedure for each species was then followed to determine if any listed species was utilizing the project area.

A system of meandering transects was followed throughout the project area in the afternoon to survey for gopher tortoises, burrowing owls, and other anticipated or potential species that could occur on the project lands. Qualified THA biologists traversed the entire site in a series of linear transects spaced approximately 10 feet apart.

### 3 PRELIMINARY RESEARCH

Prior to field investigations, aerial photos, soil maps, and prior mapping of the project area were reviewed to identify various vegetation associations that are present on and adjacent to the project area. Various publications and databases were reviewed to identify listed plant and wildlife species, which could occur as well as those that had been previously documented on or near the project site and also to gather information concerning the listed species.

Based on the habitat types that were identified, existing knowledge of the project area, correspondence with other consultants, and review of publications and databases, a preliminary list of protected plant and animal species with the potential to occur within or near the project area was determined.

As used herein, the term "listed species" refers to those animals listed as endangered or threatened by the FWS or the FWC. The following subsections document these efforts and their results. Table 1 below features a list of listed species that could potentially utilize the project area.

**Table 1: Potential Threatened and Endangered Species**

| Common Name             | Scientific Name                     | Status |
|-------------------------|-------------------------------------|--------|
| Bald eagle              | <i>Haliaeetus leucocephalus</i>     | *      |
| Black skimmer           | <i>Rynchops niger</i>               | ST     |
| Eastern indigo snake    | <i>Drymarchon couperi</i>           | FT     |

\* = Non-listed, protected species

## 4 EXISTING CONDITIONS

The project area is 1.34 acre in size and consists of two vegetative communities. The project area is bordered by various stages of commercial development on all sides.

The Florida Land Cover Classification System (FLUCFCS) manual was used to classify land use within the site boundaries. The FLUCFCS exhibit attached depicts the project area. Table 2 below features a general list of vegetative cover.

**Table 2: FLUCFCS Codes and Descriptions**

| FLUCFCS Code | Description                                      | Acres       |
|--------------|--------------------------------------------------|-------------|
| 111          | Fixed Single Family Units                        | 0.77        |
| 414E3        | Pine Mesic Oak (Exotics 50-75%)                  | 4.74        |
| 420E3        | Upland Hardwood Forests (Exotics 50-75%)         | 0.45        |
| 514          | Ditch                                            | 0.10        |
| 640E2        | Vegetated Non-Forested Wetlands (Exotics 25-50%) | 0.28        |
| 740          | Disturbed Land                                   | 0.20        |
|              | <b>Total:</b>                                    | <b>6.54</b> |

## 5 RESULTS

The 2659 NE 9<sup>th</sup> Avenue project site was surveyed by one THA biologist on January 3, 2025 from 9:45 AM to 11:00 AM. The weather conditions were favorable with clear skies (5% cloud cover).

### 5.1 LISTED SPECIES OBSERVED ON-SITE

During the site inspection, no evidence of listed species utilization was observed.

### 5.2 SPECIES OBSERVED ON-SITE

While surveying the project area for listed species, biologists recorded sightings and signs of non-listed wildlife. Table 3 below features all wildlife observed on or adjacent to the project site.

Table 3: List of Species Observed On-site

| Common Name           | Scientific Name               | Status |
|-----------------------|-------------------------------|--------|
| Turkey vulture        | <i>Cathartes aura</i>         |        |
| Gray catbird          | <i>Dumetella carolinensis</i> |        |
| Blue jay              | <i>Cyanocitta cristata</i>    |        |
| Yellow-rumped warbler | <i>Setophaga coronata</i>     |        |
| Palm warbler          | <i>Setophaga palmarum</i>     |        |
| Blue-gray gnatcatcher | <i>Polioptila caerulea</i>    |        |
| Raccoon               | <i>Procyon lotor</i>          |        |

FE = Federally Endangered FT = Federally Threatened ST = State Threatened

## 6 DISCUSSION

---

### 6.1 PROJECT OVERVIEW

The proposed project is a retail/residential development including one (1) 5,000 square foot retail building, one (1) 65 unit, 14,892 square foot residential building, one (1) 60 unit, 14,892 square foot residential building, and associated dog park, amenity areas, parking lots, indigenous reserve and stormwater management structures.

### 6.2 PROJECT IMPACTS TO LISTED SPECIES

#### 6.2.1 Bald eagle (*Haliaeetus leucocephalus*)

While no longer a listed species, state or federally, the bald eagle (*Haliaeetus leucocephalus*) is still protected by state rule 68A-16.002, F.A.C., and federal laws (Migratory Bird Treaty Act of 1918 and the Bald and Golden Eagle Protection Act of 1940). An incidental take permit may be needed for activities taking place within 660 feet of an eagle nest during the breeding season (October 1 - May 15). No eagle nests were observed on or adjacent to the project area during surveys. Four bald eagle nests are recorded near the project area. One active nest, LE133, is located approximately 0.48 miles northeast of the project area. Three unmonitored nests LE043a, LE043b, and LE043, are located approximately 0.74 miles west, 0.70 miles southwest, and 0.65 miles of the project area respectively. No state or federal permitting will be required for eagle nests in regard to this project area.

#### 6.2.2 Eastern indigo snake (*Drymarchon couperi*)

The eastern indigo snake (*Drymarchon couperi*) is listed as federally threatened. Generally, this species lives and hunts in a wide variety of habitats, and its territory can cover large areas. It can be associated with gopher tortoise burrows (as a commensal) and favors pine flatwoods, palmetto prairies, and scrub habitats as well as wetland edges. It is relatively reclusive in nature and is rarely observed in the wild. Immediately prior to construction on the project area, an eastern indigo snake survey will be necessary to ensure that they are not utilizing areas where large equipment will be deployed. No eastern indigo snakes have been observed on-site. However, indigo snakes could potentially frequent parts of the project area. Special construction guidelines to protect the indigo snake will have to be followed by construction personnel during all phases of construction work performed on-site.

#### 6.2.3 Florida bonneted bat (*Eumops floridanus*)

The Florida bonneted bat (*Eumops floridanus*) is a federally endangered bat species that utilizes relatively open terrestrial and freshwater areas as foraging habitat and as a source of drinking

water. Their roosting habitat includes forests or other areas with suitable roost structures (tree snags, trees with cavities, artificial cavities, etc.). No cavity trees were observed on-site. If any cavities are observed before development begins, they will be inspected prior to construction by means of a small camera and monitor system to ensure that they are unoccupied prior to being cut down. The project area is located within the Florida Bonneted Bat Consultation Area and contains foraging habitat. Due to the small size of the action area, if required best management practices are followed the project "May Affect, but is Not Likely to Adversely Affect" the Florida bonneted bat. Consultation will be required to confirm the impact of development of the project area on the Florida bonneted bat.

#### 6.2.4 *Florida burrowing owl (Athene cunicularia floridana)*

The Florida burrowing owl (*Athene cunicularia floridana*) is a subspecies of the burrowing owl (*Athene cunicularia*) that occurs in Florida. It is classified as a State-designated Threatened Species in the Florida Endangered and Threatened Species List. It is a small, long-legged owl that uses burrows year-round for breeding and roosting purposes. Burrowing owls prefer well-drained sandy soil with low vegetation, typically native dry prairies. No burrowing owls were observed on-site or adjacent areas. There are many burrowing owl burrows in cape coral to the west of the project site. Development of the project is unlikely to result in any impact on Florida burrowing owls or their habitat. It is possible that once the project area is scraped for development, burrowing owl habitat may be temporarily created. Contractors will be educated on the Florida burrowing owl and any newly created burrows will be posted and avoided. All permitting guidelines will be followed until the burrows can be excavated under an incidental take permit.

#### 6.2.5 *Gopher tortoise (Gopherus polyphemus)*

The gopher tortoise (*Gopherus polyphemus*) is listed as a threatened species by the FWC. This species prefers upland habitats, particularly xeric scrub communities, and higher-elevation pine flatwoods. They can also be found in disturbed upland areas, including fallow and abandoned agricultural fields, perimeters of active crop fields, and pastures. No gopher tortoise burrows were observed on the project area. An updated gopher tortoise survey will be required prior to any development of the project area. If any gopher tortoises are found, all state and federal permitting guidelines will be followed in association with the development of the project area.

#### 6.2.6 *Red-cockaded woodpecker (Picoides borealis)*

The red-cockaded woodpecker (*Picoides borealis*; referred to in the following as "RCW") is a federally endangered species that typically utilizes mature pine woodlands and savannas. RCWs nest in cavities of mature, large, live pine trees. Stands with developed hardwood midstory are not suitable foraging or nesting habitat. The site area was surveyed for RCW cavities, and none were located on-site. The closest active RCW colony is approximately 15.5 miles north of the

project area in the Babcock-Webb Wildlife Management Area. Given the absence of suitable habitat or mature live cavity trees, there is a low probability of occurrence on-site.

#### 6.2.7 Imperiled beach-nesting birds

The project area in its current state would not support use by imperiled beach-nesting birds, such as black skimmers (*Rynchops niger*) and least terns (*Sternula antillarum*), both of which are classified as a State-designated Threatened Species in the Florida Endangered and Threatened Species List. No least terns or black skimmers were observed during surveys. It is possible that once the project area is scraped for development or preservation, breeding habitat could be created. Both species have been recorded using land cleared for construction in Florida. If any imperiled beach nesting birds are observed in the project area during project activities, an approved bird monitor will identify nesting sites and maintain buffer areas to prevent any incidental take of imperiled beach-nesting birds.

#### 6.2.8 Various Listed Wading birds

Little Blue herons (*Egretta caerulea*), tricolored herons (*Egretta tricolor*), roseate spoonbills (*Platalea ajaja*), and wood storks (*Mycteria americana*), could utilize the roadside swales that run parallel to Pondella Road. Wading birds may use the vegetated non-forested wetlands in the northwest corner of the property, but it does not appear to hold water for long enough to concentrate substantial forage for listed wading birds. No wading birds, listed or unlisted, were observed on-site. No nests of these species have been recorded within the project area. There are two wood stork breeding colonies, "Caloosahatchee River West" and "Caloosahatchee River East" that are 4.17 miles and 6.37 miles east-northeast of the project, respectively. The proposed wetland impacts are under half an acre and the project area is not within 0.47 miles of a colony site, therefore the project is "not likely to adversely affect" the wood stork. The proposed project will not impact the existing roadside swales and the proposed stormwater retention areas will create new potential foraging habitat for listed wading bird species.

## 7 CONCLUSION

---

THA performed a listed species survey of the approximately 6.54-acre project area in Lee County, Florida. No evidence of listed species utilization was observed. Although listed species were not observed, they have the potential to be impacted by the proposed development of the project area.

Special construction guidelines to protect the indigo snake will have to be followed by construction personnel during all phases of construction work performed on-site.

The project "May Affect, but is Not Likely to Adversely Affect" the Florida bonneted bat. Consultation will be required to confirm the impact of development of the project area on the Florida bonneted bat.

Development of the project is unlikely to result in any impact on Florida burrowing owls or their habitat. It is possible that once the project area is scraped for development, burrowing owl habitat may be temporarily created. Contractors will be educated on the Florida burrowing owl and any newly created burrows will be posted and avoided.

An updated gopher tortoise survey will be required prior to any development of the project area. If any gopher tortoises are found, all state and federal permitting guidelines will be followed in association with the development of the project area.

Little Blue herons, tricolored herons, roseate spoonbills, and wood storks, could utilize the roadside swales that run parallel to Pondella Road. The proposed project will not impact the existing roadside swales and the proposed stormwater retention areas will create new potential foraging habitat for listed wading bird species. The proposed wetland impacts are under half an acre and the project area is not within 0.47 miles of a colony site, therefore the project is "not likely to adversely affect" the wood stork.

Based on THA's observations, if the development of this site provides for appropriate design and management guidelines, it will not adversely affect any endangered, threatened, or otherwise protected species. These management guidelines shall be coordinated with the appropriate local, state, and federal agencies to better ensure their protection.

**Historic Resources Impact Analysis – Exhibit M14**  
**Revised 4-8-2026**

**Analysis**

The Florida Division of Historic Resources provided a map identifying a single Florida Structure on the subject property. The site address is listed as 363 Pondella Road, which was a single lot prior to the lot combination. Additional information on the Cultural Resource Roster states the item is a Frame Vernacular. Archaeological Consultants, Inc. provided the survey information in 1992. Since that time, the structure has been removed from the site (by one of the previous property owners). Looking at the Aerials provided by the Property Appraiser's Office, the structure was removed prior to 1998 by the property owner.

The historic resource (Florida Structure) is no longer located on the subject property so the site is unencumbered. In addition, amending Lee Plan Map 4-B Lee County Utilities Future Sewer Service Area Map to include the subject property will have no impacts on the Historic or Archaeological Sensitivity level of the property. The Archaeological Sensitivity of the subject property is unrelated to the amendment request.

The subject property is located within Lee County Utilities Future Service Area as depicted on Map 4A of the Lee County Comprehensive Land Use Plan for potable water. The subject property is not located within the Lee County Utilities Future Service Area as depicted on Map 4B of the Lee County Comprehensive Land Use Plan for Wastewater. Potable water lines are in operation adjacent to the property mentioned above. However, to provide service to the subject parcels, developer funded system enhancements such as line extensions may be required.

Your firm has indicated that this project will consist of a multi-family development with 120 units and a 4,500 sq. ft. retail complex with an estimated flow demand of approximately 19,650 gallons per day. Lee County Utilities presently has sufficient capacity to provide potable water service as estimated above.

Availability of potable water and sanitary sewer service is contingent upon final acceptance of the infrastructure to be constructed by the developer. Upon completion and final acceptance of this project, potable water service will be provided through our North Lee County Water Treatment Plant.

Sanitary sewer and Reuse services from Lee County Utilities are currently not available adjacent to this property.

Prior to beginning design work on this project, please meet with LCU Staff to determine the best point of connection and discuss requirements for construction. This letter should not be construed as a commitment to serve, but only as to the availability of service. Lee County Utilities will commit to serve only upon receipt of all appropriate connection fees, a signed request for service and/or an executed service agreement, and the approval of all State and local regulatory agencies.

Further, this letter of availability of potable water and sanitary sewer service is to be utilized for rezoning and comprehensive plan amendment purposes only. Individual letters of availability will be required for the purpose of obtaining building permits.

Sincerely,

*Aixa Cruz*

**Pondella Holdings**

**Justification of Proposed Amendment – Exhibit M20**

The Applicant, Pondella Holdings, LLC, is requesting to amend Lee Plan Map 4-B, the Lee County Utilities Future Sewer Service Area Map. The Applicant assembled multiple lots along Pondella Road, totaling 6.42 acres with the intention of developing the land for multi-family residential and commercial use. The site lies just outside the Lee County Utilities (LCU) franchise area. As shown on Lee Plan Map 4-B, the land to the east, south, and west is already within the franchise service area.

***STANDARD 4.1.2: SEWER.***

- 1. Any new residential development that exceeds 2.5 dwelling units per gross acre, and any new single commercial or industrial development that generates more than 5,000 gallons of sewage per day, must connect to a sanitary sewer system.*

It is anticipated that the new residential development will exceed 2.5 dwelling units per acre and generate more than 5,000 gallons of sewage per day since the site is 6.42 acres and in the Central Urban future land use category.

- 2. If the proposed development exceeds the thresholds listed above and lies within the boundaries of a sewer utility's certificated or franchised service area, or Lee County Utilities' future sanitary sewer service area (see Map 4-B), and that utility has sufficient capacity to provide minimum service to the development, then the development must connect to that sewer utility if there is existing infrastructure adequate to accept the effluents of the development within 1/4 mile from any part of the development.*

Lee County Utilities has existing sanitary sewer infrastructure along N. Cleveland Avenue to the east, which is approximately one-quarter mile away; however, the subject property is not within LCU's sewer franchise area.

- 3. If there is not sufficient capacity nor adequate infrastructure within 1/4 mile of the development, the developer must provide proof in the form of a clearly stated rejection of service.*

The Applicant didn't request a letter of rejection from LCU denying sanitary sewer service since the applicant intends to work with LCU on extending the sewer infrastructure from N. Cleveland Avenue to the subject property.

- 4. If a new development is located in a certificated or franchised service area, or Lee County Utilities' future sanitary sewer service area (see Map 4-B), and the utility cannot provide the service, or cannot provide the service except at a clearly unreasonable cost to the developer, the developer may establish on a temporary basis a self-provided sanitary sewer facility for the development, to be abated when the utility extends service to the site. The developer may*

*also petition the appropriate regulatory agency to contract the service area of the utility in order that another utility may be invited to provide the service.*

The proposed development is not located within another certificated or franchised service area, nor will a self-provided sanitary sewer facility be provided on a temporary basis.

5. *If a development lies outside any service area as described above, the developer may:*
- request that the service area of Lee County Utilities or an adjacent sewer utility be expanded to incorporate the property;*
  - establish a self-provided sanitary sewer system for the development;*
  - develop at an intensity that does not require sanitary sewer service; or*
  - if no more than 5000 gallons of effluent per day per parcel is produced, an individual sewage disposal system per Fla. Admin. Code R. 64E-6 may be utilized, contingent on approval by all relevant authorities.*

The Applicant is requesting to amend Lee Plan Map 4-B, the Lee County Utilities Future Sewer Service Area Map to expand to incorporate the subject property.

6. *Lee County Utilities may provide sanitary sewer service to properties not located within the future sewer service area when such sanitary sewer service is found to benefit public health, safety, and welfare, including protection of Lee County's natural resources.*

The applicant is requesting to amend Lee Plan Map 4-B, which will permit LCU to provide sanitary sewer service to the subject property.

The goal of the North Fort Myers community plan is to improve the livability and economic vitality in the area by promoting compact, mixed use development; attracting appropriate investment to revitalize older neighborhoods and commercial corridors; stabilizing and enhancing existing neighborhoods; and preserving natural resources. The subject property is located in the North Fort Myers planning community area along a designated corridor overlay, Pondella Road. The site is one of the last remaining large undeveloped properties along this section of Pondella Road in the Central Urban future land use category. The site can be viewed as an infill development since the majority of the land on all four sides is currently developed with a mix of residential and commercial uses. Amending Lee Plan Map 4-B aligns with the goals of the North Fort Myers community, the Lee Plan, and the LDC.

**Planning Community Requirements – Exhibit M21**  
**Revised 4-7-2026**

The Applicant, Pondella Holdings, LLC, is requesting to amend Lee Plan Map 4-B, the Lee County Utilities Future Sewer Service Area Map. The project site is in the North Fort Myers planning community area. Per Lee Plan Policy 17.3.2, one public information meeting is required for privately-initiated applications that propose a text change within a community plan or revises a map designation within a community plan area boundary. A Summary of the Public Informational Meeting is provided below.

A Public Information Meeting was held at the North Fort Myers Recreation Center on March 3, 2026 at 6:00 p.m. The Notice of Meeting was published in the News-Press and two (2) meeting signs were posted along the property frontage/Pondella Road right-of-way, as required by the North Fort Myers Community Planning Panel. A copy of the News-Press Ad and Sign-in Sheet are included with this summary.

The presentation included two (2) application requests: (1) to add the site to Lee Plan Map 4-B; Lee County Utilities Future Sewer Service Area Map; and (2) to rezone the subject property from RS-1, C-1, C-1A, and CT to CT for a consistent zoning district in order to develop the property. The site is in the Mixed Use Overlay and the property owner intends to develop the site with multi-family residential uses with a small commercial component. With current density calculations, they can build approximately 60 dwelling units or up to 90 dwelling units if they decide to utilize bonus density. The comp plan amendment and rezoning are the first phase. If approved, the application will apply for a development order. Engineering plans haven't been started yet.

- Address: 333 Pondella Road
- Site: 6.42 acres
- FLU: Central Urban
- Surrounding zoning and uses
- Max. # dwelling units: 60 or 90 with bonus density

**Questions and Comments:**

1. There's already too much traffic on Pondella. This will only increase traffic.  
A traffic impact study will be completed at time of DO permitting.
2. Where will the driveway be located?  
At this time, plans are to have the site accessed directly from Pondella.
3. What about the side streets – Betmar Blvd?

The plans don't include access from the side streets/local roads; however, that's up to LCDOT and fire.

4. Our properties flooded the last 3 storms. This development will only make that worse.  
The applicant will be required to get an ERP from SFWMD at time of DO permitting. The site will require stormwater management on site along with a berm around the property. (The engineers on the NFM planning panel explained to the public how the ERP worked to manage flooding.)
5. How many units?  
A max of approximately 60 dwelling units with base density and up to approximately 90 units with bonus density.
6. What is bonus density and are they asking for it?  
Bonus density permits the applicant to build more units with a cash contribution or affordable housing program. The applicant hasn't determined if bonus density will be utilized at this time.
7. How much of the land is zoned RS-1?  
Approximately 1.5 acres in the NE corner of the site.
8. What uses are permitted in the CT zoning district?  
Mostly that uses that support commercial tourism, including, but limited to: hotels/motels, business services, retail, medical offices, restaurants, and multi-family. The NFM members explained that the majority of the site was already zoned CT or C-1 and C-1A, which already permit the uses proposed.

The public was advised that TDM (engineer), the architect, and landscape architect will be required to make another presentation to the NFM community planning area for the development order and full plans will be provided at that time. They were also advised that if they have objections to the rezoning, they can attend the HEX hearing and voice their concerns at that time. The members of the North Fort Myers Community Planning Panel were supportive of the development and helped explain several concerns from the public regarding the use, density, drainage and traffic.
